Healthcare

Investor presentation

February 2021

This presentation and the accompanying slides (the “presentation”) contains selected information about the activities of Max Healthcare Institute Limited’s (“Max Healthcare”/“MHIL”/“MHC”/“Company”) as at the date of the presentation. None of MHIL, its directors, promoter, or affiliates, nor any of its or their respective employees, advisers or representatives or any other person accepts any responsibility or liability whatsoever, whether arising in tort, contract or otherwise, for any errors, omissions or inaccuracies in such information or opinions or for any loss, cost or damage suffered or incurred howsoever arising, directly or indirectly, from any use of this presentation or its contents or otherwise in connection with this presentation, and makes no representation or warranty, express or implied, for the contents of this presentation including its accuracy, fairness, completeness or verification or for any other statement made or purported to be made by any of them, or on behalf of them, and nothing in this presentation or at this presentation shall be relied upon as a promise or representation in this respect, whether as to the past or the future. Past performance is not a guide for future performance. The information contained in this presentation is current, and if not stated otherwise, made as of the date of this presentation.

Certain financial information contained in this presentation reflects aggregated totals of historical MHIL and Radiant Life Care Private Limited (“Radiant”), prior to their merger. These aggregated financial totals are unaudited, unreviewed and do not reflect a pro forma accounting under any accounting standards. As a result, these figures are subject to changed and should not be relied upon. Furthermore, certain financial information presented herein differs from that of the audited financials of MHIL, because it includes financial information received from “Partner Healthcare Facilities”. As reflected in this presentation, this combined financial information does not meet statutory, regulatory or other audit or similar stipulated requirements of MHIL. The financial information relating to Partner Healthcare Facilities has not been verified the Company. Accordingly, to that extent, no reliance should be placed on the financial information of such Partner Healthcare Facilities included in this presentation. MHIL may alter, modify or otherwise change in any manner the content of this presentation, without obligation to notify any person of such change or changes.

This presentation contains certain “forward looking statements” including, but without limitation, statements relating to the implementation of strategic initiatives, and other statements relating to the Company’s future business developments, results of operations and financial performance. While these forward-looking statements indicate our assessment and future expectations concerning the development of our business, a number of risks, uncertainties and other unknown factors could cause actual developments and results to differ materially from our expectations. These factors include, but are not limited to, general market conditions, macro-economic, governmental and regulatory trends, movements in currency exchange and interest rates, competitive pressures, technological developments, changes in the financial conditions of third parties dealing with us, legislative developments, and other key factors beyond the control of MHIL, such as Covid-19, that could affect our business and financial performance. Neither MHIL nor its affiliates or advisors or representatives nor any of their respective affiliates or any such person’s officers or employees guarantees that the assumptions underlying such forward-looking statements or management estimates are free from errors nor do they accept any responsibility for the future accuracy of the forward-looking statements contained in this presentation or the actual occurrence of the forecasted developments. MHIL undertakes no obligation or undertaking to publicly revise any forward-looking statements to reflect future/likely events or circumstances. Given these uncertainties and other factors, viewers of this presentation are cautioned not to place undue reliance on these forward-looking statements and management estimates. Any person / party intending to provide finance / invest in the shares / businesses of MHIL shall do so after seeking their own professional advice and after carrying out their own due diligence procedure to ensure that they are making an informed decision.

This presentation is strictly confidential and may not be copied or disseminated, reproduced, re-circulated, re-distributed, published or advertised in any media, website or otherwise, in whole or in part, and in any manner or for any purpose. No person is authorized to give any information or to make any representation not contained in or inconsistent with this presentation and if given or made, such information or representation must not be relied upon as having been authorized by any person. Failure to comply with this restriction may constitute a violation of the applicable securities laws. By reviewing this presentation, you agree to be bound by the foregoing limitations.

The information contained in this presentation is for general information purposes only and does not constitute an offer or invitation to sell, directly or indirectly, in any manner, or recommendation or solicitation of an offer to subscribe to securities for or invitation to purchase any securities of MHIL. This presentation should not, nor should anything contained in it, form the basis of, or be relied upon in any connection with any contract, commitment or investment decision whatsoever. Nothing in this presentation is intended by MHIL to be construed as financial, legal, accounting or tax advice. This presentation has not been approved and will not be reviewed or approved by any statutory or regulatory authority in India or by any stock exchange in India. This presentation is not intended to be a prospectus, a statement in lieu of a prospectus, an offering circular, an advertisement, preliminary placement document, placement document or an offer document by whatever name called under the Companies Act, 2013as amended, or the rules made thereunder, the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended or any other applicable law in India. This presentation is being communicated to selected persons who have professional experience in matters relating to investments for information purposes only and does not constitute a recommendation regarding any securities of the Company. Other persons should not rely or act upon this presentation or any of its contents.

The contents of this presentation are strictly confidential. This presentation is being provided solely for the information of the attendees and may not be copied, reproduced or redistributed, in whole or in part, to any other person in any manner without the Company’s written consent. The distribution of this presentation in certain jurisdictions may be restricted by law and recipients should inform themselves about and observe any such restrictions. In particular, this presentation may not be transmitted or distributed, directly or indirectly, in the United States, Canada or Japan. This document does not constitute or form part of, and should not be construed as, an offer to sell or issue or the solicitation of an offer to purchase securities of the Company or any member of the Group or an inducement to enter into investment activity, in any jurisdiction. In particular, this document and the information contained herein do not constitute or form part of any offer of securities for sale in the United States and are not for publication or distribution in the United States. No securities of the Company have been or will be registered under the U.S. Securities Act of 1933, as amended, and may not be offered or sold in the United States, except pursuant to registration or an exemption from the registration requirements of the U.S. Securities Act of 1933, as amended. No public offering of securities will be made into the United States.

