IMF OBSERVATIONS

India seems to be recovering from note ban, GST effects

PRESS TRUST OF INDIA
Washington, March 11

THE INDIAN ECONOMY now seems to be on its way to recovering from disruptions caused by demonetisation and the roll-out of the goods and services tax (GST), the IMF said on Sunday. At the same time, the IMF underscored the significance of reforms in other key sectors like education, health and improving the efficiency of the banking and financial systems. “India’s economy has expanded strongly in recent years, thanks to macroeconomic policies that emphasise stability and efforts to tackle supply-side bottlenecks and structural reforms. Disruptions from demonetisation and the rollout of GST did slow growth,” Tao Zhang, deputy managing director of IMF, told PTI in an interview.

Tao Zhang, IMF deputy managing director

“However, with the economy expanding by 7.2% in the latest quarter, India has regained the title of the fastest-growing major economy,” Zhang said. Calling this development a “welcome change,” Zhang said the growth prospects remain positive. “That said, the Indian economy would benefit from further reforms, such as enhancing health and education, encouraging private and

public investment, and improving the efficiency of the banking and financial system. This would support durable and inclusive growth and enable India to move toward the income levels of wealthier countries,” the top IMF official said ahead of his visit to India. Given the dominance of cash in everyday transactions in the Indian economy, it was inevitable that demonetisation would temporarily affect economic activity, said Zhang who is travelling to India and Bhutan from March 12 until March 20. The roll-out of GST last year was a landmark accomplishment that can be expected to enhance the efficiency of intra-Indian movement of goods and services, create a common national market, enhance tax buoyancy, and boost GDP growth and job creation, he said.

“Yet the complexities and glitches in GST implementation also resulted in short-term disruptions. As I mentioned earlier, the economy now seems to be on its way to recovering from those disruptions,” Zhang said in response to a question.

‘India, China responsible for almost half of global growth’

India and China have been important engines of regional and global economic growth, Zhang said, noting that a strong economic partnership between the two Asian giants would be beneficial. “For the past several years, India and China have been important engines of regional and global economic growth. In 2017, India and China were responsible for almost half of global growth,” he said.

Commerce min studying impact of US decision to raise tariff

PRESS TRUST OF INDIA
New Delhi, March 11

THE COMMERCE MINISTRY is studying the impact of the duty hike by the US on certain steel and aluminium products as India exports these goods worth about \$2 billion per annum to America. US President Donald Trump has imposed heavy tariffs on imported steel and aluminium, sparking fears of a global trade war. Trump signed two proclamations that levied a 25% tariff on steel and a 10% tariff on aluminium imported from all countries except Canada and Mexico. The contentious tariffs will go into effect in 15 days.

“India is keeping a close watch on the development. It is studying the impact of duty hike India’s exports to America,” an official said. With hike in tariffs by the US government, exports of these products to the American market will become expensive and could impact the competitiveness of domestic items. The official further said if any country drags the US in the World Trade Organization’s (WTO) dispute settlement panel against this decision, India could also consider joining as an observer or third party in the case. Under the WTO norms, member countries can file a petition in the multi-lateral trade body if a decision of its

trading partner does not comply with international trade rules. As many as 17 countries, including India, had earlier expressed concern over the US plans to raise tariffs during the General Council Meeting of the WTO at Geneva in Switzerland. “Tariff hike may not have any direct impact” The US decision to impose 10% tariff on imported aluminium may not have a significant direct impact on the Indian aluminium industry, but it may have resultant impact due to increased availability of export volume for ex-America global market, Aluminium Association of India chairman TK Chand said.

March to Mumbai

Thousands of farmers, who began a protest march in Nashik, reached Mumbai on Sunday. They intend to gherao the state Assembly today to demand farm loan waiver.

States compress capex: April-Jan spend just half of yearly target

Madhya Pradesh and Tamil Nadu too saw a decline in capex in April-January this year, compared to the year-ago period.

Rising revenue expenditures due to higher wage bills (induced by the 7th Pay Commission) and interest burden seem to have compelled many states to curb their capex. UP, Punjab, Maharashtra, Rajasthan and Karnataka are also at various stages of implementing farm loan waivers. It is estimated that, loan waivers by all states could be around ₹2 lakh crore. Rising interest burden has resulted in states slowing down their borrowing plans too. Total borrowings by the 19 states declined 25% y-

o-y to ₹2.27 lakh crore. As per the budget estimates, the combined capital expenditure of all states are pegged at 2.79% of gross domestic product or about ₹4.7 lakh crore in 2017-18 against the revised estimate of 2.77% of GDP or about ₹4.2 lakh crore in the previous year. Clearly, the target is set to be missed by a wide margin. In the first 10 months, the interest costs of the 19 states rose 16% to ₹1.62 lakh crore. Salary expenditure of many states like Kerala, Haryana and MP have gone up substantially. In revised estimate for 2017-18, the capital expenditure of the Centre was cut by ₹36,356 crore to ₹2.73 lakh crore to accommodate higher revenue expenditure such as salary costs and lower-than-expected non-tax revenue. In the initial months of the year, budgetary capex by the Centre

was at a brisk pace; in April-January, the Centre achieved 97% of the revised estimate.

