2. The above consolidated results have been reviewed by the Audit Committee and approved by the Board of Directors of Adani Power Limited (the "Company") in their meetings held on 29<sup>th</sup> May, 2019.
3. In case of Adani Power Maharashtra Limited ("APML") a wholly owned subsidiary of the Company, Maharashtra Electricity Regulatory Commission ("MERC") vide its order dated 7<sup>th</sup> March, 2018 has given a favorable order against APML's petition for change in law claims on account of shortage of coal supply under the New Coal Distribution Policy ("NCDP" policy) upto 31<sup>st</sup> March, 2017 for the capacity tied up under Power Purchase Agreements ("PPAs") for the generation capacity of 1180 MW having Fuel Supply Agreements ("FSAs") (unit 1 & 2) and for capacity tied up under PPAs for 1320 MW (unit 4 & 5) having MOUs. APML had accounted estimated income of ₹ 1685.12 crores against such claims including revision made based on the said order in earlier financial years. During the year, APML has recognised an additional income of ₹ 624.87 crores for the period upto 31<sup>st</sup> March, 2017 in the matter of compensation in lieu of non-availability of coal linkages / coal under FSAs. This additional income is recognized based on latest deliberations with Maharashtra State Electricity Distribution Company Limited ("MSEDCL"), to revise certain cost parameters and other variables.

For the period subsequent to 1<sup>st</sup> April, 2017, MERC vide its order dated 6<sup>th</sup> February, 2019 has allowed further change in law claim on account of shortage of coal supply to APML. During the year, based on the said order, APML has recognised revenue of ₹ 1,157.84 Crores and ₹ 743.32 crores pertaining to FY 2017-18 and FY 2018-19 respectively.

All claims have been recognised based on certain variables as per the methodology given in the MERC order and may be subject to certain adjustments after MSEDCL reviews the claims.

4. Pursuant to the order of MERC dated 7<sup>th</sup> February, 2019, in the matter relating to award of carrying cost benefit on compensation towards shortfall in domestic coal, APML has recognized other income of ₹ 843.26 crores during the quarter (including ₹ 719.06 crores pertaining to earlier years), based on the submission of carrying cost claim as per the order, made with Maharashtra Discom. During the quarter, APML has already received ₹ 152.94 crores out of the said amount.
5. Pursuant to the order of Appellate Tribunal for Electricity ("APTEL") dated 19<sup>th</sup> April, 2018 for 800 MW capacity and order of MERC dated 7<sup>th</sup> March, 2019 for 2500 MW capacity, in the matter relating to award of carrying cost benefit on approved change in law claims such as Clean Energy Cess, Compensation Cess, Goods and Service tax, Central Excise Duty, Royalty, Service tax on Freight, NMET & DMF, Busy Session Surcharge, Development Surcharge, etc., APML has recognized other income of ₹ 131.69 crores during the quarter pertaining to earlier years based on the submission of carrying cost claim made with Maharashtra Discom, which has been fully recovered.
6. In case of Adani Power Rajasthan Limited ("APRL"), a wholly owned subsidiary of the Company, Rajasthan Electricity Regulatory Commission ("RERC") vide its order dated 17<sup>th</sup> May, 2018, has granted relief as provided under clause 10 of the PPAs for the additional cost incurred on procurement of alternate coal whereby, APRL accounted for the claim receivable on account of NCDP policy of the Government, for the period from May 2013 to January 2018. The Rajasthan Discoms have filed an appeal against the aforesaid order of RERC.

Meanwhile, based on the petition filed by Rajasthan Discoms against APTEL's interim order dated 24<sup>th</sup> September, 2018 directing them to pay provisional amount equivalent to 70% of the claim amount, Hon'ble Supreme Court vide its order dated 29<sup>th</sup> October, 2018 directed Rajasthan Discoms to pay provisional amount equivalent to 50% of the amount claimed within the period of 2 months from the date of order. Pursuant to the said order, APRL has received ₹ 2,351.14 crores during the year.

