NOTES:

1. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its General Circular No. 20/2020 dated May 5, 2020 read with General Circular No. 14/2020 and 17/2020 dated April 8, 2020, April 13, 2020 and Circular No. 02/2021 dated January 13, 2021 respectively and all other relevant circulars issued from time to time (collectively referred to as "MCA Circulars") and also SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and Circulars No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 Dated January 15, 2021 permitted holding of the Annual General Meeting ("the Meeting/AGM") through Video Conferencing ("VC")/Other Audio Visual Means ("OAVM"), without the physical presence of the Members, Directors, Auditors or other eligible persons at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act, 2013"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and aforesaid MCA and SEBI Circulars, the AGM of the Company will be conducted through VC/OAVM.
2. The Explanatory Statement as required under Section 102 (1) of the Companies Act, 2013 in respect of the special business is annexed to this Notice.
3. In accordance with the provisions of Section 108 of the Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the SEBI Listing Regulations and in view of the aforesaid MCA and SEBI Circulars, the Company has engaged the services of Link Intime (India) Private Limited (LIPL) to provide the facility of voting by electronic voting system to all the Members to enable them to cast their votes electronically during the AGM in respect of all the businesses to be transacted at the aforesaid Meeting. The facility of casting the votes by the Members using such electronic voting system from a place other than venue of the AGM ("remote e-voting") is also provided by LIPL.
4. VC/OAVM facility provided by the Company is having a capacity to allow 1000 members to participate at the Meeting on a firstcome- first-served basis. However, the large shareholders (i.e. shareholders holding 2% or more shareholding), promoters, institutional investors, Directors, KMPs, the Chairperson of the Audit Committee, Nomination and Remuneration Committee and Stakeholders' Relationship Committee, Auditors etc. may be allowed to attend the Meeting without restriction on account of first-come-first-served principle.
5. The Company is providing two way teleconferencing facility for the ease of participation of the members. The instructions for members attending/ participating in the AGM through VC/ OAVM are provided at point no. 27.
6. The facility for joining the AGM through VC/OAVM shall be open at least 15 minutes before the time scheduled to start the Meeting and shall not be closed till the expiry of 15 minutes after such scheduled time.
7. In compliance with the aforesaid MCA Circulars and SEBI Circulars, electronic copy of the Annual Report for the financial year 2020-21 and Notice of the 29th AGM of the Company, inter alia, indicating the process and manner of e-voting will be sent only through electronic mode to all the Members whose e-mail IDs are registered with the Company's Registrar & Share Transfer Agent/Depository Participant(s) for communication purposes, as the requirement of sending the hard copies of annual report and notice of AGM has been dispensed with. Members may note that the Notice and Annual Report will also be available on the Company's website www.mohitpaper.in and websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com.

8. Pursuant to the provisions the Act, a Member entitled to attend and vote at the Meeting is entitled to appoint a proxy to attend and vote on a poll instead of him/her and the proxy need not be a Member of the Company. Since the AGM is being held pursuant to the MCA Circulars and SEBI Circulars, through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, in line with the MCA General Circular No. 14/2020 dated April 08, 2020 and 02/2021 dated January 13, 2021, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
9. Institutional/Corporate Members intending to attend the Meeting are required to send a scan of certified copy of the Board Resolution (JPG/PDF format), pursuant to Section 113 of the Act, 2013, authorizing their representative to attend the Meeting through VC/OAVM on its behalf and vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address pbalodia@gmail.com.
10. Recorded transcript of the Meeting shall be uploaded on the website of the Company and the same shall also be maintained in safe custody of the Company. The registered office of the company shall be deemed to be the place of Meeting for the purpose of recording of the minutes of the proceedings of this AGM.
11. Required details attached herewith.
12. Members having any queries related to accounts and operations or any other matter to be placed at the AGM of the Company, may write to the Company through an email on investorsmohitpaper@gmail.com, at least seven working days in advance of the Meeting. The same will be replied by the Company suitably.
13. Members are requested to contact the Registrar & Share Transfer Agent (RTA), Mr. Swapan Naskar, Link Intime India Private Limited (LIPL), Noble Heights, 1st Floor, Plot NH 2 C-1 Block LSC, Near Savitri Market, Janakpuri, New Delhi-110058 (Phone No.: +91-11- 41410592; Fax No.: +91-11-41410591; Email: delhi@linkintime.co.in) for reply to their queries/redressal of complaints, if any, or contact Mr. Shivam Sharma, Company Secretary at the Corporate Office/Registered Office of the Company (Phone No.: +91-11-25886798; Email: investorsmohitpaper@gmail.com).
14. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, to their DPs in case shares are held in electronic form or to Company's RTA i.e. LIPL in case shares are held in physical form.
15. Members may avail the facility of nomination by nominating a person to whom their shares in the Company shall vest in the event of their death. The prescribed form can be obtained from the Company's RTA i.e. LIPL. Members are requested to submit the said details to their DPs in case the shares are held in electronic form and to LIPL in case the shares are held in physical form.
16. Members who hold shares in physical form in multiple folios in identical names or joint names in the same order of names are requested to send the share certificates to the Company's RTA i.e. LIPL for consolidation into single folio.
17. As per Regulation 40 of the SEBI Listing Regulations, as amended, the securities of the listed company cannot be transferred in physical mode w.e.f. April 01, 2019, except in case of request received for

