Dear Sir/Madam,

**Sub. : Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR Regulations") – Investor Presentation**

**Ref. : Script Code – 543254**

With reference to the captioned subject and in continuation to our letter having reference no. AW/SEC/BSE/2020-21/29 dated February 10, 2021, please find enclosed Investor Presentation with regard to the announcement of the Unaudited Financial Results (Standalone and Consolidated) of the Company for the quarter and nine months ended December 31, 2020.

The said presentation is available on the website of the Company i.e [www.antony-waste.com](http://www.antony-waste.com).

This is for your information and records please.

Thanking you,

Yours faithfully,  
For and on behalf of

# Antony Waste Handling Cell Limited

This presentation and the accompanying slides (the “Presentation”), which have been prepared by Antony Waste Handling Cell Limited (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

ANTONY WASTE HANDLING CELL LIMITED

# Industry Overview

# Industry Dynamics

## Estimated Waste Management Industry (FY20)

## Increasing population with higher urbanization would drive higher per capita waste generation in India

## India practices a much higher level of open dumping v/s global average

## India per capita waste generation lags world average

## MSWM industry in India is expected to ~double over next 5 years

## Waste collection efficiency by Countries' income levels

# Swachh Bharat Mission - Strong growth driver

## Component wise allocation and expenditure

## Other areas of Government support

### Door to Door collection

As of Mar- 20, 97% of all wards have achieved 100% door-to-door waste collection in India

### City Compost Policy

Under the scheme CG provides Market Development Assistance to select producers

### Tariff Policy, 2016

DISCOMs to procure 100% power from WTE plants at a rate decided by State Regulatory Authority

### Viability Gap Funding

CG provides 35% for each SWM project

### Blanket Environment Clearance Exemption for WTE plants

# Emerging areas of growth

- **Biomethanation** – anaerobic fermentation of bio-degradable waste in an enclosed space - generates methane rich bio-gas fuel and sludge, used for making compost
  - Like composting, biomethanation is also a technically suitable option for Indian municipal waste due to high organic and moisture content
  - Plants can be of small scale (5 TPD, for population size of 5,000 to 25,000)
- **Refuse Derived Fuel** - refers to residual dry combustible fraction of municipal solid waste such as leather, paper, textile, rubber, non-recyclable plastic etc.
  - used as a substitute for coal in energy intensive processes such as cement kilns, power production and steel manufacturing
- **Bio-mining** - loosened layers of old waste are sprayed with composting bio cultures and then formed into conventional aerobic windrows on the site, the waste is then sterilized, stabilized, and readied for segregation using machinery as organic and inorganic substances to be later sent for recycling, re-using or composting
  - World's largest Biomining project on 24 hectares of land was started in 2018 at Mulund dumping ground
  - Other cities like Indore, Delhi, Mangalore, Coimbatore, Pune, Kolhapur and Kolkata have started Bio mining projects recently

Population ('000)	Waste Qty (TPD)	Treatment option	Approx. Capex (Rs. lakhs/TPD)	Products
15 – 50	3 – 10	Bio-methanation & conventional composting	20	Bio-gas & manure
		Vermi composting	8	Compost
		Conventional composting	10	Compost
50 – 100	10 – 20	Bio-Methanation & conventional composting/ vermi composting	10	Bio-gas & Compost
100 – 1,000	20 – 350	Integrated waste processing – Bio-methanation / Compost/ RDF	4	Bio-gas, Compost & RDF
1,000 – 20,000	350 – 8,000	Integrated waste processing –Bio-methanation / compost/ RDF/ WTE	15 – 20	Bio-gas, Compost, RDF & Electricity

ANTONY WASTE HANDLING CELL LIMITED

# Company Overview

## Leading Player in Indian Municipal Solid Waste Management Industry

Established track record of more than 19 years in Solid Waste Management Industry

End-to-end MSW services i.e. solid waste collection, processing, transportation, and its disposal across the country.

Processed approximately 7.63 million metric tons of waste since FY10  
Approx. 1 mmt of waste processed in FY20

Awarded 2<sup>nd</sup> runner up at CII, JCB Clean Earth for excellence in solid waste management

The largest single location waste processing plant across Asia

**SWACHH  
SURVEKSHAN**  
2020

Navi Mumbai & New Delhi ranked amongst Top 10 in in their respective population categories

Strong track record of completing **25+ projects across the country, 18 projects ongoing**

Diversified Geographical presence **across 9 States**

Well equipped with technological equipment's and **1,167 vehicles** of with **969** are fitted with GPS tacking device

# Our Journey – Key Milestones & Projects

2001-06

- *Incorporation of the Co.*
- Awarded MSW C&T project in Greater Noida
- Awarded C&T project by GNIDA
- *Entered a new city (Delhi) - Contract awarded by MCD*

2007-12

- Awarded C&T project by NMMC
- *Raised private equity funding*
- Wins Kanjurmarg landfill project
- Partnership with Brazil based LARA
- *Incorporation of ALESPL to expand the integrated MSW facility at Kanjurmarg, Mumbai*
- Awarded C&T project by TMC

2012-14

- Awarded Power sweeping project for NMMC & mechanized sweeping project for GNIDA
- *Received the 2<sup>nd</sup> runner up at CII, JCB Clean Earth Award for excellence in SWM*

2014-16

- Awarded a new C&T project for NMMC
- *Began operations at Kanjurmarg*

2016-17

- Awarded mechanized sweeping project for GNIDA

2017-18

- *Entered into the WTE segment by entering into a concession agreement with PCMC*

2019

- Awarded a new C&T project by the Nagpur Municipal Corporation
- *Began operations at Pimpri Chinchwad, Noida & Nagpur*

2020

- Awarded a new C&T project by the Varanasi Municipal Corporation
- *Began operations at Varanasi*

# We practice ESG in our Business

## Environmental

- Kanjurmarg is a 7500 MT/ day Integrated SWM, which has leachate collection pond and treatment plant thus minimize environmental emissions
- Greenhouse gas and methane generated from BLF station and leachate treatment plan are captured and flared through flaring stations reducing the emission
- Site odour is handled & managed using eco-friendly sprays that are mixture of lime & water
- Vehicles for C&T comply with BS - IV norms & maintain PUC
- Kanjurmarg facility site has placed ingress and egress of tidal water from the creek through culverts to support the neighbouring ecosystem
- Leachate is treated to reduce Biochemical Oxygen Demand (BOD) levels within permissible limits

## Social

- Employees training on topics from construction hazards, waste handling, machines safeguard, fire safety to material handling in case of emergency & heavy vehicle safety
- All sites follow government regulations of the minimum age of employment
- We have implemented Anti-sexual harassment policy for all employees
- We have “Responsible & Ethical Suppliers Code of Conduct” and requires our suppliers, vendors & subcontractors to comply with code
- We have CSR Policy as per Schedule VII of the Company Act 2013 and mainly focused on Health, Education, and Environment
- Best practices in community grievance redressal are followed at sites

## Governance

- Board of 6 members, headed by Chairman & MD, has 3 Independent Directors including one independent Woman Director.
- Committees including Audit, Nomination Remuneration, and Stakeholders Relationship Committee, are chaired by an Independent Director
- Vigil Mechanism/ Whistle-blower Policy to facilitate reporting of genuine concerns or grievances
- Code of Conduct applies to all Directors and Senior Members of the core management team who are one level below the Board
- Code of Conduct is designed to deter wrongdoing & promotes honest & ethical conduct of various applicable laws, financial reporting, & accounting requirements and responsibilities to customers and suppliers

