QMS Medical Allied Services Ltd on Acquisition Spree

Mahesh Makhlaja, Chairman and Managing Director, QMS Medical Allied Services Ltd

Medical Device & Service Provider, QMS Medical Allied Services Ltd (QMS), is an acquisition spree. Company has recently completed the term sheet to acquire Saarthi Healthcare Pvt Ltd and Prometheus Healthcare Pvt Ltd.

The acquisitions are in line with company's key strategic priorities and it aims to expand the parent company's total addressable market in the key vertical sectors of patient screening and healthcare diagnostics. The company expects the proposed acquisition to result in quantum jump in revenue and total business operations.

Incorporated in 2017, QMS Medical Allied Services Limited is engaged in the pharmaceuticals through its 2 distinct business verticals: distribution of medical devices and the provision of patient service programs.

The company offers medical products such as pulse oximeters, nebulizers and stethoscopes under their own brand name "Q Devices" as well as the original repute manufacturers' brands. They also conduct specialized screening tests such as diabetic retinopathy, bone mineral density etc. nationwide at the patients' locations using USFDA approved equipment operated by certified professionals.

FY23, QMS Medical has reported net profit of Rs. 6 crores and sales of Rs. 104 crores.

Company launched its public issue of Rs. 56.87 crores in September 2022 to fund company's expansion program. The offering included additional working capital requirements and general corporate purposes. Promoter group holding in the company stands at 73.67% as on 30 Sep 2023.

Company reported net profit of Rs. 5.82 crores, growth of 118% compared to the net profit of Rs. 23 crores in HIFY22. EBITDA for HIFY23 was reported at Rs. 9.75 crores. Total income for HIFY23 stood at Rs. 54.8 crores. Going forward company aims to engage in becoming a leader in the preventive healthcare space and encouraging the Indian population to live a happy and healthy life.

For HIFY24, company reported net profit of Rs. 8.02 crores, growth of 118% compared to the net profit of Rs. 23 crores in HIFY22. EBITDA for HIFY23 was reported at Rs. 9.75 crores. Total income for HIFY23 stood at Rs. 54.8 crores. Going forward company aims to engage in becoming a leader in the preventive healthcare space and encouraging the Indian population to live a happy and healthy life.

HIGHLIGHTS:

- Company evinces binding term sheet to acquire Saarthi Healthcare Pvt Ltd and Prometheus Healthcare Pvt Ltd
- Acquisition will further expand company's total market share in the preventive healthcare market
- Incorporated in 2017, QMS is engaged in the marketing and distribution of a wide range of medical products as well as conducting specialized screening tests via their patient service

We are committed to innovation, quality, and customer satisfaction, and we believe that our strategic investments and capital raising efforts will enable us to achieve our growth objectives and create long-term value for our shareholders."

Trans India House Impex Ltd - The Export Transformers of India

Trans India House Impex Ltd (NSE: 52732), one of the leading exporters of India, is poised to achieve a major player in the world of exports. Incorporated in the year 1987, THIHL is the ruling merchant exporter specialized in exports of ceramic tiles, textiles, FCMG, packaging, and much more. The company has successfully created a robust footprint in Western African countries and U.A.E. and has grown to become one of the leading export trading companies in India, post takeover by the new management.

To leave footprint at the global level, recently in March 2023, THIHL established its three Business Units:

- Company has strongly magnified its business operations and has announced exponential development through its plan of action over the last 12 years.
- Company eyes aggressive growth in the coming years from its strategic initiatives for expansion and diversification of its business operations and create a niche in export market.
- THIHL is launching soon an AI based mobile app and application and is about to bring a transformation in the Indian export sector, something that India has never seen yet.
- Company is also a member of the Main Board and has performed its financial performance through diversified business plan and dedicated vision of promoters

warehouse cum retail outlets for building materials based at Tuba, Senegal and Conakry coast.

Also, the company has launched its own rice brand name "Teranga Rizblanc Rice" in Senegal, a country based in West Africa. The company is also a major exporter for Kangan Water - a leading alkaline water brand made using Japanese technology.

For FY23, company reported total income of Rs. 34.46 crores, PAT of Rs. 2.85 crores and EPS of Rs. 1.28. Company has turned profitable in FY22 and FY23 from losses in FY21. Promoter group holding remains strong at 59.18% as on Q2-2023.

On establishing extensive business contacts throughout the sphere and will create a strong and secure business network with traders established round the globe. THIHL has a vision to enter into the textile manufacturing segment and gradually with time it will endeavor to become a composite unit in the next few years.

Launching soon an AI based mobile & web application for exports- "THIHL Pro" - THIHL is on its way to launch its most influential and

path-breaking diversification. This app will be immensely useful for the enlargement of small and medium sized Indian manufacturers, exclusively for exporters and for those who are willing to export. It's going to be one of a kind app, and will be something that India has never seen yet.

This app will act as a one stop solution for export business. The development of first phase of this application is in pipeline and will be launched soon before the end of this financial year.

"Our daily lives are absolutely dependent on apps, right from booking of cabs, to ordering food and what not. It's that point where we realized that why not create an app which can prove value-added for the Indian Manufacturers/ traders and change the face of export business. We are thankful to the stakeholders because through their support we could achieve record-breaking revenue, expanded market presence, diversified product portfolio and entry into the field of technology."