7. Pursuant to the order of APTEL dated 14<sup>th</sup> August, 2018 in the matter relating to award of carrying cost benefit on approved change in law claims such as Clean Energy Cess, Central Excise Duty, Royalty, Service tax on Freight, NMET & DMF, Busy Session Surcharge, Development Surcharge, etc. and the same having been acknowledged by the RERC vide their order dated 24<sup>th</sup> September, 2018, during the year, APRL has recognized other income of ₹ 119.12 crores (including ₹ 105.44 crores pertaining to earlier years) relating to carrying cost benefit likely to accrue to APRL based on the submission of carrying cost claim made with Rajasthan Discoms. The above amount is yet to be realised.
8. During the quarter, Adani Power (Mundra) Limited ("APMuL") a wholly owned subsidiary of the Company has entered into Supplemental Power Purchase Agreements ("SPPAs") for 2434 MW capacity with Gujarat Urja Vikas Nigam Limited ("GUVNL") which are effective from 15<sup>th</sup> October, 2018 and has been approved by Central Electricity Regulatory Commission ("CERC") vide its order dated 12<sup>th</sup> April, 2019. The effect of Supplemental Agreement in terms of additional revenue of ₹ 711.28 crores has been considered in the results for the quarter and year ended 31<sup>st</sup> March, 2019.
9. Pursuant to the order of APTEL dated 13<sup>th</sup> April, 2018 and CERC order dated 17<sup>th</sup> September, 2018 in the matter relating to award of carrying cost benefit on approved change in law claims such as Clean Energy Cess, / Compensation Cess, Countervailing Duty / Integrated Goods and Service Tax and Basic Custom Duty, during the year, APMuL has recognized other income of ₹ 61.48 crores relating to earlier years for carrying cost benefit based on the submissions of carrying cost claims made with Gujarat Discom and Haryana Discoms. Out of the said amount, Haryana Discoms have made full payment and Gujarat Discom has made payment of significant portion of the claim amount.
10. Pursuant to the order of the CERC dated 11<sup>th</sup> March, 2019, during the current quarter APMuL has also recognized other income of ₹ 217.75 crores (including ₹ 216.58 crores pertaining to earlier years) on account of carrying cost for Change in law due to shortfall in domestic coal.
11. During the quarter and year ended 31<sup>st</sup> March, 2019, Revenue from operations (excluding amounts covered under note 3 above) of ₹ (578.91) crores (net) and ₹ 214.95 crores (net) respectively, have been (de-recognised) / recognised pertaining to the period upto 31<sup>st</sup> March, 2018 based on the notifications and orders received during the year ended 31<sup>st</sup> March, 2019 from various regulatory authorities such as RERC / MERC / CERC and APTEL, relating to various claims. This further excludes de-recognition of revenue of ₹ 1,258.54 crores during the current quarter pertaining to 800 MW capacity linked to Lohara coal block for which order from regulatory authorities is still awaited by APML.
12. As at the reporting date, APMuL, has evaluated the factors based on which the future cash flow projections have been prepared for computing the recoverable amount of its Mundra power generation plants of 4620 MW capacity. For the purpose of computing the recoverable amount in the form of value in use as at the year ended 31<sup>st</sup> March, 2019, APMuL has used forecast estimates relating to tariff, operational performance of the plants, life extension plans, market prices of coal and other fuels, inflation, terminal value, etc.