# Our Core Competencies

*Diversified business model*

*Access to technology backed vehicles and equipment*  
enables us to manage our operations efficiently

*A leading service provider in  
Municipal Solid Waste (MSW)  
management sector* with end-to-end  
capabilities

Strong track record of *project execution*

*Experienced Promoters and  
management team* with strong  
domain expertise

# Leading Player in the Indian MSW Management Industry

**7.63 mmt**<sup>(1)</sup>

Waste processed at  
Kanjurmarg plant

**25+**

Completed & On-going  
projects<sup>(3)</sup>

**Largest**

single location waste processing plants across Asia;

**Processing ~60%**

*of waste generated in Mumbai*

**1,147**

Owned vehicle fleet<sup>(2)</sup>

**7,391**

Full-time employees<sup>(2)</sup>

**9**

States (Projects executed  
till date)

**14**

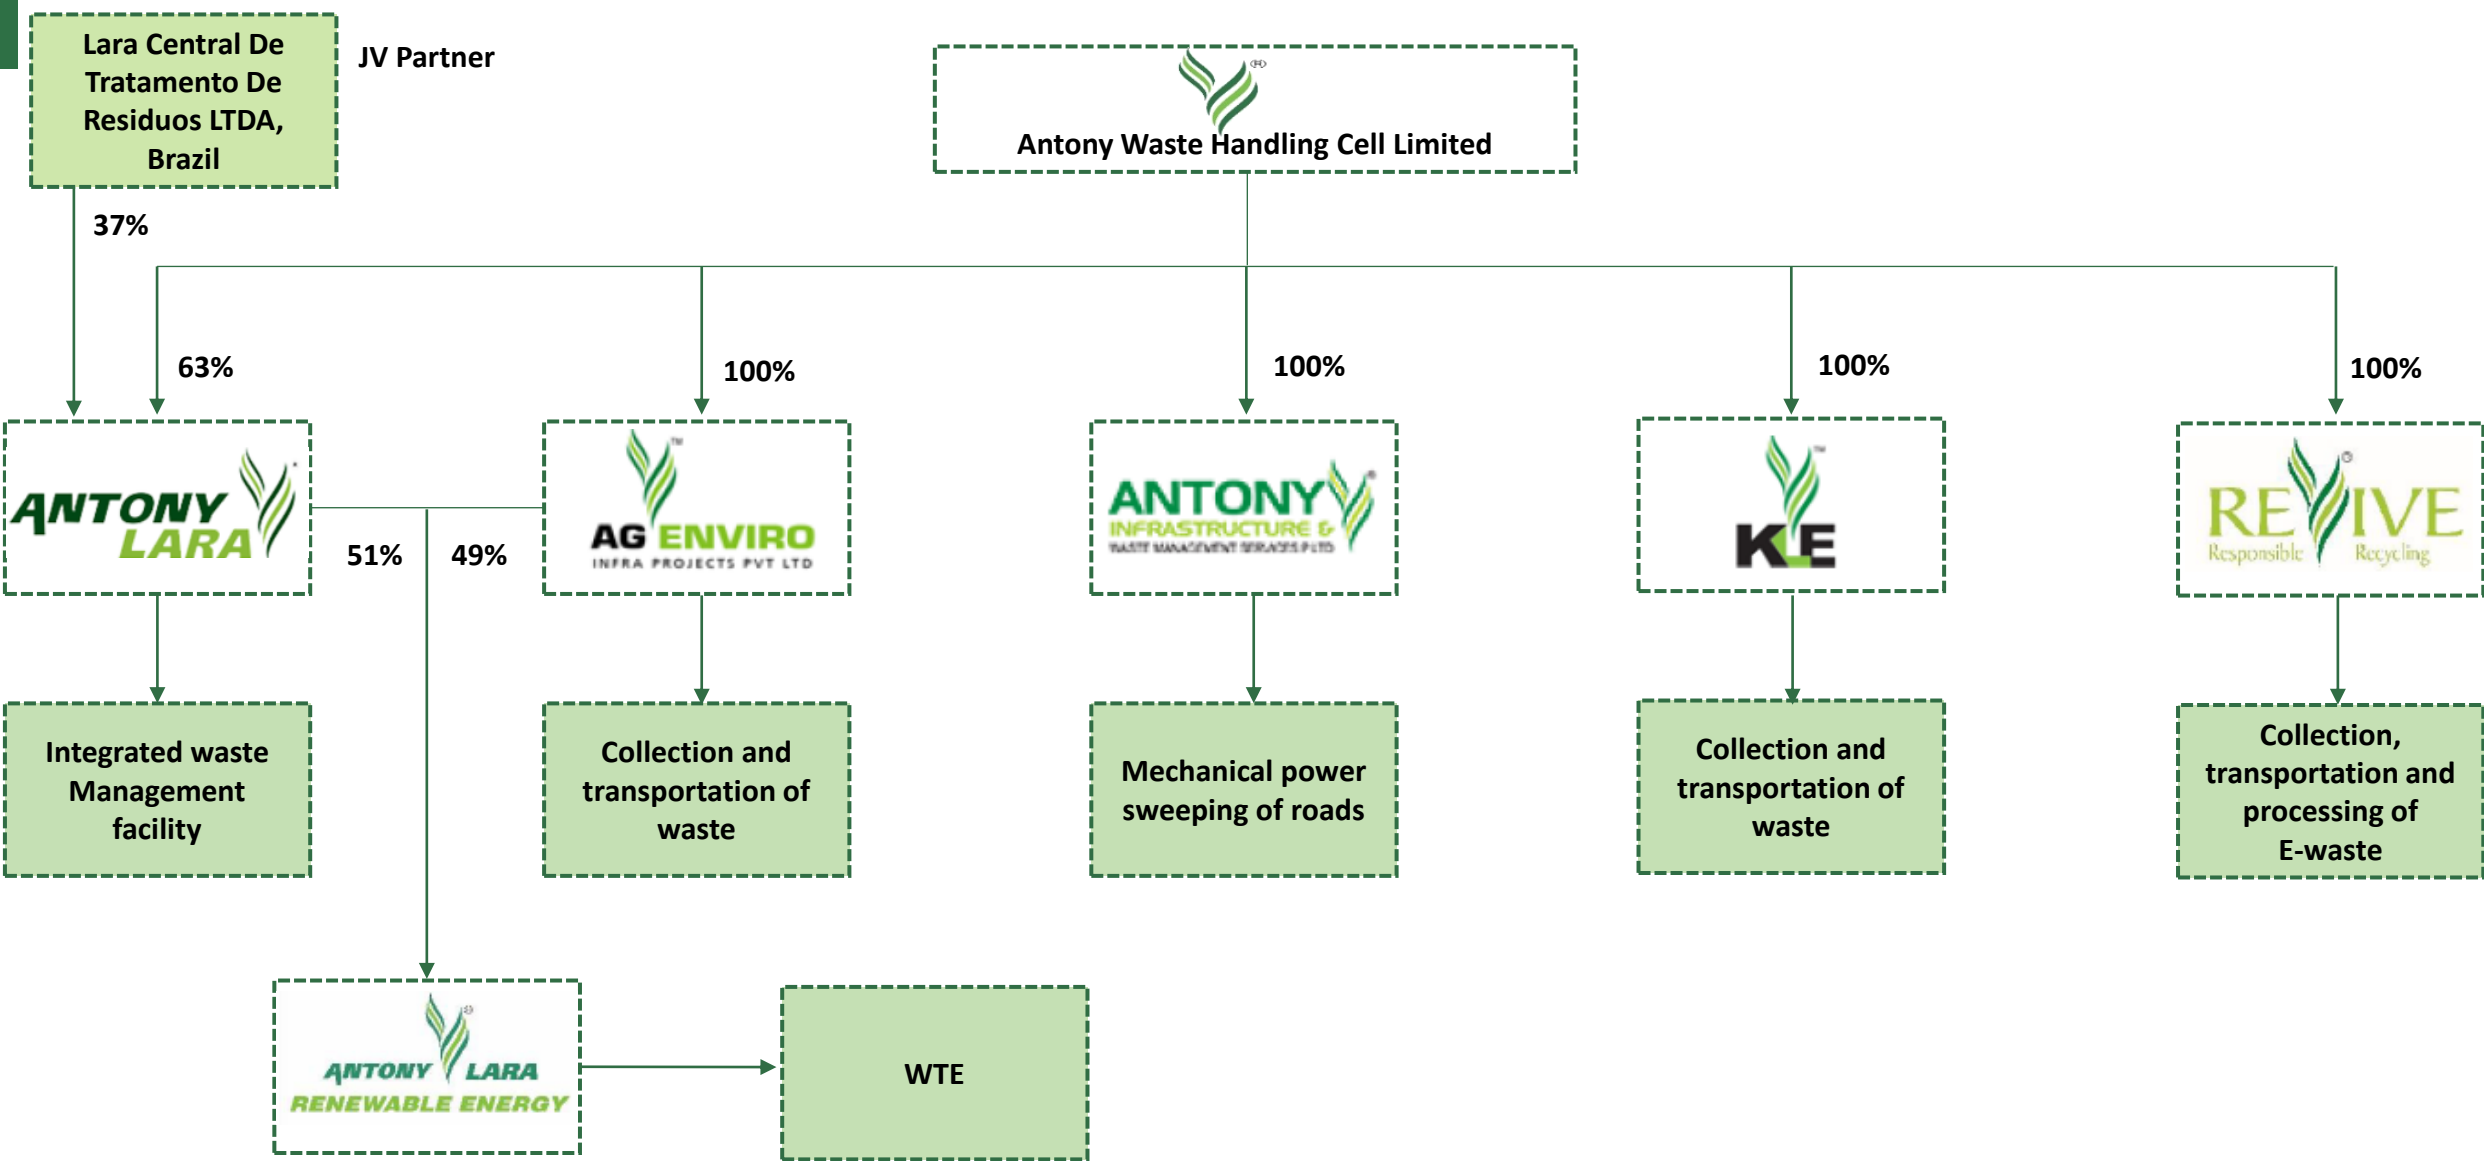

Municipal corps &  
conglomerate worked with  
since inception

*2<sup>nd</sup> runner up at CII, JCB  
Clean Earth Award for  
excellence in solid waste  
management*

(1) Cumulative waste processed since commencement of plant in FY10 till Nov 15, 2020 | (2) Data as of 15<sup>th</sup> November, 2020