Term	Description
Gross Revenue	Amount billed to the patients/customers as per contracted/rack rates, as applicable, including the patients from the economically weaker section (EWS) on discharge basis; Also includes other operating income such as SEIS income, EPCG income, unclaimed balances written back, etc.
Net Revenue	Gross revenue minus management discounts, amount billed to EWS patients, employee discounts, marketing discounts and allowance for deductions for expected credit loss. Also includes movement in unbilled revenue at the end of the period for patients in the hospital on reporting date
Contribution	Net revenue minus material cost, F&B cost and amount payable to revenue generating clinicians
Operating EBITDA	Contribution minus indirect overheads, excluding one-off expenses, extraordinary expenses and specific non-cash expenses (itemized separately) which are accrued due to IND AS requirements, but are not operating in nature
EBITDA per bed	Operating EBITDA divided by occupied bed days, annualized
ARPOB	Average Revenue per Occupied Bed; Gross revenue divided by the occupied bed days
ALOS	Average Length of Stay; on discharge basis
Partner healthcare facilities	Partner Healthcare Facilities are the hospitals and medical centres wherein our Company and the Subsidiaries provide healthcare services in key specialities for a fee and/or for a share of revenue. As of the date, these include: (i) Max Super Speciality Hospital, Saket (a unit of DDF); (ii) Max Institute of Cancer Care, Lajpat Nagar (a unit of DDF) (iii) Max Super Speciality Hospital, Patparganj (a unit of BMDRC); and (iv) Max Smart Super Speciality Hospital, Saket (a unit of GMHRC)
Managed healthcare facilities	Managed Healthcare Facilities are the hospitals operated by our Company and the Subsidiaries under operations and management agreements. As of the date, these include (i) Dr. Balabhai Nanavati Hospital, Mumbai; and (ii) Dr. B. L. Kapur Memorial Hospital, New Delhi (a unit of LHS)

Company Overview

Max Healthcare: India's second largest healthcare chain by net revenue*

- Max Healthcare and Radiant merged their healthcare businesses to create the second largest healthcare chain in India by net revenue*
- Listed on BSE & NSE (Ticker: MAXHEALTH/543220) on August 21, 2020
- Combined entity led by first generation entrepreneur Abhay Soi and backed by KKR

Leading healthcare chains by net revenue* (H1 FY21)

*Based on publicly available information (H1 FY21)

(1) Standalone specialty clinics with outpatient and day care services | (2) Two facilities – Max Institute of Cancer care; Max Medcentre (Immigration department) | (3) Two facilities comprising of 320 beds in East Block and 201 in West Block | (4) Includes visiting clinicians | (5) Excludes contractual manpower; includes Vidyarthee and Retainers

We seek to be the most well regarded healthcare provider in India committed to the highest standards of clinical excellence and patient care supported by latest technology and cutting edge research