Notwithstanding the above, based on Hon'ble Supreme Court's directions, the Gujarat Discom under the directive of Government of Gujarat has entered into SPPAs with APMuL w.e.f. 15<sup>th</sup> October, 2018 (Refer note 8 above), which has been also approved by CERC vide its order dated 12<sup>th</sup> April, 2019 w.e.f. 15<sup>th</sup> October, 2018. In addition to the above, management's long term assessment made as regards recoverable amount of APMuL's power generation assets of ₹ 20,203.48 crores has also factored better operational parameters such as coal prices, borrowing cost, revised power tariff, leading to better operational and financial performance of APMuL. The management believes that over foreseeable future, APMuL would be able to establish profitable operations and meet its liabilities as and when they fall due and hence, no provision / adjustment is considered necessary to the carrying value of its property, plant and equipment aggregating to ₹ 20,203.48 crores as at 31<sup>st</sup> March, 2019.

13. Pursuant to the execution of the share purchase agreement ("SPA") dated 4<sup>th</sup> March, 2015 by the Company with the erstwhile owners of Korba West Power Company Limited ("KWPCCL"), having operating capacity of 600 MW Thermal Power Project at Korba, Chhattisgarh, the Company had paid ₹ 775 crores by 17<sup>th</sup> March, 2015 to such owners towards 100% acquisition of shares in KWPCCL and has further advanced ₹ 1,976.77 crores to KWPCCL over the years as inter corporate deposit and other advance till 31<sup>st</sup> March, 2019 (including ₹ 392.59 crores interest accrued thereon and subrogation of ₹ 194.23 crores). The closure of the acquisition of KWPCCL as per SPA could not take place pending resolution of disputes in terms of the SPA, suspension of plant operations due to failure of generator leading to differences with original equipment supplier and finally, pending restructuring of loans by the lenders. On 22<sup>nd</sup> December, 2017, based on understanding reached with stakeholders and KWPCCL lenders, the Company acquired 49% of the equity shares of KWPCCL (with the lenders invoking pledge for the balance 51% equity shares) whereby KWPCCL became Company's associate entity and remained so till 17<sup>th</sup> January, 2018, when the Company entered into a separate SPA to sell / dispose-off, the acquired 49% equity shares to a third party for a consideration of ₹ 263.69 crores.

With effect from 26<sup>th</sup> July 2018, KWPCCL is in the Corporate Insolvency Resolution Process ("CIRP") under the provisions of the Insolvency and Bankruptcy Code, 2016 due to non-conclusion of restructuring of loans with the lenders and also it remained non-operational due to failure of generator, wherein the Company has been selected as a member of Committee of Creditors ("CoC"). Resolution Professional ("RP") had issued Expression of Interest for buy out of KWPCCL as a part of CIRP wherein Company had expressed interest to buy out KWPCCL and submitted its resolution plan on 10<sup>th</sup> January, 2019. During the quarter, Company's resolution plan has been approved by the required majority at CoC and consequently, RP has issued Letter of Intent ("LoI") on 6<sup>th</sup> April, 2019, in favour of the Company. The Company expects favourable order of National Company Law Tribunal ("NCLT") in the matter, thereby resulting in recommencement of operation of the 600 MW plant and in the process, enable the Company to realize the aforesaid amounts over the foreseeable future.

Pending CIRP of KWPCCL with NCLT, the Company would continue to demand and expects to realise the value of advances given for acquisition of KWPCCL and advance paid to KWPCCL and outstanding sale proceeds of 49% stake in KWPCCL and hence, no impairment / provision has been recorded in the books.

The statutory auditors have expressed qualification in respect of this matter.