# Group structure

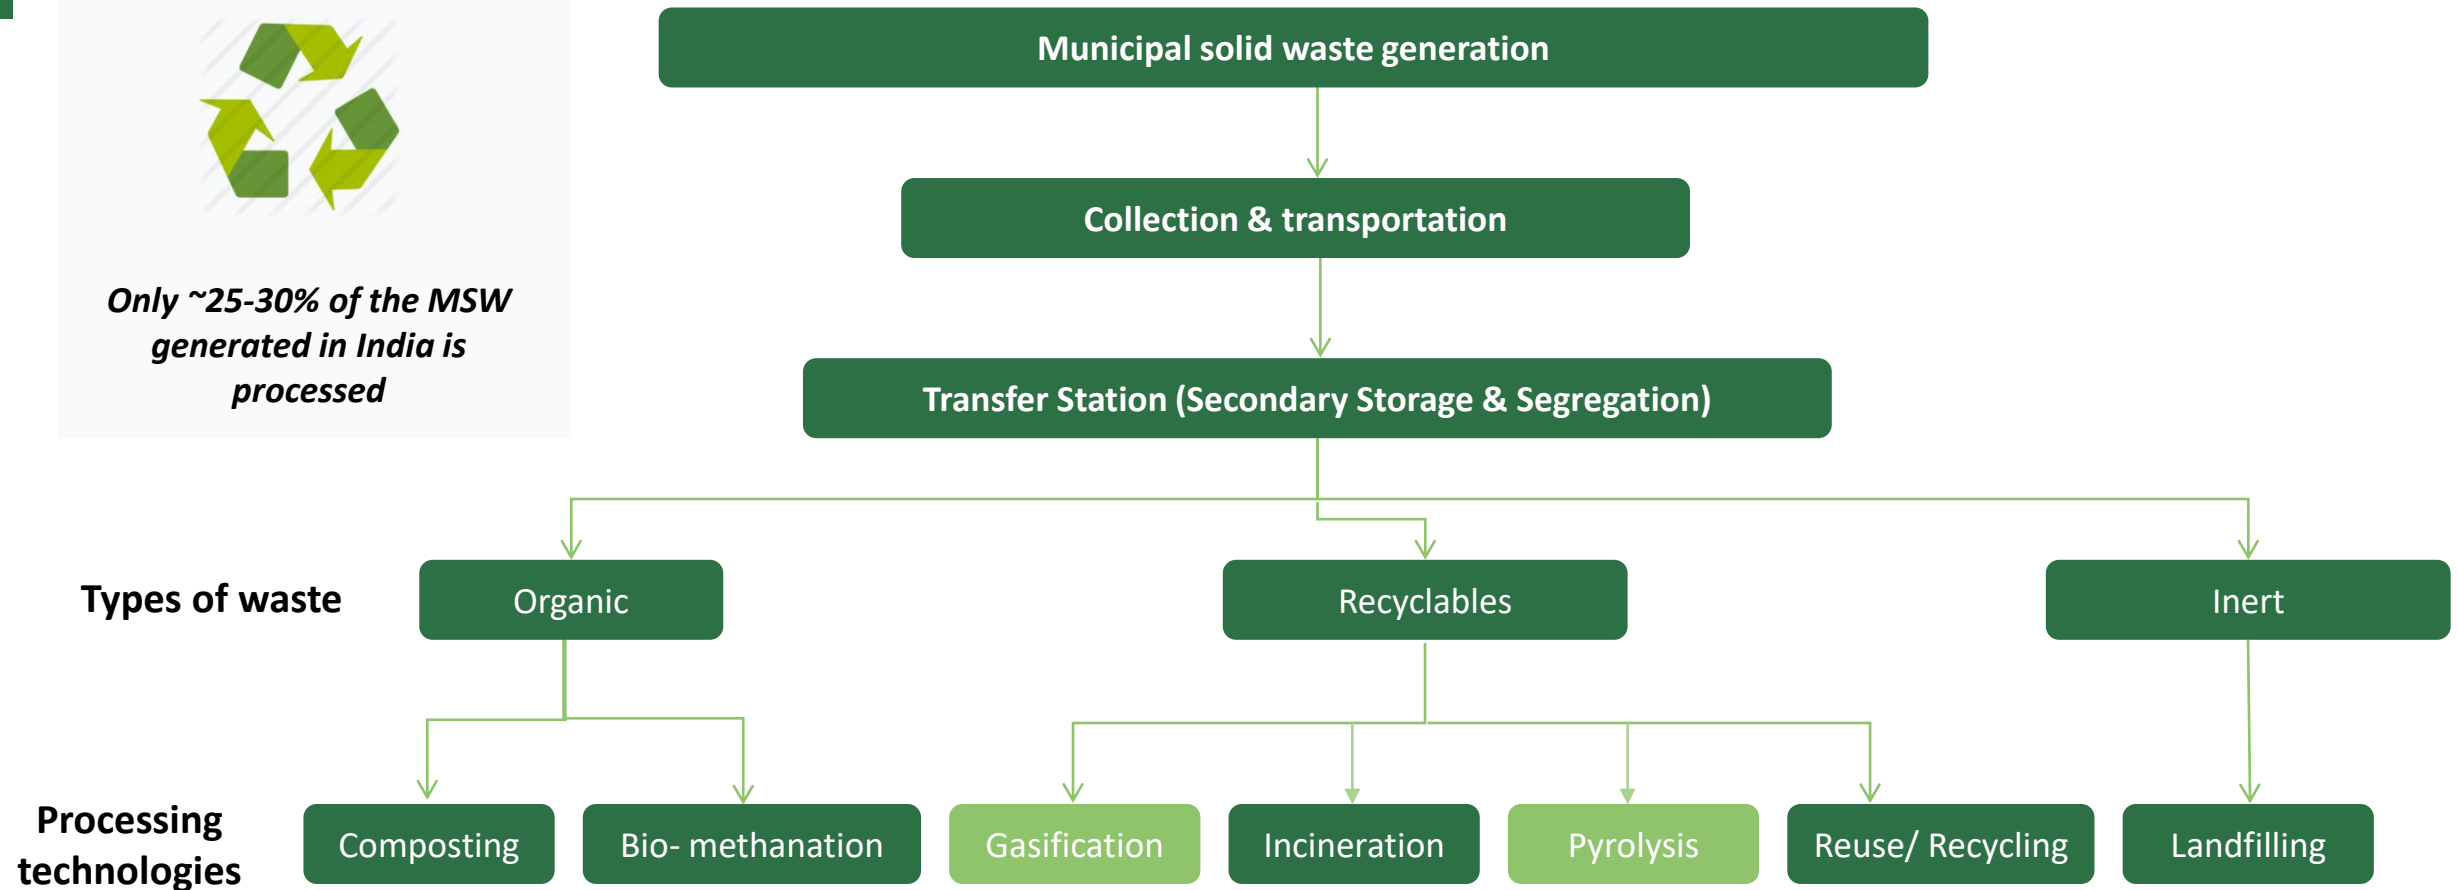

# Presence Across Value Chain

*Only ~25-30% of the MSW generated in India is processed*

 - Antony's presence in the activity

# Products & Services offered

## Key services and products

01

### Collection & Transportation

Involves door to door collection of MSW from households

02

### MSW Processing

Processing projects which involve sorting & segregating waste received from MSW C&T, followed by composting, recycling, shredding and compressing into RDF.

03

### Mechanized Sweeping Projects

Mechanized sweeping projects which involve deploying of power sweeping machines for cleaning operation of the designated areas