Price support to farmers: States roll out schemes even as Centre has a pan-India plan

The Centre has estimated that its scheme — the contours of which are being finalised by the NITI Aayog — could cost it ₹15,000 crore annually. Additionally, states are expected to pitch in too, although adoption of the scheme is optional for them. MP was the first to launch a price support scheme for farmers following the farmers’ agitation and police firing in Mand-saur: in October last year, the state government rolled out the Bhavantar Bhugtan Yojana (price differential payment

scheme) for maize, soybean, urad, moong, groundnut and sesame in the kharif season and winter crops namely chana, masur, mustard and onion. The state government has already distributed about ₹1,525 crore under the scheme to over 10.5 lakh farmers since its launch. Under it, an amount equal to the difference between MSP and the market rate of a crop is transferred to the beneficiary bank accounts, when market prices fall below the benchmark rates. On the lines of MP’s scheme, Haryana launched a price differential payment scheme called Bhavantar Bharpai Yojana in January, for the potato and tomato crops which will be harvested in the state from this month-end. The state has fixed a base price of ₹4 per kg for these two crops in the absence of any MSP mechanism at the all-India level for these crops. According to the state’s marketing board, more than 5,000 farmers have registered under the scheme so far. The scheme for two other

vegetable crops — onion and cauliflower — will be launched in October and their benchmark rate has been fixed at ₹5 a kg. However, the rate may be revisited before the sowing season. “If farmers have to sell these vegetables below the fixed base price, the government will pay the remaining amount to compensate the farmers. More crops may be added to the list depending on the market rates,” an state government official said. According to the concept paper of the MAS, the liability of the Centre will arise only if prices fall below MSP, and such obligation is limited to a maximum of 50% (for north-east and hilly states) and 40% (for other states) of the MSP. The Centre has found that on recent procurement of pulses and oilseeds, losses by its designated agencies range between 25-40%.

Ad revenues: Now OTT players

gain in subscriptions too

“Until there are more payment options for streaming platforms, consumers might prefer bundling,” Couto said. Given the variety of content on OTT platforms as also the convenience, consumers clearly don’t mind paying. Indeed, EY estimates that by 2020 India would have become the second-largest video-viewing audience globally with 500 million viewers. Which is why OTT players are rushing to gather content. While films are being acquired, they’re also creating other kinds of programmes of a shorter length, experts say since consumers seem to prefer that. The average length of video viewed in India, EY estimated, is around 20 minutes. Ajit Mohan, CEO, Hotstar confirmed that content of shorter duration was becoming more popular. “We see a preference for shows that are not too long possibly because consumers are pressed for time,”

Mohan said. Indeed, a very large share of content consumed on YouTube is short-form. Industry watchers reckon OTT players are understood to have spent close to ₹850 crore in 2017 to buy rights for local films. With most consumers watching video shows in Hindi and vernacular languages, the content is being created to cater for these preferences. Amazon has acquired digital telecast rights for more than two dozen films for its OTT platform; Netflix and Hotstar too have been shopping for movies. And all are doubling down on locally customised original content which is what will drive viewership. ALT Balaji for instance, recently released its first Tamil show Maya Thirrai with 16 episodes. Vijay Subramaniam, director — content, Prime Video India, said after building a library of local content last year, the idea is to further enhance the offering. “This would include films as well as 10 original shows. Among these are music reality show *The Remix* and a trilingual fiction show *Breathe*, starting CYQ1 of 2018,” Subramaniam said. In December, Amazon Prime Video showcased a multilingual medical thriller “Breathe” its second Indian original series.

