Dear Sir/ Madam,

Sub: Grant Notification for Patent Application - A Hybrid Valve for Tire and Rim Assembly and an Installation Method (Patent Number: 487657).

Scrip Code: 505978 and ISIN: INE440G01017

We are formally informing the esteemed authorities of the recent grant of our patent application pertaining to Hybrid Valve. This product is a unique innovation from Triton which enables the fitment of tubeless tires on a motorcycle wheel rim which was originally factory fitted with tube type tires. This enhances safety of the vehicle rider by allowing him to fit tubeless tires on the vehicle which would have otherwise not been possible. We are pleased to announce that our invention, titled "A Hybrid Valve for Tire and Rim Assembly and an Installation Method" has been officially granted under Patent Number 487657 on the momentous date of 22/12/2023. As a responsible corporate entity committed to promoting safety and sustainability in the industry, we wish to submit this information to all the authorities for record-keeping.

This is for your information and records.

Thanking you,

Yours Sincerely,

For Triton Valves Limited

Aditya M Gokarn
Managing Director
