BP wants bigger pie of India fuel market, bats for gas under GST

Firm to create 80,000 jobs by increasing fuel retail outlets, along with Reliance, to 5,500 in 4-5 yrs

New Delhi, 26 October

lobal energy major BP Plc on Monday batted for natural gas' inclusion within the ambit of the goods and services tax (GST). Reiterating its commitment to the Indian market, the firm also said it would create 80,000 jobs here over the next four-five years.

Addressing the India Energy Forum meet by CERAWeek, the company's Chief Executive Officer Bernard Looney said, "GST has been a very welcome federal initiative to ease trade in India. We believe it would make sense to incorporate gas in that."

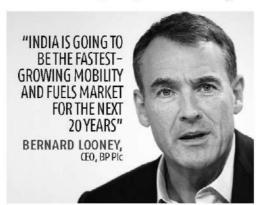

At present, petrol, diesel, jet fuel, crude oil, and natural gas fall outside GST's ambit. The Ministry of Petroleum and Natural Gas, too, has been batting for including natural gas under GST.

The company said it feels the government is committed to making it easier to do business in India. Looney also welcomed Prime Minister Narendra Modi's vision of shifting to a gas-based economy and indicated that steps like unifying pipeline tariff and setting up the first gas exchange are positive. India is looking to increase the share of natural gas in its energy mix from a mere 6 per cent to around 15 per cent in the next few years. The firm said it will create 80,000 jobs in India by increasing fuel retail outlets, along with Reliance, to 5,500 in four to five years.

Looney added that coal, which constituted over 50 per cent of the energy mix, will reduce to 40 per cent soon as the share of renewables and natural gas increases, which it expects to rise from around 20 per cent to 70 per cent by 2050.

Globally, BP is going through a transition, focusing on the resilient hydrocarbons business, low carbon electricity segment and convenience in mobility. Looney said India is a vital market for the company in all three segments. "In resilient hydrocarbons, we have a joint venture with Reliance Industries, in low carbon business, too, we have marked our presence and convenience in mobility India is going to be the fastest-growing mobility and fuels market for the next 20 years," he said.

Echoing Looney, Total's CEO Patrick Pouyanné added that India is one of the largest markets for energy. He said the country has huge potential with a dynamic young population and the company is

optimistic about its liquefied natural gas market. Pouyanné said the LNG market here is set to grow 5 per cent year in the coming years. He added that with the intention of growing here, the company has already bought a stake in Adani Gas and is well placed in the compressed natural gas, LNG, and

Tata exit: Mistry to file settlement terms in SC

DEV CHATTERJEE

Mumbai, 26 October

Shapoorji Pallonji (SP) Group is all set to file its settlement terms with the Supreme Court (SC) by Tuesday. This will ultimately see the exit of the cashstrapped Pallonji Group from Tata Sons

With this, the hearing in the Tata versus Mistry case is likely to be adjourned to next month, said a source close to the development. "The settlement between Tata Group and SP Group is good news for both parties. The negotiations will now move towards the valuation of 18.4-per cent stake in Tata Sons," clarified a source.

Automakers eye over 200K central govt staff to rev up festive sales

Mumbai, 26 October

Carmakers are targeting the over 200,000 central government employees as they may purchase cars to avail benefits of the leave travel concession (LTC) scheme announced by the government earlier this month.

"While not all those eligible for the scheme will end up purchasing a car, it's an opportunity for the marketers to tap into potential buyers, said Shashank Srivastava, executive director sales and marketing - Maruti Suzuki India.

Central government employees account for 7-8 per cent in Maruti's sales, he said. "Close to 220,000 employees are likely to purchase goods using the cash youcher scheme. This will also include those looking to buy a car," he said.

This number could get bigger if the state governments also announce a similar scheme. Delhi government announced a similar scheme on Thursday to boost consumption and expenditure.

"It's a very good scheme and win-win for all. This (LTC) would have otherwise been foregone as no one wants to travel in this kind of an environment. One would see a surge in September and March as employees in the private sector will buy a car to claim depreciation benefit," said Naveen Soni, senior vice-president, sales and service, Toyota Kirloskar Motor.

Salaried employees would otherwise not be entitled to a tax benefit on capital goods

The very fact that it has come during the festive season when people are looking at buying a big-ticket item, is an added and are eligible to purchase ing and finance options.

As part of the scheme, employees can "spend on something other than travel"

goods and services in lieu of the tax-exempt portion of the leave travel concession or leave travel allowances (LTC/LTA).

It only includes goods that attract more than 12 per cent GST. The government also announced a special festival advance scheme (of ₹10,000) for central government employees to stimulate consumer demand.

For a person wanting to buy a car, this is how the scheme works: A grade II employee in a family of four is entitled to a return air fare in economy class. The benefit will be close to ₹88,300 (air fare plus leave encashment). To avail of it, the person will have to spend thrice the entitlement. If he or she is purchasing a car that has an exshowroom price of ₹460,000, the person will get ₹88,300 as cashback from the employer.
