Forward-Looking Statements

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements, written and oral, that we periodically make are forward-looking statements that set out anticipated performance/results based on the management's plan and assumptions. We have tried, wherever possible, to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and realisation of assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind.

Music

IS IN THE AIR

TIPS Industries Limited is a leading Indian music label which creates and monetises music. This year, the Board has decided to demerge the Film and Music businesses. The Music Business has an extensive catalogue of film, non-film, devotional, pop and remixes in Hindi, Punjabi, Gujarati, Bhojpuri and other languages which straddle all genres of popular Indian music. The catalogue is licensed to over the top (OTT) video platforms, content aggregators, television channels, telecom companies, radio stations, advertisers, event management companies, hotels, restaurants and others. Through a robust multi-year track record, the Company has demonstrated consistent success in creating high quality music and acquiring music related intellectual property rights (IPR).

Chairman's Message to Shareholders

Dear Shareholders,

The year 2020 was tumultuous for the entire world. The impact of COVID-19 pandemic and its aftermath are likely to be felt by most of us for many years. Yet, upheavals bring their own set of positive and negative factors. The COVID-induced lockdown introduced new behavioural patterns such as Work From Home (WFH) that have actually been beneficial for the global music industry.

The current government headed by our Honourable Prime Minister, Shri Narendra Modi, has boldly faced this unprecedented crisis and its management of the COVID crisis and the ongoing vaccination programme for a population of this scale has been commendable. The government's stated intent to foster growth of the private sector will benefit all enterprises.

According to the International Federation of the Phonographic Industry (IFPI), which represents the recording industry worldwide, the global

music industry grew 7.4 per cent in 2020. It was driven by a 18.5 per cent growth in subscription revenue, which now accounts for 46 per cent of revenue for music labels globally. Overall, streaming contributes 62 per cent of the total revenue pie for music labels globally.

We observed that short form content based new social media platforms like Tik Tok, which offer a mix of music, lip sync videos and micro-video content – have built business models centred around music. New use cases are being created for music in social media.

According to EY's Media and Entertainment Report 2021, the Indian music industry which is advertising-driven, remained unchanged in 2020. The hard lockdowns required to control the spread of COVID-19 caused equally sharp cutbacks in advertising expenditure of all major advertisers, but the growth in digital advertising supported the Music Industry.

Your Company registered a 7.55 per cent decline in music revenues due to a mix of reasons including cancellation and ban on events post lock down, timing of contract renewal and some contract-specific clauses, which delayed booking of revenues.

The external environment was challenging, but we continued to focus on aspects of business within our control viz; new recordings and releases, signing up artists, recreation of old songs, improving marketing efficiencies, evaluating new opportunities presented by short format content and usage of music on social media platforms.

Tips Industries Limited is at a watershed moment in its evolution. This year, your Board of Directors decided to separate the film and music businesses into independent companies so that each business can independently chart and execute its strategy and attract like-minded investors. At this juncture, as we look into a future of expanding opportunities, I would like to reflect on our journey so far.

EVOLUTION OF TIPS INDUSTRIES LIMITED

1. Beginning

My father Shri Sadhuram Taurani belonged to a middle-class joint family consisting of his parents, his wife, two brothers and five sisters, all residing in Karachi in unified India. In 1946, at the time of India's Partition, they left all their belongings and came to Mumbai where they rented a house in Dadar. Luckily, the Government soon announced some aid for people compelled to relocate from those provinces and my father received Rs. 6,000 as aid. He used Rs. 3,000 to buy a shop in Colaba and started a grocery store with his younger brother. There wasn't enough money to stock goods or create an inventory. Neither connections nor business track record was available to help access credit. Fearing that customers would not come to a sparsely stocked store, he relied on his wits and stocked the shop with goods that he could buy and filled up the rest of the store with empty containers and boxes to create an impression of a well-stocked store. The store was a success and soon turned very profitable as my father focused on selling food items consumed by the Sindhi community, which were not easily available with other grocers.

A few years later, my father bought another shop, Jai Hind Electronics, in Navjivan Society on Lamington Road and started to sell electronics, watches, clocks etc. It was a middling enterprise. My father's youngest brother managed this business.

When I was around 18-19 years old, my younger brother Ramesh and I were asked to learn the business under him. We visited the shop but looked forward to weekends when both of us would spend the entire weekend watching movies. Our goal was to watch every movie that was released that weekend. Our elders didn't approve of this, but we persisted.

We got an opportunity to become dealers of HMV. Since the electronics business was not very profitable, we started selling music records. In a few years, we also got dealerships of Polydor - Music India, CBS and other leading music labels of that time. Soon we were the largest distributors of music records in the western region.

2. Music Label

In the 1980s, we were still a joint family. In a division of assets, our grocery store at Colaba was given to one of my uncles in 1982. My father and his youngest brother now depended on the records business. All the leading labels had launched music cassettes during this time and we got dealerships to start selling cassettes in the Indian market.

In 1985, we bought another shop on the busiest part of Lamington Road, Pancham Electronics. Between Jai Hind Electronics and Pancham Electronics, we got dealerships from all major music labels of that time to sell cassettes too.

As we gained an understanding of the records business, we realised that recording music was more profitable than selling music records and cassettes. So we started recording bhajans and songs by small artistes in Hindi, Sindhi and Marathi languages under the label TIPS which was owned by our Company R.K. Electronics. Our music label was TIPS, which stands for 'To Introduce Promising Singers'.

In 1986, in yet another division of assets, our shop, Pancham Electronics along with the music dealerships was handed over to our uncle. My father had retired and my brother and I retained Jai Hind Electronics and our Company R. K. Electronics along with the music label and the music rights that we had created. Ramesh and I worked very hard in this business.

In 1988, we launched another Company, Tips Cassettes and Records Company to acquire film music rights and sell film music cassettes under the TIPS label.

Gunahon Ka Devta, released in 1990 was the first film whose music rights were acquired by TIPS. We subsequently acquired the music rights of four more films; Elaan-E-Jung (1989), Chor Pe Mor, Kahan Hai Kanoon (1989), Bungalow No. 666, which were all musical flops.

We remained undeterred and we tried to gather insights from our distribution business on consumer taste and preferences for music. We also used this experience to fine-tune our understanding of pricing music rights.

In 1992-93, we merged R. K. Electronics and Tips Cassettes and Records Company.

3. Growth Phase

Salman Khan starrer Pathar Ke Phool was our first superhit and we sold 3 million cassettes. In the very same year, music of Phool Aur Kaante became a blockbuster hit. Its music remained popular until the era of cassettes and CDs ended. Cumulatively, we would have sold over 20 million cassettes and CDs of this film's music.

As the music distribution business grew, the cost of acquiring rights also went up. Ramesh and I focused on acquiring music rights and poured every spare penny into IPR. We opted not to purchase larger houses or more cars or redecorate our homes. We simply kept investing every rupee into music rights.

The music business was booming and we were recovering anywhere between 30 per cent and 300 per cent of the cost of producing a film simply by selling its music. So, in 1993, we decided to produce films in a bid to gather more music rights, cheaply. Given the economics of that time, we felt it was a risk worth taking.

