1

Q4 FY2023 & FY2023 Financial Performance

“One Stop Shop” Solution Provider in securing Enterprise Transition to Zero Trust

Strong solution led growth across cyber security and eSignature workflow solutions with significant penetration into international markets

Marquee Customers

19 out of top 20 in ET 500, several large Banks, large eCommerce, Automotive, Pharma companies

Mature Technology Solutions and IP

Products matured over several years with large scale implementations in eGovt, BFSI. Strong in-house R&D and technology skills

Focus on innovation

Continuous R&D to augment/build new solutions around usage of cryptography/digital signatures for secure digital transformation

Recognized by Global IT Research

Gartner recognized, IDC ranks #1 in Digital Trust and Security in India, Frost and Sullivan recognized

Thought Leadership, Quality and Security

Board Member of Cloud Signature Consortium, Chairman of Asia PKI, CMMI Level 5, EAL 4+, ISO 27001, SOC2 Type2 certified, Webtrust accreditation

Largest Certifying Authority in India

Over 35% market share in India, only CA to have strong retail footprint and to provide all types of eSign with eStamping capability

Zero Trust is the new security paradigm

“Never Trust, Always Verify”

1

Digital Trust and traceability is becoming a critical factor in electronic document exchange – only technology that can replace wet signatures, provide legal non-repudiation, identity traceability, and non-tamperability is digital signatures

