# Chairman's Message

Commenting on Q2 FY18 performance, Mr. Sunil Agrawal, Chairman and Managing Director, Vaibhav Global said:

*“We maintained a positive growth trend in Q2. Whereas INR denominated revenues increased by 2% Y-o-Y, our retail segment revenues expanded by 11%, driven by both volume growth and ASP expansion, while B2B was lower. Retail revenues in the US and UK expanded by 15% and 19% in US Dollar and UK Pound terms, which is substantially higher growth trajectory than our guidance of low double digit constant currency growth. INR translation revenues of the retail business were impacted due to INR appreciation.*

*With TV viewership on non-traditional platforms rising globally, we are seeing strong growth in sales that are facilitated by our TV broadcast made available on web. During Q2, we delivered healthy gross margins of 63%, based on 91% retail segment contribution compared to 84% last year. EBITDA margins expanded from 4.9% to 8.8% and PAT more than doubled Y-o-Y.*

*We have undertaken several initiatives and infrastructure upgrades over the past few quarters, which we believe will further improve the overall customer experience, create stronger visibility and enhance our operating and financial performance. We are confident that our unique business model has tremendous growth potential to deliver value across all stakeholders. We maintain our guidance of low to mid double digit revenue growth for the rest of the year, which may lead to better apportionment of our fixed cost structure. This is already evident in our numbers – over the trailing four quarters.”*