We had no experience in the craft of filmmaking. So, we partnered with other film producers. Our first film Coolie No.1 was co-produced with Mr. Vashu Bhagnani's Pooja Films. We probably sold over four million cassettes and CDs of Coolie No.1's music. Our next film, Raja Hindustani was also a co-production with Ali and Karim Morani and Bunty Soorma. The film and its music were both blockbusters and we would have sold over ten million cassettes within twelve months of the film's release. Similarly, we co-produced Haqeeqat with N R Pachisia, Jeet with Sajid Nadiadwala and Beqabu with N Chandra.

Having gained some experience in film production, we decided to produce films independently. our first independent production was Auzaar.

By this time, TIPS had become the leading music company in India. We started raising prices. Cassette prices went up from Rs 20 to Rs 55 over a period of time. The rest of the industry followed TIPS on pricing.

By virtue of independent recordings, acquiring film rights and producing films on our own, we had become the largest acquirer of music rights in India. The period from 1988 to 1997 was one of uninterrupted growth. We had announced simultaneous production of ten films. Soon six movies were on the floor and we had signed up actors for the other four movies.

The Crisis

Life never moves in a straight line

In 1997, my brother Ramesh was falsely implicated in the Gulshan Kumar case. Thankfully, the sessions court acquitted him in 2002 and

the Bombay High Court upheld that decision and acquitted him in July 2021, closing this chapter finally. After a very long time, our family can be at peace.

In retrospect, however, when the news broke out in 1997, we found ourselves in a dilemma. On one hand, we had six movies on the floor requiring capital infusion every day and on the other hand all our financiers were insisting on return of their capital. Those were extremely trying times for the business and the family as well.

I met all our financiers and explained the situation to them. I assured them about the return of their capital and convinced them to give us six months time to start the repayments.

We took stock of the various productions and ranked them on the basis of completion. The movie which was nearest to completion was prioritised for providing additional capital. On completion, we sold the film and used the proceeds to partly repay financiers and partly for completion of the next film. We completed all six films in this manner and released them.

In about eight to nine months, most of the external capital was repaid and within a year all of it was paid back with full interest as per our original agreement. We did not seek any interest waivers or even lower interest rates. We repaid every single penny.

Following closely on the heels of this crisis was another; Technological Change in the music industry. This disrupted our physical distribution business and rampant piracy brought the business to a standstill. In this era, piracy, technological change and a change in music preferences led to a change in the industry's business model.

I had written about these changes last year and will not repeat them here. Suffice to say, that the mobile telephony revolution revived our industry and we could see light at the end of the tunnel.

We have always been first to embrace change and were the first music company to do a licencing deal with a Singapore-based streaming company, Sound Buzz, for streaming and downloading singles and albums in 2010.

In a decade since then, streaming has become the largest contributor of revenues to the industry.

In films too, the business cycle has turned with the emergence of OTT players and large companies like Disney+Hotstar, Amazon,

Netflix, Zee5, SonyLiv, ViacomVoot and others making India their focused markets.

Ups and downs are a part of life and business. We are grooming our children to follow us on the same lines with the same values.

At a time when both businesses are growing strongly and will henceforth carve out own paths, it's only natural to ask; What next? Ramesh and I cannot foretell the future, but to all our stakeholders, we want to say that there's lots more to come.

I thank you all for your trust and faith in TIPS. A special note of gratitude to all our stakeholders: our employees, investors, partners, bankers and vendors.

Yours sincerely,

The form prescribed by the Board of Directors of the Company for waiving/forgoing the right to receive dividend for any year shall be available for download on the Company's website www.tips.in. or can also be obtained from the Company's Registrar and Share Transfer Agent, Link Intime India Private Limited.

THE BOARD OF DIRECTORS OF THE COMPANY AT ITS MEETING HELD ON NOVEMBER 29, 2017 HAVE FRAMED THE FOLLOWING RULES UNDER ARTICLE 111A OF THE ARTICLES OF ASSOCIATION OF THE COMPANY FOR EQUITY SHAREHOLDERS WHO WANT TO WAIVE/ FORGO THE RIGHT TO RECEIVE DIVIDEND IN RESPECT OF FINANCIAL YEAR 2017-18 OR FOR ANY YEAR THEREAFTER.

- a. A Shareholder can waive/forgo the right to receive the dividend (either final and/or interim) to which he is entitled, on some or all the Equity Shares held by him in the Company as on the Record Date/Book Closure Date fixed for determining the names of Members entitled for such dividend. However, the shareholders cannot waive/forgo the right to receive the dividend (either final and/or interim) for a part of percentage of dividend on share(s).
- b. The Equity Shareholder(s) who wish to waive/forgo the right to receive the dividend for any year shall inform the Company in the form prescribed by the Board of Directors of the Company only.
- c. In case of joint holders holding the Equity Shares of the Company, all the joint holders are requested to intimate to the Company in the prescribed form their decision of waiving/ forgoing their right to receive the dividend from the Company.
- d. The Shareholder, who wishes to waive/forgo the right to receive the dividend for any year shall send his irrevocable instruction waiving/ forgoing dividend so as to reach the Company before the Record Date/Book Closure Date fixed for the payment of such dividend. Under no circumstances any instruction received for waiver/forgoing of the right to receive the dividend for any year after the Record Date/Book Closure Date fixed for the payment of such dividend for that year shall be given effect to.
- e. The instruction once given by a Shareholder intimating his waiver/forgoing of the right to receive the dividend for any year for interim, final or both shall be irrevocable and cannot be withdrawn for that particular year for such waived/forgone the right to receive the dividend. But in case, the relevant Shares are sold by the same Shareholder before the Record Date/Book Closure Date fixed for the payment of such dividend, the instruction once exercised by such earlier Shareholder intimating his waiver/forgoing the right to receive dividend will be invalid for the next succeeding Shareholder(s) unless

such next succeeding Shareholder(s) intimates separately in the prescribed form, about his waiving/forgoing of the right to receive the dividend for the particular year.