transposition or transmission of securities. In view of this, Members holding shares in physical form are requested to get their shares dematerialized at the earliest. Members can contact the Company or the Company's RTA i.e. LIPL for assistance in this regard.

18. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to the Company/RTA i.e. LIPL.
19. In keeping with the Ministry of Corporate Affairs' Green Initiative measures, the Company hereby requests the Members who have not registered their email addresses so far, to register their email addresses with their DPs in case shares are held by them in electronic form and with the Company's RTA i.e. LIPL and in case shares are held by them in physical form for receiving all communication including annual report, notices, circulars etc. from the Company electronically.
20. Members attending the Meeting through VC/OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act, 2013.
21. Since the AGM will be conducted through VC / OAVM, the Route Map is not annexed to this Notice.
22. The Register of Contracts or Arrangements in which Directors are interested, maintained under Section 189 of the Act, 2013, the Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Act, 2013 read with Rules issued thereunder will be made available electronically for inspection by the Members during the Meeting. All documents referred to in the Notice will also be available for electronic inspection from the date of circulation of this Notice up to the date of AGM. Also, the Notice for this AGM along with requisite documents and the Annual Report for the financial year 2020-21 shall also be available on the Company's website www.mohitpaper.in, Further, the notice received, if any, under Section 160 of the Companies Act, 2013 will be put up on the website of the Company up to the date of the Meeting. Members seeking to inspect such documents can send an email to investorsmohitpaper@gmail.com.
23. The remote e-voting facility will be available during the following voting period:
 - i. Commencement of remote e-voting: From 09.00 A.M. IST of Monday, September 27, 2021.
 - ii. End of remote e-voting: Up to 5.00 P.M. IST of Wednesday, September 29, 2021.
24. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. Thursday, September 23, 2021 may cast their vote through remote e-voting. The remote e-voting module shall be disabled by LIPL for voting thereafter and the facility will be blocked forthwith.

Impact of COVID-19 on Company

As we look back on 2020, it's impossible to neglect or overstate the impact of the international pandemic on Indian industries. We all watched as every industry in India was shut down in across the globe. As other industries in India paper industry also effected from this pandemic. With more intensification of COVID- 19 pandemic, the sales and profitability has suffered a major setback in the current financial year. The company has suffered a decrease in production during the current financial year and consequently the profitability has taken a big hit.

First, second and third quarter of the year 2021 is not good for the company because all the activity was shutdown in the during the period but in the last quarter of the year 2021 company received positive indication in revenue due to hardship work of team management of the company.

And on the other hand costing like interest, fixed expenses, salaries and other expenses are increased costing of the company during the year company takes many time shutdown the manufacturing process due to government orders and shortage of demand of product.

The education institutions are likely to begin upcoming academic sessions (around June 2021) physically at least for higher class students if not for all the students. Physical study sessions for higher class students have been witnessed in the past few months as well. This is expected to result in better demand for papers like printing & writing that find their usage in education institutions and offices. Considering this factors, the demand for paper & paper products from these segments is expected to improve in 2021-2022.

However, upon reoperation of our factory with required Manpower as per Central and State Government Guidelines. The Company is taking utmost care of its staff and work force like sanitization of work place, office and staff and work force, social distancing, mandatory mask wearing, thermal check at the gate, maintaining proper hygiene. The Supply and demand chain is being monitoring by the management of the company because of to maintain a minimum level of inflow and outflow. ANNEXURE -J**MANAGEMENT DISCUSSION AND ANALYSIS REPORT**

The Board of Directors presents hereunder an analysis of performance of the Company for the year 2020-21 and its outlook for the future. This outlook is based on current business environment which may vary due to future economic and other developments.

