The complaint filed by a woman, which formed the basis of the FIR, alleged that she and a few others were protecting Wagle's car even

as some BIP workers hurled stones at the vehicle and iniured them.

Allegedly incited Wagle's comments on BJP veteran LK Advani and Prime Minister Narendra Modi after Advani was awarded the country's highest civilian honour Bharat Ratna, the BJP activists damaged the vehicle carrying him, causing injuries to those onboard.

"Several challenges were met and the country was given an appropriate direction. We can say with satisfaction that the work for which many generations waited for centuries was

accomplished in the 17th Lok Sabha," he said.

"These five years have been of reform, perform and transform. It is rare that we reform, perform and also see transformation. The country will keep blessing the 17th Lok Sabha," he said in his last address to the outgoing House.

The current House had the shortest number of sittings - 272 -among the Lok Sabhas that had a full term of five years since 1952, data compiled by think tank PRS Legislative Research showed.

In his valedictory ad-

dress, Speaker Om Birla said the 17th Lok Sabha had a total of 274 sitwhich lasted for hours, 345 hours more than the scheduled

EPF interest rate hiked to 3-year...

➤Continued from P 1

For FY24, the board recommended distribution of Rs 1,07,000 crore to EPF members' accounts on a total principal amount of Rs 13 lakh crore, which was Rs 91,151.66 crore and Rs 11.02 lakh crore, respectively in 2022-23.

Total income recommended for distribution is the

highest on record, it said. Compared with the previous financial year, there has been a significant growth, the statement said, adding that the income grew by more than 17.39%, while the principal amount increased by 17.97%

This suggests a healthy financial performance and potentially strong returns for the members, it stated.

EPFO has a strong track record of distributing higher income to its members over the years with prudence.

The interest rate offered by the EPFO tends to be higher compared to other investment avenues available to subscribers, it stated.

This indicates confidence in the credit profile of EPFO's investments, as well as its ability to provide attractive returns to its members, it stated.

Sawant-led panel to meet Union...

≻Continued from P 1

They maintained that it is the responsibility of the government to give justice to the aboriginal Goan communities - Gauda, Kunbi and Velip - by reserving assembly constituencies.

The Mission Political Reservation for Scheduled Tribes of Goa, which spearheads the reservation fight, said it will wait till February 16 for the government to make announcement on its long-pending demand.

Speaking to the media outside the state legislative assembly, ST leader John Fernandes and Govind Shirodkar said a notification on delimitation commission should be issued before the Lok Sabha polls so as to ensure that the communities get political reservation for the 2027 assembly elections.

Pushed to the wall by a massive rally taken out by the Mission Political Reservation for Scheduled Tribes of Goa on February 5, Sawant had assured a delegation that the government would try to persuade the Centre on formation of delimitation panel.

According to the 2011 census, ST population in Goa is 10.23%. Tribal organisations have been demanding reservation of four assembly seats for the tribal communities.

Sawant further said that upon perusing the said proposal, legislative department of the Union law ministry on July 28, 2023 submitted to the directorate of tribal welfare and stated that the readjustment of parliamentary and legislative assembly constituencies was undertaken in accordance with the provision of the Delimitation Act, 2002 by Delimitation Commission and the Delimitation

Order, 2008 issued by the said Commission is still in force. Further, Article 82 and 170 (2) and the Explanation to Article 330 read with Article 332 of the Constitution provides that until the relevant figures for the first census taken after the vear 2026 have been published, it shall not be necessary to readjust the seats in the legislative assembly of each state.

"Therefore, it is clear that the next delimitation exercise and the readjustment of seats, including the number of seats to be reserved for the SCs and STs, would only take place

by a delimitation commission to be constituted for the purpose after the relevant figures of the census taken after the year 2026 are published," he

Doctors perform reverse shoulder arthroplasty

Mapusa

A team of Goan surgeons have achieved a milestone by performing challenging surgery- Reverse Shoulder Arthroplasty at a city hospital. The surgery, which was

conducted by surgeons Dr Mahendra Kudchadkar and Dr Amey Swar, at Vision Hospital, Mapusa, was made possible with the vital contribution of anesthesia administered by Dr Bhagyashree Shetye. The combination of general anesthesia with a block ensured the patient's comfort and safety throughout the procedure and post operative period. Indication for the sur-

gery included a severely painful shoulder with a long-standing rotator cuff tear, leading to arthritis and debilitating pain that severely limited the patient's daily activities. In a normal shoulder

replacement, the ball of the joint is replaced with

a metal implant, while the socket is resurfaced with a plastic component. However, in reverse shoulder replacement, the positions of the ball and socket are reversed, with the metal implant placed on the socket side and the plastic component on the ball

side, the hospital said Reverse Shoulder Arthroplasty is not a commonly performed surgery, but its significance cannot be overstated. It is a specialised procedure designed for individuals with complex shoulder conditions, particularly those with rotator cuff tears and arthritis, the doctors said.

As medical technology continues to advance, procedures like reverse shoulder arthroplasty offer new possibilities for patients with challenging orthopedic conditions reaffirming the commitment of healthcare professionals to excellence in patient care and surgical innovation, the hospital
