Dear Sirs,

Re: Intimation under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Update

This is to inform you that the Company is modernising its tile manufacturing plant located in Vijaywada, Andhra Pradesh. The new machinery will be more fuel efficient and will produce tiles that are in line with current market trends.

The Company is replacing all the existing three production lines at the plant with one large modern production line for GVT. This will lead to change in annual tile production capacity of the Vijaywada plant from around 9 million m<sup>2</sup> currently to around 6 million m<sup>2</sup> of higher value product. The total capex for the modernisation project will be approximately ₹ 60 Crores and is expected to be completed by September 2024.

The reduction in annual tile production capacity would not have any adverse impact on overall sales of HRJ Division of the Company. With this, the overall capacity of HRJ Division, along-with its joint ventures and subsidiaries shall be 64 MSM per annum.

Thanking you,

Yours faithfully,

For **PRISM JOHNSON LIMITED**

SHAILESH DHOLAKIA  
COMPANY SECRETARY
