Management Comment

Commenting on the performance, Mr. Abhyuday Jindal, Managing Director, Jindal Stainless Ltd. and Jindal Stainless (Hisar) Ltd. said:

“Our agile business strategy throughout the year, despite the pandemic induced challenges, has helped Jindal Stainless deliver a strong performance. A steady demand in the domestic market across segments during the fourth quarter has helped growth in sales volume and revenue. We’re now looking forward to the creation of a level playing field by the Government. By far, we have made good progress on the merger front and markets have responded well to it. In the post-pandemic age, we look forward to increased government procurement as one of the key growth drivers.”

Indian industries have proved in this hour of need, that domestic manufacturing not only helps generate employment, but can also support country with oxygen and health infrastructure.”
