MODI'S TOUR SIGNALS A GEOPOLITICAL SHIFT

Modi's visit to UAE and Qatar would assert India's position in the region

Prime Minister Narendra Modi was in UAE and Qatar earlier this week, underscoring the importance of the region in India's growing interests in the geo-political strategic outcomes from Arabia. This land masses west of the India ocean, and, especially UAE hadn't seen a visit by an Indian Prime Minister in more than three decades, till Narendra Modi decided to refocus. For nearly three decades before 2015, these nations on the other end of the Arabian Sea had been a distant place for Indian political leadership, occasionally grabbing domestic headlines for the wrong reasons, even though a sizeable chunk of the Indian diaspora was toiling away mostly in labour intensive jobs, sending precious hard foreign currency back to their villages in India. However, the importance of the region especially strategically important countries such as UAE as a key balancing power in West Asia was lost to the foreign policy makers of the time. The Indian prime minister's seven official visits to the UAE in a decade and reciprocal visits by UAE president Sheikh Mohamed Bin Zayed Al Nahyan in a similar timeline, underscore the seriousness both sides have attributed to nurturing, this relationship. It was in August 2015 when PM Modi visited UAE on the invitation of then crown prince Sheikh Mohamed Bin Zayed Al Nahyan, which was the foundation of this ever-greening relationship. The joint statement released, stated "The visit of an Indian Prime Minister to UAE after 34 years marks the beginning of a new and comprehensive strategic partnership between India and UAE in a world of multiple transitions and changing opportunities and challenges."

In recent decades, UAE's economic progress has been one of the global success stories, transforming the nation into a regional leader and a thriving international centre.