- 2 The above standalone results of the Company have been reviewed by the Audit Committee and approved by the Board of Directors of Adani Power Limited (the "Company") in their respective meetings held on 29<sup>th</sup> May, 2019.
- 3 During the previous year, the National Company law Tribunal ("NCLT") had sanctioned the Scheme of Arrangement for the demerger of Company's 4620 MW thermal power undertaking at Mundra ("Undertaking") into its subsidiary, Adani Power (Mundra) Limited ("APMuL") on a slump exchange basis. The said Scheme has been made effective on 22<sup>nd</sup> December, 2017, with appointed date of 31<sup>st</sup> March, 2017, on receipt of all the requisite approvals and the effect of the Scheme was given during the quarter ended 31<sup>st</sup> December, 2017. The net loss of ₹ 1,504.66 crores pertaining to the operations of demerged Undertaking from the appointed date was transferred to APMuL and was accounted as an exceptional item for the year ended 31<sup>st</sup> March, 2018. Accordingly, the figures for corresponding year ended on 31<sup>st</sup> March, 2018 are not comparable to the figures for the current period.
- 4 Pursuant to the execution of the share purchase agreement ("SPA") dated 4<sup>th</sup> March, 2015 by the Company with the erstwhile owners of Korba West Power Company Limited ("KWPCCL"), having operating capacity of 600 MW Thermal Power Project at Korba, Chhattisgarh, the Company had paid ₹ 775.00 crores by 17<sup>th</sup> March, 2015 to such owners towards 100% acquisition of shares in KWPCCL and has further advanced, ₹ 1,976.77 crores to KWPCCL over the years as inter corporate deposit and other advance till 31<sup>st</sup> March, 2019 (including ₹ 392.59 crores interest accrued thereon and subrogation of ₹ 194.23 crores). The closure of the acquisition of KWPCCL as per SPA could not take place pending resolution of disputes in terms of the SPA, suspension of plant operations due to failure of generator leading to differences with original equipment supplier and finally, pending restructuring of loans by the lenders. On 22<sup>nd</sup> December, 2017, based on understanding reached with stakeholders and KWPCCL lenders, the Company acquired 49% of the equity shares of KWPCCL (with the lenders invoking pledge for the balance 51% equity shares) whereby KWPCCL became Company's associate entity and remained so till 17<sup>th</sup> January, 2018, when the Company entered into a separate SPA to sell / dispose-off, the acquired 49% equity shares to a third party for a consideration of ₹ 263.69 crores.

With effect from 26<sup>th</sup> July 2018, KWPCCL is in the Corporate Insolvency Resolution Process ("CIRP") under the provisions of the Insolvency and Bankruptcy Code, 2016 due to non-conclusion of restructuring of loans with the lenders and also it remained non-operational due to failure of generator, wherein the Company has been selected as a member of Committee of Creditors ("CoC"). Resolution Professional ("RP") had issued Expression of Interest for buy out of KWPCCL as a part of CIRP wherein Company had expressed interest to buy out KWPCCL and submitted its resolution plan on 10<sup>th</sup> January, 2019. During the quarter, Company's resolution plan has been approved by the required majority at CoC and consequently, RP has issued Letter of Intent ("LoI") on 6<sup>th</sup> April, 2019, in favour of the Company. The Company expects favourable order of National Company Law Tribunal ("NCLT") in the matter, thereby resulting in recommencement of operation of the 600 MW plant and in the process, enable the Company to realize the aforesaid amounts over the foreseeable future.

Pending CIRP of KWPCCL with NCLT, the Company would continue to demand and expects to realise the value of advances given for acquisition of KWPCCL and advance paid to KWPCCL and outstanding sale proceeds of 49% stake in KWPCCL and hence, no impairment / provision has been recorded in the books.

The statutory auditors have expressed qualification in respect of this matter.

- 5 The Company has changed its accounting policy for valuation of coal from Weighted Average Cost method to First In First Out (FIFO) method w.e.f. 1<sup>st</sup> April, 2018. The said change has been made with a view to account for the cost of coal to reflect on more realistic basis and also to align the policy with the practices being adopted by the various regulators in their orders relating to claims on change in law. The impact of said change in accounting policy has been given retrospectively in compliance with requirement of Ind AS 8 "Accounting Policies, Changes in Accounting Estimates and Errors".

Following is the impact of the said change in the policy on each item of the Statement of Profit and Loss.

