Sub: Intimation under Regulation 51 read with Part B of Schedule III of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 – Credit Rating

Ref: Scrip Code: 975554/ISIN: INE351E07018

Dear Sir/ Madam,

This is to inform you that ICRA Limited ('ICRA') has re-affirmed its ratings as [ICRA]AA with Stable outlook for Non-Convertible Debentures and [ICRA]A1+ for Commercial Papers of the Company.

The brief rationale for the credit rating is as below:

The rating reaffirmation has factored healthy improvement in collections in FY2024, driven by the strong response to new launches, healthy sales and construction progress in the ongoing projects, which is expected to sustain in FY2025. The rating agency estimates the sales in FY2024 to slightly moderate from FY2023 level, which however, remains healthy and grow marginally in FY2025 and collections are expected to increase in FY 2024 and grow further in FY2025.

The ratings derive comfort from DLF's strong market position and established brand, particularly in the National Capital Region (NCR) and exceptional financial flexibility. The rating has considered DLF's low cost and fully paid-up land bank, which provides strong visibility of launches with healthy profitability.

A copy of Credit Rating Rationale issued by ICRA is enclosed herewith.

The Rating was received by the Company today i.e. 26th April 2024 at 19:30 Hrs.

This is for your kind information and record please.

Thanking you,

Yours faithfully,

For DLF Home Developers limited

Rationale

The reaffirmation of ratings factors in the Group's¹ healthy improvement in collections in FY2024, driven by strong response to new launches, healthy sales and construction progress in the ongoing projects, which is expected to sustain in FY2025. ICRA estimates the sales [excluding One Midtown project in joint venture (JV)] in FY2024 to slightly moderate from FY2023 level (PY: Rs. 14,516 crore). However, the sales remain healthy and are likely to grow marginally in FY2025. Its collections are projected to increase by 37-40% YoY (PY: Rs. 5,293 crore) in FY2024 and grow further by 26-28% in FY2025. The Group's consolidated gross debt is estimated to increase in March 2024 for expansion purpose (Rs. 2,948 crore as of December 2023 and Rs. 3,066 crore as of March 2023). DLF's leverage, gross debt/CFO was at ~1 times as of March 2023 and is likely to remain comfortable at around 0.9 - 1.1 times over the medium term. The committed receivables cover remained robust at around 152% of the balance construction cost of Rs. 9,757 crore, with total debt outstanding of Rs. 2,948 crore as on December 31, 2023. As on December 31, 2023, around 34% of the Group's external debt is against rental collections from the leased portfolio (including retail and office), ensuring a relatively stable revenue stream. ICRA expects the gross debt/rentals of the leased portfolio to be ~3.5 to 4 times in the medium term.

The ratings derive comfort from DLF's strong market position and established brand, particularly in the National Capital Region (NCR) and exceptional financial flexibility. The ratings consider the Group's low cost and fully paid-up land bank, which provides strong visibility of launches with healthy profitability. DLF derives significant financial flexibility as well as dividend income from its investment in DLF Cyber City Developers Limited (DCCDL, rated [ICRA]AA+ (Stable)/A1+), which owns one of the largest commercial real estate leasing portfolios in the country.

The ratings are, however, constrained by the cyclical nature of the residential real estate industry and exposure to execution and market risks arising from its growth plans (estimated launch pipeline of around 8 msf in FY2025). While new projects will offer diversification in terms of geography (expected launches in Goa, Tri City, etc), any decline in demand may adversely impact the cash flow position. Nevertheless, ICRA expects DLF to benefit from its strong brand and healthy affordability in the residential real estate market. That said, high dependence on the NCR real estate market exposes the sales to any region-specific downturn in demand. Moreover, DLF has certain under-development projects in JV companies, which expose the JVs to execution and marketing risks. While these projects are expected to be incrementally funded out of their collections from customers and sanctioned line of credit, support from DLF to the extent of its share of any shortfall in cash flows of the JVs has been considered in the ratings.

DLF has significant contingent liabilities, primarily on account of matters pertaining to taxes, indemnities provided to DCCDL, and penalty imposed by the Competition Commission of India (CCI). Any crystallisation of these liabilities exerting pressure on

www.icra.in

¹ ICRA has taken a consolidated view of DLF Limited and its subsidiary – DLF Home Developers Limited (DHDL), given the close operational, financial and managerial linkages between the Group entities, shared brand name along with a common treasury team and has considered consolidated financials of DLF Limited along with its subsidiaries, JVs and associate entities.

DLF's cash flows will remain a key rating sensitivity. While ICRA notes the stated intent of the Group on debt reduction over the medium term, any substantial discretionary outflows towards land or other capital expenditure and the impact of the same on its leverage and coverage metrics will remain a rating sensitivity.

The Stable outlook on the rating reflects ICRA's expectation that the Group will sustain healthy operating performance, backed by healthy end-user demand and a strong launch pipeline. Further, the outlook underlines ICRA's expectation that the Group will maintain healthy cash flow from operations, strong liquidity and comfortable leverage metrics.