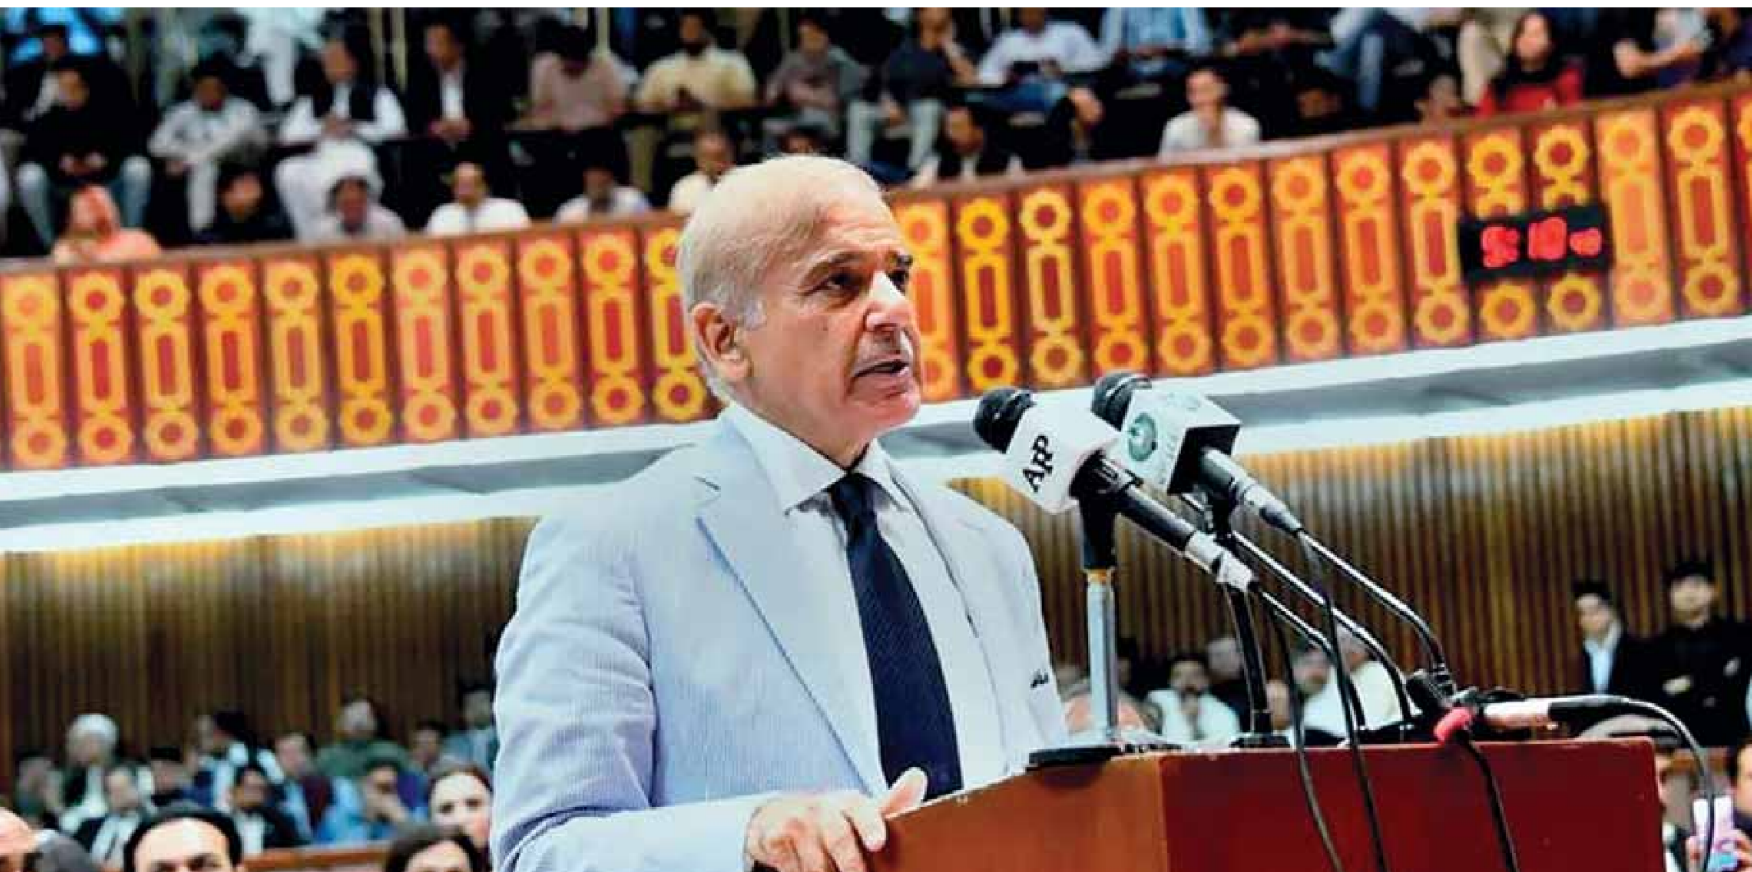

India's rapid growth, modernization, and skilled workforce position it as a key player in the global economy. The robust economic partnership between India and the UAE, upgraded to a Comprehensive Strategic Partnership in 2015, culminated in the India-UAE Comprehensive Economic Partnership Agreement (CEPA). This was one of the first CEPAs or bilateral trade agreements India entered with any country with significant economic clout, in decades and a statement released last year on the first anniversary of the CEPA implementation highlighted the positive impact it had on exports in labour-intensive sectors such as ' Mineral Fuels; Electrical Machinery (particularly telephone equipment); Gems & Jewellery; Automobiles ; Essential Oils; Other Machinery; Cereals; Other Agri Products; and Chemical Products. The CEPA with UAE proved to be a template for a similar trade agreement India managed to sign with Australia in the same year. However, another key element of the strategic partnership between India and UAE was the close cooperation on defence, security, and counter-terrorism measures outlined during the 2015 visit. The two sides had in 2015 pledged to " Coordinate efforts to counter radicalization and misuse of religion by groups and countries for inciting hatred, perpetrating and justifying terrorism or pursuing political aims. Denounce and oppose terrorism in all forms and manifestations, wherever committed and by whomever, calling on all states to reject and abandon the use of terrorism against other countries, dismantle terrorism infrastructures where they exist, and bring perpetrators of terrorism to justice. And Work together to control, regulate and share information on the flow of funds that could have a bearing on radicalization activities cooperate in interdicting illegal flows and take action against concerned organizations. Prime minister's visit this week which could be his last during his current tenure, signifies the importance of West Asia in India's geo-political and geo-economic approach for the 21st Century.

