Dear Sir,

This is in furtherance to our announcement dated 16<sup>th</sup> February 2024 in which we had informed you regarding the successful symposium on "**Air Pollution- its Causes, Effects, Prevention, and Cure**" held on the 15<sup>th</sup> of February 2024 at The Ashok Hotel, Chankyapuri, New Delhi organized by OK Play India Limited in association with MANN+HUMMEL and supported by The Indo German Chamber of Commerce.

We are pleased to inform that the symposium garnered significant attention and interest from stakeholders across various sectors. We are pleased to share the video documentation capturing the essence of the event. Please find the You Tube link for the same - [https://youtu.be/opxgD7Zsr8g?si=SoFzL\\_4i30Gg8bb](https://youtu.be/opxgD7Zsr8g?si=SoFzL_4i30Gg8bb).

Furthermore, the symposium has led to a surge in interest in the technology, not only from the Government bodies but also from Private Institutions. We have been approached to demonstrate this technology and its features, and are currently undergoing product testing at multiple locations in Delhi. Additionally, we are in discussions with research institutes for potential collaborations to conduct regular monitoring of PM levels pre and post-installation at various sites.

The success of these trials holds immense potential for our company, as it paves the way for significant market opportunities. We are optimistic about the positive impact the technology can have on addressing the pressing issue of air pollution not only in India but through-out the World.

Kindly take the same on record.

Thinking You,

Yours faithfully,

**For OK Play India Limited**
