Balmer Lawrie to Add More Biz Verticals: CMD

Press Trust of India

Kolkata: Diversified PSU Balmer Lawrie will add more business verticals to its existing ones over the next three years, a company official said on Thursday.

With an overall revenue of around ₹2,300 crore at present, its eight business verticals are industrial packaging, greases and lubricants, refinery and oilfield services, chemicals, logistics services, logistics infrastructure, cold chain, travel and vacations.

"We are going to add more business units. These will be free trade warehousing zone (FTWZ), plug-and-play temperature-controlled warehouses, third-party logistics and ethanol production," CMD Adika Ratna Sekhar said.

Shekhar said the company would spend Rs 500 crore for foraying into the new verticals over a period of two to three years.

"From the present revenue of ₹2,300 crore, the target is to achieve ₹6,000 crore in the coming three years," he said.

Sekhar also said selected employees have undergone mentoring from the International Coaching Federation (ICF), a global organisation for coaching and mentoring corporate professionals.