History repeats itself in Pakistan

Shehbaz Sharif emerges as the 'selected' PM candidate amidst elections scripted by the military to ensure PML-N's success, echoing past patterns

As per the amended version of the famous quote of American humorist and writer, Mark Twain history repeats itself but, at times in Rhymes, holds true in a stereotyped manner to the outcome of polls in Pakistan which is evident from the decks cleared for Shahbaz Sharif to become prime minister of Pakistan and the army has executed full proof strategy through the process of selection".

The results of the 2024 general elections in Pakistan had been a novella or saga scripted by the super-powerful army to ensure the success of Nawaz Sharif's party, PML-N which is identical to the previous elections held in 2018 to en throne Imran Khan in the post of prime minister of Pakistan. Owing to this predominant factor of supremacy of the army and 'mind-set of people', none will question the "selection" of Shehbaz in this country which has got tradition and history of being ruled by the army indirectly by proxy for decades and directly for 33 years ranging from 1958-1971, 1977-1988 and 1999 to 2008).

It was also an illusion that democracy was restored for the rest of the period as the military had a hundred per cent dominance in domestic and international affairs as 'selected prime ministers' always acted as symbolic public figures. Now the cat is out of the bag and the outcome of the polls in Pakistan is in consonance with the expectations and estimation of the entire world besides the people of this beleaguered country.

Unexpected Drama Unfolds: Amidst the volatile and uncertain political scenario, in a surprise move, three-time PM, Nawaz Sharif has nominated his younger brother, Shehbaz Sharif for the post of PM which will enable him to rule by "Proxy" and confirm the post of chief minister of Punjab for his daughter, Maryam Nawaz. Experts say that Nawaz has tried to kill two birds with one stone thereby keeping the scope of the Pakistan Peoples Party's

NAWAZ WILL BE IN THE DRIVER'S SEAT AND HE MAY MAKE CONCERTED EFFORTS TO IMPROVE THE RELATIONS WITH NEIGHBOURS, INCLUDING INDIA, WHICH WAS MENTIONED BY HIM IN HIS VICTORY SPEECH

chances to join the government as Bilawal Bhutto chairman of the party has declared to support the PML-N government from outside. Bilawal may bargain with PML-N to nominate his father, Asif Ali Zardari for the post of the president which may lead to a change of equations. 2nd, it will pave the way for the rehabilitation of his daughter Maryam and PML-N Information Secretary as CM of the most important province, Punjab. The coalition government will comprise various parties including PML-N, PPP, MQM, PML-Q, BAP etc. which will have a strength of 152 as against the required tally of 133 in the house of 265 which may go up to 169 after the addition of nominated members.

Ties with India to improve: Nawaz will be in the driver's seat and he may make concerted efforts to improve the relations with neighbours including India which was mentioned by him in his victory speech. A cursory look at Indian PM, Narendra Modi's attempts to have cordial relations with Pakistan shows that he had attempted to normalize the relations when he made a sudden trip to Lahore on Dec 25, 2015 and wished happy birthday to Pakistan EX PM Nawaz who turned 66. Prior to it, Atal Bihari Vajpayee had visited Pakistan in 2004 who will be credited for bringing a thaw in relations with Islamabad. As per the principle of diplomacy, dialogue must continue even if enmity governs the ties between two nations. India may resume the talks if Pakistan shows sincerity and comes out of Kashmir phobia. Experts are unanimous over the attitude of Chinese President Xi Jinping who is having animosity

towards democratic set up where as the United States will feel ease at the continuation of democracy in Pakistan. Modi even attended the marriage reception of Nawaz's granddaughter, Merun Nisa in Dec 2015 at Jati Umrah outside Lahore but the army disapproved of these initiatives and hence sabotaged the same.