04

### Scrap/Goods sales

Involves selling of Refuse Derived Fuel (RDF) & other scrap from waste

## Revenue Share

C&T of municipal solid waste  
MSW Processing  
Contract & Others

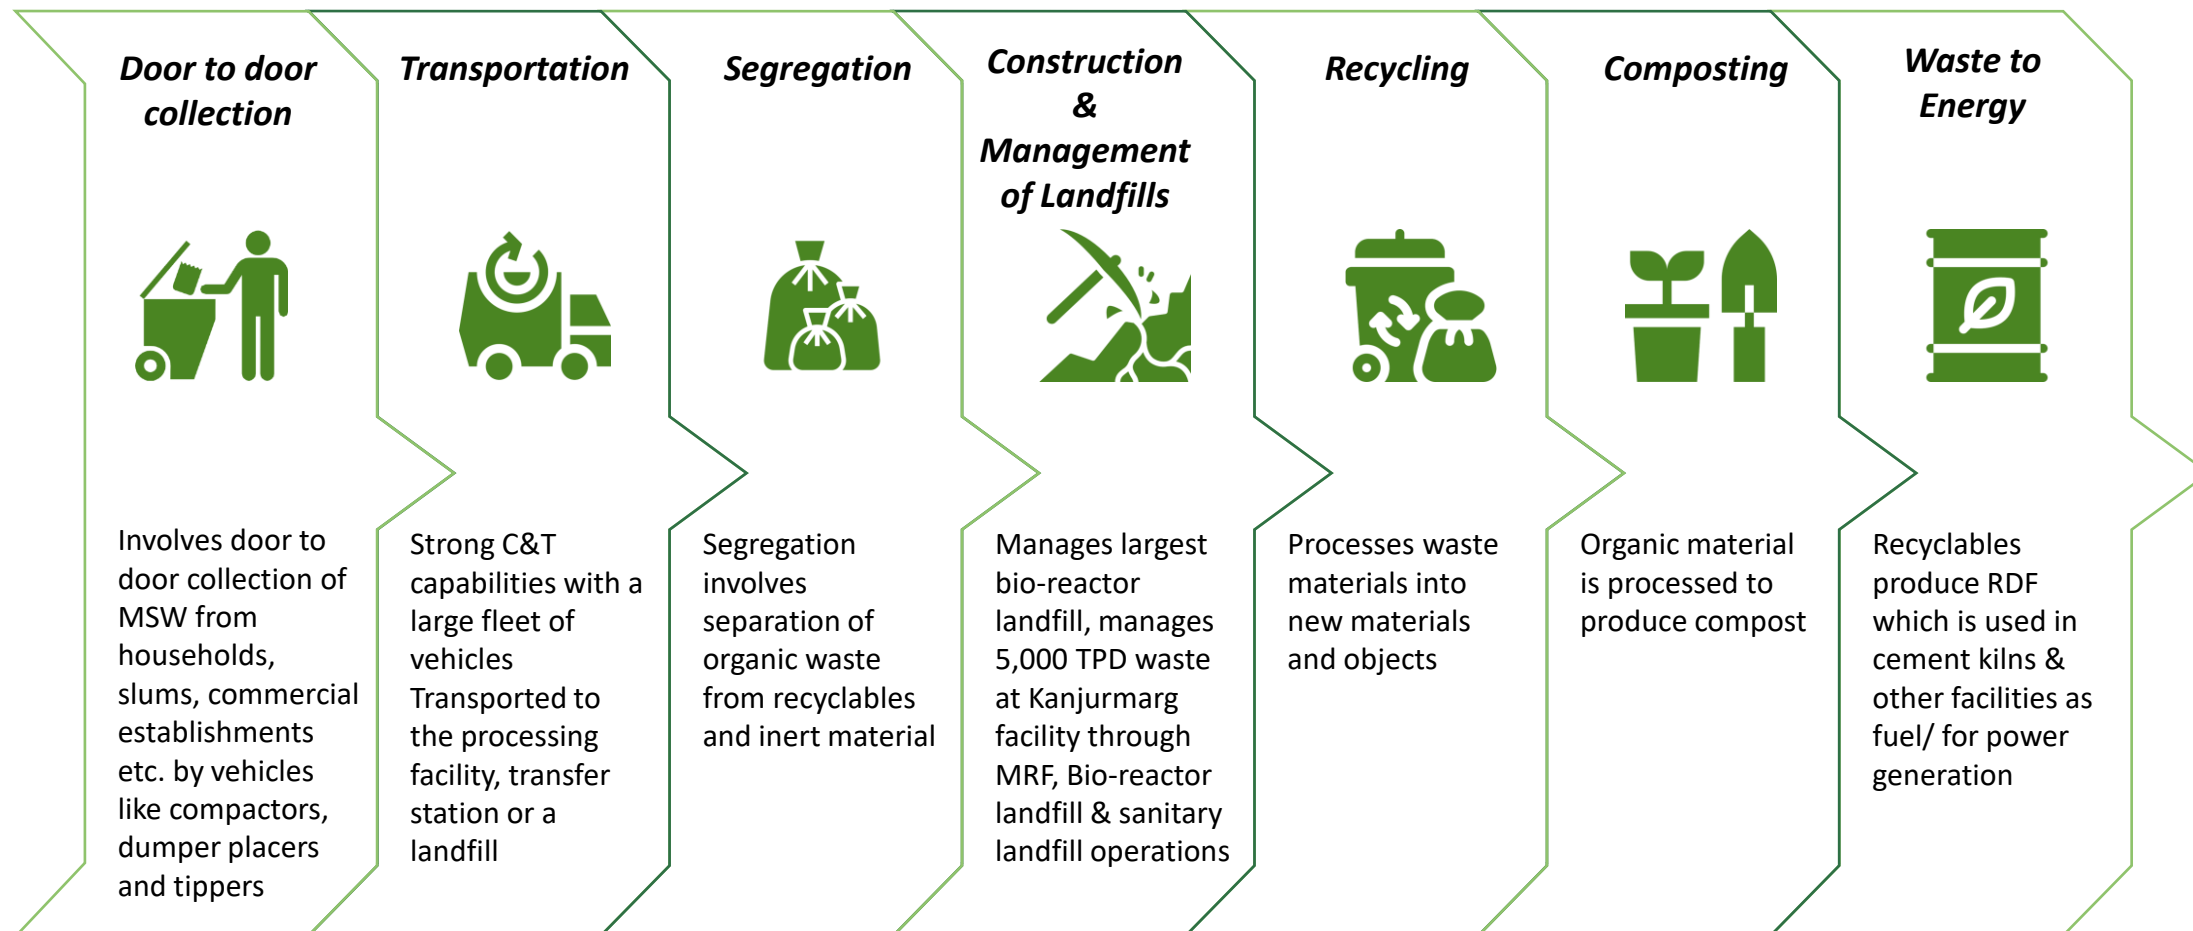

## Revenue from operations (Rs. Crs)

# Our Capabilities

Not Just a Solid Waste Collecting Company but also a Waste Processing & Management Company....

...with end-to-end capabilities

- **Collection & Transportation** - Revenues as a 'Tipping fees' from Municipal Corporation/ User fee fixed fee per tonne/trip/area
- **Waste Processing** - Revenues as a 'Tipping Fee' for processing waste per tonne and from sale of recyclables/RDF/Electricity

# Diversified Business Model

## MSW C&T

**58%**  
Revenue  
Contribution

- Door to door collection through primary collection vehicles
- Transportation of waste to processing facility, transfer station or a landfill disposal site
- Revenue calculation based on No. of trips/ Per tons/ Fixed per day
- Escalation based on flat rate/ inflation/ formulas
- Currently 12 on-going contracts
- Average on-going contract duration is 7.7 years

## MSW Processing

**29%**  
Revenue  
Contribution

- Processing projects involve sorting & segregating waste received from MSW C&T, followed by composting, recycling, shredding and compressing into RDF
- Revenue calculation based on Per hectre/ Km/ hour
- Escalation based on flat rate/ inflation
- Currently 2 on-going contracts
- Average on-going contract duration is 23 years

## Contract & Others

**13%**  
Revenue  
Contribution

- Integrated mechanical and manual sweeping of streets, sale of goods, Revenue from sale of scrap
- Contract revenue arising from IND-AS treatment for capital expenditure incurred at DBOOT projects along with mechanical etc..
- Revenue calculation based on Per hectre/ Km/ hour
- Escalation based on flat rate/ inflation
- Currently 2 DBOOT projects and 4 Mechanical Sweeping projects

**Limited project & counter-party credit risk**

### User Fees

Reducing collections risk through user fee collection from designated persons in NOIDA project