- 6 The Company's activities during the period revolve around power generation. Considering the nature of Company's business and operations, as well as based on reviews of operating results by the chief operating decision maker to make decisions about resource allocation and performance measurement, there is only one reportable segment in accordance with the requirements of Ind AS 108 "Operating Segments".
- 7 The Ministry of Corporate Affairs (MCA), on 28<sup>th</sup> March, 2018, notified Ind AS 115 "Revenue from Contracts with Customers" as part of the Companies (Indian Accounting Standards) Amendment Rules, 2018. The new standard is effective for accounting periods beginning on or after 1<sup>st</sup> April, 2018. Based on the evaluation made by the Management, the adoption of the standard did not have any material impact on the above results of the Company.
- 8 As at 31<sup>st</sup> March, 2019, the Company is carrying equity investment of ₹ 106.05 crores, Unsecured Perpetual Securities of ₹ 5,050.00 crores and outstanding loans of ₹ 6,415.02 crores relating to its wholly owned subsidiary APMuL. APMuL has reported loss of ₹ 1,046.71 crores for the year ended 31<sup>st</sup> March, 2019 and loss of ₹ 1,679.49 crores for the year ended 31<sup>st</sup> March, 2018, and has accumulated losses of ₹ 10,789.02 crores as at 31<sup>st</sup> March, 2019. Further, its current liabilities (including ₹ 2,643.86 crores for related parties) exceed current assets by ₹ 3,347.56 crores and the net worth of APMuL has been completely eroded based on the latest financial statements.

Notwithstanding the above, based on Hon. Supreme Court's direction, the Gujarat Discom under the directive of Government of Gujarat has entered into Supplemental Power Purchase Agreements with APMuL w.e.f. 15<sup>th</sup> October, 2018, which has also been approved by CERC vide order dated 12<sup>th</sup> April, 2019. In addition to above, as per management's long term assessment made, as regards recoverable amount of APMuL's power generation assets, it has also factored better operational parameters such as coal prices, borrowing cost, power tariff, leading to better operational and financial performance of APMuL. The management believes that over foreseeable future, APMuL would be able to establish profitable operations and meet its liabilities as and when they fall due and hence, no provision / adjustment is considered necessary to the carrying value of the said investments / loans aggregating to ₹ 11,571.07 crores as at 31<sup>st</sup> March, 2019.

The statutory auditors have expressed qualification in respect of above matter.

9. During the year, the Company has issued Unsecured Perpetual Securities ("Securities") of ₹ 8,000.00 crores (net of redemption of ₹ 2,900.00 crores) to Adani group companies. These Securities are perpetual in nature with no maturity or redemption and are callable only at the option of the Company. The distributions on these Securities are cumulative at the rate of 10% p.a. and at the discretion of the Company. As these securities are perpetual in nature and ranked senior only to the Share Capital of the Company and the Company does not have any redemption obligation, these are considered to be in the nature of equity instruments. The Company has distributed ₹ 184.90 crores on the aforesaid Securities during the current year.
10. During the year, the Company has converted ICDs into investment in Unsecured Perpetual Securities of ₹ 5,050.00 crores, ₹ 750.00 crores and ₹ 2,200.00 crores into the subsidiary companies, Adani Power (Mundra) Limited, Adani Power Maharashtra Limited and Adani Power Rajasthan Limited, respectively. These Securities are perpetual in nature with no maturity or redemption and are callable only at the option of the issuer. The distribution on these Securities are cumulative and at the discretion of the issuer at the rate of 10% p.a. As these securities are perpetual in nature and ranked senior only to the Share Capital of the issuer and the issuer does not have any redemption obligation, these are considered to be in the nature of equity instruments.
11. During the current quarter, the Company has converted loans of ₹ 255 Crores (previous quarter ₹ 810 Crores) given to the subsidiary Company, Adani Power (Jharkhand) Limited, into investment in its equity share capital.
12. During the current quarter, the Company has acquired 100% equity shares and Compulsorily Convertible Debenture of three companies viz. Pench Thermal Energy (MP) Limited (Previously known as Adani Pench Power Limited), Adani Power Dahej Limited and Kutchh Power Generation Limited for consideration of ₹ 323.82 crores as at 29<sup>th</sup> March, 2019. Hence, these Companies became wholly owned subsidiaries of the Company.
13. **Auditor's Report On Quarterly Financial Results and Year to Date Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended****To  
Board of Directors of  
Adani Power Limited,**