In this backdrop, the situation is different now as the army and Nawaz seem to be on the same page which may yield positive results. Army's ISI wing will have to shed its' policy to support terrorists in indulging in violence in Kashmir. Nawaz is expected to come out of Kashmir's phobia and focus on economic issues which can act as guiding principles to his brother, Shahbaz. Shehbaz and Asim duo will yell at the US administration. Imran Khan will be remembered for directly accusing America of ensuring his defeat in Parliament in April 2022 which brought Shahbaz Sharif to power. Imran had quoted a secret diplomatic cable to prove his allegation which was at variance with the stand of the army. Imran also took cudgels against the powerful army which cost him the PM chair especially when he won the election with the help of the military. The track record shows that the US administration always had a close relationship with the Pakistan army which will be true to the current set-up also. Army will fully support Shehbaz to improve ties with the US which may help Pakistan to get more financial assistance from the IMF. Army Chief, General Asim had visited the US to lobby for getting a financial bailout package from the IMF. Army had been instrumental in

the installation of Shahbaz after orchestrating the downfall of Imran in 2018 which witnessed cordial relations between ex-PM and army chief, Asim Munir. Nawaz will be the guiding force to cement the ties with the army and ensure the success of the coalition government.

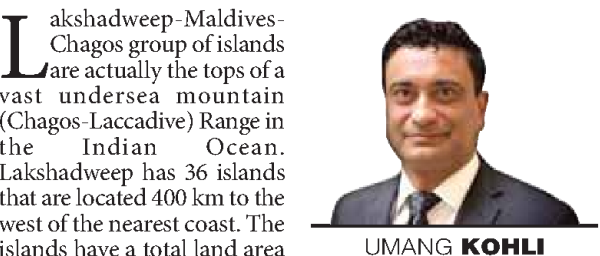

Unequal Playing Field: It is a paradox and none will doubt that the present elections in Pakistan were a reflection of an unequal playing field especially when Imran Khan, a strong contender and popular leader was eliminated from the electoral process under a well-planned conspiracy. Imran's loyalists say that the army played a predominant role in giving the PM chair to Nawaz Sharif on the plate who has preferred to rule by proxy. Imran was disqualified and convicted in several cases to put him in jail which made his party, PTI, rudderless. The election commission snatched its symbol of Bat to put it in a disadvantageous position. Analysts opine that Pakistan is poised for another spell of pain, mess and chaos as Imran's supporters have won in big numbers and are bound to create problems for the Shahbaz government. They may continue their tirade against the army and demand the release of their leader from jail. India should not expect some tangible result from such an unstable and fragile government though Ex-PM Nawaz and the army are on the same page hence there are chances of change in dynamics in diplomacy but let us wait and watch.

Lakshadweep has strategic importance and tourism potential

China has invested heavily in Sri Lanka and also now in Maldives. This compels us to look at Lakshadweep with a fresh sense of urgency

Lakshadweep-Maldives-Chagos group of islands are actually the tops of a vast undersea mountain (Chagos-Laccadive) Range in the Indian Ocean. Lakshadweep has 36 islands that are located 400 km to the west of the nearest coast. The islands have a total land area of 32 sq km but add to a 400,000 sq km Exclusive Economic Zone to India as 200 nautical miles astride the nearest land area is economic zone of that country as per the international maritime law. Possession of these islands away from the mainland provides a strategic, military and political advantage to India. Lakshadweep stands as India's fingers in the Indian Ocean, almost touching the Sea Lines