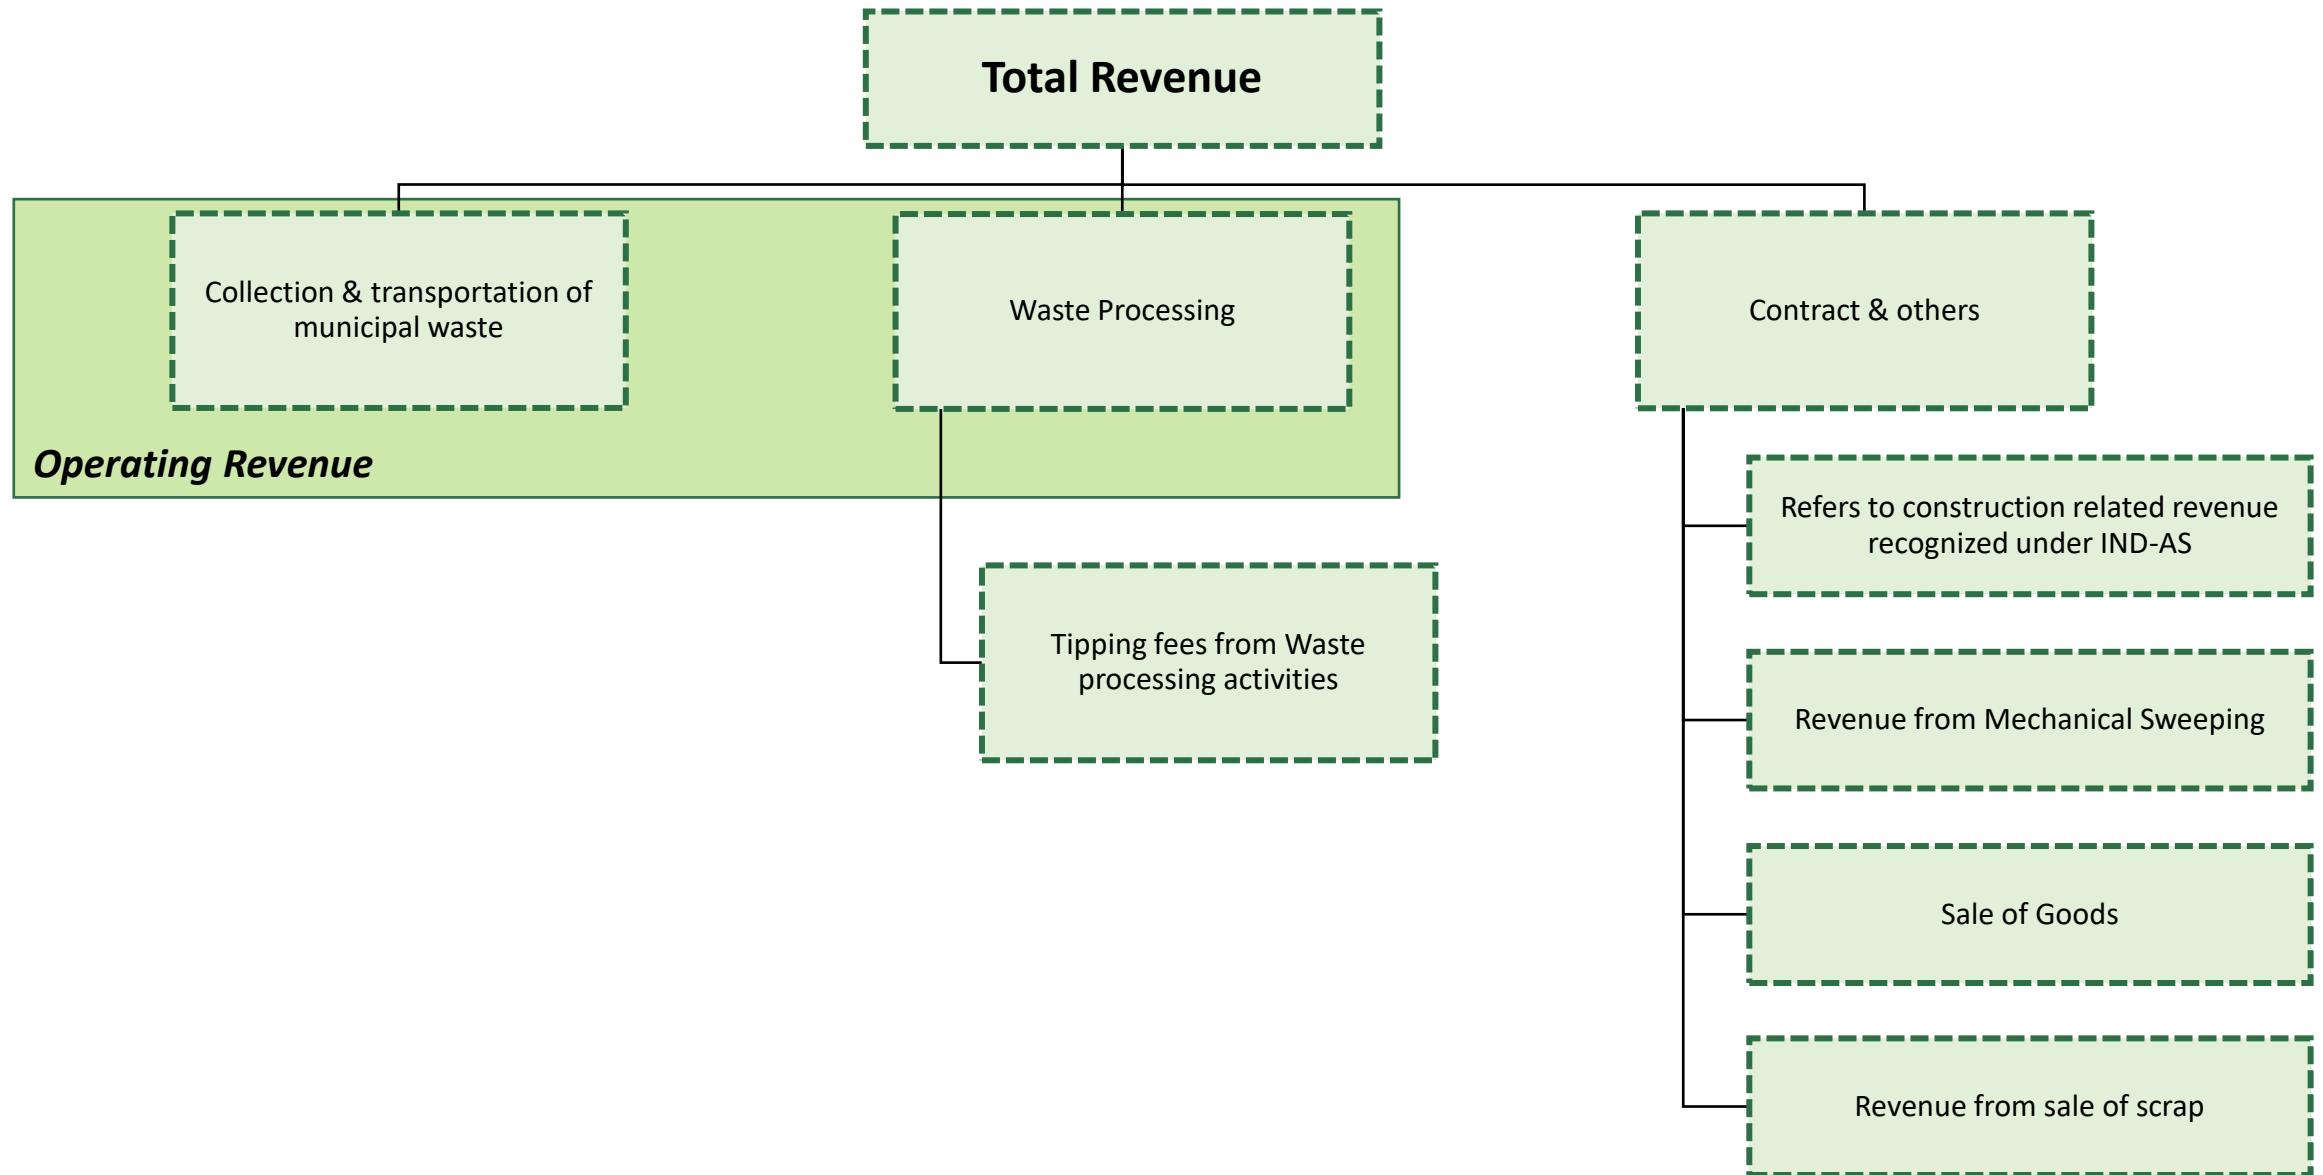

### Study of financial viability of rewarding authority

Focus on municipal corporations with strong financials/ credit ratings

### Detailed viability analysis of the project

- Rational bidding after background research
- Focus on contracts with pass-through escalations for major costs

# Revenue Recognition

# One of the largest single location plant\* in Asia

*We operate one of the largest single location waste processing plants in Asia*

**2010-2036**

Project Tenure

## Capacity

- Bio-reactor Landfill with a capacity of **6,500 TPD**
- Sanitary Landfill of **250 TPD**
- Material Recovery & Composting Facility (**capacity of 1,000 TPD**)
- Gas to Energy plant – **0.97 MW**

**~16 Years**

Balance Tenure

**~5,000 Tonnes**

Of waste per day handled currently

**Rs. 3/unit**

Plans to sell surplus electricity to BMC in future

बृहन्मुंबई  
महानगरपालिका  
Municipal Corporation  
of Greater Mumbai

Customer

## Project scope

Design, Construction, operation and maintenance of integrated waste management facilities on DBOOT basis

**~60%**

Of waste generated in Mumbai is handled at Kanjurmarg site

## Year wise probable increase in Tonnage

**1 mmt**

Waste processed in FY20

*Kanjurmarg site currently handling ~5,000 TPD of MSW; Capable of handling **~7,500 TPD***

*Only plant in India to produce refuse-derived fuel (“RDF”) with a calorific value of over **3,000 Kcal/kg\****

*Doubling of production capacity reflected in Compost sale rising by 128% to **6,436 mt** in 9M FY21*

# Our Projects Execution Capabilities

25+

Total number of projects undertaken

18

Varanasi Municipal Corporation <sup>3</sup>	✓	✓	-

## Pan India Footprint of Projects

Note: Maps not to scale. All data, information, and maps are provided "as is" without warranty or any representation of accuracy, timeliness or completeness

1) The Mangalore Project and The Greater Noida Project-Zone 1 and Zone 2 has combined contracts for MSW C&T and mechanized sweeping. 2) The Pimpri Chinchwad Municipal Corporation Project is a waste to energy project.