- f. The Equity Shareholder who wish to waive/forgo their right to receive the dividend for any year can inform the Company in the prescribed form only after the beginning of the relevant financial year for which the right to receive the dividend is being waived/forgone by him.
 - g. The instruction by a Shareholder to the Company for waiving/ forgoing the right to receive dividend for any year is purely voluntary on the part of the Shareholder. There is a no interference with a Shareholder's Right to receive the dividend, if he does not wish to waive/forgo his right to receive the dividend. No action is required on the part of Shareholder who wishes to receive dividends as usual. Such Shareholder will automatically receive dividend as and when declared.
 - h. The decision of the Board of Directors of the Company or such person(s) as may be authorized by Board of Directors of the Company shall be final and binding on the concerned Shareholders on issues arising out of the interpretation and/or implementation of these Rules.
 - i. These Rules can be amended by the Board of Directors of the Company from time to time as may be required.
12. All unclaimed dividends up to the final dividend for FY 2012-13 paid by the Company have been transferred to Investor Education and Protection Fund (IEPF) of the Central Government. Pursuant to the provisions of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, the Company has uploaded the details of the unpaid and unclaimed amounts lying with the Company on the website of the Company www.tips.in, and also on the website of the Ministry of Corporate Affairs www.mca.gov.in. Unclaimed dividend for the FY 2013-14 will fall due for transfer to the IEPF on September 12, 2021. Those Members, who have not encashed their dividends for the FY 2013-14, are requested to claim it from the RTA of the Company immediately. Those Members who have not so far claimed their dividend for the subsequent financial years are also advised to claim it from the Company or the RTA of the Company.
 13. Pursuant to the provisions of Section 124(6) of the Companies Act, 2013 and the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, ("Rules") as amended from time to time all equity shares of the Company on which dividend has not been paid or claimed for seven consecutive years or more as on September 12, 2021 shall be transferred by the Company to Investor Education and Protection Fund ("IEPF"). These details are also available on the Company's website www.tips.in. Shareholders are requested to claim the dividend on these equity shares latest by September 12, 2021 to avoid aforesaid transfer of shares. No claim shall lie against the Company in respect of these equity shares post their transfer to IEPF. Upon transfer, the Shareholders will be able to claim these equity shares only from the IEPF Authority by making an online application the details of which are available at www.iepf.gov.in.
 14. As mandated by the Securities and Exchange Board of India ("SEBI"), securities of the Company can be transferred/traded only in dematerialised form. Members holding shares in physical form are advised to avail of the facility of dematerialisation.
 15. Members holding shares in Electronic form are requested to intimate immediately any change in their address or bank mandates to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to advise any change in their address or bank mandates immediately to the Company or the Company's Share Registrars and Transfer Agents.
 16. As per the provisions of the Companies Act, 2013 facility for making nomination is available for the Members in respect of the shares held by them. Nomination forms can be obtained from the Company's Share Registrar and Transfer Agent by Members holding shares in physical form. Members holding shares in electronic form may obtain Nomination forms from their respective Depository Participant.
 17. All documents referred to in the accompanying Notice and the Explanatory Statement can be obtained for inspection by writing to the Company at its email ID bijal@tips.in till the date of AGM.
 18. Members seeking any information or clarification on the accounts are requested to send in writing queries to the Company at least seven days before the date of the meeting to enable the Management to keep the information ready at the Meeting. Replies will be provided at the meeting in respect of such queries received.

19. VOTING THROUGH ELECTRONIC MEANS:

- i) Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the Listing Regulations and Circulars, the Company is providing facility of remote e-voting to its members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with CDSL for facilitating voting through electronic means, as the authorized e-voting agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system during the AGM will be provided by CDSL.
- ii) The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 members on first come first served basis. However, this number does not include the large Shareholders i.e. Shareholders holding 2% or more shareholding, Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
- iii) Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Act, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
- iv) Any person who becomes a member of the Company after dispatch of the Notice of the Meeting and holding shares as on the cut-off date i.e. September 14, 2021 may obtain the login details in the manner as mentioned below.

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- (i) The voting period begins on September 18, 2021 at 9:00 a.m. and ends on September 20, 2021 at 5:00 p.m. During this

period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of September 14, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

BOARD'S REPORT & MANAGEMENT DISCUSSION AND ANALYSIS

To
The Members
Tips Industries Limited

Your Directors are pleased to present the 25th Annual Report on the business and operations of the Company, together with the Audited Financial Statements for the financial year ended March 31, 2021. The Management Discussion and Analysis is also included in this Report.

THE INDIAN MEDIA AND ENTERTAINMENT INDUSTRY

India's economy was hit hardest by the Covid-19 pandemic. Almost all the sectors have been adversely affected. Due to the pandemic and subsequent lockdowns, Indian economy growth was declining. Considering positive sentiments of the last two quarters of FY 2020-21, the World Bank estimates that the Indian economy will recover by 5.4% in FY 2021-22. However, the surge in Covid-19 positive cases and the death toll starting April 2021 may slow down the economy to some extent and may adversely impact the forecast growth.

Media and Entertainment (M&E) sector usually grows faster than GDP, it also affected and fell by 24% to Rs. 1.38 trillion (US\$18.9 billion), in effect taking revenues back to 2017 levels. Digital and online gaming were the only segments which grew in 2020 adding an aggregate of Rs.26 billion and consequently, their contribution to the M&E sector increased from 16% in 2019 to 23% in 2020.

Segment	2019	2020	2021E	2023E	CAGR 2020-23
Television	787	685	760	847	7%
Digital media	221	235	291	425	22%
Print	296	190	237	258	11%
Online gaming	65	76	99	155	27%
Filmed entertainment	191	72	153	244	50%
Animation and VFX	95	53	74	129	35%
Live events	83	27	53	95	52%
Out of Home media	39	16	22	32	27%
Radio	31	14	23	27	24%
Music	15	15	18	23	15%
Total	1,822	1,383	1,729	2,234	17%

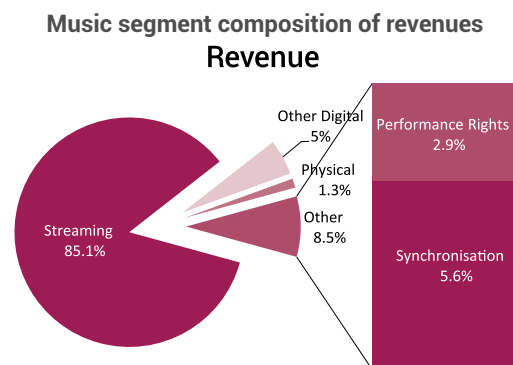

All figures are gross of taxes (Rs. in billion) for calendar years | EY estimates
 Source: FICCI-EY Media & Entertainment (M&E) Report

The filmed entertainment segment saw an 80% decline across domestic and international theatrical revenues on account of lockdowns and social distancing norms announced due to COVID-19 pandemic.

- Music**

Music permeates our culture across all age groups. Therefore India is certainly among the world's most exciting music markets. In the past few years, the country has seen a rapid transformation from physical products to digital services and the explosion of digital streaming services. The Indian Music market remained resilient in 2020 and recorded Rs.15 billion in sales. Streaming revenues grew 15% however, performance rights revenues declined 67% due to country wide lockdowns, leading to overall flat industry revenues. It is expected that Industry revenues will grow at a CAGR of 15% and cross Rs.23 billion by 2023, on the back of increasing digital revenues and performance rights.

Category	Revenue
Streaming	85.1%
Other Digital	5%
Physical	1.3%
Performance Rights	2.9%
Synchronisation	5.6%

Share of physical sales fell from 2% in 2019 to 1% in 2020. Sales of vinyl records have been growing for ten years globally, but in India there's no market for that.

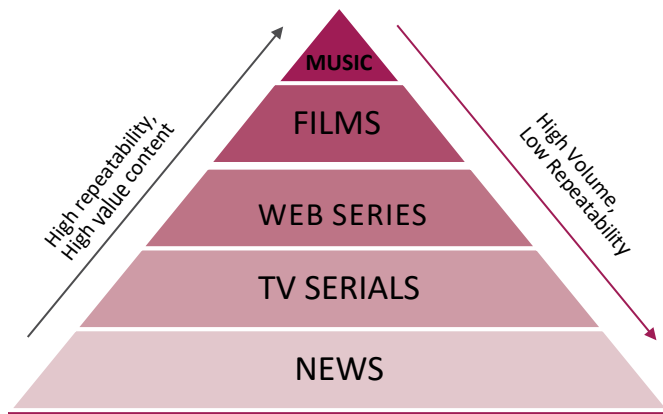

Digital revenues comprised 90% of total revenues, up from 68% in 2019. Younger people are generally early adopters of technology and more likely to subscribe to music streaming services. Music listeners aged 16-44 years are more likely to pay for audio streaming as they prefer an ad-free experience, the freedom to listen to anything, at any time, at the click of a button. Convenience and availability of millions of songs for a small price is driving penetration of subscription based music streaming services.

