B. BACKGROUND OF COMPANIES

1. RDB REALTY & INFRASTRUCTURE LIMITED (Demerged Company) is a public company limited by shares and listed on the BSE Limited ['BSE'] and the Calcutta Stock Exchange Limited ['CSE']. The Demerged Company was incorporated under the Companies Act, 1956 on 23rd June, 2006 in the state of West Bengal and having its registered office situated at Bikaner Building, 8/1, Lal bazar Street 1st Floor Room No-10 Kolkata-700001, West Bengal. The Corporate Identification Number (CIN) of the Demerged Company is L16003WB2006PLC110039. and the Permanent Account Number (PAN") of the Demerged Company is AACDR8845C. The Demerged Company is engaged in Realty Business and Infrastructure Business.

2. RDB REAL ESTATE CONSTRUCTIONS LIMITED (Resulting Company) was incorporated under the Companies Act, 2013 on 27th July, 2018 in the state of West Bengal as a public company, limited by shares, having its registered office situated at Bikaner Building, 8/1, Lal bazar Street 1st Floor Room No-11 Kolkata-700001, West Bengal. C. RATIONALE FOR THIS SCHEME OF ARRANGEMENT

The Demerged Company is engaged in Realty and Infrastructure business and owns the following two business undertakings:

- Realty Business Undertaking
- Infrastructure Business Undertaking

The Demerged Company would demerge its Realty Business Undertaking thereinafter

referred to as (the 'Demerged Undertaking') to the Resulting Company and it would continue to run and operate the Infrastructure Business Undertaking (hereinafter referred to as the 'Remaining Undertaking'). The underlying business rationale and objectives are as follows:-

1. The Demerged Undertaking and the Remaining Undertaking have their own set of strengths and dynamics in the form of nature of risks, competition, challenges, opportunities and business methods, leading to different growth potentials. Hence, segregation of the two undertakings would enable a focused management to explore the potential business opportunities effectively and efficiently.
2. The demerger would result in achieving efficiency in operational processes by designing and implementing independent strategies specifically designed for the two businesses and in optimizing profitability. This would in turn enhance the shareholders' wealth.
3. Targeting and attracting new investors with specific focus and expertise in the two businesses, thereby providing the necessary funding impetus to the long-term growth strategy of the two businesses.

Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE & CSE. Therefore, the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective. Such shareholders would then be able to choose whether they want to remain invested in either or both the businesses/operations of the Demerged Company, giving them flexibility in managing their investment in the two businesses having differential dynamic.

The Board of Directors of the Demerged Company and the Resulting Company believe that the Scheme is in the best interests of the respective entities and their respective stakeholders including its minority shareholders for the reasons aforesaid.

1.0 Purpose

The Demerged Company is engaged in Realty and Infrastructure business and owns the following two business undertakings:

- Realty Business Undertaking
- Infrastructure Business Undertaking

The Demerged Company would demerge its Realty Business Undertaking thereafter referred to as (the 'Demerged Undertaking') to the Resulting Company and it would continue to run and operate the Infrastructure Business Undertaking (hereinafter referred to as the 'Remaining Undertaking'). The underlying business rationale and objectives are as follows:-

1. The Demerged Undertaking and the Remaining Undertaking have their own set of strengths and dynamics in the form of nature of risks, competition, challenges, opportunities and business methods, leading to different growth potentials. Hence, segregation of the two undertakings would enable a focused management to explore the potential business opportunities effectively and efficiently.
2. The demerger would result in achieving efficiency in operational processes by designing and implementing independent strategies specifically designed for the two businesses and in optimizing profitability. This would in turn enhance the shareholders' wealth.
3. Targeting and attracting new investors with specific focus and expertise in the two businesses, thereby providing the necessary funding impetus to the long-term growth strategy of the two businesses.

Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE & CSE. Therefore, the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective. Such shareholders would then be able to choose whether they want to remain invested in either or both the businesses/operations of the Demerged Company, giving them flexibility in managing their investment in the two businesses having differential dynamic.

The Board of Directors of the Demerged Company and the Resulting Company believe that the Scheme is in the best interests of the respective entities and their respective stakeholders including its minority shareholders for the reasons aforesaid.