2

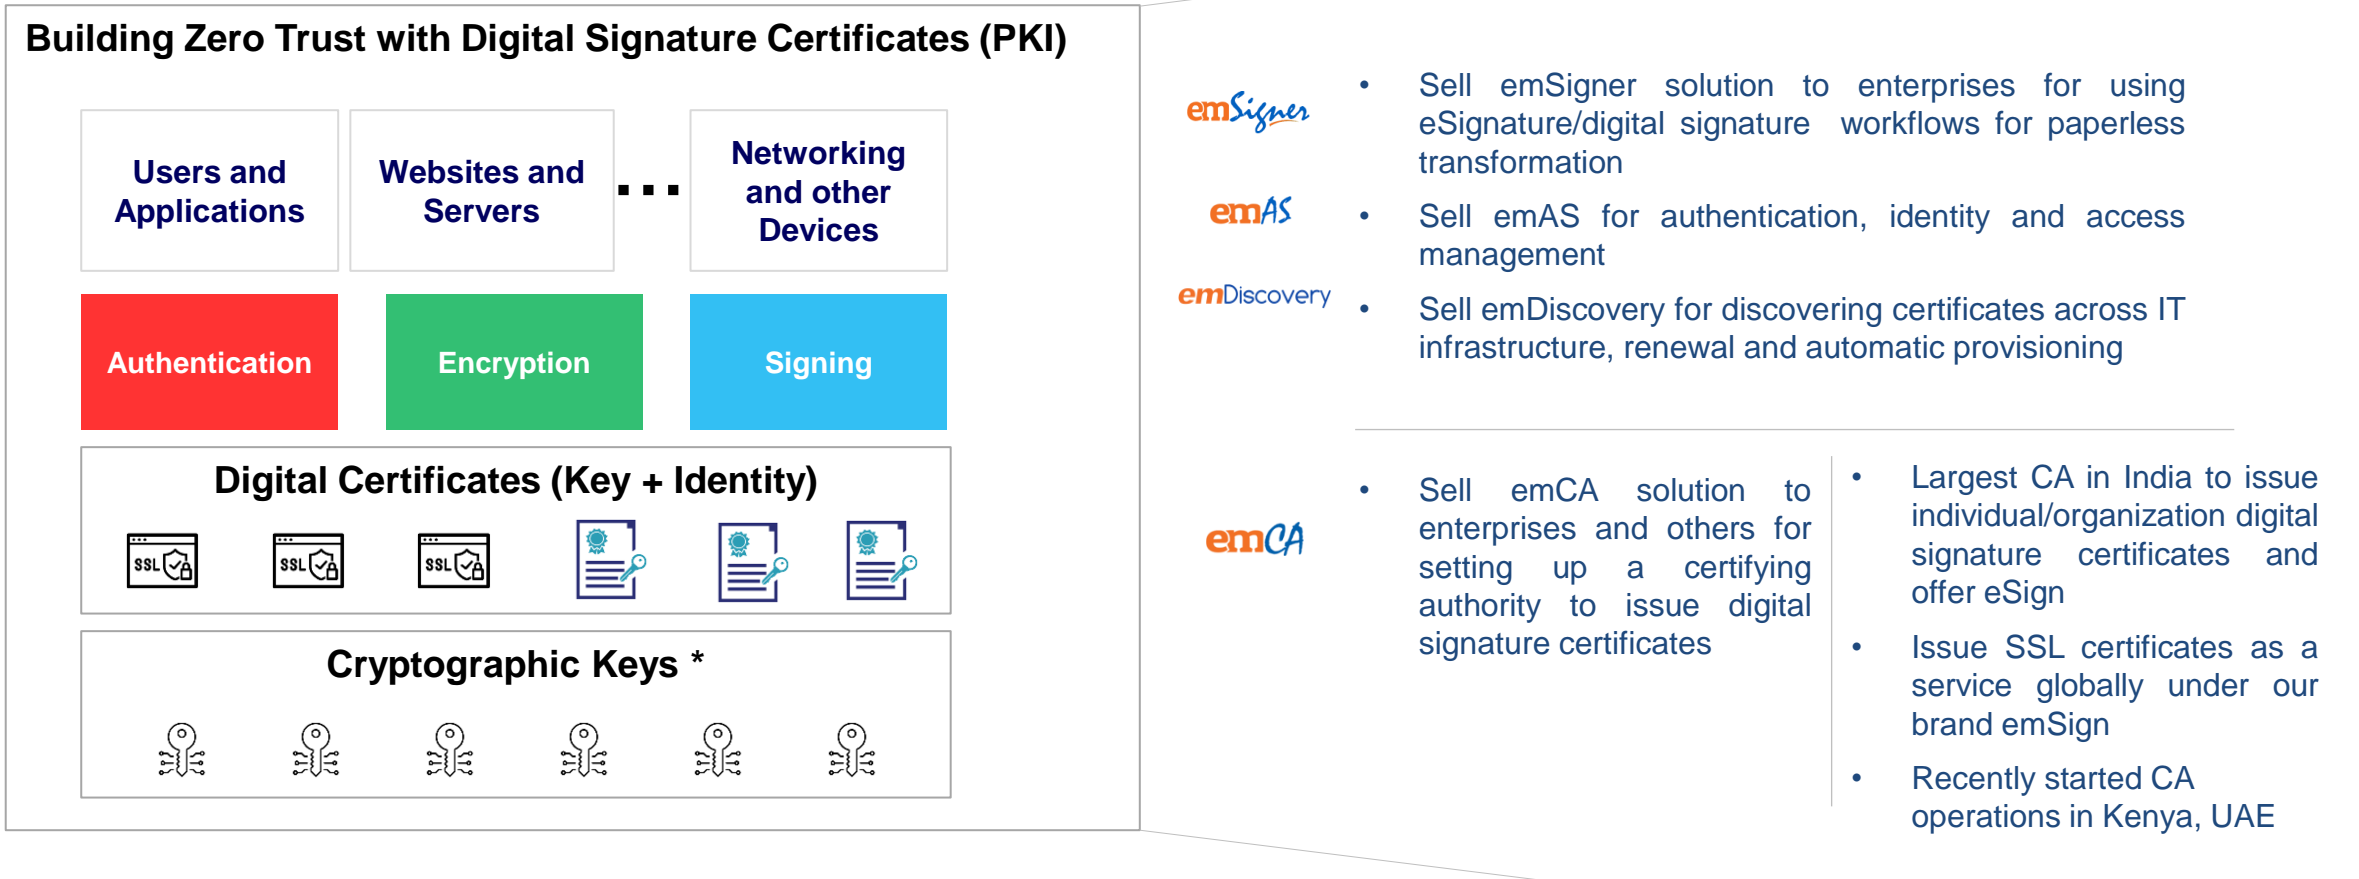

Cyberthreats are forcing enterprises to secure their networks. Sensitive use cases are rapidly adopting digital certificate based authentication to secure their infrastructure

3

Data privacy is forcing enterprises to leverage cryptographic keys to encrypt sensitive data

Where does eMudhra fit in?

Cryptographic identities are important in Zero Trust. eMudhra is a one stop solution provider with proprietary IP (B2B) for Zero Trust and has a Certifying Authority business to issue Digital Signature Certificates (B2C)

FY2023 Performance Highlights

Strong growth led by Enterprise Solutions and growth in international markets

Revenue growth driven by Enterprise Solutions primarily due to incremental cross sales, international market expansion and new customer acquisition

Strong EBITDA and PAT growth and margins maintained despite increased investment into overseas market growth and ESOP expenses of INR 31.6 million

Company continues to generate strong cash flows as a result of underlying profitable business model and is debt free

Total Income

Rs. 2,541 Mn

+ 38.3% YoY

EBITDA

Rs. 926 Mn

+ 36.0% YoY

36.5% Margins

EBIT

Rs. 768 Mn

+ 39.5% YoY

30.2% Margins

Net Profit

Rs. 612 Mn

+ 48.8% YoY

24.1% Margins

Adjusted Net Profit*

Rs. 644 Mn

+ 54.5% YoY

25.3% Margins

Cash from Operations

Rs. 486 Mn

+ 66.3% of PBT

Dividend

Rs. 1.25 per share

15.0% on Basic EPS

Q4 FY2023 Performance Highlights

Strong growth led by Enterprise Solutions; change in model for Trust Services resulting in diversification and better quality of revenue for trust services

Revenue growth driven by Enterprise Solutions in overseas markets

Total Income

Rs. 790 Mn

+ 73.9% YoY

Strong EBITDA and PAT growth and margins maintained despite increased investment into overseas market growth and ESOP expenses of Rs. 25.7 million

EBITDA

Rs. 259 Mn

+ 40.6% YoY

32.8% Margins

EBIT

Rs. 220 Mn

+ 41.9% YoY

27.8% Margins

Net profit

+ 46.3% YoY

20.0% Margins

Adjusted Net Profit*

Rs. 184 Mn

+ 61.3% YoY

23.3% Margins

eMudhra track record of delivering consistent growth driven by growth in enterprise solutions and international markets

(Rs. Mn)

Revenue From Operations

EBITDA

Profit after Tax

Key Business Indicators

Revenue has been shifting more towards enterprise solutions and overseas markets with recurring revenues of 65% in the current year

Enterprise Solutions – Operational Performance

Enterprise Solutions saw strong growth in international markets and significant repeat business from existing customers

Revenue Breakup by Sector

■ Government ■ BFSI ■ Private Sector

Revenue Breakup (Partner/Direct)

■ Partner ■ Direct

Revenue Break Up by Product

■ Cyber Security ■ Paperless

Existing vs New Customer by Value

■ Existing Customer ■ New Customer

Closing Order Book

Trust Services – Operational Performance

Strong focus on “brand” positioning, retail customer acquisition, broad-basing of partner network and issuance of eSign/SSL certificates to drive recurring revenue growth

Revenue Breakup by Segment

of Users (Retail)

of DSC issued *

- While the Channel segment in India Trust Services saw pricing pressure, this was compensated by growth in retail and initial revenues from eSign/SSL business lines.
- Earlier, eMudhra worked on a tiered channel model for sale of digital signatures (Master Partner -> Sub-Partner -> Retail)
- The Master Partners (about 30-50) who purchased digital signature certificate stock in bulk at preferential pricing started putting price pressure on the Certifying Authority, but at the same time put restrictive terms in terms of ability to reach out to sub-partners and retail
- In January 2023, we changed the model to now treat all partners on the same basis and have built a robust technology platform allowing transparent pricing for sub-partners, easy customer onboarding, order fulfilment and end customer support
- **This will improve the quality of revenue and diversify the base of channel led sales of trust services**