KEY ASPECTS OF THE MUSIC INDUSTRY

Music is part of the broader content industry that comprises news, television serials, films, and music. Each of these sub-segments has their own economic attributes and appropriate monetization methods.

- **Value of content**

Many factors determine the value of content. Content that can be monetized multiple times naturally commands greater economic value. Music ranks at the top of the content pyramid when ranked on repeated monetization.

The Content Pyramid

Once aired, news bulletins and TV serials lose relevance very quickly. Viewers rarely revisit such content. Films hold a special appeal and can be repeatedly aired. Superhit films may be viewed multiple times by audiences. Such films attract audiences even many years after release.

Music lovers can be very passionate about their favorite music and may listen to their favourite songs multiple times a week. It is

entirely possible that listeners hear their favorite songs thousands of times over their lifetimes.

- **Intellectual Property Rights (IPR)**

The Copyright (Amendment) Act, 2012 protects music copyrights for 60 years in India. This is the longest period of protection when compared to any other type of intellectual property rights. In the United States, music copyrights are protected for much longer periods.

IPR protection for such long durations allows music labels to exploit multiple monetization strategies over time. Catalogues benefit from technological evolution, inflation, and increased market penetration over such long periods.

- **Impact of Internet**

The internet has made it possible to access the entire global audience for content with minimum intermediation. Physical distribution channels for selling cassettes, CDs and DVDs have been disrupted. In today's digital world, every content owner can directly connect with the end consumer via the internet. This ability to reach large audiences directly has improved terms of trade for content owners vis-a-vis distributors and other content aggregators.

FACTORS AFFECTING GROWTH OF MUSIC INDUSTRY TODAY

- **Convenience**

Until the first decade of the current century, music lovers had to carry devices such as Walkmans or iPods or USB drives to hear music on the go. These and other functions have now converged into a single device; the smartphone. Listeners no longer need to carry separate devices; smartphone apps make music available 24x7 with a tap and a swipe.

- **Rising Data Consumption**

The Ericsson Mobility Report-June 2021 (EMR-21) estimates that data usage per smartphone will increase from 14 GB/month in 2020 to 40 GB/month in 2026. The report estimates total Mobile Data Traffic to grow at 27% CAGR between 2020 and 2026 in India. FICCI's M&E Report 2021 states that news, books, music, video, and gaming accounted for over 75% of data consumption in India. Rising data consumption provides a tailwind for growth.

More Subscribers

As per EMR-21, there were 81 crore smart phone subscriptions in India in 2020. This number is expected to touch 124 crore in 2025. According to TRAI, current tele-density in rural areas is only 59.5%. A lot of people are yet to be connected to smartphones and the Internet, so there is huge headroom for growth.

Faster Networks

The number of 4G connections are expected to rise from 68 crore to 83 crore by 2026. 5G connections are expected to be about 33 crore in 2026. Higher speeds provide seamless user experience and improve adoption. Upgrading to faster connections will continue to drive an increase in content consumption.

Smarter Phones

Smartphones provide improved user experience for media consumption compared to feature phones. The Ericsson Mobility Report - June 21 estimates smartphone penetration in India grew by 22.7% in 2020 over 2019. The number of smartphone users is expected to reach 124.17 crore by 2025 from 81 crore in 2020. New users and upgrades from feature phones to smartphones are both tailwinds for music consumption.

Cheap Data

India has the lowest data costs in the world. Mobile subscribers in India get access to 4G data at approximately Rs.5/GB. Given such low costs, data prices are no longer a hindrance to adoption of mobile Internet. EMR - June 21 estimates data usage per smart phone to increase from 14.6 GB/Month in 2020 to 40GB/Month in 2026.

These have been designed to provide a reasonable assurance with regard to maintaining of proper accounting controls for ensuring the reliability of financial reporting, monitoring of operations, protecting assets from unauthorized use or losses and

compliance with regulations.

Adequate internal control systems commensurate with the nature of the Company's business and size and complexity of its operations have been recognized. Internal control systems ensure the reliability of financial reporting, timely feedback on the achievement of operational and strategic goals, compliance with applicable laws and regulations and that all assets and resources are acquired economically, used efficiently and adequately protected.

During the year under review, no material or serious observations have been received from the Internal Auditors of the Company with respect to inefficiency or inadequacy of the controls.

RISK MANAGEMENT

TIPS has a well-defined policy to foresee, identify and analyze risks and take suitable action to mitigate and minimize the impact of such risks. Accordingly, the Company has identified the followings risks that can impact its business performance and plans:

• Piracy

Copyright infringement remains a challenge for the music ecosystem. An estimated 27% of those surveyed used unlicensed methods to listen or obtain music in the past month, while 23% used illegal stream ripping services. The availability of quick remedies, including blocking orders, to tackle such pirate services is vital to protect the music industry and other creative industries. Furthermore, app stores and ISPs that host such services need to be proactive in recognizing this form of infringement and work with industry bodies to curb piracy. Piracy in the music ecosystem has reduced from 76% in 2018 to 67% in 2019 and remained flat in 2020, but is still higher than the global average of 27%. China has succeeded in curbing piracy with an estimated 96% of consumers listening to licenced music.

• Staggering shutdowns of cinema screens

An estimated 1000 to 1500 single screen cinema's have shut down bringing the overall screen count in India down to 8000. Real estate developers supported exhibitors by lowering rentals and revenue share agreements. Launch dates for several cinema projects have also been postponed. To survive, multiplexes have introduced concepts of private screenings and hosted stand-up comedy shows. Expansion plans have been put on hold.

Since a lot of films could not be released, several films opted to be

released directly on OTT platforms. This has resulted in revenue losses for filmmakers, although digital rights revenue grew 86% to Rs.35 billion. An absence of new music releases has also impacted music labels. Only 441 films were released in 2020 as compared to 1833 in 2019.

OPPORTUNITIES

• Digital / OTT Rights

India is second globally in the digital consumption of services, following China. Video subscriptions grew 50% in 2020 as sports content went behind paywalls. Paid subscriptions crossed 50 million and generated Rs.43.5 billion in revenues. Netflix invested Rs.30 billion over 2019 and 2020, making India one of its largest production hubs. It has announced over 60 titles and launched 17 films and 11 web series in 2020 alone. OTT players are expected to spend Rs.19.2 billion on content in 2021. Over 2021-25, total spend is expected to be Rs.300 billion. Over 500 original titles are expected to be released in 2021.

OUTLOOK

We believe the following secular trends will continue to drive growth in the recorded music industry.

• Consumer Trends and Demographics

Consumers today engage with music in more ways than ever. In 2020, Indian consumers spent 21.5 hours listening to music each week compared to 19.1 hours in 2019. Data indicate that the hours spent listening to music can grow further. According to Nielsen, in 2019, teens and millennials in the United States listened to an average of 32.6 and 29.7 hours of music each week, respectively, above the 26.9 hours for all U.S. consumers.

Demographic trends and smartphone penetration have been key factors in driving growth in consumer engagement. Younger consumers typically are early adopters of new technologies, including music-enabled devices.