9.14. **Fees and Independence:** We are independent of the client/company and have no current or expected interest in the Company or its assets. The fee paid/to be paid for our services in no way influenced the results of our analysis.

10.0 Valuation – procedures and factors

The valuation exercise is aimed at the assessment of the Fair Value of the company. We are required to arrive at the above valuations based on internationally accepted valuation practices.

As per **RICS appraisal Manual**, as well as Ind AS 113 and IFRS 13, the **Fair Value (FV)** is defined as *'The price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.'*

10.1 Valuation Bases and Premise

There are various bases of value such as.

Fair Value: Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the valuation date.

Participant Specific Value: Participant specific value is the estimated value of an asset or liability considering specific advantages or disadvantages of either of the owner or identified acquirer or identified participants.

Liquidation Value: Liquidation value is the amount that will be realised on sale of an asset or a group of assets when an actual/hypothetical termination of the business is contemplated/assumed. It may be orderly liquidation or forced sale.

Considering the purpose of valuation, we have carried out the valuation as on the premise of Going concern i.e., the company is expected to operate in the long run for an indefinite period.

10.2 Valuation approach and methodology

Valuation is not an exact science and is dependent on various factors such as specific nature of business, economic life cycle in which the industry and company is operating, past financial performance of the business, future growth potential of the business, business model, management of the company, relevance of technology in the business model, liquidity of equity and much more. The results of the valuation exercise may vary significantly depending on the basis used, the specific circumstances and the judgement of the valuer. In respect of going concerns, certain valuation techniques have evolved over time and are commonly in vogue.

As per International Valuation Standards (IVS) issued by International Valuation Standards Council the principal approaches to valuation are:

- a) Market Approach
- b) Cost Approach
- c) Income Approach

Market Approach

The market approach provides an indication of value by comparing the asset with identical or comparable (that is similar) assets for which price information is available. The market approach should be applied and afforded significant weight under the following circumstances:

- the subject asset has recently been sold in a transaction appropriate for consideration under the basis of value,
- the subject asset or substantially similar assets are actively publicly traded, and/or
- there are frequent and/or recent observable transactions in substantially similar assets.

Cost Approach

The cost approach provides an indication of value using the economic principle that a buyer will pay no more for an asset than the cost to obtain an asset of equal utility, whether by purchase or by construction, unless undue time, inconvenience, risk or other factors are involved. The approach provides an indication of value by calculating the current replacement or reproduction cost of an asset and making deductions for physical deterioration and all other relevant forms of obsolescence.

The cost approach should be applied and afforded significant weight under the following circumstances:

- participants would be able to recreate an asset with substantially the same utility as the subject asset, without regulatory or legal restrictions, and the asset could be recreated quickly enough that a participant would not be willing to pay a significant premium for the ability to use the subject asset immediately,
- the asset is not directly income-generating and the unique nature of the asset makes using an income approach or market approach unfeasible, and/or
- the basis of value being used is fundamentally based on replacement cost, such as replacement value.

Broadly, there are three cost approach methods:

- replacement cost method: a method that indicates value by calculating the cost of a similar asset offering equivalent utility,
- reproduction cost method: a method under the cost that indicates value by calculating the cost to recreating a replica of an asset, and
- summation method: a method that calculates the value of an asset by the addition of the separate values of its component parts.

Income Approach

The income approach provides an indication of value by converting future cash flow to a single current value. Under the income approach, the value of an asset is determined by reference to the value of income, cash flow or cost savings generated by the asset. A fundamental basis for the income approach is that investors expect to receive a return on their investments and that such a return should reflect the perceived level of risk in the investment.

The income approach should be applied and afforded significant weight under the following circumstances:

- a) the income-producing ability of the asset is the critical element affecting value from a participant perspective, and/or
- b) reasonable projections of the amount and timing of future income are available for the subject asset, but there are few, if any, relevant market comparables.

The International Valuation Standards require valuation to be in compliance with legislative, regulatory and other authoritative requirements appropriate to the purpose and jurisdiction of the valuation.