Of Communication that pass through the 'Nine Degree Channel'. The channel is used by all ships shuttling to and from Europe, the Middle East, West and South East Asia and also the Far East. It's thus essential that these islands are given due infrastructure so that they can be hubs of tourist and commercial activity in the years to come. So the question now is how do we get the infrastructure built

and add on to the integration of the islands with the mainland? Should an Integrated Tri-service unit come up in Lakshadweep in the years to come, with a suitable component of the Coast Guard? Should we add on to the existing infrastructure or just start building a new set-up altogether? Should we concentrate on tourism aspects initially or go for a multi-dimensional approach to development straight away? Are the people of Lakshadweep on board for a rapid pace of development? These questions need to be answered before we can make tall claims of disturbing the Apple Cart of some third country. Lakshadweep islands can be used as a launch pad during

symmetric and asymmetric conflicts and hence must have the basic infrastructure to support a Tri-service setup to include a multipurpose airport and a proper dockyard. Lakshadweep Islands can also then be used as a vantage point to monitor any movement of vessels in the Arabian Sea. These islands would play a key role in controlling the Sea Lines of Communication (SLOCs) during conflicts/crises due to their close proximity to many choke points. For now, the basic infrastructure exists in bits and pieces. Tourism requires ample accommodation and sustainable infrastructure to facilitate comfortable stays, which right now is limited as compared to the potential increase we

envisage in the years to come. Obviously, Mumbai is a major feeder point for all foreign and domestic tourists. Cruise lines like Cordelia provide accommodation at sea and access to tourists as well. This kind of tourism model could be very effective and sustainable without adversely affecting the land and population of Lakshadweep. The cruise line right now acts as a major feeder of tourists to Lakshadweep. More such cruise lines are a must to boost the economy of Lakshadweep and also to establish trade routes further South. Adding on to the existing infrastructure is always the first step of development, though obviously, new projects would come in some time. Private public partner-

ship in this regard could be very helpful. Education of locals also needs to be a priority for them to be able to interact with tourists in both Hindi and English. Small helipads in all ten islands that are inhabited would facilitate fast movement between the islands and could be used as air taxis by the tourists, further adding to the charm of Lakshadweep. These helipads would also be handy for setting up an anti-drone grid, so essential for the protection of these islands. They could help in times of Tsunami and medical emergencies as well. Suitable communication means along with numerous satellite communication channels need to come up on an urgent basis. The islands have no petrol pumps and maybe

that is good, for subsidized electric vehicles must be provided to locals which would be very effective there. Since the distances to be travelled are short, the range barrier of electric vehicles won't be an issue. So a multidimensional approach to development along with a push to tourism for Lakshadweep and Andaman may go a long way in consolidating India's position in the Indian Ocean. China has interests in the Indian Ocean and has invested heavily in Sri Lanka and also now in Maldives. This compels us to look at Lakshadweep with a fresh sense of urgency. It would be prudent if we educate the population of the mainland about the overall importance of these islands. Each island in

the Indian Ocean needs to be protected and integrated with the mainland. Lakshadweep is India's Strategic Sentinel, Maritime and Trade Route Guardian. The current Maldives political row is a spark that should propel us to take steps to develop India's maritime muscle. A well-orchestrated use of these islands would go a long way in helping India establish itself as a major economic and military player. Make no mistake that the ten inhabited islands of Lakshadweep act as ten fingers of India in the Indian Ocean. These fingers give us a long arm to help us build up resources, beyond our imagination.

गाजीपुर बॉर्डर पर पहुंचे किसान, कई हिरासत में

दिल्ली सीमा पर पुलिस बल तैनात, आंदोलनकारियों ने जमकर की नारेबाजी

- राशन और अन्य सामान लेकर आए थे

पायनियर समाचार सेवा। गाजियाबाद

गाजियाबाद-दिल्ली गाजीपुर बॉर्डर पर भारतीय किसान यूनियन महात्मा टिकैत से जुड़े किसान पहुंच गए। किसान दिल्ली जाने की जिद पर अड़े हुए थे। किसान अपने साथ राशन और अन्य जरूरत का सामान भी लेकर आए थे। पुलिस के मुताबिक किसानों को समझाया गया कि यहां धरना देने की मनाही है। इसके बाद किसानों को बस से नजदीक के कोशाबी थाने ले जाया गया।