Industry Structure**i. Global Economic Review:**

Indian Economy is continuing to be one of the fastest growing economies in the world. Indian Paper industry also continues to be the fastest growing market globally as the economy is growing. There are much better times to come in near future.

Our paper industry always faced competition from Chinese paper industries. The Indian Economy is estimated to have an increased growth rate with China. The agricultural and allied sector has recovered from decline in previous years. Lot of emphasis has been given by this Government on inclusive development with greater emphasis on development of Agriculture and Education Sector. This shall boost the Paper Industry.

The industry major challenge is to manufacture better quality of paper at competitive rates. Due to the zero rate import of paper the paper industry has been suffering. So the Government should make proper policies to curb down imports or to impose duty so that there is an equivalency between the price of Indian paper and imported paper.

The competition is increasing due to the fact of the liberalization policy of the Government with respect to imports. If we have to sustain in the market we have to improve our quality and reduce our prices to be more competitive. That will have good overall effect on the market and will be a welcome move for the customers

The demand for paper is growing at an average rate of 8 percent per annum. Indian population is growing, has half of its people below 25 years of age and a large number of this young population would be studying in schools and higher educational institutions which inherently consume paper. At the same time state and central government is giving a lot of thrust on the education along with releasing huge funds to achieve targets for educated and skilled youth. So this sector has a huge demand for paper which will increase on yearly basis.

The other major factor is the phenomenal growth of economy that is today pegged at around 7-8 percent per annum, which has consequential demand increasing in paper. So due to these factors for education and economy, there is a good potential for the Indian pulp and paper industry.

Even on the environment side, paper scores high over e-media. Paper is bio degradable, whereas to manage the e-waste has become a big head-ache. Credentials of Paper are very high when compared with e-media.

Government should enable some policy framework to enable the industry with the availability of the raw material at reasonable prices and the industry should also be protected against cheap imports.

Opportunities

The potential of growth for the industry lies in development of the economy, rising literacy rates, consumerism and standard of living. All these factors are in a positive move in India at present, which gives a good picture to the scenario of paper industry.

Indian Economy is growing very fast. Its ratings in the world have improved. The world is showing keen interest in the Indian Market. So Indian Paper Industry is at an advantageous position to make the most of the opportunity offered by changing economic order.

During the Year your Company have shown improvements in their Sales volume and Profit. It is under process of installation of Chlorine Di Oxide Plant by which the quality of the paper is likely to be improved and will be able to fetch good market position with better prices.

Your Company is always in search of such opportunities and is in the process of increasing its capacity and quality improvement.

In the near future the Company is in the process of increasing its capacity.

Your company had successfully entered into manufacturing of Poster Paper in the year.

Your Company is also in the process of Commissioning Chlorine- Di-Oxide Plant which will increase the realization of paper and is also good environmentally.

Threats

The inherent threats for the paper industry are scarcity of raw-material, high fuel prices, and new challenges thrown at us in the form of increasing imports which will impose on us to look for avenues for greater efficiencies.

There are also challenges with respect to scarcity of water and energy. We have to constantly look into the technology up-gradation so that we should use the water and energy at the optimum levels.

There are threats with respect to the shortfall of the raw material as there is no adequate pulp-wood available in the country to meet the growing needs of the industry. The dependence on recycled fiber is increasing due to inadequate availability of conventional fibre.

COVID-19 IMPACT

The CRISIL Research said in a report that the extended lockdown to stem the COVID-19 pandemic has dealt a nasty blow to the highly fragmented paper industry in India. The demand has shrunk as schools and colleges are shutdown, while majority of offices have also crimped demand for writing and printing (W&P) paper. Industrial paper usage has also crumpled because of weakness in FMCG, consumer durables and apparel which account for 50-60 per cent of demand, it said. The demand for paper and boards is expected to contract 10-15 per cent this financial year compared to the previous year, the report said, adding all categories of products will be affected. Around 80 per cent of the nation's paper capacity of 25 million tonnes (750-800 mills) is clustered around six states that account for half of India's gross domestic product.

Outlook

Measures of improvement for the paper industry:

1. Strong R& D for improving technology & automation.
2. Energy and Water should be used in a judicious way.
3. Effluent Standards should be improved by adopting green technologies.
4. Social Forestry methods should be used for improving the shortages in raw-material.
5. Specialized training should be imparted to enhance the skills and knowledge of man-power.

Segment wise Performance

During the year the company has achieved the good level of capacity utilization with respect to the manufacture of the paper and it was done due to the expertise of the Managing Director, the technical staff and the hard-work of our labourers. This is a good example of proper utilization of the capacity with minimum resources. The company is engaged in single segment of production i.e. manufacturing of paper.