* Based on # of eKYCs done

Strong Return Ratios

Demonstrated efficient use of capital with a focus on RoE *

Return on Equity %

Key Project Wins

Implemented emAS Identity and Access Management for Defense Forces

PKI solutions across Defense forces in multiple countries to enhance cyber security posture

Enterprise wide paperless transformation of large Banks using eSignatures/eStamping and workflows

Solution deployment for rollout of first commercial Certifying Authorities in Gulf/Latin American countries

Deployment of IoT certificate management platform for a large global car manufacturer

ePassport implementation for countries in the Middle East with terminal authentication

Rollout of payment security infrastructure for card security, interbank payments for a Central Bank

Mobile PKI for digital ID, secure authentication and signing for state owned entity in Indonesia

IoT certificate deployment for smart meters as part of energy grids in Europe

Gartner®

eMudhra gets mentioned twice in Gartner® **Market Guide for Electronic Signature** for its product **emSigner** as a **Global, Full Service, Enterprise Workflow vendor**

2020-2022

4.4 rating on Gartner Peer Insights for **emSigner**, eMudhra mentioned as a **Strong Performer** in Gartner® **Peer Insights™/Voice of Customer': Electronic Signature** Report for the Asia/Pacific Region

JAN 2023

eMudhra recognized for **PKI and Certificate Management** in the Gartner Report Titled **“How to Select DevSecOps Tools for Secure Software Delivery”**

JAN 2023

eMudhra Ranked **No.1** under **Identity and Digital Trust Category in India** in 2022

