Based on the recommendations received from the Nomination and Remuneration Committee and consent of Mr. Kiran Nanoo Desai to act as a Director of the Company and other statutory disclosures including declaration confirming that he meets the criteria of independence under the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) (the "Listing Regulations"), it is proposed to appoint Mr. Kiran Nanoo Desai as an Independent Director of the Company whose period of office shall not be liable to determination by retirement of directors by rotation. Further as per the declarations received by the Company, Mr. Kiran Nanoo Desai is not disqualified under Section 164 of the Act. The directorships held by Mr. Kiran Nanoo Desai are within the limits prescribed under the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended). The said proposal is in compliance with the Nomination and Remuneration Policy (Revised) of the Company. A summary on profile of Mr. Kiran Nanoo Desai is attached to this Notice as Annexure – 1.

In the opinion of the Board, Mr. Kiran Nanoo Desai fulfils the conditions specified in the Act and rules made thereunder and the Listing Regulations, for his appointment as an Independent Director of the Company and he is independent of the management. He has further confirmed that he is not aware of any circumstance or situation which exist or may be reasonably anticipated that could impair or impact his ability to discharge his duties.

In terms of Section 150 of the Act and rules made thereunder, Mr. Kiran Nanoo Desai is registered with the Indian Institute of Corporate Affairs (IICA) and he has confirmed to comply with the requirements of Rule 6(4) of the Companies (Appointment and Qualification of Directors) Rules, 2014 (as amended), within the prescribed timeline.

Mr. Kiran Nanoo Desai is entitled to sitting fees for attending the meetings of the Board and its committee(s) and also remuneration in terms of Section 197 of the Act, read with Schedule V thereto, in line with the Nomination and Remuneration Policy (Revised) of the Company.

Considering his knowledge and experience in the domains of leadership and technology, amongst others, the preference of having a Board member with an entrepreneurial flair and experience, in Tea Industry consistent with our business and deep technological insights to support our emerging business challenges, the Board of Directors is of the opinion that it would be in the interest of the Company to appoint him as an Independent Director for a period of five consecutive years with effect from December 1, 2020 upto November 30, 2025.

The necessary documents relating to his appointment (including the letter of appointment to be issued to Mr. Kiran Nanoo Desai, setting out the terms and conditions of appointment) shall be made available for inspection, electronically by the Members of the Company, without payment of fees, on a virtual in a presentable form, during 11 A.M. to 1 P.M. IST on any working day, upto and including the date of the 110th Annual General Meeting (AGM) including during the AGM. Members desirous of inspecting the same may send their requests at contactus@dianatea.in from their registered e-mail addresses mentioning their names and folio numbers / demat account numbers, with a self-attested copy of their PAN Card or AADHAAR Card or Voter ID Card.

Keeping in view his vast expertise and knowledge, the Board considers that his association would be of immense benefit to the Company. Accordingly, the Board recommends the Resolution No. 5 as an Ordinary Resolution, in relation to the appointment of Mr. Kiran Nanoo Desai as an Independent Director, for the approval of the Members of the Company.

ITEM 6- FIXATION OF BORROWING LIMITS

Other Equity at year end	5709.21	5165.01	5718.63	5165.01

Note: The above figures are extracted from the Consolidated and Standalone Financial Statements prepared under IND AS (Indian Accounting Standards) for the Financial Year ended on 31st March, 2021 and 31st March, 2020.

2. REVIEW OF PERFORMANCE

The year under review was very good on price realization front where in our average price realization was ₹ 52/- higher than the previous year (This year realization is ₹ 223/- against last year ₹ 171/-). However, there was a massive crop shortfall due to Covid-19 lockdown announced by Central Government due to which standing crop had to be slashed after reopening thus resulting in a crop shortfall of 2,60,000 Kgs of made tea.

During the current year, our own production was 29,23,046 kgs vs Last year 31,82,407 Kgs. However, the higher price realization had compensated the crop

loss thus giving boost to our bottom line. Brought leaf price was very volatile for the entire year as such we were extremely careful in procuring the same during the entire year thus resulting in lower production in the same segment which was 2.46 Lakh kgs this year against the last year 4.06 Lakh kgs. During the current year Indian Tea production was down by 135 million Kgs when compared to last year thus resulting in a very buoyant market till September. Once the crop stabilized, Tea Market showed a massive correction in balance part of the year. The wage revision became effective from January 2021 which was raised from ₹ 176/- to ₹ 202/- thus increasing the cost of production to that extent. Since 65% of the crop was sold at a much higher price till September, the same had reflected in the bottom line of the company wherein your company has shown a profit of ₹ 481.64 Lakh against the profit of ₹ 46.65 Lakh Last year.

Directors' Report

3. PROSPECTS

Current year started with a buoyant market condition led by crop shortage in entire North India till June end and the expected crop loss in Northern India is estimated at 50 million Kgs when compared to same period 2019. (2020 not being considered due to lockdown). This has led to active participation by the packeters and the wholesale market thus resulting in appreciation in overall price realization. However, it is expected that post July when the production normalises market could see the price correction and the price gap between good quality and medium quality could widen drastically; Lower exports could further dampen market sentiments. Though the gardens producing good quality could still enjoy the better price realization for the balance part of the year, the common medium to poor quality tea could face problem selling the tea at par with the cost of their production as under this segment supply continues to overshadow demand. Fortunately, your company falls into the bracket of quality tea and backed by higher yields of 25 quintals and the young tea bush with average age of 35 years, resulting in low cost when compared to our competitors. We are hopeful of achieving decent results during the end of the current season. Needless to mention that escalating wages and cost of inputs are putting lot of pressure on profitability of tea companies. Your company continues with its policy of a uprooting and replanting old tea bushes with the new one to keep the advantage of high yield and better age profile which gives us tremendous cost advantage and ability to produce better quality to survive and perform better in such difficult market condition. With good Standard of field and factory infrastructure, your company is confident of performing better in years to come.