Members of older demographic groups are also increasing their music engagement. According to an IFPI survey of 19 leading geographic markets in 2019, 54% of 35 to 64 year olds used a streaming service to listen to music in the past month, representing an increase from 46% in 2018, which was the highest rate of growth for use of streaming services across all age groups.

Music permeates our culture across age groups, as evidenced by the footprint that music has across social media. According to the Recording Industry Association of America (RIAA), 9 out of 10 social media users do music related social media activity. This new monetization channel is showing great promise. RIAA's earlier survey revealed that as of September 2019, 7 out of the top 10 most followed accounts on Twitter belonged to musicians, and according to YouTube, musicians owned the majority of videos that have achieved more than 1 billion lifetime views and/or have made it to the top 10 most watched videos of all time.

• Streaming Still in Early Stages of Global Adoption and Penetration

According to IFPI, global paid music streaming subscribers totalled 443 million at the end of 2020 and subscription revenue grew by USD 1.55 billion to touch USD 9.9 billion. Subscription accounts have grown 28.5% over 2020 to 443 million, representing only 5.5% of the humans on this planet. In terms of smartphone users, it represents only 7.3% of the 6.06 billion smartphone users globally, as per the Ericsson Mobility Report 2021. The fast growing population of paying subscribers is still only a small fraction of the reported user bases of large, globally scaled digital services such as Facebook, which reported 2.85 billion monthly active users across its services as of March 2021, and YouTube, which reported 2.3 billion unique monthly users at the end of 2020.

The United States, with a population of under 330 million, generated 1.15 trillion on-demand streams (both audio and video) in 2019, according to Nielsen; continued growth is to be expected. That indicates the potential size of India's streaming market, even after assuming substantially lower realizations, when its population of 1.38 billion gets connected to the Internet.

The global music market derives 46% of revenues from paid subscriptions. In India, we expect to see advertisement-supported and subscription models co-exist. The evolution of Chinese markets over the past 7 years provides a firm basis for our belief that subscriptions will contribute substantial revenues in the near future.

According to IFPI, in 2013, China was ranked 21st in the world with total music industry revenues of approximately USD 82.6 million. The Indian music industry was much larger with revenues of USD 119.1 million at that time. Piracy in China was estimated to be over 95%. By the end of 2020, the Chinese market was ranked 7th in the

world with revenues of USD 791.9 million. Subscription revenues in 2020 grew 55.8% over 2019.

- **Pricing improvements**

Internationally streaming subscription prices had remained flat for over a decade as players focused on penetration. Paid streaming is now entering a new phase as players have started raising prices. Spotify has recently raised subscription rates in 12 territories including US and UK. Other players are widely expected to follow suit. Amazon is experimenting by offering its Amazon Music HD at premium pricing in the US since 2019.

The Indian Government's crackdown on piracy from 2012 and changing attitudes of Indian consumers make it possible for the Indian music industry to follow a similar growth trajectory. The FICCI–EY Media & Entertainment Report 2021 expects paid subscribers for music streaming in India to cross 5 million by 2023.

As Indian OTT players inch closer towards public listing of their shares, they may opt to focus on subscription revenues. Bundling music with telecom services is also a viable option to reach a much wider but lower income audience.

- **Technology Enables Innovation and Presents Additional Opportunities**

Technological innovation has aided the penetration of music consumption across locations, including homes, offices and cars, as well as across devices, including smartphones, tablets, wearables, digital dashboards, gaming consoles, and smart speakers. These technologies represent advancements that are deepening listener engagement and driving further growth in music consumption by forming new listening habits.

- **Device Innovation**

According to Nielsen, as of August 2019, U.S. consumers listened to music across an average of 4.1 devices per week. We believe that the use of multiple devices is expanding listening hours by bringing music into more moments of consumers' lives; the different uses that these devices enable are also broadening consumers' exposure to new and different genres of music. The music that consumers listen to during a commute may be different from the music they listen to while they exercise, and different still from the music they play through a smart speaker while cooking a meal. Smart speakers enable consumers to access music more readily by using their voices. According to PwC, smart speaker

ownership is expected to increase at a 38% CAGR from 2018 through 2023, reaching 440 million devices globally in 2023. Smart speakers are fuelling further growth in streaming by converting more casual listeners into paid subscribers, drawn in by music as a critical application for these devices. According to Nielsen, 61% of U.S. consumers who use a smart speaker weekly to listen to music currently pay for a subscription as well.

- **Format and Monetization Model Innovation**

Short-form music and music-based video content has grown rapidly, driven by the growth of global social video applications such as TikTok, which features 15-second videos often set to music. TikTok has reportedly been downloaded more than 2 billion times since its launch in 2017. TikTok has reported 689 million monthly active users. Such applications have the potential for mass adoption, illustrating the opportunity for additional platforms of scale to be created to the benefit of the music and entertainment industry. Short-form music and music based videos have become popular on social media platforms like Facebook and Instagram too. It illustrates the growing number of pathways through which performing artistes and music labels may monetize their content.

The Media and Entertainment Industry in India continues to undergo a transformation. The rapid proliferation of mobile access is enabling on-demand, anytime-anywhere content consumption nationwide. For global players across the M&E value chain looking for a vibrant growth market, India provides an exciting opportunity to reach digitally empowered consumers. India ranks as one of the fastest growing app markets globally, a promising scenario for subscription-based and ad-supported music apps.

INDEPENDENT AUDITORS' CERTIFICATE ON COMPLIANCE WITH THE CORPORATE GOVERNANCE REQUIREMENTS UNDER SEBI (LISTING OBLIGATIONS AND DISCLOSURE REQUIREMENTS) REGULATIONS, 2015

To The Members of Tips Industries Limited

1. This certificate is issued in accordance with the terms of our engagement letter dated August 4, 2020.
2. We have examined the compliance of the conditions of Corporate Governance by Tips Industries Limited (Company) for the year ended on March 31, 2021 as stipulated in Regulations 17 to 27 and clauses (b) to (i) of sub-regulation (2) of regulation of 46 and para C, D and E of Schedule V of Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015 (Collectively referred to as "SEBI Listing Regulations, 2015) as amended from time to time ("Listing Regulations") pursuant to the Listing Agreement of the Company with Stock Exchanges.

MANAGEMENT'S RESPONSIBILITY FOR COMPLIANCE WITH THE CONDITIONS OF LISTING REGULATIONS

3. The compliance of conditions of Corporate Governance as stipulated under the listing regulations is the responsibility of the Company's Management including the preparation and maintenance of all the relevant records and documents. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of Corporate Governance stipulated in the Listing Regulations.

AUDITORS' RESPONSIBILITY

4. Our examination was limited to the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of Corporate Governance. It is neither an auditor nor an expression of opinion on the financial statements of the Company.
5. Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended March 31, 2021.
6. We conducted our examination of the above corporate governance compliance by the Company in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)

and Guidance Note on Certification of Corporate Governance both issued by the Institute of the Chartered Accountants of India (the "ICAI"), in so far as applicable for the purpose of this certificate. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

OPINION

8. In our opinion, and to the best of our information and according to explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations.
9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

RESTRICTION ON USE

10. The certificate is addressed and provided to the Members of the Company solely for the purpose of enabling the Company to comply with the requirement of the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF TIPS INDUSTRIES LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying financial statements of Tips Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021 and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

EMPHASIS OF MATTER

1. We draw attention to Note No. 33(18) to the statement which explains the extent to which COVID-19 pandemic will impact the operations and financial results of the Company.
2. Due to COVID-19 pandemic and the lockdown and other restrictions imposed by the Government and local administration, the audit processes were carried out based on the remote access to the extent available/feasible and necessary records made available by the Management through digital medium.