Governments around the world including India have been taking significant measures to curb the spread of the virus including imposing mandatory lockdowns and restrictions in activities. Consequently, the Company's manufacturing plant and offices also had to be closed down for a considerable period of time.</p> <p>These lockdowns have a significant impact on the overall economic activity in India and in particular on the paper industry. Accordingly, the future cash flow projections used to assess going concern are subject to significant estimation uncertainties.</p> <p>In view of the above, we have identified our assessment of the going concern basis of accounting as a key audit matter.</p> <p>We identified procurement of raw materials and valuation of inventories as a key audit matter because of the significance of the costs incurred during the year, related inventories as at the reporting date and the significant degree of management judgment involved in verification and valuation thereof.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> - Obtained an understanding of the Company's internal controls over its forecasting process; - Compared the key assumptions adopted by the Company for future business plan and to understand the changes to the company's business. - Examined the Company's funding arrangements and evaluated the financing terms and covenants to assess its ability to obtain additional financing if the need arises; - Adequacy of the disclosures related to application of the going concern assumption. - Evaluated the design and operating effectiveness of internal controls relating to procurement and inventory. We carried out a combination of procedures involving inquiry and observation, re-performance and inspection of evidence in respect of operation of these controls. - We performed substantive testing by selecting samples of purchase transactions recorded during the year by verifying the underlying documents, i.e. supplier invoices, goods receipts notes etc. - Observed inventory verification on a sample basis. - Re-computed the closing rate of sample items of inventories to check whether the same are in line with the accounting policy of the Company. - Obtained an understanding of the underlying data and estimates used for calculation of the yield ratio and compared the same with the previous years. - We performed cut-off testing for samples of purchase transactions recorded before and after the financial year end date by comparing with relevant underlying documentation, which included supplier invoices, goods receipts notes etc. to assess whether the purchases were recognized in the correct period. - We assessed manual journals posted by vendors to identify unusual items.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and Statement of changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of user stake non the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also

responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statement in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

- e) On the basis of the written representations received from the directors of the Company as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has no pending litigations that would materially affect the financial position of the Company.
 - ii. The Company did not have any long-term contracts including derivative contracts; for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
3. With respect to the matter to be included in the Auditors' Report under section 197(16):
- In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Mohit Paper Mills Ltd. of even date)

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets were physically verified by the Management during the year in accordance with a regular program of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. As explained to us, no discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us, the records examined by us and based on the examination of the conveyance deeds provided to us, we report that the title deeds, comprising all the immovable properties included in Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
- ii. The management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies were noticed on such physical verification.
- iii. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. The Company has not accepted deposits within the meaning of section 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as mentioned) during the year and does not have any unclaimed deposits as at March 31, 2021 and therefore, the provisions of the clause 3 (v) of the Order are not applicable to the Company.
- vi. We have broadly reviewed the books of account maintained by the company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacturing activities, and are of the opinion that prime facie, the specified accounts and records have been made and maintained. We have not, however made a detailed examination of the same.
- vii. According to the information and explanations given to us, in respect of statutory dues:
 - a. The Company has been regular in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Goods and Services Tax ('GST'), Custom Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employee' State Insurance, Income-tax, Goods and Services Tax ('GST'), Duty of customs and other material statutory dues were in arrears as at 31st March 2021 for a period of more than six months from the date they became payable.
 - b. According to the records of the Company and the information and explanations given to us, there were no disputed demands outstanding as at 31st March, 2021 for a period of more than six months from the date they became payable.
- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in the repayment of loans or borrowings to financial institutions, banks and dues to Government.

- ix. According to the information and explanations given to us, the term loan taken by the Company have been applied for the purpose for which they were raised. As informed to us, the Company has not raised any moneys by way of initial public offer (including debts instruments) or further public offer.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Mohit Paper Mills Ltd. of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Mohit Paper Mills Ltd. (“the Company”) as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safe guarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures elected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the

company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the Year Ended 31st March, 2021

1. Corporate Information:

Mohit Paper Mills Limited (the 'Company' or 'MPML') is a public company incorporated under the provisions of the Companies Act 1956 with a CIN Number : L21093DL1992PLC116600, domiciled in India, with its registered office situated at 15A/13, Upper Ground Floor, East Patel Nagar, New Delhi – 110008, India. The equity shares are listed on the Bombay Stock Exchange ('BSE') in India. The company's business primarily consist of manufacturing Writing & Printing Paper and Tissue Paper mainly in the domestic market. Soda Ash is recovered as by-product. The manufacturing facilities are situated in Bijnor, Uttar Pradesh.

