In the CCEA note dated 23.05.2017 put up by MoT "a tentative valuation of the business of ITDC has been calculated on the basis of Discounted Cash Flow assuming cash flows for 30 years on the basis of average net profit for 5 years and discount factor of 11% p.a. and a rough estimation was made for ₹ 57.75 Crores (net profit + depreciation). Value of land is not being considered."

Notes to First Time Adoption of Ind AS:

These are the Company's quarterly and year ended results prepared in accordance with Ind AS applicable as at 31st March, 2018. An explanation on how the transition from previous GAAP to Ind AS has affected the Company's financial performance is set out in the following notes:

- Revenue Recognition -** Under Ind AS, where the company collects consideration on account of another party, it recognizes revenue as the net amount retained on its own account for services rendered in its Air Ticketing Business and hence revenue as well as cost relating to consideration received on others account has been reversed. Under Ind AS, where the company collects consideration on account of another party, it recognizes revenue as the net amount retained on its own account for services rendered. In case of Electricity Recovery from Licensees, only the administrative charges or service charges are considered a part of Other Income (Non-operational) and the cost recovered is adjusted in the Electricity Charges (Cost). There is no impact on the profit and loss statement or retained earnings. The company recognized its revenue relating to sale of tour packages on the basis of certainty of collection of the amount. In the previous GAAP, revenue regarding the sale of service could be recognized on the basis of Percentage of completion or Completion Method. In Ind-AS, revenue regarding the sale of service can only be recognized on the basis of Percentage of Completion Method and hence revenue as well as cost relating to incomplete tours has been reversed.
- Trade Receivable and Other Receivable**
Consequent to the change in revenue recognition under Ind AS as stated above, the receivables from the customers have also been reclassified from Trade receivables to other receivables under other financial assets. As a result of this change, the balance of trade receivables has decreased and other receivables have increased.
- Other Long Term Financial Assets / Liabilities (Amortized cost instruments)**
Items like security deposits, retention money and other financial items of long term nature have been treated under the category of amortized cost. These instruments are measured at fair value and the difference between the carrying value and the discounted value (Fair Value) are treated as loss & gain for assets and liabilities respectively. All deposits with statutory authorities, utility departments and the like for which the cash flows cannot be predicted with certainty have been excluded. Further, deposits with parties since years and the details of which are not traceable have been excluded. The same has valued at their nominal value. All deposits with statutory authorities, utility departments and the like for which the cash flows cannot be predicted with certainty have been excluded. Further, deposits with parties since years and the details of which are not traceable have been excluded. The same has valued at their nominal value.

4 Other Comprehensive Income

Under Ind-AS, all items of income and expense recognized in the period should be included in profit or loss for the period, unless a standard requires or permit otherwise. Items of income and expense that are not recognized on profit and loss but are shown in the Statement of profit or loss as "other comprehensive income" represents re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

Actuarial gain/losses on defined benefit plans for employees were being recognized in Statement of profit or loss under previous GAAP. This is now being recognized in other comprehensive income.

5 Prior-Period Items

Other Comprehensive Income - Items of income and expense that are not recognized on profit and loss but are shown in the Statement of profit or loss as "other comprehensive income" represents re-measurements of defined benefit plans. Actuarial gain / losses on defined benefit plans for employees, recognized in other comprehensive income.

6 Deferred Tax

As per Ind AS, deferred tax has been recognized on the adjustments made on transition to Ind-AS. The impact of transition adjustments together with using balance sheet approach as per Ind-AS against profit and loss approach in the previous GAAP for computation of deferred tax has impacted the reserves, with consequential impacts on the profit and loss for the subsequent periods.

7 Other Equity

Other equity has been adjusted consequent to the above Ind AS transition adjustments.

"ANNEXURE C" TO INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON STANDALONE IND AS FINANCIAL STATEMENTS OF INDIA TOURISM DEVELOPMENT CORPORATION LIMITED, NEW DELHI

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of **India Tourism Development Corporation Limited**, New Delhi, as of March 31, 2018, in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit and considering the reports of the branch auditors. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

A

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company generally has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st, 2018, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

"ANNEXURE B" TO INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON CONSOLIDATED IND AS FINANCIAL STATEMENTS OF INDIA TOURISM DEVELOPMENT CORPORATION LIMITED, NEW DELHI AND ITS SUBSIDIARIES

We have audited the accompanying consolidated Ind AS financial statements of INDIA TOURISM DEVELOPMENT CORPORATION LIMITED, New Delhi, (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), in conjunction with our audit of the financial statements of the Company for the year ended on 31st March 2018.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Group's internal financial controls over financial reporting based on our audit and considering the reports of the branch auditors and other auditors of the subsidiaries. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the

risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence, we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Group's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the Group; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Group's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to explanations given to us, the Holding Company and its subsidiaries incorporated in India generally have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Other Matters

Our aforesaid report under Section 143(3)(i) of the Companies Act, 2013, on the adequacy and operating effectiveness of the internal financial controls over financial

reporting in so far as it relates to 5 subsidiaries incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.