Our report is not modified in respect of the above matters.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Further, based on information and explanation given to us, we have determined that there is no key audit matters to communicate in our report.

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON (OTHER INFORMATION)

The Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT AND BOARD OF DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding

independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by 'The Companies (Auditor's Report) Order, 2016' (hereinafter referred to as the "Order"), issued by the Central Government of India in terms of sub-section 11 of section 143 of the Companies Act, 2014, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanation given to us, we give in the "Annexure-A" a statement on the matters specified in paragraph 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the

Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

- f. With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B".
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 33 (1) to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at March 31, 2021.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2021.
4. With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF TIPS INDUSTRIES LIMITED

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

OPINION

We have audited the internal financial controls with reference to financial statements of Tips Industries Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2021, based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

EMPHASIS OF MATTERS

Due to COVID-19 pandemic and the lockdown and other restrictions imposed by the Government and local administration, the audit processes were carried out based on the remote access to the extent available/feasible and necessary records made available by the Management through digital medium. Our report is not modified in respect of this matter.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal controls with references to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit

preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to

financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

1. COMPANY BACKGROUND:

Tips Industries Limited is a Company limited by shares, incorporated and domiciled in India. The Company was incorporated on May 8, 1996 under Chapter IX of the Companies Act, 1956. The Company is engaged in the business of Production and Distribution of motion Pictures and acquisition and exploitation Music of Rights. The Equity Shares of the Company are listed on BSE Limited and National Stock Exchange of India Limited.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

a) Basis of Preparation:

i) Compliance with Ind As:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "Ind AS") notified under section 133 of the Companies Act, 2013, ("the act") readwith Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 with effect from April 1, 2016. The financial statements are presented in Indian Rupees (INR), except when otherwise indicated.

ii) Historical cost convention:

The financial statements have been prepared on a historical cost basis, except for the following:

- A) Certain financial assets and liabilities (including derivative instruments)
- B) Defined benefit plans assets measured at fair value

iii) Current/ Non- Current Classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- a) it is expected to be realised or settled or is intended for sale or consumption in the Company's normal operating cycle;
- b) it is expected to be realised or settled within twelve months from the reporting date;
- c) it is held primarily for the purposes of being traded;
- d) the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- e) in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for atleast twelve months from the reporting date.

All other assets and liabilities are classified as non- current.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

For the purpose of current/ non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

b) Use of accounting estimates and judgments:

Preparation of financial statements requires the Company to make assumptions and estimates about future events and apply significant judgments. The Company base its assumptions, estimates and judgments on historical experience, current trends and all available information that it believes is relevant at the time of preparation of the financial statements. However, future events and their effects cannot be determined with certainty. Accordingly, as confirming events occur, actual results could ultimately differ from our assumptions and estimates. Such differences could be material. The following require most difficult, subjective or complex judgments, resulting from the need to make estimates about the effect of matters that are inherently uncertain.

i) Estimated useful life of property, plant and equipment:

The Company estimates the useful life of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimation of the useful life of property, plant and equipment is based on collective assessment of industry practice, internal technical evaluation and on the historical experience with similar assets. It is possible, however, that future results from operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. The estimated useful lives are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets.

ii) Recoverability of deferred income tax assets:

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

iii) Measurement of defined benefit obligations and other employee benefit obligations:

The Company's net obligation in respect of gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the other long-term employment benefits.

The present value of the obligation is determined based on actuarial valuation at the balance sheet date by an Independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

c) Property, Plant and equipment:

Measurement at recognition:

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably and is measured at cost. Subsequent to recognition, all items of property, plant and equipment (except for freehold land) are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of property, plant and equipment comprises its purchase price plus any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and the initial estimate of decommissioning, restoration and similar liabilities, if any. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Items such as spare parts, stand-by equipment and servicing that meets the definition of property, plant and equipment are capitalised at cost and depreciated over the useful life. Cost of repairs and maintenance are recognised in the statement of profit and loss as and when incurred.

Depreciation:

Depreciation is provided on Straight Line Method, pro-rata to the period of use, in terms of Section 123(2) of the Companies Act, 2013 in the manner specified in Schedule II of the Companies Act, 2013 except for Improvements to Leasehold Premises.

Improvements to Leasehold Premises are amortized over the period of lease.

Capital work in progress and Capital advances:

Assets under Capital Work in Progress includes the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under Other Non Current Assets. Assets under Capital Work in Progress are not depreciated as these assets are not yet available for use.

Derecognition:

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the statement of profit or loss in the period the asset is derecognised.

d) Intangible assets:

Measurement at recognition:

Intangible assets comprise primarily of computer software. Intangible assets are initially recorded at cost and subsequent to recognition, intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Amortisation:

The Computer Software is amortised over a period of 3 years

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

Derecognition:

An item of intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of an item of intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the statement of profit or loss in the period the asset is derecognised.

e) Investment properties:

Properties that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that the future economic benefits associated with the expenditure will flow to the Company and the cost of item can be measured reliably. All other repairs and maintenance costs are expensed out when incurred. Investment properties are depreciated using the straight-line method over their estimated useful life. Improvements to the leasehold premises are amortised over the period of lease.

f) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Non-derivative financial assets:

Initial recognition and measurement:

The Company recognises a financial asset in its balance sheet when it become party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognised as a gain or loss in the statement of profit and loss at initial recognition if the fair value is determined through quoted market price in an active market for an identical asset (i.e level 1 input) or through a valuation technique that uses data from observable markets (i.e level 2 input).

However, trade receivables that do not contain a significant financing component are measured at transaction price irrespective of the fair value on initial recognition.

Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i) The Company's business model for managing the financial asset and
- ii) The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

- i) Financial assets measured at amortised cost.
- ii) Financial assets measured at fair value through profit and loss (FVTPL).
- i) Financial assets measured at amortised cost:**
A financial asset is measured at the amortised cost if both the conditions are met:
 - a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows.
 - b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans, deposits and other financial assets of the Company. Such financial assets are subsequently measured at amortised cost using the effective interest method.

The amortised cost of a financial asset is also adjusted for loss allowance, if any.

- ii) Financial assets measured at fair value through profit and loss (FVTPL):**
A financial asset is measured at FVTPL unless it is measured at amortised cost or at Fair Value through Other Comprehensive Income (FVTOCI). This is a residual category applies to inventories, share based payments and other investments of the Company excluding investment in subsidiary. Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognised in the statement of profit and loss.

Derecognition:

A financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. On derecognition of a financial asset, the difference between the carrying amount and the consideration received is recognised in the statement of profit and loss.

Presentation:

Financial assets and liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

ii) Non-derivative financial liabilities:

Initial recognition and measurement:

Financial liabilities are recognised initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial liabilities.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently carried at amortised cost; any difference between the initial carrying value and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest rate method. Other financial liabilities are recognised initially at fair value plus any directly attributable transaction costs.