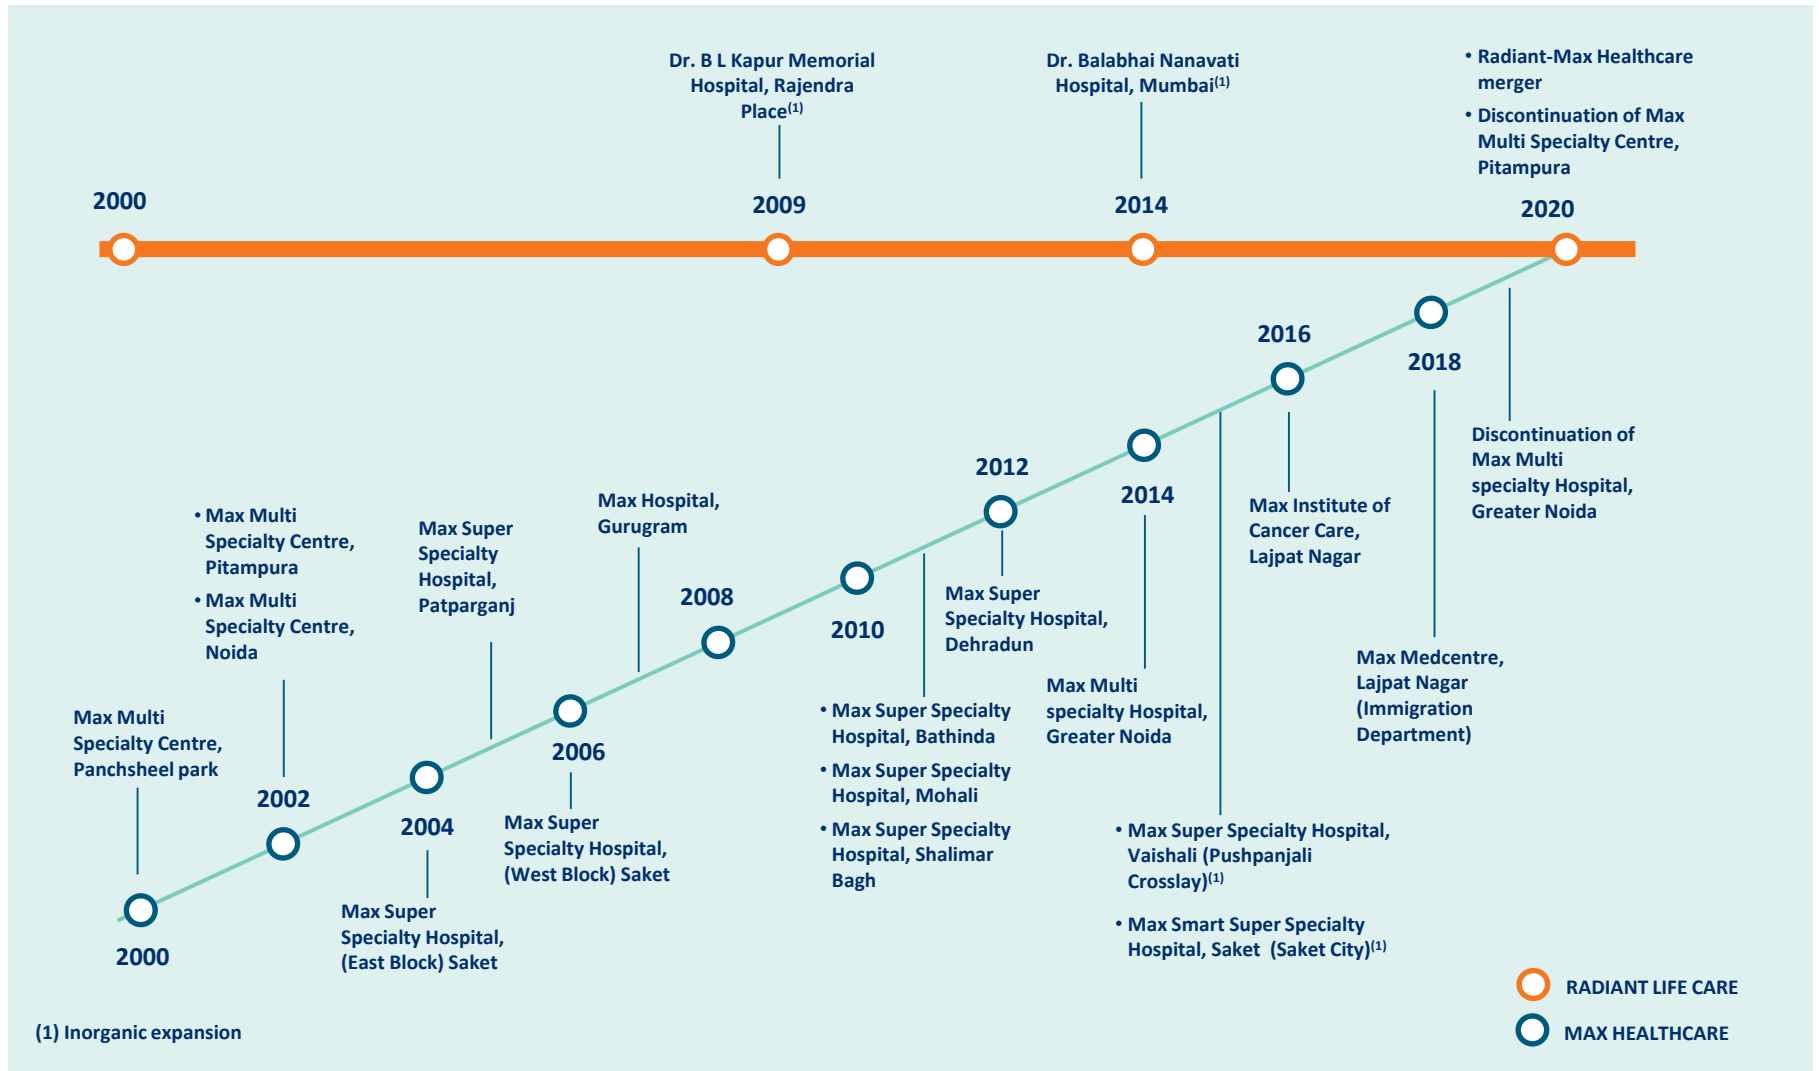

- Quaternary care facilities
- Best-in-class clinical outcomes
- Patient centric approach
- Global best practices

- Rewarded by growth
- Constant pursuit to strengthen management
- Collaborative approach

- Modern infrastructure
- State-of-the-art technology
- Well defined clinical protocols
- Focus on research and academics

- Strong governance
- Profitable growth
- Healthy balance sheet
- Efficient operations

Key Accomplishments

- Successfully treated **Lung Decortication case of a COVID-19 recovered patient**
- Successfully performed **liver transplant** for acute liver failure (a rare disorder) on a 5 month old infant
- **Pre term baby** (29 weeks, 1100 gms) was successfully operated for **tracheo oesophageal fistula and oesophageal atresia**
- **Removed a 3 Kg tumour** of a 38-year-old male patient through a **10-hour marathon surgery** amidst the pandemic
- Performed **Atrial Flow Resister procedure on a baby with Severe Pulmonary Artery Hypertension**
- Performed **hip replacement of a 100-year-old** man during pandemic
- Saved **83-year-old patient** with a **heart wall rupture** by performing a six hour-long open heart surgery
- **8 year-old Tanzanian girl** successfully operated by neuro and spine surgeons for a rare **cricket ball-sized brain tumour**
- **Rotationplasty**, a unique technique used to salvage lower limbs in children diagnosed with bone cancers, has helped **five children** get quality treatment at our hospitals in the past 2.5 years

(1) Transplants includes kidney, heart, liver, pancreas, etc. | (2) Includes Cardiac Surgery, Cardiac Paed. Surgery, Vascular Surgery, Angioplasty, Angiography and Other Cardiac Procedures | (3) Includes Surgical and Spinal Surgeries | (4) Includes Joints and Other surgeries | (5) Includes Onco Surgical and bone marrow transplant (BMT)