2. Significant accounting policies

a. Basis of preparation of Financial Statements

(i) Statement of compliance

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III of the Companies Act, 2013 (Ind AS compliant Schedule III)

(ii) Basis of measurement:

The financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair values or amortised cost depending upon classification. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

(iii) Functional and presentation currency

The functional currency of the Company is the Indian Rupee ('INR'). These financial statements are presented in Indian rupees. All amounts have been rounded-off to the nearest lakhs, upto two places of decimal, unless otherwise indicated.

(iv) Use of estimates and judgements

The preparation of the financial statements in conformity with Ind AS requires the management to make estimates,

judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in Note No.2(a)(v). Accounting estimates could change from period to period. Revision to accounting estimates are recognized in the period in which the estimates are revised and in any future period affected. Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of the changes in circumstances surrounding the estimates. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(v) Critical estimates and judgments

The preparation of financial statements requires the use of accounting estimates which by definition

Notes to the Financial Statements for the Year Ended 31st March, 2021

will seldom equal the actual results. Management also needs to exercise judgment in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgment are:

- Useful life of Property, plant and equipment - refer Note No. 2 b
- Valuation of Inventory - refer Note No. 2 e
- Estimation of Defined benefit obligation - refer Note No. 2 g
- Estimation of current tax expenses - refer Note No. 2 h
- Provisions and Accruals - refer Note No. 2 p
- Contingencies - refer Note No. 2 p

(vi) Fair value measurement

The Company measures financial instruments at fair value as per Ind AS 113 at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. The fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs) For assets and liabilities that are recognized in the financial statement on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Notes to the Financial Statements for the Year Ended 31st March, 2021

b. Property, Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

ii. Subsequent Expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

iii. Depreciation

Depreciation is calculated on carrying value recognized as per previous GAAP of items of property, plant and equipment and Intangible less their estimated residual values over their estimated useful lives using the written-down method and is generally recognized in the statement of profit and loss. Freehold land is not depreciated.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets. Depreciation has been provided on written down value method over their estimated useful lives.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed off) if any.

iv. Derecognition

A property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use and disposal. Losses arising from retirement and gains or losses arising from disposal of a tangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss.

c. Intangible assets

Intangible assets are initially measured at cost. These items of other intangible assets are subsequently measured at cost less accumulated amortization and accumulated impairment losses, if any. Cost of an item of Intangible asset comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use.

Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is recognised in Statement of Profit and Loss as incurred.

Notes to the Financial Statements for the Year Ended 31st March, 2021

Amortisation

Amortisation is calculated to write off the cost of intangible assets over their estimated useful lives using the straight-line method, and is included in depreciation and amortisation expense in Statement of Profit and Loss. The estimated useful life of Computer software is 3 years. Amortisation method, useful life and residual values are reviewed at the end of each financial year and adjusted if appropriate.

Derecognition

Intangible assets is derecognised on disposal or when no future economic benefits are expected from its use and disposal.

d. Reclassification to investment property

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property or vica versa at its carrying amount on the date of reclassification, if any. The company does not have any investment property as on the date of reporting.

e. Inventories

All inventories are initially recorded at cost. Cost represents all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost for the purpose of valuation is determined by using the weighted average cost, net of taxes and duties eligible for credit and discounts.

Raw materials, stores, consumables and spare parts

Raw materials, stores, consumables and spare parts held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

Work-in-process

All work-in-process are valued at cost which includes cost of inputs, net of taxes and duties eligible for credit and overheads up to the stage of completion.

Finished goods

Finished goods are measured at lower of cost which includes cost of inputs (net of taxes and duties eligible for credits) & overheads and the net realizable value.

By-Products

By Products are measured at net realizable value.

f. Impairment

i. Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or the cash-generating unit.

Notes to the Financial Statements for the Year Ended 31st March, 2021

For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates

cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

An impairment loss is recognised in the statement of profit and loss if the estimated recoverable amount of an asset or its cash-generating unit is lower than it is carrying amount. Impairment losses, other than those recognized on goodwill, that have been recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

ii. Impairment of financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial Recognition and Measurement

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial assets. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost.

Subsequent Measurement

For purpose of subsequent measurement financial assets are classified in two broad categories:

- Financial Assets at fair value
- Financial assets at amortized cost

Where assets that measured at fair value, gains and losses are either recognized entirely in the statement of profit and loss or recognized in other comprehensive income.

