Cool destinations...

"Superluxury properties and homestay owners will go to destinations where the world is going. This campaign will create a demand for infra and make India a 365-day destination for both homestays and luxury travellers," she said. A transformer, already underway, Mizoram has an AQI between 25 and 39 and an average tourist footfall of over 1,61,000 pre-Covid. Former CM Zoramthanga had invited tourists a few years back to come and "breathe the clean air" when Delhi and other cities were grappling with air pollution. The Gulmarg gondola cable car ride, for the first time, saw over a million tourists in FY 2023-24. As per J&K tourism department, it saw an unprecedented revenue growth, crossing over ₹110 cr, surpassing all previous figures. While India's tourism landscape evolves, with infra expansion, hotel development, a burgeoning middle class, and accelerated growth of air travel, Jyoti Mayal, president, Travel Agents' Association of India (TAAI), said: "This initiative draws attention to lesser known destinations and alleviates overcrowding at popular tourist spots. The campaign is poised to attract international visitors and will drive tourism growth." India saw a 64% surge in foreign tourist arrivals in 2023, with 92,36,108 visitors between January and December 2023, compared with 64,37,467 in the same period of the previous year, as per ministry of tourism data. Cooler climes are a natural choice in summer. But popular

places like Shimla are more urban sprawls of haphazard construction, water shortage, overtourism and choked roads in peak tourist season. "This time, Ooty tops our list of the most searched summer destinations with a 20% hike in searches compared to the same time last year. Indians are escaping to the hills, with Manali, Munnar, Kodaikanal, Darjeeling, Kodaikanal, Rishikesh, Sri-nagar and Lonavala among the top searched domestic destinations," said Santosh Kumar, country manager for India, Sri Lanka, Maldives and Indonesia, Booking.com. The portal's Travel Predictions 2024 suggests 76% of Indian travellers are headed to cool places this summer. For MakeMyTrip, summer is one of the biggest quarters of the year in terms of travel intent. Rajesh Magow, co-founder and Group CEO, MakeMyTrip, said, "This year the buoyancy in the sector continues. We are observing a healthy growth in searches over those recorded last year." Kashmir, Ladakh and Himachal Pradesh continue to reign. Rajiv Mehra, president, Indian Association of Tour Operators (IATO), and general secretary, Federation of Associations in Indian Tourism and Hospitality (FAITH), said: "Hotel rates are affordable in the summer so this is one big draw. The association and its members are doing our best to draw tourists from abroad. With initiatives like 'Chalo India' and government support, we can do things at a much larger level." However, accessibility to most hill places remains a challenge. While most destinations have an excellent road network, rail and air travel for the targeted premium visitor is a major concern. Most places

do not have direct access to flights or even heliports. **MGNREGS...** Officials said that in many states where labour is expensive, a new trend has emerged — that of getting MGNREGS work done through machines and paying a share of the money to workers who lend their identity to be used in the scheme. "Such practices make the scheme look like its purpose is only distribution of the budget allocation instead of making the scheme a demand-driven work for unemployed people," officials said. The Centre would have to take some corrective measures to clamp down on such misuse by the better-off states compared with low-income states like Bihar, officials added. **OYO...** The move brought down its outstanding loan amount to around \$450 million. A source told PTI, "The refinancing will result in material changes to OYO's financial statements. Hence as per existing regulations, it will need to revise its filings with the regulator." "Since the decision for refinancing is at an advanced stage, it doesn't make sense to continue pursuing IPO approval with the current financials. So it's prudent to withdraw the current application," he added. The refinancing will extend the repayment timeline to 5 years, versus the repayment of the remaining TLB due in 2026, the source said. The bond issuance would significantly lower the current effective interest rate of 14% on its existing \$450 million term loan B (TLB) facility. "The refinancing is expected to result in annual

