- 2 The Company predominently operates only in construction and maintenance activities and there are no reportable segments under Indian Accounting Standard (Ind AS) -108.
- Effective April 1, 2019, the company adopted Ind AS 116 "Leases", applied to all contracts, having lease components existing on April 1, 2019, subject to exceptions as given under para 5 of said standard, using the modified retrospective method under para C8 (c)(ii). Accordingly, comparatives for the year ended March 31, 2019 have not been retrospectively adjusted. The Company has measured the Right-of-use asset and lease liability based on the remaining lease period and payments discounted using the incremental borrowing rate as of the date of initial application. The effect of this adoption is insignificant on the profit for the period and earning per share.
- The figures for the quarter ended March 31, 2019 are the balancing figures between the audited figures for the full financial year ended March 31, 2019 and the published year to date figures upto third quarter ended December 31, 2018.
