For **Shri Keshav Cements and Infra Limited**

Venkatesh Katwa
Chairman

Shri Keshav Cement & Infra Limited Awarded for maintaining best quality of cement.

Mumbai 8th January, 2024 – Shri Keshav Cement & Infra Limited (BSE – 530977), engaged in the manufacturing of Cement and Solar Power Generation and Distribution in the state of Karnataka has been awarded for maintaining the best quality of cement & for achieving zero product failure in last 3 years at Bureau of Indian Standards (BIS), Hubli. This recognition was presented during the celebration of the 77th BIS foundation day.

The award was felicitated by dignitaries to Mr. Mohan Rao – General Manager Plant Operations on behalf of Shri Keshav Cement & Infra Limited on 6th January, 2024.

Speaking on the occasion, Mr. Venkatesh Katwa, Chairman of Shri Keshav Cement & Infra Limited said, “It is truly an honor to receive an award for maintaining the highest quality standards in cement production. This commendation, presented during the celebration of the 77th BIS foundation day, reaffirms our dedication to delivering top-notch products in the field of Cement and Solar Power Generation and Distribution in the state of Karnataka. We remain steadfast in our pursuit of quality and innovation as we continue to contribute to the growth and development of the industry.”

About Shri Keshav Cement & Infra Limited:

Incorporated in the year 1993 Shri Keshav Cement & Infra Limited (KCIL), formerly Katwa Udyog Limited is engaged in the manufacturing of Cement and Solar Power Generation and Distribution in the state of Karnataka India.

The Business segments are divided into two verticals 1) Manufacturing of cement 2) Generation of Electricity using Solar Power. The cement plants are located at Bagalkot district, Karnataka and the Solar power plant is located at Koppal, Karnataka.

The Company manufactures 43 grade and 53 grade Ordinary Portland Cement. The inception of the company began with the acquisition of a sick cement plant of 20 TPD (Tons per day) in 1994. The capacity of the plant gradually increased year after year to reach 600 TPD. The further acquisition has added 300 TPD to the existing capacity. The current capacity of the company is 1,100 TPD with two cement manufacturing plants – one operating with a vertical shaft kiln (VSK) having a capacity of 300TPD in Kaladgi, Bagalkot and another unit having a capacity of 800 TPD operating with rotary kiln technology located at Nagnapur, Bagalkot.

The company owns three very renowned regional brands of cement "Jyoti Power" "Jyoti Gold" & "Keshav Cement". The company supplies cement in North Karnataka, Coastal Karnataka, Goa and some parts of Maharashtra and Kerala. "Keshav Cement" is a premium brand of the company. SKCIL is producing cement by using 100% green energy (Solar) since April 2018.

The cement industry is highly energy-intensive and power cost constitutes around 30% of the manufacturing cost in the cement manufacturing process. The current power requirement of the cement plants is 12 MW. The Company has two power plants that cumulatively generate 37 MW of power. After using it for its business operations, the balance of 25 MW is sold by the Company.

For FY23, the Company has reported Total Revenues of ₹ 125.37 crore, EBITA of ₹ 37.02 crore with & Net Profit of ₹ 2.91 crore.

The shares of SKCIL are listed on BSE (530977).