State-of-the-art infrastructure

Robotics

Advanced robotics provides high precision and enables minimal invasive surgery across multiple specialties such as Oncology, Neurology

TrueBeam Stx LINAC System

Provides a variety of treatment techniques such as HyperArc and RapidArc to address a broad range of cancer cases

Cath Lab – Artis Zee Pure

Artis zee floor-mounted system with a large detector offers excellent performance for an improved clinical workflow with a larger field of view

S8 Navigation with O-Arm

StealthStation™ S8 navigation integrates with the O-arm(opens new window)™ imaging system, replacing intraoperative fluoroscopy with a fluid, 3D-navigated surgical experience

PET-CT

Provides precise correlation and facilitates proper treatment for Oncology, surgical planning and radiation therapy

Intra OP Portable CT

BodyTom® has the ability to perform axial, helical (CTA), and dynamic scanning, making it ideal for providing multi-departmental imaging solutions

Focus on research and academics

Research:

Significant **strategic partnerships** including Deakin University, Australia and Imperial College London, UK

~1,000 high index journal **research publications** in last 5 years

Private **bio bank** - ~15,000 bio samples stored

Several **research grants** from leading organisations such as CSIR, DBT, DST, INSA, etc.

Researching use of Artificial Intelligence in Radiology

80+ on-going clinical **research projects**

Academics:

Max Institute of Medical Excellence (MIME) is the **education division** of MHC for medical education & training

- Hosts prestigious Royal college of Physicians exam. Successfully hosted **4** examinations
- Recognized by JRCPTB to deliver post graduate Internal medicine training outside UK
- Conducts Masters in Emergency training program in collaboration with **George Washington University, USA**
- 20,000+ students trained in Life Support programmes in last 5 years
- ~10,000 trainees participate in various training programmes and exams annually
- ~1,200 trainees undergo CMEs, workshops and bespoke trainings annually
- ~350 post graduate students enrol annually across **30** specialties

Clinical Safety

- CNBC TV-18 Award for best multi-specialty hospital in metro (2018)
- Patient Safety Award by FICCI (2019)
- Times Healthcare Achievers Award (2017)

- Best quality initiative (BCMA medication process improvement) (2016)

Operational Excellence

- Best use of six sigma in Healthcare (2016)

- FICCI Excellence Awards for 'Operational Excellence' (2019)
- Best green hospital (reducing carbon foot print of tertiary care hospital) (2017)

Service Quality

- Best customer service in Healthcare (2016)

- Bronze award for 'Life savers' project (Max Bike responder) at 'American Society for Quality' (2018)
- BPM Asia Star 2017 by CII Institute of Quality (2017)
- D.L. Shah National Award for 'Economics of Quality' by QCI (2019)

Others

- ET Best Healthcare brand (2017)
- HIMSS-Elsevier Digital Healthcare Award (2019)

- Best Hi-Tech Hospital (National) at ET Healthworld Awards (2020)
- Gold award from Hospital Management Asia (2017)

Presence in the most attractive markets (1/2)

Highest demand supply mismatch, per capita income and insurance penetration leading to Delhi and Mumbai having the highest ARPOB and most profitable hospital markets in India

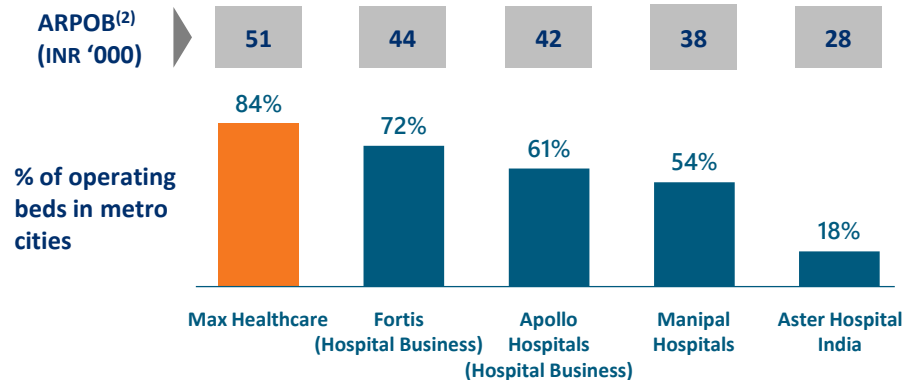

High demand-supply gap in Delhi NCR & Mumbai...

...leading to higher ARPOB

Higher proportion of beds in these cities positions MHC for industry leading ARPOB on an aggregate basis

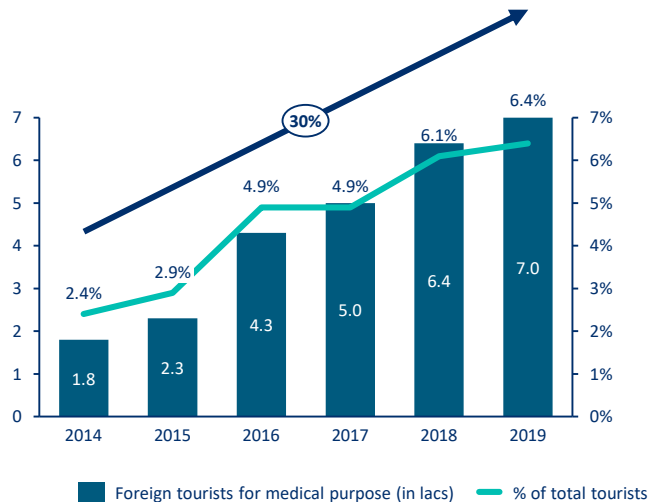

- MHC has ~2,700 beds in Delhi NCR & Mumbai – highest proportion compared to peers
- Large metros have inherent advantages:
 - High per capita income, high insurance penetration and propensity to pay for high end quaternary care facilities
 - Availability of senior/ stured clinical talent leading to metros becoming regional hubs
 - Higher health awareness