OCT 2022

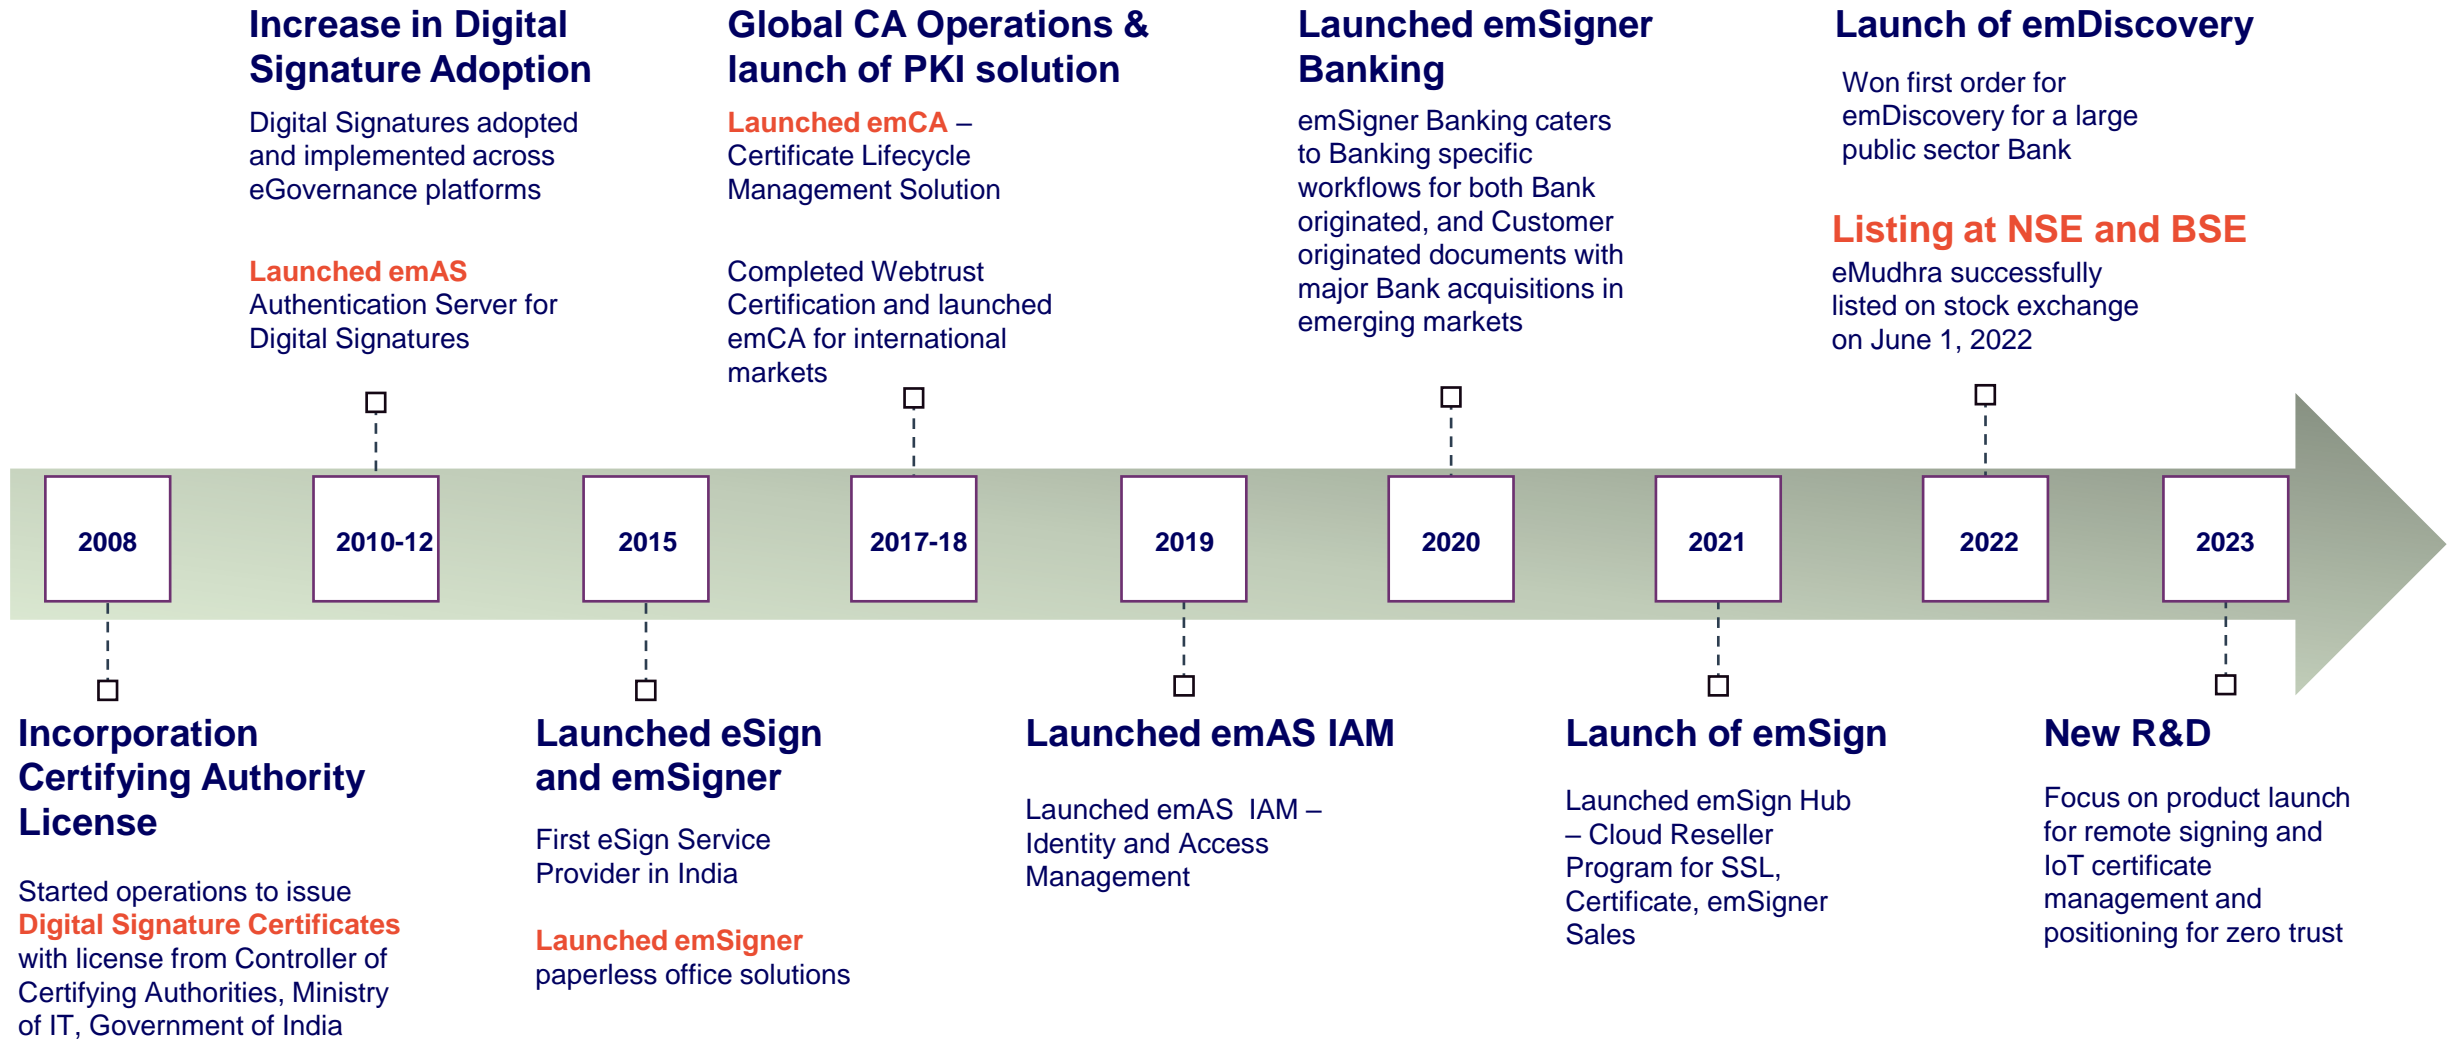

eMudhra is Certified as a **“Great Place to Work”**

DEC 2022

Understanding our business, products and market opportunity

Company Evolution

Business Lines: Enterprise Solutions and Trust Services

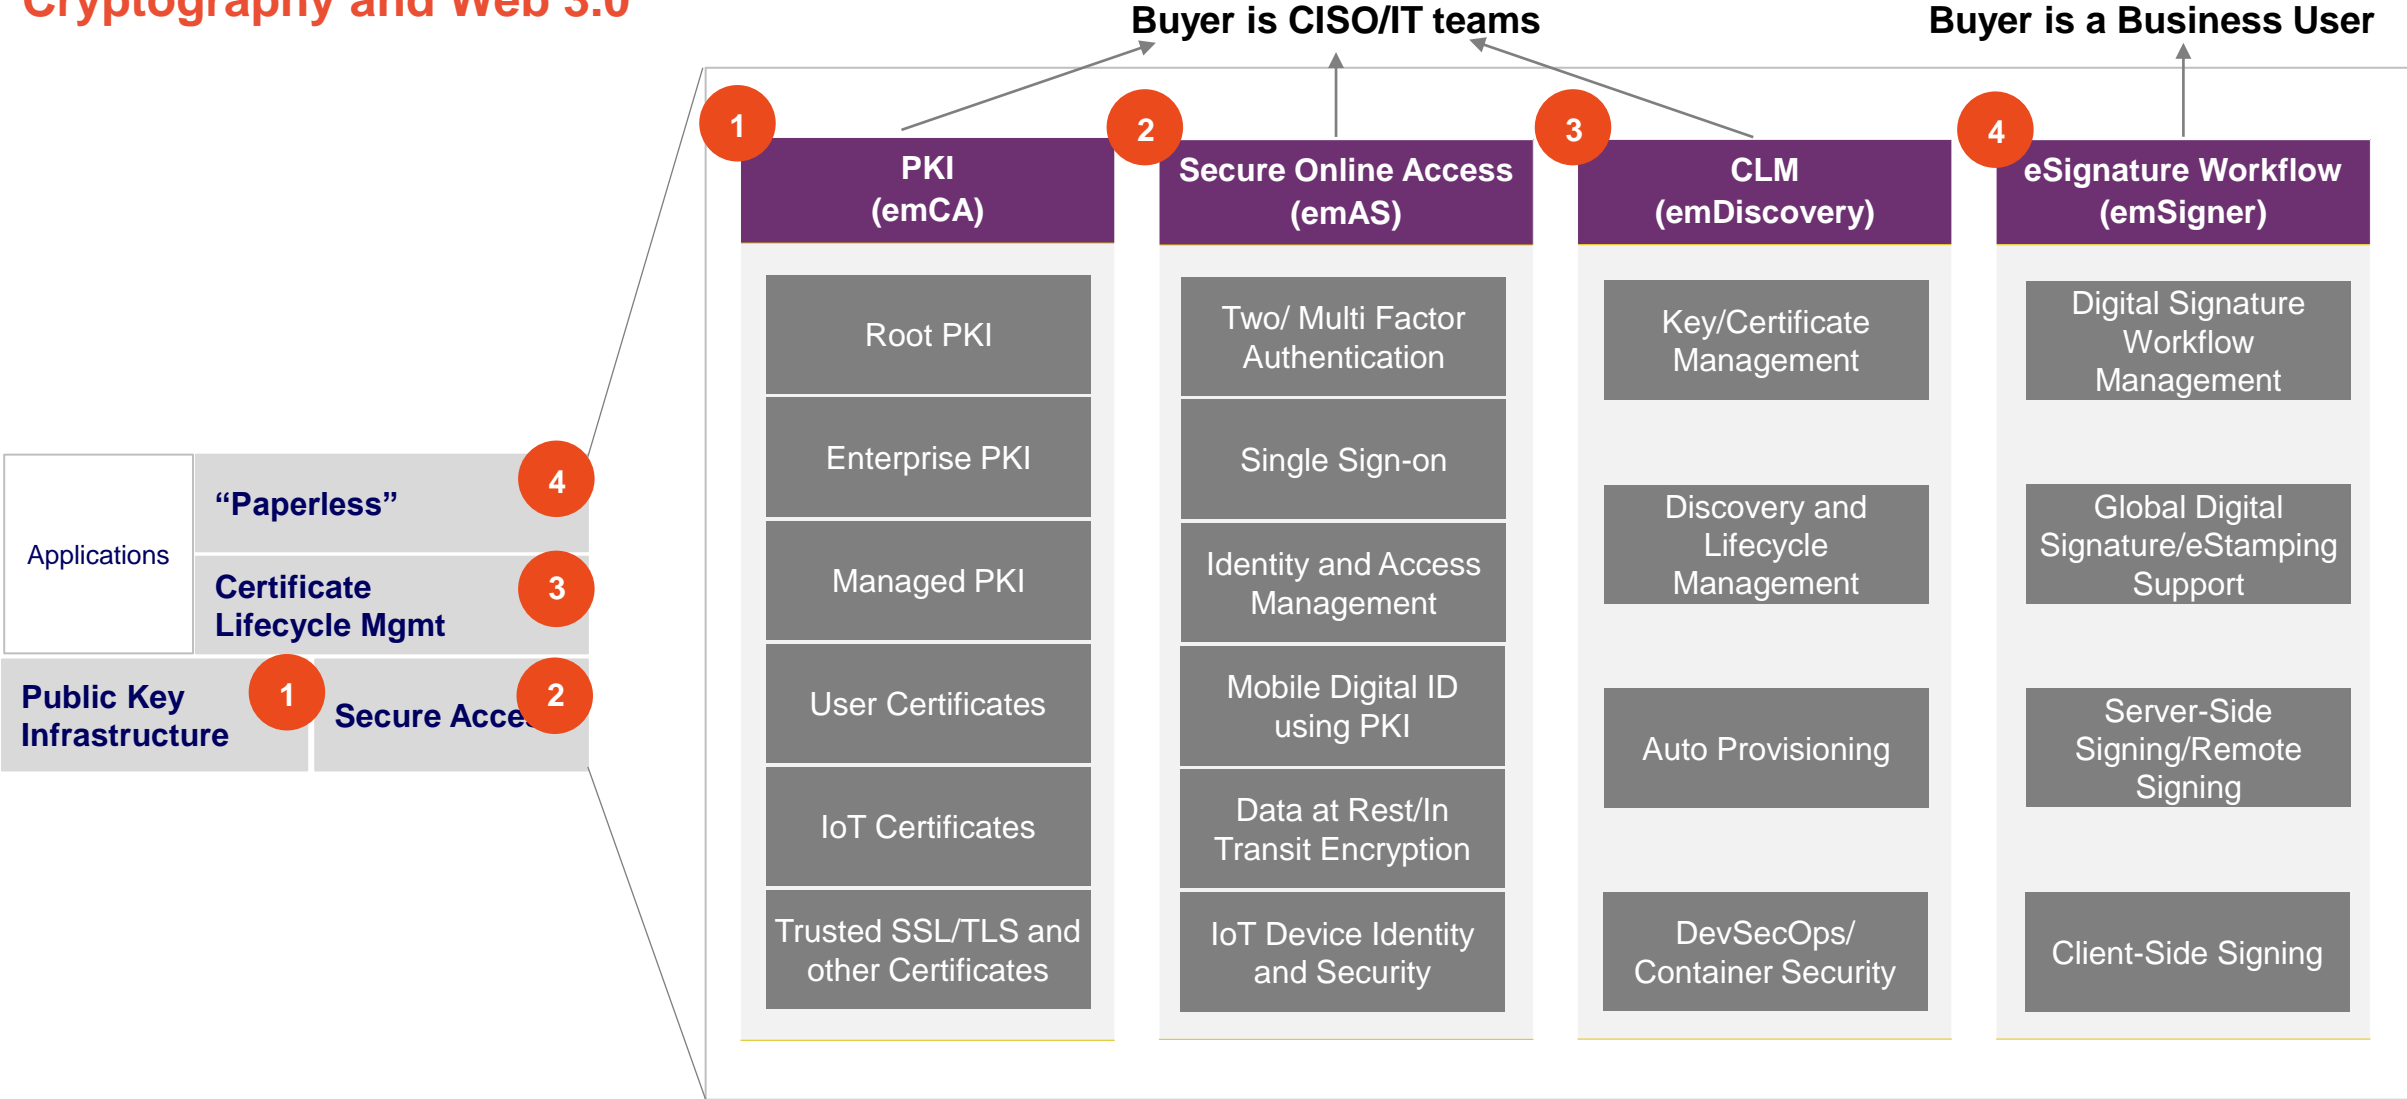

eMudhra is a combination of cyber security and paperless transformation solutions built on a foundation of digital trust using Public Key Infrastructure technology

eMudhra has a strong R&D team of 250+ people of a total employee strength of 780+ people with skills across Cyber security, Cryptography, Cloud, DevSecOps. Key members of product team have spent 8+ yrs with the company

