ITEM NO.1

Dynavision Limited (DVL) was established for manufacturing of electrical and electronics appliances of all kinds in 1973.

Consequent to suspension of manufacturing activity, the available land measuring 2.63 acres was leased to Apollo Hospitals Enterprise Limited (AHEL) to establish a specialty hospital and DVL has been earning lease rent under a 29-years lease agreement. No other business activity was being carried out in the company due to carry forward heavy losses and paucity of funds.

Now the Company intends to expand its business activities beyond collecting lease rental and earning interest only from Fixed Deposits. The present leasing activity is not expected to enhance the shareholders' value as desired. Accordingly, the company initiated the activities towards exploring business opportunities in other fields, within the scope as may be permitted in its Memorandum and Articles of Association. After exploring the various opportunities, the management decided to enter the field of "Medical Devices manufacturing".

The factors leading to DVL exploring Medical Devices Manufacturing Industry which are advantageous to the Company:

- DVL has come with deep expertise in manufacturing since 1975.
- Strong knowledge of Health Care supplies, procurement and inhouse network of buyers.
- Health Care expertise with access to wide network through Promoters.
- The total import value of medical devices in India has been consistently growing over the years.
- The market is very wide, and the government has imposed a restriction and made it mandatory to have minimum local content.

Since the company intends to diversify its business activity into the Medical Devices manufacturing sector and also expand its presence in the solar energy generation space, it requires fund to be made available to decide and execute these projects. The income through lease rental is not sufficient to make any capital commitment for a project of larger scale and hence, Board decided to sell the land to raise funds.

As part of exploring various options for raising resources, the company has evaluated the option of selling the land, which is under lease with AHEL. As per the lease agreement with AHEL, the right of first refusal for buying up the land lies with AHEL, when DVL intends to sell it.

The company intends to obtain quotes from the reputed agencies in the real estate sector to ascertain the realistic value of the property and intends to approach AHEL to understand and obtain an offer from them as well, before deciding on the sale.

Pursuant to the provisions of Section 180(1)(a) of the Companies Act, 2013 approval of the members of the Company is required to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company.

The sale/transfer of immovable property situated at Dr. Vikram Sarabhai Industrial Estate, Kottivakkam, Chennai-600041 measuring about 2.63 acres, may be termed as sale or disposal of an undertaking under the provisions of Section 180 (1) (a) of the Companies Act, 2013 and if AHEL, being a related party, participates in the sale, the approval under the provisions of Section 188 of the Companies Act, 2013 is also sought.

Therefore, the approval of members is being sought by way of special resolution.

The Board of Directors of the Company ("the Board") at its meeting held on 10th April, 2024 has accorded its in-principle approval and has approved the terms and conditions for sale of abovementioned immovable commercial property held in the name of Dynavision Limited at a consideration as may be decided by the Board.

Since, the above transaction is considered as material in terms of 37A of SEBI LODR, the said shall be fully adhered to.

The Board is of the opinion that the proposed sale is in the overall best interest of the company and the company will utilize the proceeds towards exploring various business opportunities including Manufacturing of Healthcare devices and for the general business purpose.