its eyes on earth, for ages the sun has been enlightening and enriching people. From Japan to Peru, be it Greece or Rome, Egypt, Incas and the ancient Mayan culture, every civilisation has glorified and given importance to the sun,” said Modi. The PM added: “However, in India, from thousands of years ago, the central place that has been given to the sun is unparalleled. From thousands of years ago, the Vedas in India have seen the sun as the soul of the world.” As a demonstration of India’s commitment to the International Solar Alliance (ISA), Modi said 500 training slots will be created for member countries and a solar technology mission will be started to lead research and development in the sector. He said better and cheaper solar technology should be easily available to all nations. “We have to increase the share of solar in energy mix.” Regulatory aspects as well as standards have to be framed which will expedite adoption of solar solutions, as well as consultancy support has to be developed for putting up bankable solar projects in developing countries. Stressing on inclusiveness, the Prime Minister said that the solar energy policy has to be looked at in totality for development so that it can contribute to achievement of sustainable development goals (SDGs). “We have to strengthen ISA Secretariat and make it more professional.” The ISA’s major objectives include global deployment of over 1,000 GW of solar generation capacity and mobilisation of investment of over \$1 trillion towards solar energy by 2030. Of these, 100 GW is to come from solar and 60 GW from wind. “Of the target for solar energy generation, we have already achieved 20 GW installed solar power,” he said. “I am happy to announce that to fill the solar gap, India will launch a Solar Technology Mission. Its focus will be global and our governmental, technical and academic institutions will lead in R&D efforts in the solar sector,” said Modi. ISA, headquartered in Gur-gaon, is now a treaty-based inter-governmental organisation that was established following the Paris Declaration as an alliance dedicated to the promotion of solar energy among its member countries. Of the 121 countries associated with ISA, 61 have already joined the alliance and 32 have ratified the Framework Agreement. The ISA was launched by Modi and then French President Francois Hollande in 2015.

Solar projects: Centre calls for less-risky funds; outlines 10-point plan

“India has launched the “world’s biggest renewable energy programme with a target to generate 175 GW of electricity from renewable sources by 2022.” This would be more than double the present renewable energy capacity and would be enough to overtake renewable expansion in the European Union for the first time. Speaking on the occasion, Macron said \$1 trillion will be needed to achieve one terawatt (TW) of solar power capacity by 2030. Macron announced an additional investment of 700 million euros for global solar energy generation by 2022 to reduce the use of fossil fuel and help combat climate change. The French leader called for “joint duties” towards a “planet that we are sharing.” “The French Development Agency will allocate additional 700 million euros to its commitment to solar energy by 2022,” Macron said. This will take France’s total commitment to the solar alliance to 1,000 million euros. “Even before life first opened

त्रिकोणीय श्रृंखला में आज श्रीलंका से भिड़ेगा भारत

कोलंबो, 11 मार्च (भाषा)।

कप्तान रोहित शर्मा सोमवार को यहां निधाय त्रिकोणीय टी-20 सीरीज में अपने तीसरे मैच में मेजबान श्रीलंका के खिलाफ फॉर्म में वापसी को बेताब होंगे जिसमें भारतीय टीम हर हालत में जीत दर्ज करना चाहेगी। कार्यवाहक कप्तान रोहित की खराब फॉर्म दक्षिण अफ्रीका सीरीज के शुरू से चल रही है। वह आत्मविश्वास हासिल करने के लिए तेजी से रन जुटाना चाहेंगे। टूर्नामेंट में रिषभ पंत को एक और मौका दिए जाने पर भी विचार किया जा सकता है। पंत को हालांकि अपनी काबिलियत साबित करनी है लेकिन लोकेश राहुल जैसा खिलाड़ी भी मौके का इंतजार कर रहा है। राहुल की मौजूदगी कप्तान को उन्हें सलामी बल्लेबाज के तौर पर इस्तेमाल करने का मौका दे सकती है जिससे वह पंत को अंतिम एकादश से बाहर कर खुद चौथे स्थान पर बल्लेबाजी कर सकते हैं। भारत की दूसरे दर्जे की टीम के लिए इस टूर्नामेंट में शुरुआत अच्छी नहीं रही क्योंकि उन्हें शुरुआती मैच में मेजबान से पांच विकेट की

टीम के लिए रोहित का फॉर्म चिंता का विषय

पराजय झेलनी पड़ी थी।

रोहित की अगुआई वाली टीम ने अगले मैच में शानदार वापसी करते हुए बांग्लादेश को छह विकेट से मात दी। इसलिए सोमवार का मैच भारत को शुरुआती मैच में की गई गलतियों को सुधार करने का मौका प्रदान करेगा। टूर्नामेंट में अभी सभी तीनों टीमों के पास बराबरी का मौका है क्योंकि सभी ने दो मैचों में से एक एक मैच जीते हैं। लेकिन श्रीलंकाई टीम नेट रन रेट में