1. We have audited the accompanying statement of quarterly standalone Ind AS financial results of Adani Power Limited (the "Company") for the quarter ended March 31, 2019 and for the year ended March 31, 2019 (the "Statement"), attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Regulation"), read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016 (the "Circular"). The standalone Ind AS financial results for the quarter ended March 31, 2019 and year ended March 31, 2019 have been prepared on the basis of the standalone Ind AS financial results for the nine-month period ended December 31, 2018, the audited annual standalone Ind AS financial statements as at and for the year ended March 31, 2019, and the relevant requirements of the Regulation and the Circular, which are the responsibility of the Company's management and have been approved by the Board of Directors of the Company. Our responsibility is to express an opinion on these standalone financial results based on our review of the standalone Ind AS financial results for the nine-month period ended December 31, 2018 which were prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard (Ind AS) 34 Interim Financial Reporting, specified under Section 133 of the Companies Act 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India; our audit of the annual standalone Ind AS financial statements as at and for the year ended March 31, 2019; and the relevant requirements of the Regulation and the Circular.
2. We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatement(s). An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.
3. We draw attention to the following notes:
  - a. Note no. 4 to the Statement regarding uncertainties relating to realisation of loans (including interest thereon) of ₹ 1,976.77 crores given to Korba West Power Company Limited ("KWPC"), unsettled advance consideration of ₹ 511.31 crores paid for purchase of 51% equity shares of KWPC (and its preference shares) to its earlier owners and outstanding sale consideration of ₹ 263.69 crores against 49% equity shares of KWPC sold to a third party during the previous year. We are unable to comment on the recoverability / impairment of the aforesaid loans and advances and sale consideration receivable aggregating to ₹ 2,751.77 crores and their consequential impact on the financial results for the year and the financial position of the Company as at March 31, 2019.

- b. Note no. 8 to the Statement regarding significant operational losses incurred since earlier years by Adani Power (Mundra) Limited (“APMuL”), a wholly owned subsidiary, whereby net worth of APMuL has been completely eroded. For the reasons stated by the management in the note, the performance of APMuL over the foreseeable future is dependent on the outcome of resolution of various matters with the discoms / regulators and lenders and improvement in its operational performance. We have not been able to corroborate the Management’s contention of realising the carrying value of its investments and loans and advances related to APMuL aggregating to ₹ 11,571.07 crores (including accrued interest). Accordingly, we are unable to comment on the appropriateness of the carrying value of such investments and loans and advances and their consequential impact on the financial results for the year and the financial position of the Company as at March 31, 2019.

Our audit report for the previous year ended March 31, 2018 was also qualified in respect of the matter (a) above and our review report for the quarter ended December 31, 2018 was also qualified in respect of matters (a) and (b) above.

4. In our opinion and to the best of our information and according to the explanations given to us, except for the possible effect of the matters described in paragraph 3 above, these quarterly standalone Ind AS financial results as well as the year to date results:
- are presented in accordance with the requirements of the Regulation read with the Circular, in this regard; and
  - give a true and fair view of the net loss including other comprehensive income and other financial information for the quarter ended March 31, 2019 and for the year ended March 31, 2019.
5. Further, read with paragraph 1 above, we report that the figures for the quarter ended March 31, 2019 represent the derived figures between the audited figures in respect of the financial year ended March 31, 2019 and the published year-to-date figures up to December 31, 2018, being the date of the end of the third quarter of the current financial year, which were subjected to a limited review as stated in paragraph 1 above, as required under the Regulation and the Circular.
