Publications

Publication Business for the ensuing year is lot dependent on the Schools re-opening. As per the information received the Schools shall open in the month of August. The Company has started receiving orders from the Distributors/ Traders. The Company is closely monitoring the movement and shall ensure that the Business is not lost.

eSense (E-Learning)

The demand for online education has increased during this lock down period. More than 470 schools have started inquiring our Top-Class product and have started placing orders. Our outlook for this Business seems to be bright.

Stationery & Exports

Exports will continue to grow at a good pace backed by orders. There have been good orders and there has been no cancellation.

As of March 2019, the Government of India is taking the initiative to encourage colleges to offer online courses in rural areas to ensure education for all

As of December 2018, internet penetration in India had reached 46.13 per cent. Increasing internet penetration will help in education delivery

With the tutoring in the schooling segment expected to grow from US\$ 8 billion in 2011 to US\$ 26 billion in 2020, there lies a large and fast-growing market for coaching and tutoring services imparted through innovative means, mainly the internet

In March 2019, India Ratings and Research (Ind-Ra) maintained a stable outlook for the education sector for FY20 with a marginal increase in enrollments

The Government has hiked the expenditure budget for education by Rs 10,000 crore (US\$ 1.39 billion) to Rs 93,848 crore

Educational system is getting influenced due to the digitalization era.

The educational system is going through rapid transformation due to which, the children of this generation are be limited to traditional textbooks.

“Digital India” aims to bridge this gap by connecting the remotest villages through WIFI and broadband

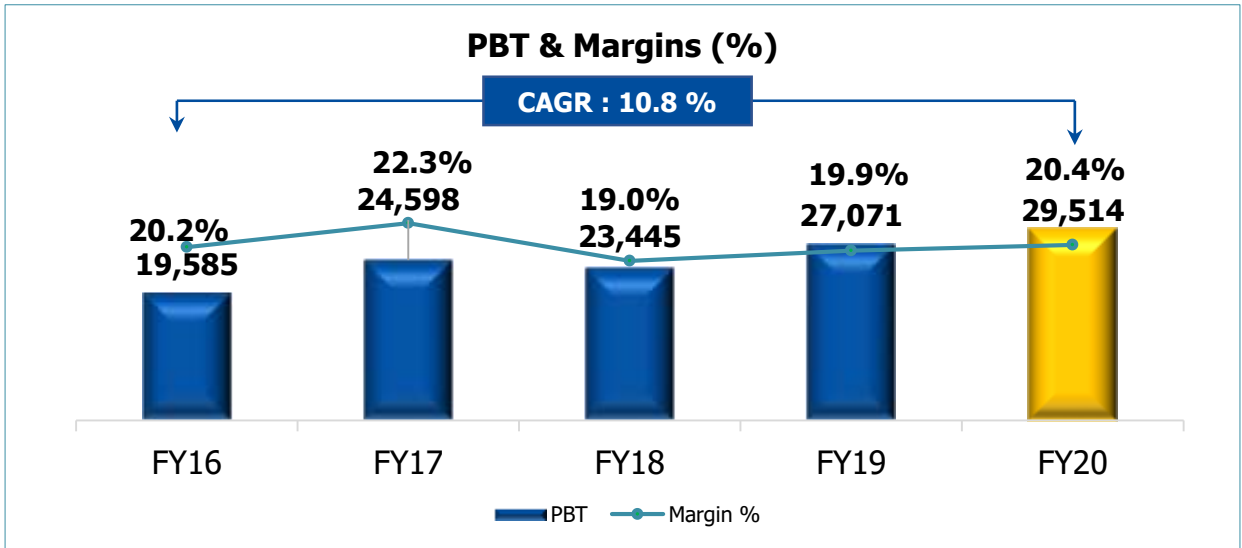

By 2030, India will have the largest population in the world resulting in increased bracket of students eligible for higher learning and educational courses.

Various government initiatives are being adopted to boost the growth of distance education market, besides focusing on new education techniques, such as E-learning and M-learning.