A financial asset that meets the following two conditions is measured at amortized cost:

- **Business Model Test:** The objective of the company's business model is to hold the financial asset to collect the contractual cash flows.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

A financial asset that meets the following two conditions is measured at fair value through OCI:

- **Business Model Test:** The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- **Cash flow characteristics test:** The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

All other financial asset is measured at fair value through profit and loss.

Notes to the Financial Statements for the Year Ended 31st March, 2021

All equity investments are measured at fair value in the balance sheet, with value changes recognized in the statement of profit and loss, except for those equity investments for which the entity has elected irrevocable option to present value changes in OCI.

Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a passthrough arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115.

For this purpose, the Company follows 'simplified approach' for recognition of impairment loss allowance on the trade receivable balances. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

Financial Liabilities:

All financial liabilities are initially recognized at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Financial liabilities are classified as measured at amortized cost or fair value through profit and loss (FVTPL). A financial liability is classified as FVTPL if it is classified as held for trading, or it is derivative or is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gain or losses, including any interest expense, are recognized in statement of profit and loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit and loss.

Notes to the Financial Statements for the Year Ended 31st March, 2021

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the financial statements if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash short falls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet and loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

g. Employee benefits

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g. under short-term cash bonus / Ex-gratia, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees and payments due from the company.

iii. Defined benefit plan

The Company pays fixed contribution to provident fund (PF) and employee's state insurance (ESI). Contributions to these schemes are expensed in the Statement of Profit & Loss. These contributions are made to the fund administered and managed by the Government of India. The Company has no further obligations under these plans beyond its monthly contributions.

Notes to the Financial Statements for the Year Ended 31st March, 2021

Gratuity

Liabilities in respect of defined benefit plan in the form of Gratuity and Long-term compensated absences are determined based on projected unit credit method as at the balance sheet date and are unfunded.

Group Gratuity cum Life Assurance Scheme with the Life Insurance Corporation of India has been taken in such a way that the gratuity benefits will be payable under an irrevocable trust. The trustees appointed for the purpose of administering the Scheme ensure gratuity benefits is with the LIC. The company shall pay on demand by and to the LIC such contributions as are required to secure Gratuity benefits to the employees.

The employees gratuity fund scheme is managed by the Life Insurance Corporation of India is a defined benefit plan. The present value of obligation is determined based on Projected Unit Credit Method, which recognises each period of services as giving rise to additional unit if there is employee benefit entitlement and measures each unit separately to build up the final obligation in terms of the demand raised by them.

Re-measurements of the net defined benefit liability if any, is recognized in OCI.

h. Taxes on Income

Income tax comprises current and deferred tax. It is recognized in the statement of profit or loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.

a. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities including MAT are off set only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis simultaneously.

b. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. An existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company shall recognize deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized.

Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

Notes to the Financial Statements for the Year Ended 31st March, 2021

The measurement of deferred tax reflects the tax consequences that would flow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are taken into account if there is a legally enforceable right to off set total deferred tax liabilities and deferred tax assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities if allowable, but they intend to settle deferred tax liabilities and assets and are correspondingly reflected as deferred tax assets and liabilities which will/may be realized simultaneously.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

i Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

Cash flow statement

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

j. Earnings per share

Basic earnings/ (loss) per share are calculated by dividing the net profit/ (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period is adjusted for events of bonus issue and share split. For the purpose of calculating diluted earnings/ (loss) per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

k. Foreign currency transactions

i) Initial recognition

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions.

ii) Measurement at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the

Notes to the Financial Statements for the Year Ended 31st March, 2021

exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences on restatement/settlement of all monetary items are recognised in profit or loss.

I. Financial instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at initial cost and for investments held for trading or held for sale at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities if required. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

Financial Assets

Recognition and Measurement : All Financial assets include Investments, Trade Receivables, Advances, Security Deposits, Cash and Cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification: Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

- (i) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and / or interest.
- (ii) At cost price where the investments are to be held for long term with no immediate intention for sale and continue to be recognized at cost.
- (iii) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets or are held for trading or for sale. Company does not have any assets for sale. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.
- (iv) fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Company does not have any assets which are managed as investment strategy. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

Trade Receivables, Advances, Security Deposits, Cash and Cash equivalents etc. are classified for measurement at amortised cost. In respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition is made to present subsequent changes in fair value through other comprehensive income.

