MEDIA RELEASE

DRC Systems India Limited Appraised with Prestigious Global accreditation - CMMI Level 3 Certification from US-based CMMI Institute.

Gandhinagar, India, 30th October 2023: DRC Systems India Limited (“DRC Systems”, “Company”), a leading innovator in the software development industry, announces that it has been appraised with global accreditation – Capability Maturity Model Integration (CMMI) Level 3 certification, a prestigious recognition awarded by the US-based CMMI Institute, a subsidiary of ISACA.

“This significant milestone underscores the company's unwavering dedication to delivering high-quality software solutions and exemplifies its commitment to continuous improvement and excellence. Reaching CMMI Level 3 is a testament to our team's dedication to excellence and continuous improvement. We have invested considerable time and effort to enhance our software development processes to ensure we deliver the best possible solutions to our clients,” said **Mr. Hiten Barchha, Managing Director of DRC Systems.**

US-based ISACA is an independent, nonprofit, global association that focuses on information technology (IT) governance, assurance, security, and risk management. CMMI is a world-class performance improvement model for organisations that want to achieve high-performance operations and are looking to offer their service globally.

Appraised with CMMI Level 3 global accreditation, it reflects DRC Systems’ proficiency in software development and its ability to consistently provide products and services that meet or exceed customer expectations.

“The company is now better poised to take on more complex projects, with a renewed commitment to quality, process optimisation, and risk management,” adds **Mr Hiten Barchha.** Recently, the Company entered into a joint venture with EZMS LLC FZ in UAE to offer platform as service to multiple large clients and also strengthen its US operation by acquiring a 100% stake in DRC Systems USA LLC.

Key benefits of CMMI Level 3 certification include:

- **Improved Quality:** Company's software development processes have been rigorously assessed and enhanced, resulting in a substantial improvement in product quality and reliability.
- **Enhanced Efficiency:** The implementation of CMMI Level 3 practices has streamlined workflows, reduced errors, and increased productivity, allowing for quicker project delivery.
- **Better Risk Management:** The company now has robust risk management processes in place, ensuring projects are executed with a higher degree of predictability and control.
- **Customer Satisfaction:** With a focus on customer-centric practices, the Company can consistently meet and exceed customer requirements and expectations.

About DRC Systems India Limited

DRC Systems is an IT services and Consultancy Company in India focused on providing viable and lasting solutions to businesses. We are focused on innovation and creativity to lead the change, since its advent in 2012. With competent teams of developers, project managers, and strategists, we help our customers overcome their business challenges with customised software development. Our services and solutions help businesses scale the market. Over the years, we have diversified our service offerings through a mix of organic growth and strategic transactions. We believe the wide range of services that we offer enables us to build stronger relationships with our clients and cross sell our services. Our customer base is spread across geographies and majorly to Europe, USA, Middle East and Asia.