Enterprise Solutions – Product Portfolio

Public Key Infrastructure is an important foundation in cyber security for Data Privacy, Post Quantum Cryptography and Web 3.0

Enterprise Solutions

	Use Case	Differentiators	Customers and Competition
<p>emSigner</p> <p>eSignature workflow solution for eliminating paper based signatures using digital signatures</p>	<ul style="list-style-type: none"> ▪ eGovernment – Citizen services ▪ Banking – customer onboarding, lending, corporate banking ▪ Insurance – Proposal/Policy ▪ Enterprise – Invoice Signing, Employee Onboarding, Contract Signing 	<ul style="list-style-type: none"> ▪ Gartner recognized as a full service, global, enterprise platform ▪ Leverages Identity backed digital signatures ▪ Verticalized for Banking/Pharma ▪ Private Cloud/On-Prem Deployment 	<ul style="list-style-type: none"> ▪ Large Electronic Appliance Retailer in US ▪ Largest Banks in India/MEA/APAC ▪ Largest IT Outsourcing providers from India ▪ Largest eCommerce companies globally ▪ Customers across healthcare, pharma, manufacturing and other sectors ▪ Competition includes DocuSign/Adobe Sign
<p>emCA</p> <p>Digital Signature Certificate Manager that issues digital signature certificates based on global PKI standards</p>	<ul style="list-style-type: none"> ▪ Enterprise PKI for issuing user/device certificates ▪ Govt CA for managing Root as part of maintaining digital signature infra ▪ Private CA like eMudhra issuing certificates in foreign countries ▪ Cyber security implementations in Defence ▪ ePassport implementations ▪ IoT Device Certificate implementations for EV/Smart City 	<ul style="list-style-type: none"> ▪ EAL 4+ security certification from Cyber Security Agency of Singapore ▪ Strong operational expertise ▪ Support for flexible PKI deployment model – Root CA, Bridge CA etc ▪ Strong support + in house implementation teams 	<ul style="list-style-type: none"> ▪ Large Payment Security provider in Germany ▪ 4th largest car manufacturer in the World for IoT certificates ▪ Central Banks in Middle East, India for Payment Security ▪ Largest Telecom companies/Private Sector in Saudi Arabia, Malaysia, Egypt for Private CA implementation ▪ Defense forces in India and other geographies for cyber security ▪ ePassport implementation in Middle East ▪ Competition includes Entrust, Nexus and Prime Key
<p>emAS</p> <p>Multi factor authentication, identity and access management solution</p>	<ul style="list-style-type: none"> ▪ Implementation strong authentication for online access ▪ Single Sign On for multiple applications ▪ Centralized access control to multiple applications such as ERP, CRM, Core Systems 	<ul style="list-style-type: none"> ▪ Defacto backbone for digital signature authentication in India ▪ Completed large scale implementations in Defense, Banking 	<ul style="list-style-type: none"> ▪ Large eGovernment use cases for digital signature authentication including Tax Authority, Company Law Board etc ▪ Authentication for corporate banking and high value fund transfers ▪ Defense forces/Smart Cities for centralized access control ▪ Competition includes Entrust, Microfocus

Products have matured over years and are B2B sales with significant cross sell/up sell opportunities

Enterprise Solutions

	Market Opportunity *	Focus Markets	Roadmap
<p>emSigner</p> <p>eSignature workflow solution for eliminating paper based signatures using digital signatures</p>	<p>USD 8.2bn by FY 2026 with a 29% CAGR</p>	<ul style="list-style-type: none"> Continue to deepen penetration in India with eSign/eStamping use cases Expand market base in Middle East including UAE, Saudi Arabia Build ecosystems in emerging markets in APAC, Africa Go after select segments (Tier 2 Banks etc) in North America 	<ul style="list-style-type: none"> Feature enhancements to verticalize into specific industries such as Banking, Pharma Enhance platform integrations with ERP, CRM and HRMS systems List on Cloud marketplaces
<p>emCA</p> <p>Digital Signature Certificate Manager that issues digital signature certificates based on global PKI standards</p>	<p>USD 3.8bn by FY 2026 with a 15% CAGR</p>	<ul style="list-style-type: none"> Deepen penetration in India with opportunities in Banking for Enterprise PKI and for cyber security in Government and Defense Opportunities in Emerging Markets for CA, Private PKI and ePassport use cases Private PKI opportunities in North American market 	<ul style="list-style-type: none"> Enhance product capabilities for IoT certificate management Addition of newer sets of cryptographic algorithms Post Quantum Crypto algorithm evaluation Enhance ePassport feature set
<p>emAS</p> <p>Multi factor authentication, identity and access management solution</p>	<p>USD 11.2bn by FY 2026 with a 14% CAGR *</p>	<ul style="list-style-type: none"> India and Emerging Markets with a focus on PKI based digital signature authentication, single sign on and access management 	<ul style="list-style-type: none"> Enhance capabilities around Identity Governance Build adaptive authentication using AI and based on continuous adaptive risk and trust assessment

* As per F&S report prepared for IPO. There is no separate sub-segment data for PKI based authentication/access management

Enterprise Solutions – emDiscovery Certificate Lifecycle Management

eMudhra launched a new product emDiscovery in FY 22-23 to manage the lifecycle of SSL/TLS certificates, keys used for securing enterprise IT infrastructure and for protecting personal data