Non-derivative financial liabilities of the Company comprise long-term borrowings, short-term borrowings, bank overdrafts and trade and other payables.

Subsequent measurement:

Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

Derecognition:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. When an existing financial liability is replaced from the same lender on substantially different terms, or terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the statement of profit and loss.

g) Fair Value:

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) in the principal market for the asset or liability or
- ii) in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy that categorises into three levels, as described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs).

Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs that are unobservable for the asset or liability

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

h) Inventories:

Items of inventory are valued on the basis as given below:

i) Cost of Feature Films:

- The Company amortizes 60% of the cost of movie rights acquired or produced by it, on first theatrical release of the movie. The said amortization is made proportionately based on Management's estimates of revenues pertaining to Domestic Theatrical Rights, International Theatrical Rights, Television Rights, Video Rights and others over a period of 12 months from the date of theatrical release of the movie.
- Balance 40% of COP is amortized as per the management estimate / review of future revenues but not exceeding nine years and subject to a minimum of 4.4% in any year.

ii) Cost of under Production Films:

Expenses of under production films incurred till the films are ready for release are inventorised.

The production of films requires various types of materials in different qualities and quantities. Considering the peculiar nature of those items including their multiplicity and complexity, it is not practicable to maintain quantitative records of those items. Further, in the absence of certainty of reusability of such items, the same are not valued.

- iii) The Company reassesses the realizable value and / or revenue potential of inventory based on market condition and future demand and appropriate write down is made in cases where accelerated write down is warranted.

i) Statement of cash flows:

The Company's statement of cash flows are prepared using the Indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature if any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents comprise cash and bank balances.

j) Foreign Currency Transactions:

Initial Recognition:

All transactions that are not denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the period/ year are recognised in the statement of profit and loss.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

Measurement of foreign current items at reporting date:

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rate of exchange at the reporting date. Non-monetary items measured based on historical cost in a foreign currency are not translated. Non-monetary items measured at fair value in a foreign currency are translated to the functional currency using the exchange rates at the date when the fair value was determined.

Exchange differences arising out of these translations are recognised in the statement of profit and loss.

k) Revenue recognition:

With effect from April 1, 2018, the Company has adopted Ind AS 115 "Revenues from Contracts with Customers". The comparative information in the statement of profit and loss is not re stated and its continues to be reported under Ind AS 18. The impact of effect of adoption of Ind AS 115 is insignificant.

Revenue is recognized when a customer obtains control and has the ability to direct the use of and obtain the benefits of products or services for the consideration that the company expects to be entitled to in exchange for those products and services.

The Company exercises judgment whether the revenue should be recognized "over time" or "at a point of time". The company considers detailed understanding of customer contractual arrangements, transfer of control vis a vis transfer of risk and reward, acceptance of delivery i.e when control is transferred.

Revenue is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

The specific recognition criteria described below must also be met before revenue is recognized:

- i) **Audio Right Receipt:** Revenue from sale is recognized at a point of time when a control is transferred to a customer based on terms of the agreement / contracts.
- ii) **Royalty from Music Rights:** Revenue from Music rights where a customer obtains "right to use" is recognized at the point of time the license is made available to the customer as per the terms of the agreement / contracts.
- iii) **Revenue from Films:**
 - Revenue from production of films is recognized on assignment of such rights as per the contract/ arrangements with the distributors.
 - Revenue from distribution of motion pictures is recognized based on ticket sales on exhibition of motion pictures at exhibition of theatres. Recoveries from films as overflows are recognized on the basis of business statements received from the distributors. Contracted minimum guarantees are recognized on theatrical rights.
- iv) **Interest Income:** Interest income is accounted on accrual basis, at the contracted terms.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

- v) **Others:** Revenue in respect of Insurance/Other claims is recognized only when it is reasonably certain that the ultimate collection is made.

I) Employee Benefits:

i) Short-term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees services up to the end of the reporting period and are measured at the amount expected to be paid when liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

ii) Other long term employee benefit obligations:

Gratuity obligations:

The liability or asset recognised in the balance sheet in respect of defined benefits pension and gratuity plans is the present value of the defined benefits obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost

Defined Contribution plans:

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contribution have been paid. The contributions are accounted for as defined contribution plans and the contribution are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

iii) Bonus Plan:

The company recognises a liability and an expense for bonuses. The company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

m) Taxes on Income:

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

i) Current tax:

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year/period as per the provisions of tax laws enacted in India and any adjustment to the tax payable or receivable in respect of previous years/periods. It is measured using tax rates enacted or substantively enacted at the reporting date.

ii) Deferred tax:

Deferred tax is recognised on deductible temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable income, the carry forward of unused tax losses and the carry forward of unused tax credits.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognized for all deductible temporary differences. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognised. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognised.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilised. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognised.

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period and reduce amounts to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Presentation of current and deferred tax:

Current and deferred tax are recognised as income or an expense in the statement of profit and loss, except when they relate to items that are recognised in Other Comprehensive Income/ Equity, in which case, the current and deferred tax income/ expense are recognised in Other Comprehensive Income/ Equity.

iii) Minimum Alternative Tax ('MAT'):

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as a deferred tax asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

n) Earnings per share:

The basic earnings per share ('EPS') is computed by dividing the net profit attributable to equity shareholders for the period, by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

o) Provisions and Contingencies:

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is more likely than not that an outflow of economic benefits will be required to settle the obligation. Provisions are discounted where the effect of discounting is material at a pre-tax rate that reflects current market assessments of the time value of money. Unwinding of the discount (accretion) is recognized as a finance cost. Discount rates are assessed and projected timing of future obligations each reporting period.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

p) Investment and other financial assets:

i) Classification:

The company classifies its financial assets in the following measurement categories:

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income.

ii) Measurement:

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

q) Leases:

Operating Lease:

The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the Contract involves the use of an identified asset,
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of lease
- (iii) the Company has the right to direct the use of asset

As at the date of commencement of the lease, the Company recognises a right of use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for the leases with a term of twelve month or less (short term leases). For these short term leases, the Company recognises the lease payments as an operating expense on a straight line basis over the period of lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the lease term. The lease liability is initially measured at amortized cost at the present value of the future lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Transition:

On transition, the Company adopted Ind AS 116 and applied the standard to all lease contracts existing on April 01, 2019 using the modified retrospective approach and has taken the cumulative adjustment to right of use of assets, on the date of initial application. Consequently the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application. Comparatives of previous periods have not retrospectively adjusted and therefore will continue to be reported under previously adopted accounting policy as per Ind AS 17.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

r) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Chief Financial Officer of the Group.

The Group's Chief Operating Decision Maker ('CODM') examines the performance and has identified two reportable segments of its business.

- Music (Audio/ Video)
- Film Production/ distribution

The segment performance is evaluated based on profit or loss. Also the Company's borrowings (including finance costs and interest income), income taxes and investments are managed at head office and are not allocated to operating segments.