11.0 Assessment of Fair Share Entitlement Ratio

From discussion with the management and on perusal of draft scheme of arrangement, we understand that:

- The management of the listed Demerged Company is contemplating to demerge Realty Business Undertaking Division and is proposed to be demerged from RRIL and transferred into RDB Real Estate Constructions Limited.
- Demerged Company has identified all the assets and liabilities which are to be taken over by and transferred to Resulting Company pursuant to Demerger.
- The equity shares of the Resulting Company shall be issued in such a manner that the percentage of shareholding of the equity shareholders of the Demerged Company in the Resulting Company, after giving effect to cancellation of equity shares of the Resulting Company held by the Demerged Company and its nominees, is exactly same or mirror as their inter-se shareholding in the Demerged Company.
- Upon coming into effect of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking into Resulting Company, Resulting Company shall issue equity shares to the equity shareholders of Demerged Company i.e., based on the Share Entitlement Ratio proposed by the Management.

It has also been represented by the management that the Pre and Post Demerger shareholding pattern of the Demerged Company will remain same as given below:

Particulars	Pre-Demerger (% holding)	Post-Demerger (% holding)
Promoters	70.42%	70.42%
Public	29.58%	29.58%
Total	100%	100%

Specific Consideration:

As per BSE Circular No. LIST/COMP/02/2017-18 dated 29 May 2017 and NSE Circular No. NSE/CML/2017/12 dated 1 June 2017 (collectively referred as "Stock Exchange Circulars") valuation report for a Scheme of Arrangement is required to provide certain requisite information in a specified format. In terms of the SEBI Master Circular bearing reference number SEBIIHO/CFD/DILI/CIRIP/2021/0000000665 dated 23 November 2021, pursuant to the Scheme, if there is 'no change in the shareholding pattern' of the Demerged Company and the Resulting Company, thus, the requirement for seeking a valuation report is not triggered.

As per information and documents provided to us, RRECL is a Wholly Owned Subsidiary of RRIL as of the date of this report. Issuance of shares of RRECL to the shareholders of RRIL, after giving effect to cancellation of equity shares of the Resulting Company held by the Demerged Company and its nominees would not result in the change in shareholding pattern of RRIL or RRECL. Accordingly, no relative valuation of these companies is required to be undertaken. Hence, we have not carried out the valuation of these entities under the generally accepted valuation approaches. However, we have given below the disclosures as required under "Stock Exchange Circulars":

Valuation Approach	RRIL	Weight	RRECL	Weight
Cost Approach	N/A	0%	N/A	0%
Income Approach	N/A	0%	N/A	0%
Market Approach	N/A	0%	N/A	0%
Weighted Average Price / Share	N/A	0%	N/A	0%
Share Exchange Ratio (Rounded off)	N/A			

N/A – Not applicable

Based on the foregoing and on consideration of all the relevant factors and circumstances and considering that there will not be any change in the economic interest of the shareholders any Share Entitlement Ratio can be considered for the Proposed Demerger.

Further, every shareholder in the Resulting Company holds Equity Shares in the same proportion as held in the Demerged Company before the Demerger. Accordingly, the following proposed Share Entitlement Ratio for the proposed Demerger, as proposed by the management appears to be fair and equitable for the shareholders:

“1 (One) Equity Share of Rs.10/- each in The Resulting Company credited as fully paid up for every 1 (One) Equity Shares of Rs.10/- each fully paid up held by them in The Demerged Company”

Re: Fairness opinion on the Valuation Report for the proposed Demerger of RDB Realty & Infrastructure Limited into RDB Real Estate Constructions Limited.

Dear Members of the Board:

We understand that Board of Directors of RDB Realty and Infrastructure Limited (here in after referred as "Demerged Company" or "RRIL") is considering a scheme of Arrangement to demerge its Realty Division to RDB Real Estate Constructions Limited (hereinafter referred to as the "Resulting Company" or "RRECL") as on 30 September, 2022 (hereinafter referred to as the "Valuation Date") under the Scheme of Arrangement (hereinafter referred to as "Scheme" or "Scheme of Arrangement").