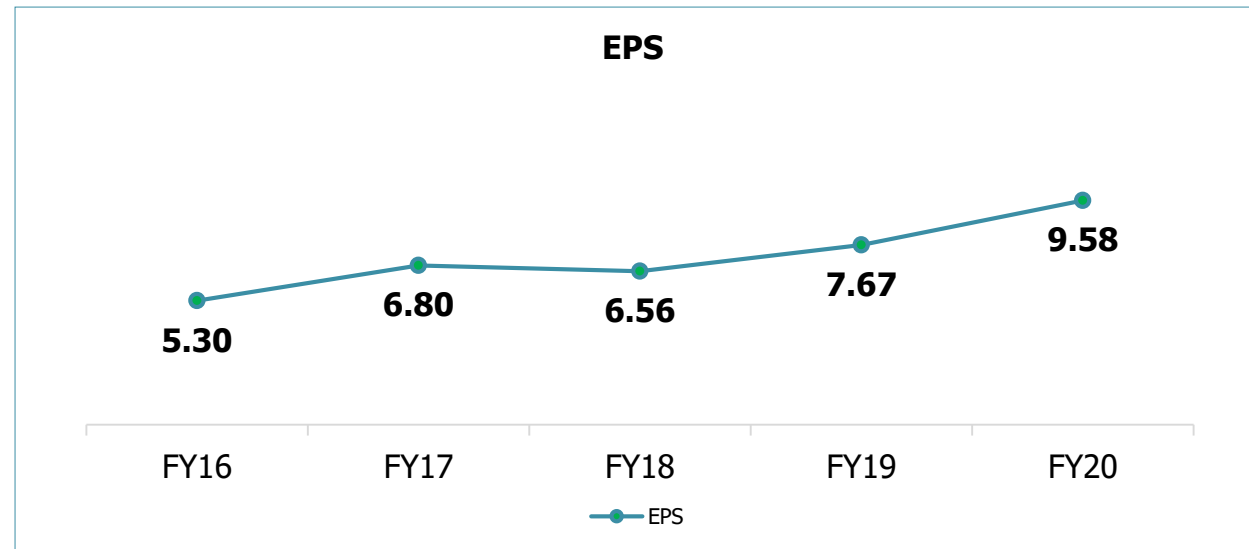

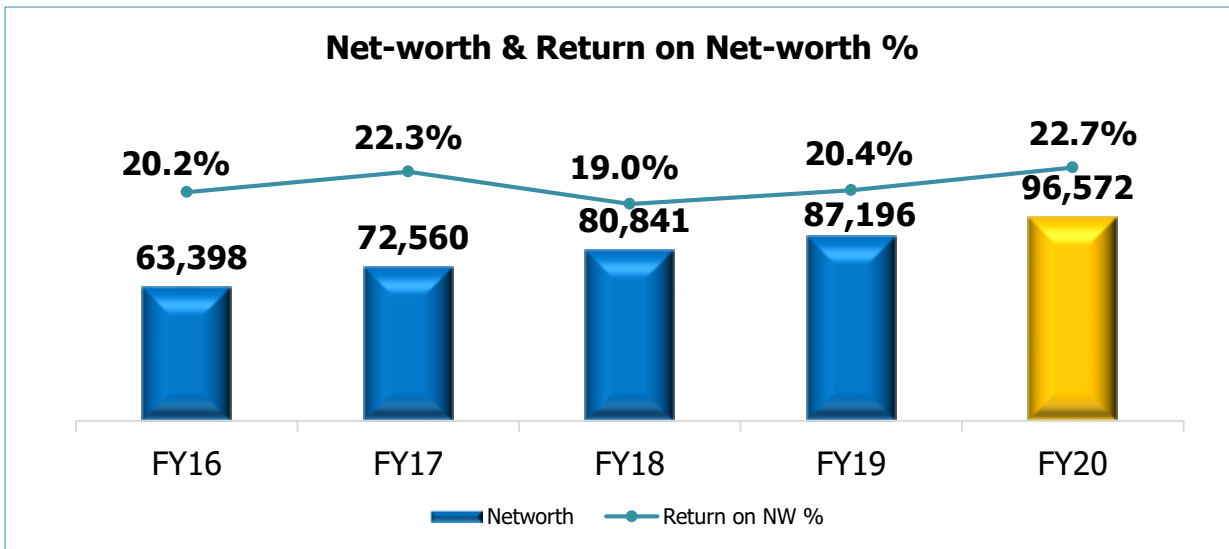

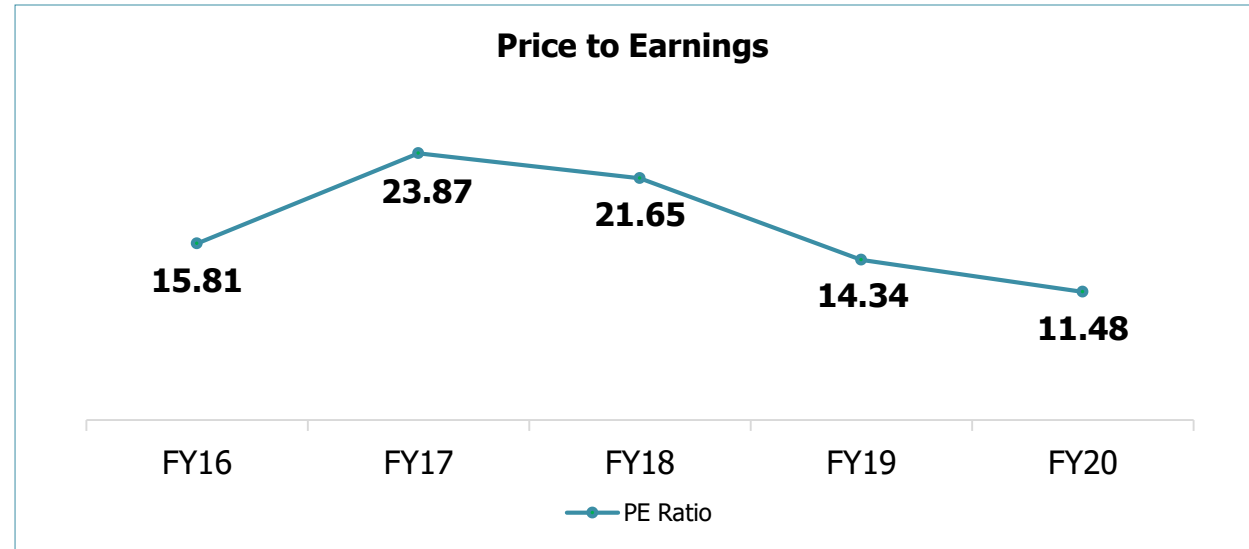

Operational autonomy, flexibility in norms for setting up of private institutions, modifying and implementations of education bill, and access to global curriculum design framework will not encourage the private players but also promote the cause of higher education in India to a whole new level.

Technology is being utilized to reach to maximum number of people with a view to reduce digital illiteracy, rising opportunities in the field of educational providers, providing uniform education to students in rural and urban areas.
