Delhi's pollution: SC pulls up city govt, says won't issue direction on odd-even scheme

NEW DELHI: The Supreme Court on Friday made it clear that the decision on introducing the odd-even car rationing scheme in the national capital has to be taken by the city government and pulled it up for shifting the burden onto the court.

CROP RESIDUE BURNING HAS TO BE STOPPED, SAYS SC

Crop residue burning or often called as stubble burning in Punjab and some other states adjacent to Delhi have to be stopped and solution has to be found to reduce the pollution level in the national capital region (NCR), the Supreme Court reiterated on Friday.

Justice Sanjay Kishan Kaul observed that there is a lack of implementation at the ground level despite the existence of several reports and committees on the pollution issue.

While hearing the matter on November 7, the apex court had questioned the effectiveness of the scheme following which the city's environment minister said it will be implemented only after the court has heard the matter on Friday and issued an order.

The top court is seized of a plea filed in 1986 by environmentalist M. C. Mehta on air pollution. Several issues concerning pollution have arisen during the hearing of the matter. On Friday, the report court said it had flagged the odd-even issue at the last hearing after an advocate, assisting it as an amicus curiae, said the odd-even plan does not actually help to reduce air pollution.

The counsel representing the Delhi government said that the odd-even scheme was required to be allowed into Delhi as committing will be a major problem otherwise. Lakhs of people working in Delhi live in cities like Noida and Gurgaon in Uttar Pradesh and Haryana. "I am agreeing with you. We never said that. Don't try to non-perform and shift the burden onto the court. This is what is happening," Justice Kaul observed.

253 candidates in 2nd phase 'crorepatis', Singh Deo richest with Rs 447 crore

RAIPUR: A total of 253 candidates in the second phase of Assembly polls in Chhattisgarh scheduled for November 17 are 'crorepatis', with Deputy Chief Minister and senior Congress leader TS Singh Deo topping the list with assets of more than Rs 447 crore.

CHHATTISGARH

In their report, said they had arrived at the figure of 253 after analysing details of only 353 candidates.

worth of assets of candidates is Rs 447 crore. It is 89% (89%) out of 70 candidates analysed from Indian National Congress, 87 (81%) out of 70 candidates analysed from Bharatiya Janata Party, 26 (42%) out of 62 candidates analysed from Janta Congress Chhattisgarh (J) and 19 (43%) out of 44 candidates analysed from Ann Admi Party have declared assets of more than Rs 1 crore.

Congress puts its Karnataka might behind poll push in Telangana

BENGALURU: The Congress seems to be using its might in Karnataka in Telangana, seeking to emulate its success there, with the party sending 10 ministers and 48 senior leaders from the state for election management to its poll-bound neighbour.

While 10 ministers from Karnataka have been appointed as AICC in-charge, 46 other party leaders - mostly MLAs and MPs - have been appointed as AICC assembly constituency overseers for various districts in Telangana, which goes to polls on November 30.

In fact, both leaders are currently in Telangana for electioneering, working for the Congress to emerge victorious in that state, like it did in Karnataka.

UP govt to provide free gas cylinders to beneficiaries of Ujjwala Yojana on Holi

LUCKNOW

Uttar Pradesh Chief Minister Yogi Adityanath on Friday said that the state government will once again provide free gas cylinders to the beneficiaries of the Pradhan Mantri Ujjwala Yojana on the occasion of Holi in March next year.

For this, the beneficiaries of the scheme need to link their bank accounts with Aadhaar.

Adityanath said, "Our government is fulfilling another announcement made in the Lok Kalyan Sankalp Patra" during the Assembly elections-2022. Before 2013, people were not able to get gas connections. Even if a connection was available, they had to stand in long queues for cylinders." He stated that there were numerous occasions when people were forced to resort to illegal channels. Poor and disadvantaged individuals couldn't even think about getting a gas connection.