Impairment:

The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such

Notes to the Financial Statements for the Year Ended 31st March, 2021

as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Reclassification:

When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition:

Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. Concomitantly, if the asset is one that is measured at:

- (a) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;
- (b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment which is taken at initial cost and continues to be so taken and for other investments in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

Income Recognition:

Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

m. Revenue

Revenue is measured at the fair value of the consideration received or receivable after netting trade discounts, taxes volume discounts and sales returns. Revenue from sale of goods is recognized when significant risks and rewards have been transferred to buyer.

Liquidated damages and penalties recovered from suppliers / contractors, in relation to property, plant and equipment are credited to statement of profit and loss unless the delay has resulted in extra cost of assets, in which case the same are adjusted towards the carrying cost of the respective asset.

Interest income

Interest income primarily comprises of interest from term deposits. Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. Interest income is included in other income in the statement of profit and loss.

Other Income

Other income is recognised when no significant uncertainty as to its determination or realisation exists.

n. Borrowing cost

Borrowing costs are interest and other costs incurred in connection with the borrowing of fund. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial

Notes to the Financial Statements for the Year Ended 31st March, 2021

period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

o. Operating segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance.

The Company is primarily engaged in the business of manufacture and sales of paper, mainly in the domestic market.

The Board of directors of the Company, who have been identified as being the chief operating decision maker (CODM), evaluated the company's performance and allocated resources based on the analysis of various performance indicators of the Company as a single unit. Accordingly, there is no reportable segment or any entity wide disclosure which are applicable to the company.

p. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Disputes, liabilities and claims against the company including claims raised by fiscal authorities (e.g. Sales Tax, Income Tax, Excise, GST etc.) pending in appeal / court for which no reliable estimates can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts.

Contingent Assets

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

q. Ind AS 116 - Leases

The Company does not have any finance leases. There are no instances in which the company is a lessor. Hence there is no impact on adoption of Ind AS 116.

B. Fair value hierarchy

Level 1: Quoted prices (unadjusted) in the active markets for identical assets and liabilities.

Level 2: Input other than quoted prices included in Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3: Input for the assets or liability that are not based on observable market data (unobservable input)

Notes to the Financial Statements for the Year Ended 31st March, 2021**Notes:**

- Fair valuation of financial assets and liabilities with short term maturities is considered as approximate to respective carrying amount due to the short term maturities of these instruments.
- Fair value of non-current financial assets has not been disclosed as there is no significant differences between carrying value and fair value.
- The Fair value of borrowings have been disclosed at carrying value which is considered to approximate to fair value.
- Carrying value of unquoted equity instrument has been considered as an appropriate estimate of fair value because carrying value is considered as approximate to fair value and carrying value represents the best estimate of fair value within that range.

C. Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements: -

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables and financial assets measured at amortised cost	Aging analysis	Diversification of bank deposits and credit limits
Liquidity risk	Business commitment and other liabilities	Credit rating	Availability of committed credit lines and borrowing facilities

Notes to the Financial Statements for the Year Ended 31st March, 2021
a. Concentration of significant credit risk

There is no concentration of customer risk so far transactions with non-related parties are concerned.

b. Interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. Any rise in market rate of interest effecting valuation of financial instruments, financial assets and financial liabilities have been regularly analysed for mitigational measure.

Exposure to interest rate risk

The interest rate profile of the company's interest-bearing financial instruments as reported to the management is as follows :

(₹ in Lakhs)

Particulars	Nominal Amount	
	31 st March, 2021	31 st March, 2020
Financial Assets/Liabilities		
Variable-rate instruments		
Long term borrowings	1777.01	1290.60
Short Term Borrowings	2118.84	1972.62

(Profit) or loss

(₹ in Lakhs)

Particulars	50 bp increase	50 bp decrease
31st March 2021		
Variable-rate instruments	19.47	(19.47)
31st March 2020		
Variable-rate instruments	12.27	(12.27)

Fair value sensitivity analysis for fixed-rate instruments

The Company does not have any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

i) Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

The Company's audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

Notes to the Financial Statements for the Year Ended 31st March, 2021

ii) Credit Risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers and loans. The carrying amounts of financial assets represent the maximum credit risk exposure.

iii) Trade receivables

The Company has established a credit policy under which each new customer is analysed individually for creditworthiness before the payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information and business intelligence. The Company evaluates the customer credentials carefully from trade sources before appointment of any distributor and only financially sound parties are appointed as distributors. The Company secures adequate deposits from its distributor and hence risk of bad debt is limited. The credit outstanding is sought to be limited to the sum of advances/deposits and credit limit determined by the company.

