Auditor's Report on Quarterly and Year to Date Standalone Financial Results of Indowind Energy Limited Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

To The Board of Directors of  
Indowind Energy Limited, Chennai

1. We have audited the accompanying Standalone Financial Results of Indowind Energy Limited ('the Company') for the quarter ended March 31, 2019 and the year to date results for the period April 1, 2018 to March 31, 2019 ('the statement'), attached herewith, being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated 5<sup>th</sup> July, 2016. These quarterly as well as the year to date standalone financial results have been prepared on the basis of the standalone financial statements which are the responsibility of the company's management. Our responsibility is to express an opinion on these standalone financial results based on our audit of such standalone financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards (Ind AS), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India.

Attention is drawn to the fact that the figures for the quarter ended March 31, 2019 and the corresponding quarter ended in the previous year as reported in these standalone financial results are the balancing figures between audited figures in respect of full financial year and the published year to date figures up to the end of the third quarter of the current and the previous financial years respectively. Also, the figures up to the end of the third quarter had only been reviewed and not subjected to audit.

2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

### 3. Basis of Qualified Opinion:

- i) We draw attention regarding impact on the Profit for the quarter and year ended March 31, 2019 Where the Company has not provided for Penal Interest, Additional Interest charged against the loan sanctioned of \$ 12.89 Million by EXIM Bank on account of revocation of rephasement due to default in repayment of principal, interest and other amounts with effect from 31.05.2014. Also the Company has provided for Interest against the loan @4.4% as against the rate of interest @LIBOR(6M)+400 Bps for \$ 10 million and LIBOR(6M)+450 bps for the balance release of \$2.89 million as per the bank sanction letter. The Company has filed a case against the EXIM bank on non-release of the balance loan of \$12.11 million as per the initial agreed terms and the matter is pending before Honourable High Court of Bombay. As the outcome of the case is uncertain, the recognition of Contingencies in financial statements is not in accordance with recognition and measurement principles laid down in the applicable Indian Accounting Standards prescribed under section 133 of the Companies Act 2013. Had the interest, penal and additional interest been provided in line with the bank, the net profit for the quarter and year ended March 31,2019 would have been lower by Rs.573.18 lakhs.
- ii) The EXIM bank has recalled the loan vide letter reference No: EXIM: ChRO: 408:2018-19 dt: Jan 23,2019 for total of USD 12.12 million towards Principal outstanding, Interest overdue and liquidated damages as on December 31,2018. In the event of the Company not able to repay the loan recalled then the bank can recover from the 8 MW WEGs movable fixed assets on which the bank is having first charge by way of hypothecation against the loan sanctioned. These assets are the one which generate the income to service the loan and accordingly will have effect on the generation and future income to the company.
- iii) The EXIM bank has converted the Loan outstanding in to INR as on 12.02.2019 with interest rate payable @ 16% pa with monthly rests as against the earlier rate of interest @LIBOR(6M) + 4/4.5 with quarterly rests as applicable on USD loan. The Company has continued to maintain the loan in USD even after the bank has converted into INR. The upward revision in the interest rate charged by the bank will increase the interest liability to the company in future years. However, the company is litigating the action of the bank in converting Dollar loan into rupee loan & Interest rates before the Honourable High Court of Bombay.
- iv) Fixed deposits charged against the Loan from EXIM bank has been adjusted by the bank of Rs.365.35 lakhs on February 22,2019 against the interest overdue. However, the company has

reflected the same under Current Assets in Note No.12 bank balances showing closing balance of Rs.401.24 lakhs which is not in accordance with recognition and measurement principles laid down in the applicable Indian Accounting Standards. In our opinion, the management has to recognize the provision to adjust the carrying amount of the Fixed Deposit. Had the provision been made, the net profit for the quarter and year ended March 31,2019 would have been lower by Rs.35.89 lakhs.