Segment Revenue is measured in the same way as in the Statement of Profit and Loss. Segment assets and liabilities are measured in the same way as in the financial statements. These assets are allocated based on the operations of the segment.

s) Impairment of non-financial assets:

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

t) Borrowing costs:

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred, unless they are capitalised

- i] The carrying value of trade receivables, cash and cash equivalents, other bank balances, loans, trade payables and other financial assets and liabilities are considered to be the same as their fair values due to their short term nature. The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in valuation technique. The hierarchy gives highest priority to quoted prices in active market for identical assets or liabilities (Level 1 measurement) and lowest priority to unobservable inputs (Level 3 measurement).
- ii] Valuation technique used to determine fair value Specific valuation technique used to value financial instruments include:
The mutual funds are valued using closing NAV available in the market.

B] Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- * Credit Risk ;
- * Liquidity Risk ; and
- * Market Risk

i] Risk Management objectives

The Company's activities expose it to a variety of financial risks viz. credit risk, liquidity risk and market risk. In order to manage the aforementioned risks, the Company operates a risk management policy and a program that performs close monitoring of and responding to each risk factors.

ii] Credit risk

a] Credit Risk management

Credit risk arises when a counterparty defaults on its contractual obligations to pay resulting in financial loss to the Company. The Company deals with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company uses publicly available financial information and its own trading records to rate its major customers. The Company's exposure and credit ratings of its counterparties are regularly monitored and the aggregate value of transactions concluded is spread amongst counterparties.

b] Cash and Cash equivalents and other Bank balances

The Company held cash and cash equivalents and other bank balances of Rs.3348.47 Lakhs as on March 31, 2021 (March 31, 2020 : Rs.2,631.67 Lakhs). The cash and cash equivalents are held with bank counterparties with good credit ratings.

c] Loans and Advances

The Company held Loans and Advances of Rs. 510 Lakhs as on March 31, 2021 (March 31, 2020 : Rs. 510 Lakhs). The loans and advances are in nature of rent deposit paid to landlords and are fully recoverable.

d] Trade receivables

Trade receivables are typically unsecured and are derived from revenue earned from customers. Credit risk has been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

which the company grants credit terms in the normal course of business. Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macro economic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue.

iii] Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

As of March 31, 2021 and March 31, 2020 the Company had unutilized credit limits from banks of Rs. 2143 Lakhs, Rs. 2668 Lakhs respectively.

Maturity profile of financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of netting agreements

iv] Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. We are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of our investments. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. The objective of market risk management is to avoid excessive exposure in our foreign currency revenues and costs.

NOTES TO THE FINANCIAL STATEMENTS

a) Currency Risk

The company is exposed to currency risk on account of its receivables / payables in foreign currency. The functional currency of the Company in Indian Rupees.

i) Exposure to currency risk (Exposure in different currencies converted to functional currency i.e. INR)

The currency profile of financial assets and financial liabilities as at 31st March, 2021 and 31st March, 2020 are as below :

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

Currency	(₹ in Lakhs)			
	March 31, 2021		March 31, 2020	
	Financial Assets	Financial Liabilities	Financial Assets	Financial Liabilities
USD	924.75	-	551.21	-
Euro	0.61	6.57	-	-
GBP	61.20	-	56.33	-
TOTAL	986.56	6.57	607.54	0.00

ii) Net Exposure to Foreign Currency Risk (Assets – Liabilities)

USD	924.75	551.21
Euro	(5.96)	-
GBP	61.20	56.33
TOTAL	979.99	607.54

iii) Sensitivity analysis

A reasonably possible strengthening (weakening) of the foreign Currency against the Indian Rupee at March 31 would have affected the measurement of financial instruments denominated in foreign currencies and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

b] Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

i) Exposure to interest rate risk

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest bearing financial instruments as reported to the management of the Company is as follows

Particulars	(₹ in Lakhs)	
	March 31, 2021	March 31, 2020
Borrowings		
Fixed Rate Borrowings	-	-
Variable Rate Borrowings	-	188.98

ii) Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

iii) Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

INR	(₹ in Lakhs)	
	100 bp increase	100 bp decrease
Profit or (loss)		
March 31, 2021		
Variable-rate instruments	-	-
Cash flow sensitivity (net)	-	-
March 31, 2020		
Variable-rate instruments	(188.98)	188.98
Cash flow sensitivity (net)	(188.98)	188.98

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

c] Price Risk

Price risk refers to risk that the fair value of a financial instrument may fluctuate because of the change in the market price. The Company is exposed to the price risk mainly from investment in mutual funds. Investments in mutual funds are made primarily in units of fixed maturity and liquid funds and are not exposed to significant price risk.

13] Capital Management

a] Risk Management

The Company's capital management objectives are:

- safeguard their ability to continue as A going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

Consistent with others in the industry, the Company monitors capital on the basis of net debt to equity ratio and maturity profile of overall debt portfolio of the Company.

b] Dividend on equity shares

14] Employee Benefits:

The Company contributes to the following post-employment defined benefit plans in India

i] Post Employment Defined Contribution Plans :

The contributions to the Provident Fund and Family Pension fund of certain employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contribution.

The Company recognized Rs. 9.00 Lacs for year ended March 31, 2021 (Rs. 8.73 Lacs for year ended March 31, 2020) provident fund contributions in the Statement of Profit and Loss.

The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

ii] Post Employment Defined Benefit Plans :

Gratuity

The Company participates in the Employees Gratuity scheme, a funded defined benefit plan for qualifying employees. Gratuity is payable to all eligible employees on death or on separation / termination in terms of the provisions of the Payment of Gratuity Act, 1972. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust fund.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at March 31, 2021. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

The following table sets forth the particulars in respect of the Gratuity Plan (Funded) of the Company.

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumption the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognized in the Balance Sheet.

iii] Leave Obligation

The Company provides leave to employees. The employees at the end of the financial year can carry forward their balance leave to the subsequent financial year and it gets lapsed if not availed in that subsequent financial year. The Company Rules does not provide encashment of Leave at any time during the tenure of employment and also on retirement or termination. The Company records a provision for leave obligation at the end of the financial year. The total provision recorded by the Company towards this obligation was Rs 3.01 lakhs and Rs. 3.37 lacs as at March 31, 2021 and March 31, 2020

NOTES TO THE FINANCIAL STATEMENTS

Amount expressed in INR Lakhs unless otherwise stated

iv] Risk Exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below:

Discount rate risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability

Salary growth risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability

Demographic risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

15] Recent accounting pronouncements - Standards issued but not yet effective:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

16] Earnings per share (EPS)

The said Scheme would be subject to requisite approvals of the National Company Law Tribunal, BSE Limited, National Stock Exchange of India Limited, Securities and Exchange Board of India and other statutory / regulatory authorities, including those from the shareholders and/or creditors of the Demerged Company. The Company is in the process of filing the Scheme with the concerned authorities. Pending necessary regulatory approvals and other compliances, no adjustments have been made in the books of account.
- 18]** Towards the end of the financial year 2020-2021, the 2nd wave of COVID-19 pandemic caused operational disturbances even before the lockdown. The Company was able to reorganise its operations to remain functional as well as comply with the lockdown regulations. However, the lockdown induced decline in economic activity has led to diminished revenues, posed challenges in collections of contracted revenues and impeded contract renewals. The Company is bracing for a challenging year ahead. Based on the current indications of future economic conditions, the management expects to recover carrying amounts of Non-Current and Current Assets. This assessment and the outcome of the pandemic as regards the aforesaid matters is highly dependent on circumstances/developments as they evolve in the subsequent periods.
