Department of Health National Deworming Day Campaign

Navi Mumbai: Deworming pills are vital for good health and the National Deworming Day campaign is conducted twice a year. 13.2.2024 and mop up day dt. To be implemented on 20.2.2024. In this, boys and girls between 1 to 19 years are fixed according to age group. An anthelmintic pill will be given as done. Shooting of boys and girls attending schools where schools are open by teachers and boys and girls going to Anganwadi by Anganwadi teachers will be given. Intestinal helminths in children between the ages of 1 and 19 are caused by a soil-transmitted worm. The main reason for this is the lack of cleanliness in the area. Worm infestation is a cause of anemia and malnutrition. Physical and intellectual growth of children is stunted. Keeping this in mind, the purpose of National Deworming Day is to provide deworming pills to all boys and girls between the ages of 1 to 19 years at school and Anganwadicenter level to keep them healthy, improve their nutritional status, education and quality of life. In order to prevent the spread of worms, it is necessary to take precautions such as washing hands, using the toilet, washing vegetables and fruits, regularly cutting and keeping the nails clean, and using shoes or sandals while going out. This campaign civil primary healtht will be implemented through the Centre. A child aged one to two years will be given half a tablet (200 mg) of dewormer (Tab. Albendazole) dissolved in water. For boys and girls aged two to three years, one whole tablet (400 mg) dissolved in water will be given. For boys and girls aged three to twenty-nine years, one whole tablet (400 mg) is to be chewed with clean water. Taking the pill does not cause any side effects. However, if the worm is present in the child's body, minor stomach pain, burning sensation or in rare cases, vomiting may occur in children. As these side effects are minor in nature, parents

create public awareness of the campaign. However, all our children from 1 to 19 years of age. 13.2.2024 and mop up day dt. On 20.2.2024 it is important to maintain good health and improve nutritional status and education by preventing anemia and malnutrition due to deworming by deworming pill. This appeal is being made on behalf of Municipal Commissioner Mr. Rajesh Narvekar.

should not panic. Navi Mumbai Municipal Corporation has a target of 167799 for the said campaign and all the planning has been done for this and according to this a joint meeting of the Health Department, Education Department and Integrated Child Development Department is held to train all the concerned (ANM, Asha, Anganwadi teachers, school coordinators etc.), all officials and employees. have come and banners have been put up to