किसानों ने जमकर नारेबाजी की। भारतीय किसान यूनियन महात्मा टिकैत के राष्ट्रीय अध्यक्ष अनिल तालान अपने दल के अन्य पदाधिकारी और नेताओं के साथ गाजीपुर बॉर्डर पर पहुंच गए। गाजीपुर बॉर्डर पर पहले से ही गाजियाबाद पुलिस भारी संख्या में तैनात है। यह सभी लोग दिल्ली जाना चाहते थे। अनिल तालान के मुताबिक केंद्र सरकार ने वादा खिलाफी की है। स्वामीनाथन की रिपोर्ट

गाजीपुर बॉर्डर पर नारेबाजी करते किसान।

लागू नहीं की गई है। अभी तक कोई कानून नहीं बनाया गया है। अनिल तालान के मुताबिक उनके और किसान साथी आना चाह रहे थे। लेकिन उनको रास्ते में रोक दिया गया है। मौके पर पहुंची पुलिस ने किसानों को समझाया कि यहां धरना देने की मनाही है। किसानों को बस में भरकर पास के

कोशाबी थाने ले जाया गया। इस दौरान किसानों ने जमकर नारेबाजी की। किसान अपने साथ खाने का राशन और अन्य जरूरत का सामान लेकर आए थे। एसपी इंदिरापुरम स्वतंत्र सिंह ने बताया कि किसानों से वार्ता कर उनको थाने ले जाया गया है कुछ देर बाद उनको छोड़ दिया जाएगा।

यूपी की सीमा लगा लंबा जाम

यूपी-दिल्ली के गाजीपुर बॉर्डर पर गुरुवार को भी सुरक्षा व्यवस्था के पुख्ता इंतजाम हैं। नेशनल हाईवे की दोनों सर्विस लेन फिलहाल बंद हैं। इसलिए सारा ट्रैफिक दिल्ली-मेरठ एक्सप्रेसवे के रास्ते ही आजा रहा है। एक्सप्रेसवे की मुख्य लेन पर आधे रास्ते में दिल्ली पुलिस ने अपने बैरिकेड्स लगाए हुए हैं। ऐसे में ट्रैफिक की रफ्तार धीमी हो गई है और एक्सप्रेस.वे पर रुक-रुककर सुबह से जाम लग रहा है। सबसे ज्यादा दिक्कत नौकरीपेशा लोगों को है। 13 फरवरी को पंजाब के अलावा यूपी के भी कुछ किसान संगठनों ने दिल्ली पहुंचने का आह्वान किया था। ऐसे में दिल्ली पुलिस ने अपने सभी बॉर्डरों पर 11 फरवरी को ही बैरिकेड्स लगा लिए थे। गाजियाबाद-दिल्ली के बॉर्डर पर दिल्ली पुलिस ने सर्विस लेन बंद की हुई है। यहां सीमेंटेड दीवार लगाई हुई है और कई लेयर की बैरिकेडिंग है। पैदल चलने वाले लोग भी सर्विस लेन पर नहीं चल सकते। अब गाजीपुर बॉर्डर पर चहल-पहल कम हो गई है। फिलहाल यूपी के किसान संगठनों ने गाजीपुर बॉर्डर पहुंचने की कोई कॉल नहीं दी है। ऐसे में पुलिस प्रशासन को थोड़ा राहत है, लेकिन सतर्कता पूरी बरती जा रही है।

इलेक्ट्रिकल वाहन कंपनी की पेंट शॉप में लगी आग

गाजियाबाद। ट्रेनिका सिटी थाना क्षेत्र अंतर्गत औद्योगिक क्षेत्र के प्लॉट संख्या बी 2 पर स्थित इलेक्ट्रिकल व्हीलर कंपनी की पेंट शॉप में आज सुबह लगभग 11 बजे आग लग गई। आग ने कुछ ही देर में विकराल रूप धारण कर लिया। उक्त अग्निकांड की सूचना मिलने के बाद मौके पर कई फायर टेंडर पहुंच गये। उसके बाद फायर ब्रिगेड ने घंटों की मशक़त के बाद आग पर काबू पाया। इस संदर्भ में सीएफओ राहुल पाल का कहना है कि फायर ब्रिगेड की तत्परता की वजह से कोई जनहानि नहीं हुई।