The Share Entitlement Ratio for the Proposed Scheme for Demerger of RDB Realty & Infrastructure Limited into RDB Real Estate Constructions Limited has been determined by Mr. Vikash Goel, Independent Chartered Accountant and Registered Valuer, vide his valuation report dated December 17, 2022.

With reference to above, we Finshore Management Services Limited, a SEBI Registered (Cat-I) Merchant Banker have been appointed by the Demerged Company to provide our Fairness Opinion on the Valuation Report. Brief Background of the Companies, our opinion and basis for forming an opinion and caveats is as hereunder –

1. Engagement background

1.1. As per our understanding, the Management of the Demerged Company is considering to reorganize and restructure the business of RRIL by transferring its Realty division to RRECL pursuant to the provisions of Sections 230 to 232 and other applicable provisions, if any, of the Companies Act, 2013.

1.2. The Demerged Company is engaged in Realty and Infrastructure business and owns the following two business undertakings:

- Realty Business Undertaking
- Infrastructure Business Undertaking

Creating Enterprise Managing Values

The Demerged Company would demerge its Realty Business Undertaking thereafter referred to as (the 'Demerged Undertaking') to the Resulting Company and it would continue to run and operate the Infrastructure Business Undertaking (hereinafter referred to as the 'Remaining Undertaking'). The underlying business rationale and objectives are as follows:-

- a. The Demerged Undertaking and the Remaining Undertaking have their own set of strengths and dynamics in the form of nature of risks, competition, challenges, opportunities and business methods, leading to different growth potentials. Hence, segregation of the two undertakings would enable a focused management to explore the potential business opportunities effectively and efficiently.
 - b. The demerger would result in achieving efficiency in operational processes by designing and implementing independent strategies specifically designed for the two businesses and in optimizing profitability. This would in turn enhance the shareholders' wealth.
 - c. Targeting and attracting new investors with specific focus and expertise in the two businesses, thereby providing the necessary funding impetus to the long-term growth strategy of the two businesses.
- 1.3. Subject to necessary approvals, Realty division of RRIL would demerge into RRECL, with effect from October 01, 2022 (Appointed Date), or such other date that may be fixed or approved by the appropriate authority.
- 1.4. In consideration of the transfer of Demerged Undertaking of the Demerged company as a going concern, the Shareholders of the Demerged Company will be issued equity shares of RRECL as consideration. The final version of the draft scheme will be filed by the companies with the appropriate authorities.
- 1.5. In this connection, the management of RDB Realty and Infrastructure Limited has engaged Finshore Management Services Ltd. to submit a report on the fairness of the Share Entitlement Ratio recommended in the Valuation Report issued by the Registered Valuer. Our scope of work includes commenting only on the fairness of the Share Entitlement Ratio.
- 1.6. This report is subject to the scope, limitations and disclaimers hereinafter. As such the report is to be read in totality, not in parts and in conjunction with the relevant documents referred to hereinafter. This Opinion has only been issued for the purpose of facilitating demerger of the Demerged Undertaking of Demerger Company to RRECL and should not be used for any other purpose.

The equity shares of the Resulting Company shall be issued in such a manner that the percentage of shareholding of the equity shareholders of the Demerged Company in the Resulting Company, after giving effect to cancellation of equity shares of the Resulting Company held by the Demerged Company and its nominees, is exactly same or mirror their inter-se shareholding in the Demerged.

Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE & CSE. Therefore, the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective. Such shareholders would then be able to choose whether they want to remain invested in either or both the businesses/operations of the Demerged Company, giving them flexibility in managing their investment in the two businesses having differential dynamics.

The Board of Directors of the Demerged Company and the Resulting Company believe that the Scheme is in the best interests of the respective entities and their respective stakeholders including its minority shareholders for the reasons aforesaid.

7.1. With reference to above and based on information provided by Management and after discussions with the Valuer, we understand that:

7.1.1. The management of the listed Demerged Company is contemplating to demerge Realty Business Undertaking Division and is proposed to be demerged from RRIL and transferred into RRECL.

7.1.2. Demerged Company has identified all the assets and liabilities which are to be taken over by and transferred to Resulting Company pursuant to Demerger.