The following table gives details in respect of percentage of revenues generated from top customer and top five customers:

Particulars	Year ended 31.03.2021	Year ended 31.03.2020
Revenue from top Customer	11%	9%
Revenue from top five Customer	45%	29%

The Company based on internal assessment which is driven by the historical experience/ current facts available in relation to default and delays in collection thereof, the credit risk for trade receivables is considered low. The Company estimates its allowance for trade receivable using lifetime expected credit loss. Individual receivables which are known to be uncollectible are written off by reducing the carrying amount of trade receivable and the amount of the loss is recognised in the Statement of Profit and Loss within other expenses.

The following table provides information about the exposure to credit risk and expected credit loss for trade receivables :

Particulars	Gross Carrying amount	Loss allowance	Carrying amount
31.03.2021			
Less than 6 months	908.89	-	908.89
More than 6 months	242.76	-	242.76

iv) Cash and cash equivalents

The company holds cash and cash equivalents of ₹ 76.96 lakhs at 31 March 2021 (31 March 2020 : Rs.41.73 lakhs).The cash and cash equivalents are held with bank and cash on hand.

v) Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. The Company's approach to manage liquidity is to have sufficient liquidity to meet it's liabilities when they are due, under both normal and stressed circumstances, without incurring losses or risking damage to the Company's reputation.

Management manages the liquidity risk by monitoring cash flow forecasts on a periodic basis and maturity profiles of financial assets and liabilities. This monitoring takes into account the accessibility of cash and cash equivalents and additional undrawn financing facilities.

The following table provides details regarding the contractual maturities of significant financial liabilities:

Particulars	Less than 1 year	1 to 5 years	More than 5 years	Total
31.03.2021				
Borrowings (including current maturities)	689.56	599.27	2607.03	3895.86

vi) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates – will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing there turn.

vii) Foreign Currency Risk

The company's policy is to ensure that the time gap between executing the transaction for import / export and the date for making payment / receiving payment is restricted to less than a week so that foreign exchange currency risk is mitigated. The carrying amounts of the company's foreign exchange monetary items as at the end of reporting period are as follows:

For details about the related employee benefit expenses, refer to note no. 25.

b. Defined contribution plan

The Company's provident fund scheme and employee's state insurance (ESI) fund scheme are defined contribution plans. The Company has recorded expenses of ₹ 15.58 lakhs (31.03.2020 : ₹ 16.68 lakhs) under provident fund scheme and ₹ 6.32 lakhs (31.03...2020 : ₹ 5.99 lakhs) under ESI scheme. These have been included in note 25 Employees benefits expenses, in the Statement of Profit and Loss.

c. Defined plan**Gratuity (funded)**

The employees' gratuity fund scheme managed by Life Insurance Corporation of India is a defined benefit plan. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The Company made annual contributions to the LIC of India.

Notes to the Financial Statements for the Year Ended 31st March, 2021

The above defined benefit plan exposes the Company to following risks:

Interest rate risk:

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

Salary inflation risk:

Higher than expected increase in salary will increase the defined benefit obligation.

Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

The Company actively monitors how the duration and the expected yield of the investments are matching the expected cash outflows arising from the employee benefit obligations. The Company has not changed the processes used to manage its risks from previous periods. The funds are managed by specialised team of Life Insurance Corporation of India.

Funding

Gratuity is a funded benefit plan for qualifying employees. 35% of the plan assets are managed by LIC and balance managed by the management. The assets managed are highly liquid in nature and the Company does not expect any significant liquidity risks.

The following table sets out the status of the defined benefit plan as required under Ind-AS 19 - Employee Benefits:

Reconciliation of present value of defined benefit obligation

Assumptions regarding future mortality are based on Indian Assured Lives Mortality (IALM) (2012-14) rates.

Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

PARTICULARS	As at 31 March 2021		As at 31 March 2020	
	Increase	Decrease	Increase	Decrease
Discount rate (0.50% movement)	(5.31)	5.75	(5.12)	5.24
Future salary growth rate (0.50% movement)	5.64	(5.27)	5.10	(5.72)

Notes to the Financial Statements for the Year Ended 31st March, 2021

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same methods (present value of defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

Expected benefit payments

Undiscounted amount of expected benefit payments for next 10 years:

31. The Company has considered the possible effects that may result from the global health pandemic relating to COVID-19 on its operations. Management believes that it has taken into account external and internal information for assessing the possible impact of COVID-19 on various elements of its financial statement, including its liquidity position and the recoverability of assets. However, the impact assessment of COVID-19 is a continuing process, given the uncertainties associated with its nature and duration. The Company will continue to monitor any material changes to future economic conditions and the consequent impact on its business, if any. All efforts are being made to avoid any major adverse impact due to the pandemic.