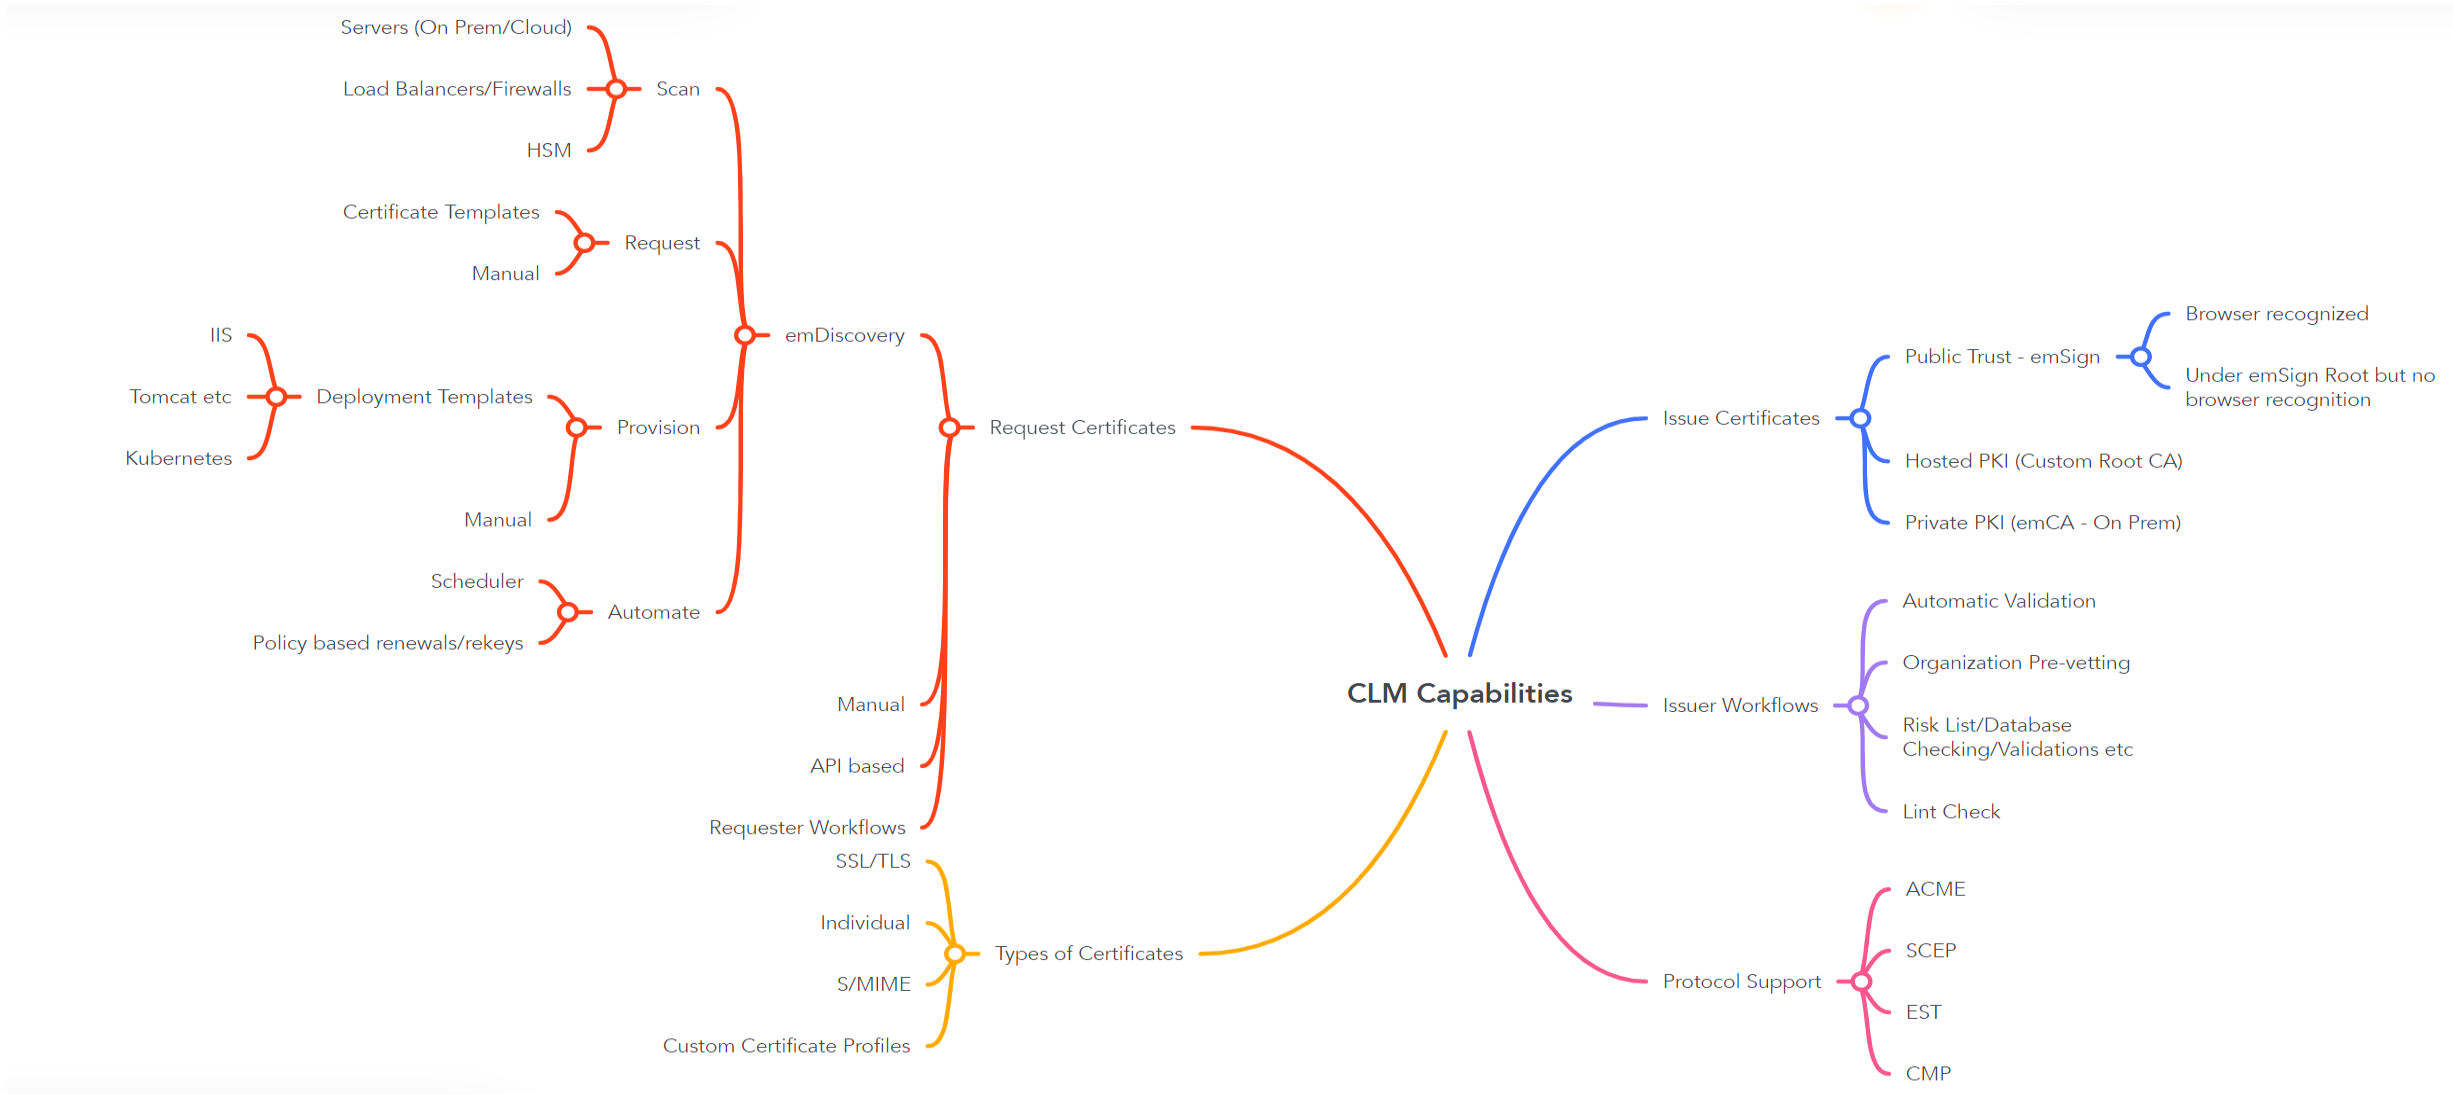

Enterprise IT environments are complex and many inter-connected pieces

- Large enterprises use lots of certificates/keys for data encryption and to secure authentication for:
 - External facing Websites to prevent Phishing attacks
 - Internal Servers
 - VPN access
 - Firewalls/Load Balancers etc
 - Users and Devices for login
- Over time, different certificates would have been provisioned at different points of time and not renewing a certificate results in network, server outages
- There is an increasing need to manage these certificates through a centralized dashboard so as to:
 - Proactively maintain an inventory of certificates
 - Discover certificates and expiry dates
 - Check for vulnerabilities in the certificates
 - Renew certificates automatically
 - Re-provision certificates automatically
- emDiscovery is a new product which focusses on managing the lifecycle of certificates to allow enterprises to easily manage and renew certificates with eMudhra

Enterprise Solutions – emDiscovery Certificate Lifecycle Management

emDiscovery, emSign and emCA offer comprehensive CLM capabilities for Enterprises

Trust Services – Positioning as a “Branded” player

India CA

Global CA

Segments	Use Cases	Comments	Differentiators
<p>Online Retail (D2C) End customers directly purchase from eMudhra’s online portals</p>	<ul style="list-style-type: none"> Used for eGovernment filings with GST, Income Tax, MCA, Tender Portals, IRCTC, EPFO, Education, Intermediaries in BFSI etc Growth led by new company incorporation, expansion in adoption of digital signatures in new use cases and changes in directors/officers 	<ul style="list-style-type: none"> eMudhra enjoys positioning as a branded player Used to follow a tiered distribution model with Master Partners, Sub-Partners and End