7.1.3. The equity shares of the Resulting Company shall be issued in such a manner that the percentage of shareholding of the equity shareholders of the Demerged Company in the Resulting Company, after giving effect to cancellation of equity shares of the Resulting Company held by the Demerged Company and its nominees, is exactly same or mirror their inter-se shareholding in the Demerged.

7.1.4. Upon coming into effect of the Scheme and in consideration of the transfer and vesting of Demerged Undertaking into Resulting Company, Resulting Company shall issue equity shares to the equity shareholders of Demerged Company i.e., based on the Share Entitlement Ratio proposed by the Management.

7.1.5. It has also been represented by the management that the Pre and Post Demerger shareholding pattern of the Demerged Company will remain same.

With reference to above and based on information provided by Management of the Company, we understand that since Resulting Company is a wholly owned subsidiary of the Demerged Company, the set of shareholders and holding proportion being proposed for the Resulting Company is identical to the Demerged Company, the beneficial economic interest of the Shareholders of the Demerged Company will remain identical/same in the Resulting Company, at the time of Demerger.

Also, as stated by the Valuer and as per SEBI Circular- SEBI/HO/CFD/DIL1/CIR/P/2021/0000000665 dated March 10, 2017 no valuation report is required in this Demerger. Further as per Circular No. CFD/DIL3/CIR/2018/2 dated January 3, 2018 Amendment to Para 7 SEBI Circular (CFD/DIL3/CIR/2017/21) dated March 10, 2017 issued by the SEBI states as follows:

"The Provisions of this circular shall not apply to schemes which solely provides for merger of a wholly owned subsidiary or its division with the parent company. However, such draft schemes shall be filed with the Stock Exchanges for the purpose of disclosures and the Stock Exchanges shall disseminate the scheme documents on their website"

Creating Enterprise Managing Values

Hence, this demerger being value neutral to the shareholders of the Demerged Company, the Valuer has recommended the Share Entitlement Ratio as under:

"1 (One) Equity Share of Rs.10/- each in The Resulting Company credited as fully paid up for every 1 (One) Equity Share of Rs.10/- each fully paid up held by them in The Demerged Company"

To the best of our knowledge and belief, the Entitlement ratio arrived by the Valuer under the Draft Scheme of Arrangement, *in our opinion, is fair considering that there is no change in shareholding pattern as every shareholder in Resulting Company holds Equity Shares in the same proportion as held in Demerged Company before the demerger.*

Limited Review Report

To
The Board of Directors
RDB REALTY & INFRASTRUCTURE LIMITED

1. We have reviewed the accompanying statement of unaudited standalone financial results ("the Statement") of RDB REALTY & INFRASTRUCTURE LIMITED ("the Company"), for the quarter and half year ended September 30, 2023.
2. This Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited standalone financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

OBJECT OF THE ISSUE

Not applicable as **RRECL** is not offering securities/equity shares through an initial public offer to the public at large, pursuant to the Scheme.

OBJECTS PURSUANT TO THE SCHEME

Rationale for the Scheme, as provided in the Scheme, is given below:

The Demerged Company is engaged in Realty and Infrastructure business and owns the following two business undertakings:

- Realty Business Undertaking
- Infrastructure Business Undertaking

The Demerged Company would demerge its Realty Business Undertaking hereinafter referred to as (the 'Demerged Undertaking') to the Resulting Company and it would continue to run and operate the Infrastructure Business Undertaking (hereinafter referred to as the 'Remaining Undertaking'). The underlying business rationale and objectives are as follows:-

1. The Demerged Undertaking and the Remaining Undertaking have their own

set of strengths and dynamics in the form of nature of risks, competition, challenges, opportunities and business methods, leading to different growth potentials. Hence, segregation of the two undertakings would enable a focused management to explore the potential business opportunities effectively and efficiently.

2. The demerger would result in achieving efficiency in operational processes by designing and implementing independent strategies specifically designed for the two businesses and in optimizing profitability. This would in turn enhance the shareholders' wealth.
3. Targeting and attracting new investors with specific focus and expertise in the two businesses, thereby providing the necessary funding impetus to the long-term growth strategy of the two businesses.

Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE & CSE. Therefore, the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective. Such shareholders would then be able to choose whether they want to remain invested in either or both the businesses/operations of the Demerged Company, giving them flexibility in managing their investment in the two businesses having differential dynamic.

The Scheme also provides for various other matters consequent and incidental thereto.

Upon the Scheme becoming effective and in consideration of the transfer and vesting of the Demerged Undertaking from **RRIL** to **RRECL** in terms of the Scheme, **RRECL** shall issue and allot such number of equity shares to the shareholders of **RRIL** as on the Record Date (as defined in the Scheme) in the following manner:

"1(one) fully paid-up equity shares of INR 10/- each of the **RRECL**, for every 1 (one) fully paid-up equity shares of INR 10/- each in the **RRIL** Company"

These equity shares, which are to be issued by **RRECL**, pursuant to the Scheme, are proposed to be listed on BSE Limited and the Calcutta Stock Exchange.

On the Scheme of Arrangement taking effect as aforesaid, all officers and employees of the **RRIL**, engaged in the Demerged Undertaking, as identified by the **RRIL** and in employment on the Effective Date, shall become the officers and employees of the **RRECL** on such date as if they were in continuous service without any break or interruption in service and on same terms and conditions as to remuneration, subsisting with reference to the **RRIL**, as on the said date. All funds and benefits accumulated in respect of the above officers and employees shall also be transferred to the **RRECL**.

RERA authority were reluctant to impose penalty on RDB for being not registered ourselves in RERA. But our counsel placed before the concerned authority that</p> <ol style="list-style-type: none"> 1) In "Occupancy Certificate, it was clearly written that - AS PER COMPLETION CERTIFICATES SUBMITTED BY RDB DATED 16/12/2006, as bulit drawings showing plot and built up areas-----". Our counsel draw the attention to this point and then Hon'bl judge convinced with our point that completion certificate was submitted in true sense at the time of submitting the application for Occupancy. RERA thought that we applied for OC just before the RERA coming into force to escape from registering ourselves in RERA. But, that it was not actually true, it was proved. 2) Moreover they don't have proper idea about the Completion Certificate. They thought that the completion certificate also issued by authority. But our counsel made it clear that completion certificate is a collection of some forms designed by the authority namely Form16/17/18/19 & 27 which are supposed to fill and sign by our architect, structural engineer, engineer, administrative officer etc. In other sense it is a declaration that we have completed the project and accordingly applied for occupancy. 3) Hon'ble judge seems to be convinced by our logic and she also agreed that penalty should not be imposed nor registered the project under RERA. 4) Still, she has told us that she will call our Occupancy file from GMDA to prove the whole issue and we agreed. RERA authority were reluctant to impose penalty on RDB for being not registered ourselves in RERA. But our counsel placed before the concerned authority that</p> <ol style="list-style-type: none"> 1) In "Occupancy Certificate, it was clearly written that - AS PER COMPLETION CERTIFICATES SUBMITTED BY RDB DATED 16/12/2006, as bulit drawings showing plot and built up areas-----". Our counsel draw the attention to this point and then Hon'bl judge convinced with our point that completion certificate was submitted in true sense at the time of submitting the application for Occupancy. RERA thought that we applied for OC just before the RERA coming into force to escape from registering ourselves in RERA. But, that it was not actually true, it was proved. 2) Moreover they don't have proper idea about the Completion Certificate. They thought that the completion certificate also issued by authority. But our counsel made it clear that completion certificate is a collection of some forms designed by the authority namely Form16/17/18/19 & 27 which are supposed to fill and sign by our architect, structural engineer, engineer, administrative officer etc. In other sense it is a declaration that we have completed the project and accordingly applied for occupancy. 3) Hon'ble judge seems to be convinced by our logic and she also agreed that penalty should not be imposed nor registered the project under RERA. 4) Still, she has told us that she will call our Occupancy file from GMDA to prove the whole issue and we agreed. Next date for hearing is fixed on 09/11/2022. Vide Memo no.