Presence in the most attractive markets (2/2)

Being metro-centric also positions MHC well to capitalize on medical tourism

India's foreign medical tourism industry has been growing

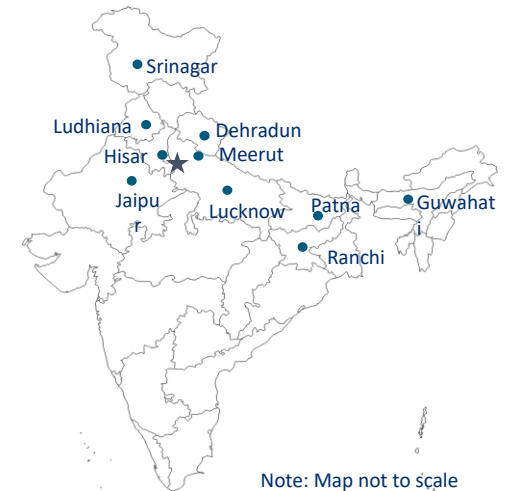

Delhi NCR captures highest proportion of India's foreign medical tourists

Total foreign medical tourist arrivals by region and country (2017)

Key hubs from domestic hinterland in North and East India feed into Delhi NCR

MHC is well-equipped to serve medical tourists

Modern infrastructure and facilities

State-of-the-art medical equipment

Availability of senior clinical talent

Reputed for tertiary/quaternary care

High global and domestic connectivity

Growth opportunity in existing facilities

Opportunity to ramp up occupancy

FY20 Occupancy⁽¹⁾

Headroom to grow occupancy without any incremental capex

Headroom to optimize payor mix to help increase ARPOB and margins

FY20 Payor mix

Payor	Bed share	Revenue share
Self paid	23.3%	37.2%
International	5.3%	10.8%
Total	28.6%	48.0%
TPA and corporates	28.1%	25.7%
Institutional	36.5%	22.1%
EWS	6.7%	4.1%
Total	71.4%	52.0%

In FY21, institutional bed share has started reducing, as planned

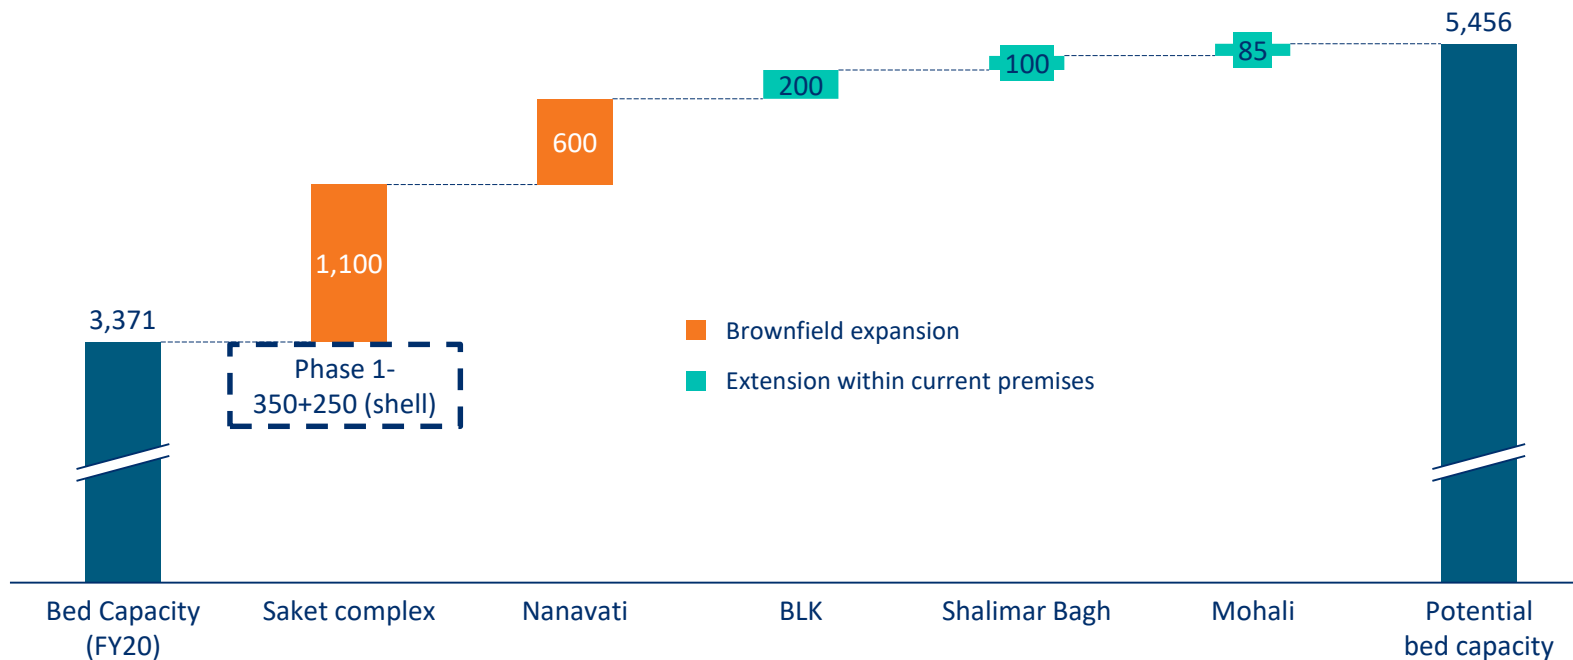

Potential to further improve profitability by optimizing payor mix

(1) Occupancy calculated on operational beds | (2) Includes CGHS rated

Valuable land bank

Brownfield capacity plus land banks have lower capital employed per bed, quicker breakeven with lower risk leading to high return on incremental capital employed with higher visibility