interest savings of \$8-10 million (₹66.4 crore - ₹83 crore) in the first year, after accounting for the costs associated with the bond issuance. The company anticipates annual savings of \$15-17 million (₹124.5 crore - ₹41.1 crore) thereafter, almost all of which would get added to its net profits. Post the debt refinancing, the firm is open to contemplating an equity round to reaffirm investor confidence before a public listing to fortify its financial strength," the source said. In Sept 2021, OYO had filed preliminary documents with Sebi for a ₹8,430-crore IPO. It was delayed due to then volatile market conditions, making the firm prepare to settle for a lower valuation at around \$4-6 billion instead of the \$11 billion it was targeting initially. **N Vaghul...** Above all, Vaghul will always be respected and admired for his integrity. In times when other bankers were known to succumb to pressure from New Delhi, he was able to fight it; it was these values and principles that set him apart from his peers. There are several anecdotes in his book *Reflections* released last year that give us an insight into how bankers were put in difficult situations by politicians and bureaucrats who expected the former to toe their line. Vaghul, too, found himself in such predicaments, but to his immense credit, he managed to stand his ground, sometimes even threatening to resign. It could not have been easy but then Vaghul was never one to compromise on his values.

● ADDRESS GLOBAL CHALLENGES **India, UK review progress made on 'Roadmap 2030'**

Countries reaffirm commitment to free trade agreement

PRESS TRUST OF INDIA
New Delhi, May 18

A COMPREHENSIVE REVIEW of the India-UK 'Roadmap 2030' was undertaken during foreign secretary Vinay Kwatra's two-day visit to London, the Ministry of External Affairs (MEA) said on Saturday. This includes a reaffirmation of both countries' commitment to conclude a mutually beneficial free trade

UK's permanent under-secretary Philip Barton with India's foreign secretary Vinay Kwatra

agreement (FTA). The two sides also agreed to further strengthen bilateral cooperation in areas of trade, defence and security, science and technology and people-to-people exchanges. The foreign secretary visited the UK from May 16 to 17 to attend the 16th round of Foreign Office Consultations (FOC) between the two sides. In 2021, India and the UK adopted a 10-year roadmap to expand ties in the key areas of trade and economy, defence and security, climate change and people-to-people connections among others.

Tributes pour in for banker N Vaghul

SACHIN KUMAR
Mumbai, May 18

SADDENED BY THE passing of veteran banker Narayanan Vaghul, corporate India and policymakers poured in their tributes and hailed his contributions in modern banking sector of the country. After starting his career as an officer with the State Bank of India, he became the youngest chairman of public sector lender Bank of India at 44 in 1981. The dynamic banker is credited with transforming Industrial Credit and Investment Corporation of India (ICICI) from a public

Recognising his immense contribution to the financial sector, the government conferred him Padma Bhushan in 2010 in the Trade and Industry category. His leadership imprint extended beyond the financial realm. He also served as a mentor to numerous leaders, including Anand Mahindra and Kiran Mazumdar-Shaw among others. "Today, I grieve for the Bhisma Pitamah of Indian Banking — N Vaghul, who passed away this morning," wrote Anand Mahindra on X. "I grieve not just for a Titan of Indian Business, but for one of the most inspiring & generous people I have ever had the good fortune to encounter," he added. "My greatest mentor breathed his last. I was blessed to know him as my mentor and friend. RIP Mr Vaghul — your legend lives on for posterity," said Kiran Mazumdar-Shaw, executive chairperson of Biocon.

Heatwave in NW India for 5 more days

THE EXTREME HEAT crippling large parts of northwest India will continue for another five days, with Delhi, Haryana, Punjab, Rajasthan and Uttar Pradesh predicted to bear the maximum impact. Swathes of north India stewed in brutal heat on Friday, with maximum temperatures soaring to a scorching 47.4 degrees Celsius in west Delhi's Najafgarh, the highest this season in the country so far.

The IMD on Saturday predicted severe heat wave over the plains of northwest India over the next five days and heat wave over east and central regions during the next three days. The Met office also issue a red warning for Delhi, Haryana, Punjab and west Rajasthan.