भारत और बांग्लादेश से आगे शीर्ष पर है। हालांकि आज की जीत भारत को श्रीलंका को हटाकर शीर्ष पर पहुंचा देगी। सलामी बल्लेबाज शिखर धवन शानदार फॉर्म में हैं, उन्होंने अभी तक टूर्नामेंट में लगातार दो अर्धशतक जड़े हैं। श्रीलंका के खिलाफ सलामी बल्लेबाज ने 49 गेंद में 90 रन बनाए और इसके बाद 43 गेंद में 55 रन की पारी से भारत ने दूसरे मैच में बांग्लादेश को आसानी से शिकस्त दी।

दक्षिण अफ्रीका के खिलाफ टैस्ट सीरीज में धवन का प्रदर्शन अच्छा नहीं रहा लेकिन प्रोटियाज के खिलाफ सीमित ओवर के शुरू में उन्होंने फॉर्म हासिल कर ली, जिसके बाद से उन्होंने अंतिम पांच टी-20 में 55, 90, 47, 24 और 72 रन बनाए। रोहित की फॉर्म चिंता का विषय बनी हुई है जिन्होंने अंतिम पांच टी-20 मैचों में 17, शून्य, 11, शून्य और 21 रन बनाए हैं। अन्य भारतीयों में मनीष पांडे (37, 27) अच्छी लय में दिख रहे हैं, वह वापसी करने वाले सुरेश रैना और दिनेश कार्तिक के साथ मध्यक्रम की जिम्मेदारी संभालेंगे।

एआइटीए ने पेस के साथ बोपन्ना की जोड़ी बनाई

नई दिल्ली, 11 मार्च (भाषा)।

एआइटीए ने चयन मामलों से खिलाड़ियों को दूर रखने का कड़ा संदेश देते हुए रोहन बोपन्ना की आपति के बावजूद रविवार को लिएंडर पेस को डेविस कप टीम में शामिल किया। पांच सदस्यीय चयन समिति ने युक्ती भांबरी, रामकुमार रामनाथन, सुमित नागल, बोपन्ना और पेस के अलावा टीम में निर्जवं सदस्य के रूप में दिविज शरण को शामिल किया। पूर्व राजा को टीम से बाहर कर दिया गया जिसकी उम्मीद थी क्योंकि

कनाडा के खिलाफ विश्व ग्रुप प्ले ऑफ मुकाबले में उनका प्रदर्शन अच्छा नहीं था।

एआइटीए के सुत्रों के अनुसार गैर खिलाड़ी कप्तान महेश भूपति ने चयन समिति के चेयरमैन को लिखा था कि सीनियर पेशेवर खिलाड़ी बोपन्ना चीन के खिलाफ मुकाबले के लिए ‘टीम से बाहर’ रहना चाहते हैं, ताकि पेस को अपना डेविस कप विश्व रेकार्ड पूरा करने का मौका मिल जाए। वह इस तरह से संदेश देना चाह रहे थे कि वह इस मुकाबले के लिए पेस के साथ जोड़ी बनाने के इच्छुक नहीं थे।

ला-लीगा में बार्सीलोना और रीयाल मैड्रिड जीते

मैड्रिड, 11 मार्च (एफपी)।

स्टार फुटबॉलर लियोनल मेस्सी अपने बेटे के जन्म के कारण बार्सीलोना के लिए यह मुकाबला नहीं खेल सके लेकिन क्लब ने 10 खिलाड़ियों की मलागा को ला-लीगा फुटबॉल टूर्नामेंट में 2-0 से हराया। वहीं क्रिस्टियानो रोनाल्डो के दो गोल से रीयाल मैड्रिड ने 2-1 से जीत दर्ज की।

बार्सीलोना इस तरह अंक तालिका में शीर्ष पर काबिज है और 11 अंक की बढ़त बनाए हुए है। मलागा तालिका में अंतिम स्थान पर है। मेस्सी अस्पताल से टीवी पर मैच देख रहे थे। बार्सीलोना के लिए लुई सुआरेज ने 15 वें और फिलिप कोल्लिन्गे ने 28 वें मिनट में गोल कर बढ़त दिला दी।

मलागा के सैमुअल गार्सिया को 30 वें मिनट में जोड़ी अलबा को गिराने के लिए मैदान से बाहर कर दिया गया। इससे पहले क्रिस्टियानो रोनाल्डो के दो गोल से रीयाल मैड्रिड ने एबर पर 2-1 से जीत दर्ज की। रोनाल्डो ने 34वें और 84वें मिनट में दो गोल किए जबकि एबर के लिए इवान रैमिस ने 50वें मिनट में गोल किया। रीयाल मैड्रिड तालिका में तीसरे स्थान पर है।