- Potential to add ~2,100 beds at lower capex with faster time to market and no ramp up period
- Valuable land bank within metros: ~7.2 acres at Saket in South Delhi and ~3.9 acres at Juhu in Mumbai

Ability to build on capex light adjacencies: MaxLab

Non-captive Pathology SBU

Over 8X revenue growth in 3 years

Gross revenue⁽¹⁾ (INR Lacs)

- Consistent revenue growth driven by **500+ active partner network** across both B2B and B2C channels
- Supported by an experienced team of **370+ professionals**
- **24x7 functioning, NABL certified** high-quality labs
- Wide test menu of over **1,900+ tests**
- **Hub and spoke model** for retail business offering opportunity for **cost efficiency and scale up**
- Shubh Lab: **360 degree partner engagement program** to support channel partners

(1) Excludes revenue from home sample collection
All operating numbers as of December 31, 2020

Leveraging the Max brand, clinical expertise and network to build a scalable digital business

8X revenue growth in 3 years

Rapid growth through scale up of direct to customer services

Gross revenue (INR Lacs)

24x7
Customer support

~800
daily call volumes managed

Digital platform as enabler

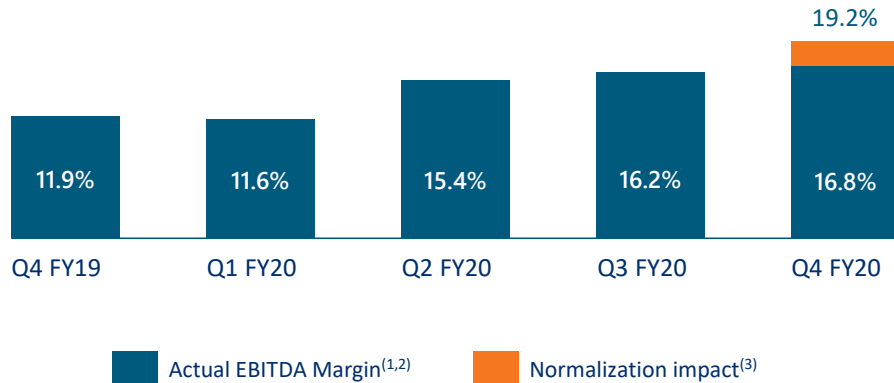

- Proprietary back-end service delivery platform to administer online care plans to patients and train frontline staff
- Modular plug & play approach for new services
- Healthcare consumption data of individual & families can support customized offerings in future

Service offerings

Nursing Care | Attendant care | Critical care nursing | Medicine delivery | Home sample collection | Rehab medicine | X-ray at home | ECG at home | Health checkup at home | Nursing procedures | Doctor Visit | Medical rooms

Demonstrated track record for M&A and turnarounds

MHC performance improvement - 1: Consistent improvement in margins post transaction in June 2019 2: Sharp recovery post Covid-19 impact

Performance improvement driven by:

- ~INR 220 Cr worth of initiatives implemented with ~INR 140 Cr flowing in EBITDA in FY20
- Increased high-end tertiary and quaternary procedures with hiring of new senior clinical teams

Sharp recovery driven by:

- Being the frontrunner for Covid-19 in Delhi-NCR while managing essential non Covid-19 business effectively in Q1 and Q2. Q3 witnessed further recovery of non Covid-19 business
 - Occupancy peaked at ~80% while maintaining ARPOB at ~INR 50k
- ~INR 80 Cr EBITDA impact from performance improvement initiatives implemented in FY20. Additional structural initiatives worth ~INR 100 Cr implemented with an EBITDA impact of ~INR 80 Cr in FY21

(1) Numbers are post IND AS 116 adjustment for FY20 | (2) Margin calculated on Net Revenue | (3) Normalization impact is for last 10 days of March basis run rate of first 21 days of March

