Dear Sir/Madam,

DroneAacharya Aerial Innovations Limited, a leading provider of drone technology solutions, is thrilled to share that it has secured a contract to supply IT hardware for the Indian Army's Drone Lab in Jammu and Kashmir (J&K). This contract underscores DroneAacharya's commitment to supporting defense preparedness and highlights the critical role of technology accessibility, even in the most remote regions of our country.

The provision of IT hardware, including CPUs, monitors, keyboards, and mice, for the Drone Lab will contribute significantly to the establishment and operation of this state-of-the-art facility. It will facilitate essential training and research activities for defense personnel, enhancing their skills and capabilities in unmanned aerial systems. "We are honored to have received this contract from the Indian Army for the establishment of the Drone Lab in J&K," said Mr. Prateek Srivastava, Founder and Managing Director of DroneAacharya. "This contract represents a significant milestone for DroneAacharya, and we are proud to support defense initiatives that contribute to national security and technological advancement."

The establishment of the Drone Lab in J&K demonstrates the Indian Army's commitment to innovation and modernization. It signifies a strong partnership between DroneAacharya and the Indian Army in leveraging technology to enhance defense capabilities and address the evolving security challenges faced by our nation.

DroneAacharya remains steadfast in its mission to deliver innovative solutions that support national defense objectives. This contract to supply IT hardware for the Indian Army's Drone Lab in J&K reflects our dedication to supporting defense initiatives and fostering technological advancement across the nation.

We request you to kindly take note of the same. Thank you.

Yours faithfully,

**For DroneAacharya Aerial Innovations Limited**