- v) We refer to Note No.4 to the financial statements in respect of Capital advance shown under Property, Plant & Equipment under Non-Current Asset of Rs. 2828.11 lakhs which is related to the compensation claim from Suzlon Energy Ltd for non-performance of the machines purchased. The company has won arbitration in its favour against the claim made. However, Suzlon Energy Ltd has filed an appeal before the Honourable High Court of Madras. Hence recoverability of the claim is based on the outcome of the case.
- vi) We refer to Note No. 8 to the financial statements in respect of other non-current assets of Rs.1002 lakhs relating to 2.50 MW consisting of 7 Machines which are not in working condition. Hence provision is required. However, the management is hopeful of repowering these machineries in working condition.

## Audit Qualification:

## a. Detail of Audit Qualification:

- i. We draw attention regarding impact on the Profit for the quarter and year ended March 31, 2019 Where the Company has not provided for Penal Interest, Additional Interest charged against the loan sanctioned of \$ 12.89 Million by EXIM Bank on account of revocation of rephasement due to default in repayment of principal, interest and other amounts with effect from 31.05.2014. Also the Company has provided for Interest against the loan @4.4% as against the rate of interest @ LIBOR (6M) + 400 Bps for \$ 10 million and LIBOR (6M)+450 bps for the balance release of \$2.89 million as per the bank sanction letter. The Company has filed a case against the EXIM bank on non-release of the balance loan of \$12.11 million as per the initial agreed terms and the matter is pending before Honourable High Court of Bombay. As the outcome of the case is uncertain, the recognition of Contingencies in financial statements is not in accordance with recognition and measurement principles laid down in the applicable Indian Accounting Standards prescribed under section 133 of the Companies Act 2013. Had the interest, penal and additional interest been provided in line with the bank, the net profit for the quarter and year ended March 31,2019 would have been lower by RS.573.18 lakhs
- ii. The EXIM bank has recalled the loan vide letter reference No: EXIM: ChRO: 408 : 2018-19 dt: Jan 23, 2019 for total of USD 12.12 million towards Principal outstanding, Interest overdue and liquidated damages as on December 31,2018. In the event of the Company not able to repay the loan recalled then the bank can recover from the 8 MW WEGs movable fixed assets on which the bank is having first charge by way of hypothecation against the loan sanctioned. These assets are the one which generate the income to service the loan and accordingly will have effect on the generation and future income to the company.
- iii. The EXIM bank has converted the Loan outstanding in to INR as on 12.02.2019with interest rate payable @ 16% pa with monthly rests as against the earlier rate of interest @ LIBOR (6M) + 4/4.5 with quarterly rests as applicable on USD loan. The Company has continued to maintain the loan in USD even after the bank has converted into INR. The upward revision in the interest rate charged by the bank will increase the interest liability to the company in future years. However, the company is litigating the action of the bank in converting Dollar loan into rupee loan & Interest rates before the Honorable High Court of Bombay.

iv. Fixed deposits charged against the Loan from EXIM bank has been adjusted by the bank of RS.365.35 lakhs on February 22, 2019 against the interest overdue. However, the company has reflected the same under Current Assets in Note No.12 bank balances showing closing balance of Rs.401.24 lakhs which is not in accordance with recognition and measurement principles laid down in the applicable Indian Accounting Standards. In our opinion, the management has to recognize the provision to adjust the carrying amount of the Fixed Deposit. Had the provision been made, the net profit for the quarter and year ended March 31,2019 would have been lower by Rs.35.89 lakhs.

i. Management's estimation on the impact of audit qualification: i. to iv

Exim Bank sanctioned a Term loan of Euro 18 Mn. equivalent to USD 25 Mn. during June 2010 in accordance with which, the company was to raise USD 3.7 Mn. from consortium of banks additionally, for setting up of 25 MW project with equity margin of 20% from internal accruals.

The exchange rate as per the projected cost and means of finance was Rs.45.20 / USD. Subsequently, the company had also executed a Trust and Retention Account (TRA) with Exim Bank determining the order of priority of apportionment of project collections as, Trust bank charges, Asset

management expenses, Charges to lenders, Principal to lenders, Topping up of DSRM and Surplus to borrower.