Customers Master Partner exerted downward pricing pressure (~35%) as a result of which model was recently changed to bring parity between Master Partners and Sub Partners 	<ul style="list-style-type: none"> Only CA to have strong inhouse technology for partner management, retail portal Quick and easy onboarding and fulfillment 24x7 direct customer support D2C pricing at 6x-7x of Channel pricing, High organic Google Ranking (Google search trends at 3x-4x of competition) resulting in relatively lower CAC
<p>Channel Partners Comprise of Accountants, Company Secretaries who buy stock and resell to end customers</p>	<ul style="list-style-type: none"> Customer onboarding, loan documentation G2C services Employee Onboarding Contract signing 	<ul style="list-style-type: none"> Relatively new segment of using eSign based on AADHAAR/PAN and eStamping for building digital/paperless journeys for various use cases 	<ul style="list-style-type: none"> Only eSign vendor to offer all types of eSign (AADHAAR eKYC, PAN, Org eSign, Bank KYC and Foreign Individuals) eMudhra eSign in LTV enabled
<p>eSign B2B sale to eGovernment, BFSI, Private Sector</p>	<ul style="list-style-type: none"> Website protection against phishing Secure communication within networks 	<ul style="list-style-type: none"> eMudhra is the ONLY Indian company to get the browser recognition for issuance of SSL/TLS certificates Significant barrier to entry as it’s a 4-5 yr journey and requires demonstration of strong competence and operational expertise 	<ul style="list-style-type: none"> Inhouse technology for partner management, fulfillment Quick verification “Make in India” positioning for Indian market Attractive price points
<p>SSL/TLS Issuance of certificates to websites, servers, networking devices under global trust and direct recognition with browsers</p>