3) The Varanasi Project has combined contracts for MSW C&T and mechanized sweeping

# Access to Technology Backed Vehicles & Equipment

## Collection and Transportation Technological Intervention

Small Tipper - 689

Compactor - 281

Dumper Placer - 31

Big Tipper - 86

Power Sweeping Machine - 8

Hook Loader - 21

Drain Stilt Machine & Others - 31

969 Out of 1,147 vehicles fitted with **GPS tracking devices**

GPS allows movement tracking to optimize route & achieve higher vehicle utilization

Vehicles & Equipment's procured from leading international suppliers including the likes of Compost Systems GMBH

## Key equipment vendors

PUCHER

HYVA

KARCHER

HEIL

CHICAGO  
PNEUMATIC

CATERPILLAR

MOBA  
(GPS TECHNOLOGY PROVIDER)

*Waste processing technology*

Experienced JV Partner for the scientific landfill at Kanjurmarg

## Key Processes

- Aerobic process using material recovery facility and composting facility at Kanjurmarg Plant
- Anaerobic process using Bioreactor landfill technology at Kanjurmarg Plant

# Our Operations & Facilities

## Material Recovery Facility

## Bio-reactor Landfill

## Gas collection

## Composting

# Our Strategy

Capitalize on growth opportunities in MSW management sector by continued focus on bidding for MSW projects

Continue with rational selection of projects and strategically expand our geographical footprint

Moving up MSW value chain by diversifying into emerging waste management areas

Focus on enhancing operational efficiency

## Cluster based approach for growth

- Traditionally we have followed cluster based approach to bid for projects –
  - 5 ongoing projects in MMR**
  - 6 ongoing projects around NCR**
- Continue to focus on bidding projects in new states in clusters to increase profitability and efficiency
- Tap huge opportunity in the sector available due to growth & increasing trend towards privatization of MSW management industry

## Rational selection of projects for expansion

- Experience, credentials & financial strength makes us eligible to bid for most projects in MSW sector
- Continue focus on calibrated growth with selection of projects which are viable
- Pursue a broad range of projects in urban or semi-urban areas with limited counter-party risks and healthy operating margins**

## WTE, Segregation and Bio - mining

- WTE – Focus on waste to energy with assured raw material and signed power offtake agreements
- Focus on selling recyclables and RDF as an added source of revenue
- Focus on Bio mining which can be used to reclaim dump sites in Tier 1 & Tier 2 cities which has huge potential w.r.t number of dump sites over last 15 years**

# Board of Directors

**Jose Jacob Kallarakal**

**Chairman &  
Independent  
Director**

- Age: 47 years
- 19 years experience in waste management
- Majorly responsible for the business development initiatives
- Authentic Leader Development Course from Harvard Business School, Boston and B.E. in Mechanical Eng. from Bharati Vidyapeeth's College of Eng., Univ. of Mumbai

**Shiju Jacob Kallarakal**

**Executive Director  
& CFO**

- Age: 43 years
- 19 years of experience in waste management
- Overlooks the accounting and finance along with the legal functions of the company
- B.E. in Chemical from Bharati Vidyapeeth's College of Eng., Univ. of Mumbai

**Shiju Antony Kallarakkal**

**WTD of Antony  
Lara Enviro  
Solutions P Ltd**

- Age: 46 years
- Over 18 years of experience in automobile sector and more than 6 years in waste management sector
- Prior to joining Antony Lara Enviro Solutions P Ltd was associated with Antony Motors P Ltd and Antony Garages P Ltd

**Karthikeyan Muthuswamy**

**Nominee Director**  
Age: 46 years

- Experience in equity research and investments
- Holds Bachelor's degree in Business Administration from University of Madras

**Ajit Kumar Jain**

**Independent Director**  
Age: 66 years

- Currently Senior Advisor & Director in charge of AIILSG's Centre for Sustainable Governance
- Holds Master's degree in chemistry, Agra University & political science, Meerut University & Master's degree in social science, University of Birmingham

**Suneet K Maheshwari**

**Executive Director**  
Age: 62 years

- >35 years experience in financial & infrastructure sector and in public-private partnerships & currently Partner of Udvik Infrastructure Advisors LLP
- Holds MBA from the Symbiosis Institute of Business Management from the University of Pune