Robust financial performance – highlights

- ✦ **Significant ramp up in EBITDA in FY20** through implementation of structural cost saving initiatives and business optimization
- ✦ Growth trajectory was impacted by meaningful **decline in occupancy and ARPOB due to Covid-19 in Q1 and Q2 FY21** driven by delays in elective surgeries and slow down in medical tourism
- ✦ **Q3 FY21 saw a gradual movement to pre Covid-19 era** with gross revenue at INR 1,160 Cr versus INR 1,094 Cr in Q3 FY20 (+6% YoY) and INR 932 Cr in Q2 FY21 (+24% QoQ)
- ✦ **Operating EBITDA¹ for Q3 FY21 was highest ever** at INR 253 Cr versus INR 160 Cr in Q3 FY20 (+58% YoY); INR 143 Cr in Q2 FY21 (+76% QoQ)
 - ✦ EBITDA margin² for the quarter stood at 23.2% versus 15.8% in Q3 FY20; 16.2% in the trailing quarter
 - ✦ Margin reflects impact of **structural cost initiatives** implemented in FY20 and FY21, **synergies**, and **operating leverage due to occupancy** at higher ARPOB driven by growth in **tower specialties³**
- ✦ First couple of months in the quarter were significantly impacted by Covid-19 which began to ease towards December
 - ✦ Initial period had higher occupancy driven by large Covid-19 admissions but lower ARPOB
 - ✦ As the Covid-19 situation eased ARPOB increased due to higher share of non Covid-19. However, occupancy reduced due to dip in occupancy of beds reserved for Covid-19 patients and farmer agitation in Delhi-NCR leading to reduced upcountry patient flow
 - ✦ Later part of the quarter had higher profitability despite lower utilization driven by higher ARPOB
- ✦ **Q3 FY21 PAT was INR 135 Cr versus INR 39 Cr in Q3 FY20** (+243% YoY); INR 36 Cr in Q2 FY21 (+276% QoQ)
- ✦ **Net debt⁴ of the company was reduced** by INR 121 Cr and stands at INR 1,867 Cr as on December 31, 2020

(1) Post IND AS 116 | (2) Margin calculated on net revenue | (3) Tower specialties include oncology, neuro sciences, cardiac sciences, renal sciences, orthopedics, and liver and biliary sciences | (4) Includes put option of INR 552 Cr

Robust financial performance in FY20 and 9M ended Dec FY21 (1/2)

Sharp recovery post Covid-19 impact

Gross Revenue (INR Cr)

EBITDA⁽²⁾ (INR Cr)

Margin⁽⁴⁾ (%) FY19: 9.9% | FY20 : 14.6% | FY20 (norm.): 15.3%
Q1 FY21: -3.9% | Q2 FY21 : 16.2% | Q3 FY21 : 23.2%

EBITDA per bed^(2,5) (INR Lacs)

- Rapid recovery post Covid-19 impact with gross revenue for Q3 FY21 exceeding Q3 FY20 (**6% Y-o-Y growth**)
 - This was despite drop in occupancy in later part of the quarter due to decline in Covid-19 admissions and farmer agitation in Delhi-NCR impacting upcountry patient flow
- Q3 FY21 EBITDA margin grew to 23.2% versus 15.8% in Q3 FY20 (**740 bps improvement**)
- Significant rise in EBITDA per bed to INR 41 lacs in Q3 FY21 compared to ~INR 27 lacs in Q3 FY20

(1) Normalization impact is for last 10 days of March basis run rate of first 21 days of March | (2) EBITDA excludes one-time transaction costs of INR 37 Cr in FY19 and INR 43 Cr in FY20 | (3) Numbers are post IND AS 116. Pre IND AS 116 FY20 Gross Revenue - INR 4,361 Cr (INR 4,432 Cr norm.); FY20 EBITDA - INR 548 Cr (INR 586 Cr norm.) | (4) Margin calculated on Net Revenue | (5) EBITDA per bed is basis occupied beds

Robust financial performance in FY20 and 9M ended Dec FY21 (2/2)

ROCE¹ recovered to healthy levels in Q3

Further, planned brownfield expansions to be accretive

Cost per bed	INR 1.3 Cr
Current ARPOB per bed	INR 50K
ARPOB per bed in 5 year (@5-8% growth per year)	INR 64K - INR 73K
Annual ARPOB	INR 2.3 Cr – INR 2.65 Cr
Occupancy	75%
EBITDA margin	22%
EBITDA per bed	INR 38 Lacs – INR 44 Lacs
EBIT per bed	INR 31 Lacs – INR 37 Lacs
Pre-tax ROCE	~24% - 28%

(1) Capital employed excludes the impact of Purchase price allocation under Ind AS 103 carried out on June 01, 2020 for Max Healthcare and partner healthcare facilities; EBIT annualized (Quarter * 4). The depreciation has been considered based on normalized replacement capex

Strategy Going Forward

Key pillars to focus on over the next 2-3 years

- **Brownfield Expansion** across key hospitals in metros and proven geographies
- Partner through **asset-light models** (e.g. O&Ms in partnership with REITs) to expand domestic and international reach
- **Opportunistically** look at **inorganic expansion** (large acquisition and/or string of pearls)

