Remsons Industries bags Rs. 30 Crore order from Tata Motors for Winches

Multiple Orders from Tata Motors for winches used for spare wheel, currently supplying to Tigor, Altroz, Punch and Nexon iCNG added, the total order is executable over three Years.

Mumbai, April 16, 2024: Remsons Industries Ltd., a pioneer in cables & shifters for automotive industry has bagged the fourth order from Tata Motors for the supply of winches used for spare wheel. The company is currently supplying winches to successful models like Tigor, Altroz and Punch and the recent order is received for its new model Tata Nexon CNG. The total size of all the orders stands at Rs. 30 crore which will be executed over three years.

Tata Motors showcased the Nexon iCNG, India's first car with a turbocharged CNG powertrain, at the Bharat Mobility Global Expo 2024. The SUV is expected to be launched in the second half of 2024. This marks a significant achievement for Remsons Industries, as it represents the fourth order received by Tata Motors for winches.

Commenting on the development Amit Srivastava, Group CEO, said, "At Remsons, we take great pride that Tata Motors has placed their trust in us. By providing a wide selection of winches, we ensure that businesses can find the perfect solution for their specific needs and be a valuable partner in their journey."

With the help of UK acquisition of Remsons was able to add various goods such as winches, jacks and pedal boxes. We are in the process of introducing them to our customers, who will be able to benefit from global technology produced in India."

Remsons has emerged as a leading player in the market, providing top-notch winch solutions. Remsons offers a diverse range of winches products that are known for their reliability and durability. These winches are designed to withstand heavy loads and harsh conditions, making them ideal for various OEM and other applications.