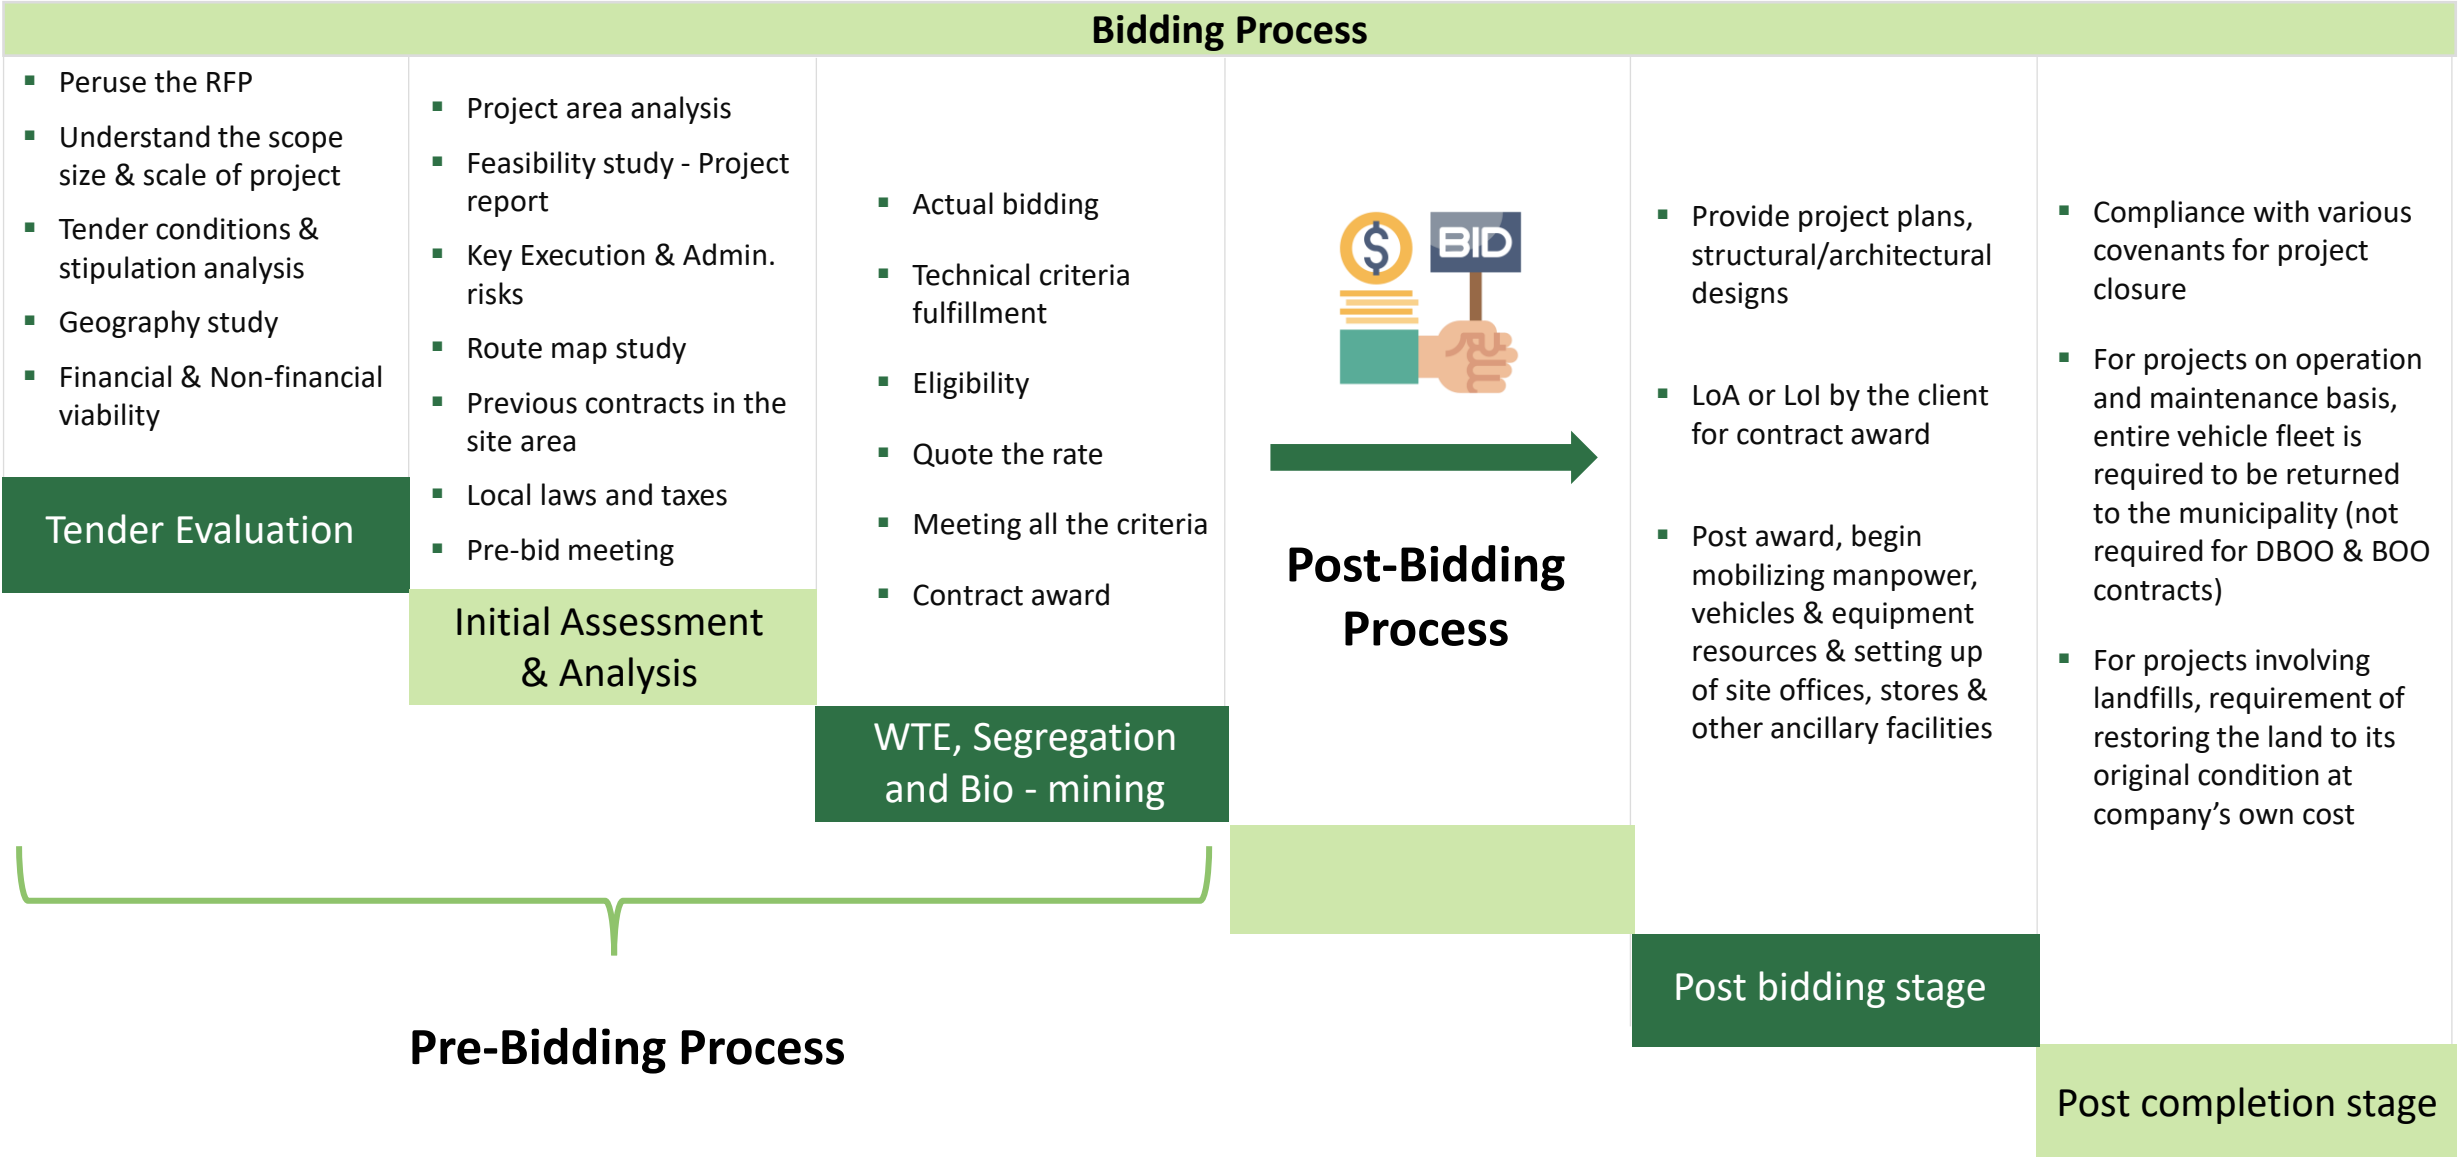

**Priya Balasubramanian**

**Independent Director**  
Age: 44 years

- >10 years experience in securities market
- Previously associated with Lehman Brothers, Barclays Securities (India) and Barclays Capital Services
- Holds a PGDM from IIM, Ahmedabad

# Quality Cum Cost Based Bidding Process

# PPP contracts structure for waste management

Types of contracts	Contract period	Investments by private player	Risk	Service covered	Source of revenue for private player	Asset ownership	Bidding process
Service	1-2 years	Partial investment	Municipality	Street sweeping, C&T & disposal & Sanitary landfills	Payment from municipality based on quantity of waste collected & transported	Partly owned by private player specially transport & associated vehicles	Competitive bidding
Management contract	3-8 years	Only fleet & equipment	Shared between MC & private player				
DBOOT/ BOOT	>=20 years	Complete investment except land cost	Private player	<ul style="list-style-type: none"> <li>Waste processing &amp; disposal facility</li> <li>Integrated waste mgmt. facility</li> </ul>	<ul style="list-style-type: none"> <li>Tipping fees from municipality</li> <li>Sale of products/ power</li> <li>Carbon Emission reduction</li> </ul>	Land leased by MCs; facility developed by private player, ownership transferred to MC at the end of the contact period