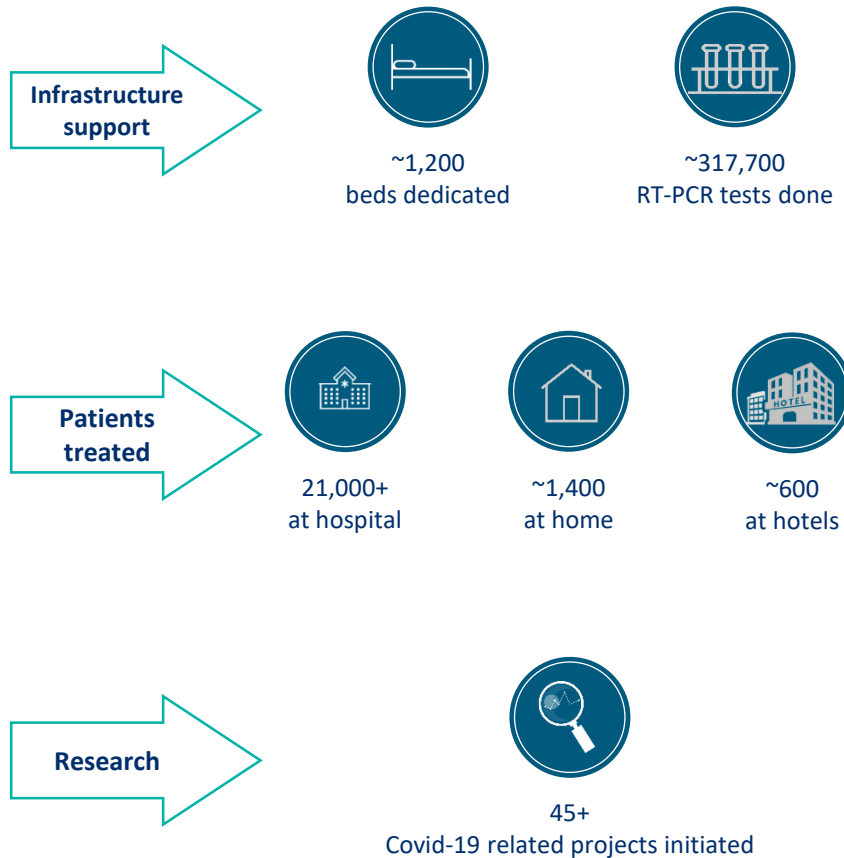

- Continue **developing high-end tertiary and quaternary** programs
- **Invest in top rated clinicians** and retain existing clinicians and senior leadership
- **Set up offices globally** to facilitate direct to fly international business
- **Strengthen upcountry** outreach
- Continue focus on **cost optimization**

- **Scale up and unlock value** of **MaxLab-** non-captive pathology business
- Continue to **build the Home healthcare** business through the **digital platform**

Covid-19 Response

Key contributions* :

Our response :

- Offered a complete facility in Delhi for Covid-19 care
- Started Covid-19 testing from March 26, 2020; tested over 300,000 samples*
- First of its kind convalescent plasma therapy trial for critically ill patients
- Set up Covid-19 related medical processes-
 - Formulated detailed clinical protocols for clinical management and infection prevention
 - Created isolation areas for segregation
 - Provided intensive training to frontline medical personnel
- Effectively managed supply chain to prioritise availability of Covid-19 related materials
- Implemented measures to conserve cash including material rate renegotiations and deferment of discretionary expenses
- Focused on recoveries from CGHS, ECHS and institutional partners
- Strengthened digital platforms-
 - Significantly ramped up tele-consulting- currently, ~10% of total consultations are digital
 - Developed remote monitoring capabilities, particularly during lockdown, in Tri-city
- Actively contributing to Covid19 vaccination drive

- Occupancy rate dropped sharply towards the end of March to 30-35%.
- Sharp recovery since then. September witnessed return to pre Covid-19 occupancy with November being an all time high
- Dec-20 occupancy was impacted due to drop in Covid-19 admissions and farmer agitation leading to reduced upcountry patient flow

- Covid-19 occupancy has declined post peaking out in Nov-2020
- Non Covid-19 occupancy has been stable since significant rebound in August
 - The dip in non Covid-19 occupancy in Nov-20 was driven by increase in beds reserved for Covid-19 patients

Covid-19 occupancy¹ (%)

Non Covid-19 occupancy (%)

1) Calculated on beds reserved for Covid-19 patients

CASH PROFIT	274	60	334	(332)	100	206

EBITDA (Pre IND AS 116)	410	138	548	(31)	133	244
EBITDA Margin	13.8%	13.0%	13.6%	(5.5%)	15.1%	22.5%

ARPOB⁽¹⁾ (INR/OBD) ('000)

Avg. Inpatient Occupancy (%)

ALOS⁽²⁾ (in days)

- During Covid-19, while the ARPOB was lower, the occupancy increased to ~80%
- As Covid-19 is subsiding, the occupancy levels have started coming down to pre-Covid-19 levels, while the ARPOB has recovered

(1) ARPOB calculated as Gross Revenue/Total OBD | 2) ALOS calculated for discharged IP patients only

Inpatient procedures ('000)

Day care procedures ('000)

Outpatient consults ('000)

- IP procedures and OP consults dipped in Q1 FY21 due to Covid-19 impact
- While the IP procedures have completely recovered, the OP consults continue to lag pre-Covid-19 levels

Network structure

Corporate structure as on December 31, 2020
 Validity includes extensions available under the contract
 MHIL – Max Healthcare Institute Limited; CRL – Crosslay Remedies Limited; HBPL – Hometrail Buildtech Private Limited

Max Healthcare Institute Limited (MHIL) is India's leading provider of healthcare services. It is committed to the highest standards of medical and service excellence, patient care, scientific and medical education.

MHIL has major concentration in north India consisting of a network of 16 healthcare facilities. Out of the total network, eight hospitals and four medical centres are located in Delhi and the NCR and the others are located in the cities of Mumbai, Mohali, Bathinda and Dehradun. The Max network includes all the hospitals and medical centres owned, operated and managed by the Company and its subsidiaries, and partner healthcare facilities. These include state-of-the-art tertiary and quaternary care hospitals at Saket, Patparganj, Vaishali, Rajendra Place, and Shalimar Bagh in NCR Delhi and one each in Mumbai, Mohali, Bathinda and Dehradun, secondary care hospital in Gurgaon and Day Care Centres at Noida, Lajpat Nagar and Panchsheel Park in NCR Delhi. The hospitals in Mohali and Bathinda are under PPP arrangement with the Government of Punjab.

In addition to its core hospital business, MHIL has two SBUs - Max@Home and MaxLab. Max@Home is a platform that provides health and wellness services at home and MaxLab offers diagnostic services to patients outside its network.
