To Board of Directors of SHAH ALLOYS LIMITED, Ahmedabad.

We have audited the accompanying Standalone statement of financial results of **SHAH ALLOYS LIMITED** (the Company) for the quarter and year ended 31st March, 2019, being submitted by the company pursuant to the requirements of Regulation 33 of the SEBI (Listing obligations & Disclosure Requirements) Regulation, 2015, read with SEBI circular No. CIR/CFD/FAC/62/2016 dated 05TH July, 2016.

#### **Basis for Qualified Opinion**

- The Company has not provided for foreign exchange loss in the financial 1. results on the Principal amount of 1,00,00,000 USD and on the Premium amount of 48,25,500 USD of the Foreign Currency Convertible Bonds (FCCB) which had become due for payment on September 22, 2011 and remain unpaid as at March 31, 2019, which constitutes a departure from the Indian Accounting Standard- 21. "The Effects of Changes in Foreign Exchange Rates which requires that each foreign currency monetary items should be reported using the closing rate as at the balance sheet date. Non provision of the foreign exchange loss on the aforesaid Foreign Currency Convertible Bonds (FCCB) and the Premium amount relates to the period from September 23, 2011 to March 31, 2019. Had the company followed the Accounting Standard and made the provision for foreign exchange loss on the above FCCB for the year ending on 31.03.2019, then the Profit of the company for the year ending on 31.03.2019 would have been lower by Rs. 652.17 lacs and to that extent the liability would have been higher. However, the company has not provided for foreign exchange fluctuation on the above FCCB since September 2011 and accordingly the total loss on foreign exchange works out to Rs.3057.40 lacs which has not been provided by the company. Thus, balance of Reserve and surplus and the current liabilities have been understated by Rs. 3057.40 as on 31.03.2019.
  - 2. For the year ending on 31<sup>st</sup> March,2019, the company has discontinued to make the provision of interest on loans from banks and financial institutions (excluding on the settlement entered with ARCs for specific loans which are assigned to them).Had the company continued the said practice of making provision of interest on loans from banks and financial institutions for the year ended on 31<sup>st</sup> March2019 the Profit of the year would have been lower by Rs 1305.64 lacs and current liabilities would have been higher to that extent.

- 3. The Company has not assessed the impact of Effective Interest Method to the finance cost as per the requirement of Ind AS 109 'Financial Instruments and hence, the effect of the same, if any, on the financial results is not identifiable therefore, we are unable to comment upon its impact on the Financial results for the year ended March 31, 2019.
- 4. The Company has not evaluated the provisioning requirement of a loss allowance on its financial assets so as to give impact of impairment if any as per the expected credit loss method as per the requirement of Ind AS 109 'Financial Instruments' and hence, the effect of the same if any on the Financial Results is not identifiable therefore. We are unable to comment upon its impact on the financial results for the year ended March 31, 2019

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph these standalone Financial Results;

- Are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ,read with SEBI circular No. CIR/CFD/FAC/62/2016 dated 05<sup>th</sup> July, 2016.
  - (ii) give a true and fair view in conformity with the aforesaid Indian Accounting Standards and other accounting principles generally accepted in India of the profits, total comprehensive income and other financial information for the quarter & year ended on 31<sup>st</sup> March, 2019.

## **EMPHASIS MATTER:**

1) Note 42 to the standalone financial statements which states that the Company's current liabilities exceeded its current assets as at the previous year balance sheet date. These conditions indicate the existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as a going concern. However, in the view of the management, the Company is making sincere efforts for the revival of the Business & the management is confident to recover the losses through improved profitability in foreseeable future and therefore the financial results of the Company have been prepared on a "going concern basis".

2) Attention is invited to Note 41 of the Standalone Financial Statements which states that the balance confirmation from the suppliers, customers as well as to various loans or advances given have been called for, but the same are awaited till the date of audit. Thus, the balances of receivables, trade payables as well as loans and advances have been taken as per the books of accounts submitted by the company and are subject to confirmation from the respective parties

Our opinion is not modified in respect of the above matters.