Key rating drivers and their description

Credit strengths

Strong operational performance expected to sustain in FY2025; healthy leverage position – The collections are expected to increase by 37-40% YoY (PY: Rs. 5,293 crore) in FY2024 and grow further by 26-28% in FY2025. The Group's consolidated gross debt is estimated to increase in March 2024 for expansion purpose (Rs. 2,948 crore as of December 2023 and Rs. 3,066 crore as of March 2023). DLF's leverage, gross debt/CFO was at $^{\sim}1$ times as of March 2023 and is likely to remain comfortable at around 0.9 – 1.1 times over the medium term. The committed receivables cover remained robust at around 152% of the balance construction cost of Rs. 9,757 crore, with total debt outstanding of Rs. 2,948 crore as on December 31, 2023.

Established market position and exceptional financial flexibility – The ratings derive comfort from DLF's strong market position and established brand, particularly in the NCR and exceptional financial flexibility. The Group has presence in all real estate segments – residential, commercial, and retail. It has presence across multiple major cities across the country, although the dependence on NCR currently remains high.

Availability of large low cost, well-located and diversified land bank – The Group has a low cost and fully paid-up land bank, with well-located parcels across multiple cities and having diverse land usages, which provides strong visibility of launches with healthy profitability.

Credit challenges

High dependence on NCR real estate market – DLF's dependence on the NCR real estate market remains elevated, which exposes the Group's sales to any region-specific downturn in demand. While it plans to launch multiple projects in various cities outside NCR, the extent of scale up in these territories and their contribution to the consolidated sales mix will remain a key monitorable.

Exposure to execution and market risks and cyclicality in real estate sector — DLF has significant plans of expanding its ongoing portfolio to maintain the growth momentum and strengthen its market presence in the existing as well as new micromarkets, which exposes the Group to execution and market risks. While new projects will offer diversification in terms of geography (expected launches in Goa, Tri City, etc), any decline in demand may adversely impact the cash flow position. Nevertheless, ICRA expects DLF to benefit from its strong brand and healthy affordability in the residential real estate market. In addition, being a cyclical industry, the real estate sector is highly dependent on macro-economic factors, which exposes the Group's sales to any downturn in demand.

Significant contingent liabilities and pending litigations – DLF has substantial contingent liabilities, primarily on account of matters pertaining to taxes, indemnities provided to DCCDL, and penalty imposed by the CCI. Any crystallisation of these liabilities exerting pressure on DLF's cash flows will remain a key rating sensitivity.

Liquidity position: Strong

DLF's liquidity is strong with around Rs. 4,194 crore of cash and liquid investments as on December 31, 2023. Strong sales from the new launches as well as existing projects in 9M FY2024 translated into healthy collections, while rendering visibility to future collections from the pending receivables. The committed receivables of Rs. 19,303 crore cover around 152% of the

www.icra .in

balance construction cost of Rs. 9,757 crore and total debt outstanding of Rs. 2,948 crore as on December 31, 2023. The scheduled debt obligations are expected to be met from its cash flow from operations in FY2025.

Environmental and social risks

The real estate segment is exposed to risks of increasing environmental norms impacting operating costs, including higher costs of raw materials such as building materials and cost of compliance with pollution control regulations. Environmental clearances are required for commencement of projects and lack of timely approvals can affect business operations. The impact of changing environmental regulations on licences taken for property development could also create credit risks. In terms of social risks, the trend post-pandemic has been favourable for real estate developers as demand for quality home with good social infrastructure has increased. Further, rapid urbanisation and a high proportion of workforce population (aged 25-44 years) will support demand for real estate in India.

Rating sensitivities

Positive factors – Significant revenue diversification from different segments and geographies, along with continued momentum in sales and collections, resulting in considerable improvement in cash flows, leverage and liquidity position may trigger a rating upgrade.

Negative factors – The ratings may be downgraded if sales velocity and collections are slower-than-expected in the ongoing and new projects and/or significant debt-funded investments in new projects weakens the leverage or coverage metrics. Additionally, gross debt to CFO higher than 2 times, on a sustained basis, may trigger a rating downgrade.

Consolidation/Standalone	ICRA has taken a consolidated view of DLF Limited and its subsidiary — DLF Home Developers Limited (DHDL), given the close operational, financial and managerial linkages between the Group entities, shared brand name along with a common treasury team and has considered consolidated financials of DLF Limited along with its subsidiaries, JVs and associate entities (mentioned in Annexure II). DCCDL is outside the consolidated financials on account of the presence of a significant minority shareholder in DCCDL (GIC Group with a 33.33% stake). ICRA has applied limited consolidation for other JVs where there are active projects under development or debt availed to the extent of any support that may be required from DLF Limited.

ICRA ratings should not be treated as recommendation to buy, sell or hold the rated debt instruments. ICRA ratings are subject to a process of surveillance, which may lead to revision in ratings. An ICRA rating is a symbolic indicator of ICRA's current opinion on the relative capability of the issuer concerned to timely service debts and obligations, with reference to the instrument rated. Please visit our website www.icra.in or contact any ICRA office for the latest information on ICRA ratings outstanding. All information contained herein has been obtained by ICRA from sources believed by it to be accurate and reliable, including the rated issuer.