There was delay in release of loan amount by the bank. This impacted the timely commencement of the project. The bank released USD 10 Mn. only in May 2011. The company could complete 6 MW assets and had to meet huge interest cost to bank due to delay in release of further funds. Subsequently, the bank also modified the terms of sanction in accordance with which, the company provided additional deposit and third party security by way of 40 lakh shares of the company on the condition that entire sanctioned loan would be released. Thereafter, the bank released only USD 1.84 Mn. for completing additional 2 MW project. The bank had also debited USD 0.18 Mn. towards penalty and also created a deposit in lieu of charging the lands of the project, to the tune of USD 0.61 Mn. Bank did not release the balance loan sanctioned to the company. The bank also increased the interest rate on the loan while giving very less interest on the funds withheld by the bank in the form of deposits. The company objected to all this as this could affect the long term viability of the project. Combination of all these complications resulted in completion of only 8 MW and also jeopardized the advances made by the company for the whole project. The wind mill project can service the INR loan only at around 8 to 9% and USD loan only @ 3 to 4% based on the tariff policy of the GOI. Due to High rate of interest coupled with non-revision of tariff by the Electricity Board, the company represented to the bank by placing plea to reduce the interest rate to a lower level and increase the repayment tenure and rectify the effect of excess fee, penalty, deposit along with cumulative interest effect on the cash flow for the sustainability of the project in line with earnings of the project. As there was no definite action for relief from the bank for releasing the balance sanctioned amount and rectification of the cumulative effect of the above, the company approached the Hon'ble High Court of Bombay for the above reliefs. The 8 MW project put up with the bank's assistance earns on an average Rs. 5.50 crores p.a. and so far, the project has repaid to the bank to the tune of Rs. 32.95 crores to the bank for the project. The project is expected to work for more than 20 years and expected to earn more than

Rs. 110 crores at current tariff levels. The management believes the tariff will go up in future to yield more revenue from the project . Hence the project is considered to be financially sound to service the debts on its own to the bank.

The outcome is dependent on future events.

- iii. Auditors' comment on (i) or (ii) above:

AS referred in the auditors' report, pending litigation before the Honourable High Court of Bombay, auditors are unable to comment on the matter including consequential adjustments that may be required wherever not quantified.

i. Management's estimation on the impact of audit qualification:

The project supplied by Suzlon is backed by Performance Guarantee. The company's claim for shortfall in generation from the suppliers was not honoured by the supplier. The company initiated legal proceedings and won the Arbitration award which determined compensation of Rs. 20.73 crores for the shortfall in generation till March '15 and with further interest @ 18% till the date of payment. The total amount of the award along with interest is approx.. Rs. 28 crores which is classified as 'Capital Advances'. The company has to utilize the amounts to complete the pending project due to non release of funds by Exim Bank or for closure of the loans. The company has also initiated legal proceedings for realizing shortfall dues after 01.04.2015 to to-date totaling about Rs. 30 crores.

**Auditor's Report on Quarterly and Year to Date Consolidated Financial Results of Indowind Energy Limited Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015**

To The Board of Directors of  
Indowind Energy Limited, Chennai

1. We have audited the accompanying Consolidated Financial Results of Indowind Energy Limited ("the Company"), and its subsidiary (the Company and its subsidiary together referred to as "the group") for the year ended 31 March 2019, ("the Statement"), attached herewith, being submitted by the company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with SEBI Circular No.CIR/CFD/FAC/62/2016 dated July 5, 2016. These quarterly and annual consolidated financial results have been prepared on the basis of consolidated financial statements, which are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial results based on our audit of such consolidated financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standards (Ind AS), prescribed under section 133 of the companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India.

Attention is drawn to the fact that the figures for the quarter ended March 31, 2019 and the corresponding quarter ended in the previous year as reported in these consolidated financial results are the balancing figures between audited figures in respect of full financial year and the published year to date figures up to the end of the third quarter of the current and the previous financial years respectively. Also, the figures up to the end of the third quarter had only been reviewed and not subjected to audit.

2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

**3. Basis of Qualified Opinion:**

- i) We draw attention regarding impact on the Profit for the quarter and year ended March 31, 2019 Where the Company has not provided for Penal Interest, Additional Interest charged against the loan sanctioned of \$ 12.89 Million by EXIM Bank on account of revocation of rephasement due to default in repayment of principal, interest and other amounts with effect from 31.05.2014.
