EET Partners with Quick Heal, Strengthening its Position as the Preferred Distributor for Cybersecurity Solutions in Europe

Pune, 9th May 2024: EET Group, a leading distributor of IT and technology solutions in Europe, is excited to announce a strategic partnership with Quick Heal Technologies Ltd., a global cybersecurity solutions provider. This collaboration positions EET as the preferred distributor for Quick Heal's comprehensive suite of cybersecurity products in Europe.

With a legacy of excellence spanning nearly three decades, Quick Heal has established itself as a pioneer in the cybersecurity domain, offering cutting-edge solutions designed to address the complex challenges of the modern digital threat landscape. Quick Heal's portfolio includes a wide array of products that cater to the diverse needs of consumers, small and medium businesses, government institutions, and large corporate entities.

This partnership is a testament to EET's commitment to enhancing its cybersecurity offerings and delivering unparalleled value to its partners across the Europe region. By integrating Quick Heal's innovative solutions into its distribution network, EET reaffirms its status as the premier distributor of top-tier cybersecurity solutions in Europe.

Commenting on the partnership, **Lasse Haizmann, Business Line Director, Network Solutions, EET Group**, said, *"Our partnership with Quick Heal underscores EET's commitment to offering top-notch cybersecurity solutions to our extensive network of partners and clients. Quick Heal's innovative technology and comprehensive cybersecurity offerings perfectly align with our mission to empower businesses with the tools they need to safeguard their digital assets."*

Vishal Salvi, CEO of Quick Heal Technologies Ltd., stated, *"In this era of digital transformation, Quick Heal's partnership with EET Group is a strategic move towards fortifying cybersecurity across Europe by leveraging our advanced security solutions to protect diverse digital landscapes. With EET's robust distribution network and our innovative approach to cybersecurity, we are set to offer unparalleled protection, ensuring that businesses and consumers can trust their digital interactions to be secure."*

Quick Heal's full range of products, known for their ability to simplify IT security management across various devices and platforms, is now readily accessible to all EET partners. This collaboration promises to enhance the security posture of organizations throughout Europe, ensuring robust protection against emerging cyber threats.

About EET Group

EET Group is a value adding IT distributor. We provide tailored logistic solutions, expert industry knowledge, and unique sales services that ease our customers' everyday operations and support their businesses. Since being founded in 1986, we have acquired more than 50 companies to build and strengthen our offering to customers and suppliers and today we provide an extensive portfolio of more

than 1,100 brands. Headquartered in Birkerød, Denmark, EET Group serves as the parent company for all EET sales offices across 23 European markets, shipping to over 70 countries. Our dedicated team of 750 employees works collaboratively to deliver unparalleled value to our partners and 30,000 buying customers. For more information, please visit www.eetgroup.com

About Quick Heal Technologies Ltd.

Quick Heal Technologies Ltd. is a global cybersecurity solutions provider. Each Quick Heal product is designed to simplify IT security management across the length and depth of devices and on multiple platforms. They are customized to suit consumers, small businesses, government establishments, and corporate houses. Over a span of nearly 3 decades, the company's R&D has focused on computer and network security solutions.

The current portfolio of cloud-based security and advanced machine learning-enabled solutions stops threats, attacks, and malicious traffic before it strikes. This considerably reduces the system resource usage. The security solutions are indigenously developed in India. Quick Heal Antivirus Solutions, Quick Heal Scan Engine, and the entire range of Quick Heal products are proprietary items of Quick Heal Technologies Ltd.