भारतीय महिला हॉकी टीम ने 3-1 से जीती श्रृंखला

सोल, 11 मार्च (भाषा)।

भारतीय महिला हॉकी टीम ने रविवार को यहां अंतिम मैच में मेजबान दक्षिण कोरिया से 1-1 से ड्रॉ खेलकर पांच मैचों की सीरीज 3-1 से अपने नाम की। दोनों टीमों ने मैच के अंतिम क्वार्टर में गोल दारे। वंदना कटारिया ने 48वें मिनट में गोल कर भारत को बढ़त दिला दी लेकिन मेहमान टीम की खुशी थोड़े समय तक ही रही क्योंकि दक्षिण कोरिया की बोमी किम (50

अखिल श्योराण ने विश्व कप में जीता स्वर्ण पदक

नई दिल्ली, 11 मार्च (भाषा)।

युवा निशानेबाज अखिल श्योराण ने मेक्सिको के गुआदालाजारा में चल रहे आइएसएसएफ विश्व कप की पुरुष 50 मीटर राइफल श्री पोजीशन स्पर्धा में स्वर्ण पदक अपने नाम किया जिससे भारत का शानदार प्रदर्शन जारी है। इस तरह अखिल मौजूदा आइएसएसएफ विश्व कप में पदार्पण के दौरान पदक जीतने वाले चौथे भारतीय निशानेबाज बन गए।

इससे पहले शहजर रजवी, मनु भाकर, मेहुली घोष और अंजुम मुदगिल ने पिछले हफ्ते पदक जीतकर भारत को पदक तालिका में शीर्ष पर पहुंचा दिया था। अखिल का यह टूर्नामेंट में चौथा स्वर्ण है और इससे लगभग सुनिश्चित है कि देश पदक तालिका में पहली बार शीर्ष पर रहेगा। अखिल ने फाइनल में 455.6 अंक का स्कोर बनाया जिससे उन्होंने आस्ट्रिया के बर्नार्ड पिकल को पछाड़ दिया जिन्होंने 452 अंक बनाए।

इस स्पर्धा में 38 बार के आइएसएसएफ पदकधारी और हंगरी के महान राइफल निशानेबाज पीटर सिडी, ओलंपिक के कांस्य

पदकधारी फ्रांस के एलेक्सिस रेनाल्ड और एअर राइफल स्वर्ण पदकधारी हंगरी के इस्ताव पेनी के अलावा भारत के श्री पाजीशन के चैंपियन संजीव राजपूत भी मौजूद थे लेकिन अखिल ने कठिन हालात में शानदार प्रदर्शन से इन सभी को पछाड़ दिया।

क्वालीफिकेशन दौर में 40 निशानेबाज को प्रत्येक पाजीशन में हर शॉट लगाने थे, अनुभवी संजीव ने 1200 में से 1176 अंक से पेनी (1178) के बाद दूसरे स्थान पर क्वालीफाई किया। अखिल ने 1174 अंक से चौथे स्थान से जबकि युवा स्वर्णिन कुसाले ने 1168 अंक से सातवें स्थान से फाइनल में क्वालीफाई किया जिससे आठ निशानेबाजों के फाइनल में तीन भारतीय मौजूद थे।

मनु भाकर ने महिलाओं की 25 मीटर पिस्टल स्पर्धा में 581 अंक के स्कोर से चौथे स्थान से फाइनल में क्वालीफाई किया। अनु राज सिंह 575 अंक से 10वें स्थान पर रही। मौजूदा ओलंपिक चैंपियन अन्ना कोराकाकी और रियो ओलंपिक की कांस्य पदकधारी हेदी गर्बर ने भी आठ महिला निशानेबाजों के फाइनल के लिए क्वालीफाई किया।

संयुक्त सातवें स्थान पर रहे शुभंकर

मुद्रगांव, 11 मार्च (भाषा)।

तीसरे दिन के बाद खिताब की दौड़ में चल रहे भारतीय गोल्फर शुभंकर शर्मा ने चौथे और अखिरी दिन रविवार को यहां तीन ओवर 75 का निराशाजनक प्रदर्शन किया जिससे वह 1,750,000 डॉलर इनामी हरी इंडियन ओपन में संयुक्त सातवें स्थान पर रहे। इंग्लैंड के मैट वालेस ने शुरू से अच्छा प्रदर्शन किया और अपना दूसरा यूरोपीय टूर खिताब जीता।

विश्व रैंकिंग में दूसरे स्थान पर पहुंचीं नवजोत
