### Sub: Intimation under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015: Commencement of New Business /Division

### Ref: Outcome of Board Meeting held on October 27, 2023

Dear Sir(s),

In compliance with Regulation 30 read with Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we would like to inform you that the Board of Directors of the Company in its meeting held today i.e. on October 27, 2023 has accorded its approval for commencement of new business/division/ launch of new product namely "**Optiemus Unmanned Systems**" ("OUS") with the launch of technologically-sophisticated, high-precision drones that have been designed to get manufactured in India.

The Company will be at the forefront of research, design, development and manufacturing of unmanned aerial vehicles (UAVs) as OUS i.e. Drones, will drive synergies from the manufacturing excellence of Optiemus Electronics Limited, wholly owned Subsidiary of the Company and go to market capabilities of Optiemus Infracom Limited to deliver first-its-kind drones in India.

The Company "Optiemus Infracom Limited" will be investing Rs. 250 Million in OUS – a new division of the Company.

Details with respect to product launch as required under Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with SEBI Circular SEBI/HO/CFD/CFD-PoD-1/P/CIR/2023/123 dated 13<sup>th</sup> July, 2023 is given below:

Particulars	Description		
Name of the Product(s)	Optiemus Unmanned Systems/ Drones in the following categories:		
	<ul> <li>a) Vajra QC Range: Vajra QC 2.0, Vajra QC 6.5 and Vajra QC 10.0,</li> <li>b) Abhedya</li> <li>c) Darsh,</li> <li>d) Ajeya VT 8.0 and</li> </ul>

	e) Marak PL 7.0		
Industry	Electronics		
Expected Benefits	<ul> <li>a) Over the last few years, drone technology has found credence in multiple industries including Healthcare, Agriculture, Logistics, Mining, Railways, and Oil &amp; Gas and even the military.</li> </ul>		
	As per leading <b>Industry Chamber FICCI</b> estimates, the drone manufacturing potential in India could be worth <b>US\$ 4.2 Billion by 2025</b> , growing to <b>US\$ 23 Billion by 2030</b> making India a drone manufacturing power.		
	Considering the approach of this unmanned system and Government's initiatives towards promotion of drone manufacturing in India and make the India a hub for drone production in the world, it is expected that this new business will be beneficial for the Company.		
	b) Foraying into the category of Unmanned Systems marks a significant leap forward in our commitment to research and innovation. By manufacturing these drones in India, OUS aims to make a substantial contribution to the Atmanirbhar Bharat campaign while supporting critical sectors from agriculture and logistics to public safety and environmental monitoring. We aim to develop indigenous drones that set new standards for performance, reliability, and versatility.		
Date of Launch	27 <sup>th</sup> October, 2023		
Category of the product	Unmanned Aerial Vehicles (Drones)		
Whether caters to domestic / international market	Domestic and International Market		

The meeting of Board of Directors commenced at 09:30 A.M. and concluded at 11:35 A.M.

Further, in this regard, please find attached herewith a copy of the said press release being issued by the Company.

# OPTIEMUS INFRACOM LIMITED ANNOUNCES ITS FORAY INTO DRONE MANUFACTURING FOR INDIA AND GLOBAL MARKETS

# WITH A FOCUS ON 'MAKE IN INDIA' AND LOCALIZATION, OPTIEMUS LAUNCHES HIGH-PERFORMING DRONES AT INDIA MOBILE CONGRESS 2023

**New Delhi, October 27th, 2023** - Optiemus Infracom Limited (Optiemus), one of India's leading electronics and telecommunications manufacturing companies, announced its foray into Unmanned Systems with the launch of technologically-sophisticated, high-precision drones that have been designed to get manufactured in India.

The diverse range of drones have been showcased at the India Mobile Congress 2023. The products showcased by Optiemus carry cutting-edge technology, including advanced sensors, secure communication systems, and stringent safety protocols.

Optiemus will be investing  $\gtrless$ 250 Million in Optiemus Unmanned Systems (OUS) – a new division of the company.

The company will be at the forefront of research, development, and manufacturing of unmanned aerial vehicles (UAVs) as OUS will drive synergies from the manufacturing excellence of Optiemus Electronics Limited and go to market capabilities of Optiemus to deliver first-of-its-kind drones in India.

The company's latest initiative stands in line with the Government's "Make in India" initiative as well as the ambitious Atmanirbhar Bharat programme of Hon`ble Prime Minister Narendra Modi which aims at creating indigenous products, designed and manufactured in India.

OUS will build on its experience and expertise in designing and manufacturing state-of-the-art drones, that would cater to a wide range of applications, including Defence, Healthcare, Agriculture, Logistics, Mining, Railways, and Oil & Gas. Application areas for drones will also encompass Asset Management, Disaster Management, Delivery, Mapping & Survey, and Precision Agriculture.

**Mr. Ashok Gupta, Chairman, Optiemus Infracom Limited** said, "Technology for All, our guiding beacon has been showing us the way. Optiemus Unmanned Systems is committed to design and manufacture reliable unmanned systems for today and tomorrow. As data security is a major concern, we are focussed on localisation, and sourcing parts from trusted partners and trusted locations as per government guidelines. We have already localised Autopilot, Motor Controller, GNSS receiver and Power Management System. We will also provide comprehensive support for maintenance, repairs including spare parts and upgrade our deployed drones."

With a **goal to achieve up to 65% indigenisation** within a year of launch, OUS aims to make its products export-ready, expand offerings in smarter payloads, and enhance product autonomy with a broader range of unmanned vehicles for various terrains.

Product	Max Take- Off Weight	Command & Control (C2)	Max Operational Altitude (AMSL)	Payload (up to)
Vajra QC Range				
Vajra QC 2.0	2 kg	5 km	5500 m	400 gm
Vajra QC 6.5	6.5 kg	15 km	7000 m	2 kg
Vajra QC 10.0	10 kg	20 km	7000 m	4 kg
Abhedya	90 kg	100 km	9000 m	30 kg
Darsh	2 kg	15 km	6500 m	400 gm
Ajeya VT 8.0	8 kg	40 km	7000 m	2.5 kg
Marak PL 7.0	7 kg	40 km	7000 m	3 kg

Range of High-Performance Drones launched at India Mobile Congress 2023

As per leading **Industry Chamber FICCI** estimates, the drone manufacturing potential in India could be worth **US\$ 4.2 Billion by 2025**, growing to **US\$ 23 Billion by 2030** making India a drone manufacturing power.

### **About Optiemus**

Optiemus Group is a high-performance telecommunications and manufacturing enterprise headquartered in India. With nearly three decades of experience across telecommunications, technology and manufacturing, the company has a unique understanding of the Indian electronics market. The promoters of the company hold the distinction of retailing the first mobile phone in the country way back in 1995 and have been bringing the latest technology products to the Indian consumers through a widespread distribution and retail operation. Optiemus Group has multi-domain expertise in distribution, marketing and manufacturing (through subsidiaries and/or associates) of mobile & telecom products in the Indian subcontinent.