4. CHANGE IN NATURE OF BUSINESS, IF ANY

There has been no change in the nature of business and the Company continues to concentrate on their own business.

5. TRANSFER TO RESERVES

The Directors proposed to transfer Rs. 600 Lakhs to General Reserves.

6. TRANSFER FROM RESERVES

The Directors proposed not to transfer any amount from the General Reserves.

7. DIVIDEND

The Board of Directors recommends a dividend of Rs. 0.50 per equity share i.e. 10 percent of the nominal

value of Rs. 5/- per equity share for the financial year ended March 31, 2021. In view of the changes made under the Income-Tax Act, 1961, by the Finance Act, 2020, dividends paid or distributed by the Company shall be taxable in the hands of the shareholders. The Company shall, accordingly, make the payment of dividend after deduction of tax at source, as applicable. Such dividend, on approval, will be paid to those Members whose names are recorded in the Register of the Company at the close of business on the date of Annual General Meeting.

Management DISCUSSION AND ANALYSIS

Industry Structure and Development

The total world tea production was about 6014.74 million kilograms in 2020 as compared to 6150.47 million kilograms in 2019 out of which contribution from Indian Tea crop was approximately 1257.5 million kilograms against 1390.1 million kilograms last year. Total Indian export was 207.5 million kilograms against last year's 252.1 million kilograms. The contribution of small growers in India tea production continue to swell every year and has almost reached 50% of the total crop whereas production from the organized sector is declining consistently. Global tea consumption is likely to grow due to rising population and tea being recognized as a health drink. Indian tea consumption continues to grow at a steady rate of 3% CAGR.

Segment Analysis

Tea crop is entirely dependent on weather conditions being agriculture in nature. With continued uncertain weather conditions, the crop tends to suffer because of excessive rainless period followed by pest infestation. However, with our prudent field practices and 100% irrigation facilities, we try to overcome such situation at the earliest.

Opportunities Threats, Risks and Concerns

Global tea production is rising every year and so is the consumption. Being agricultural in nature, production is directly linked to the weather conditions prevailing during the year and tends to affect the production in adverse conditions. Furthermore, mushrooming of small growers in the Indian tea sectors is challenging the survivability of organized tea gardens as there is no level playing field between the two. The latter is burdened with huge social cost falling under Plantation Labour Act, whereas small growers are not affected by it. Rising cost in form of higher

wages and other inputs not supported by increase in price realization, continues to pose major threat on survivability or organized sector.

Outlook

Current year started with buoyant market with crop shortage in Northern India to the extent of 50 kg till June. However, it is expected that once the crop starts picking up from July the tea market could see the reasonable correction for the balance part of the year. The price realization for the current year may not be as good as 2020 but surely could be higher than 2019. However, due to increase in wage, and cost of inputs the bottom line could get effected to that extent. With higher yield and younger bushes capable of producing quality tea at better cost economies, our company expects to perform much better than its competitor in the years to come.

Financial Review and Analysis

The Company's financial position is strong enough which has helped company to pass through in turbulent times. The development and modernization work in garden is always given top priority for improvement in quantity as well as quality. The surplus fund in the Company is deployed in such a way that reasonable returns are derived.

Details of Significant Changes

The SEBI-LODR (Amendment) Regulation, 2018 introduced the requirement of disclosing details of significant changes (i.e., change of 25% or more as compared to the immediately previous financial year) in the key financial ratios, accordingly, such changes are tabled below-

-

Annexure to the Directors' Report

Financial Ratios	Variance	Reasons for Variance
Debtors Turnover	0.022%	Due to COVID-19 there was decrease in recovery of payment from debtor, the debtors turnover ratio has been increased.
Inventory Turnover	0.075%	Due to COVID-19 there was increase in cost of goods sold and decrease in holding of inventory resulted in increase in Inventory Turnover ratio.
Interest Coverage Ratio	3.919%	Average working capital borrowing was higher during the year and due to increase in EBIT, Interest average Ratio has improved as compared to last year and corresponding less profit in last year.
Debt Equity Ratio	0.351%	Due to increase in working capital and higher capital expenditure resulting in increase in Debt equity ratio.
Operating Profit Margin	11.42%	Due to decrease in cost of raw material consumed, operating profit has increased.
Net Profit Margin	6.84%	Operating costs decreased due to decrease in cost of Raw Material consumed. Financial cost increased because of higher borrowings of working capital and term loans. Overall result in increase in Net profit Margin.

Internal Control

The Company has laid down policies, guidelines and procedures, which form part of its internal control system. The Company's internal control system are periodically tested and supplemented by an extensive programme of internal audit by independent firm of Chartered Accountants. Audits are finalized and conducted based on internal risk assessment. Significant findings are brought to the notice of the Audit Committee of the Board and corrective measures are recommended for implementation.

Material Development in Human Resources and Industrial Relations

Industrial relations in all tea estates and units continued to be cordial. Focus on better deployment of labour in

garden area has resulted in improving productivity both in quantitative and qualitative manner. The total number of people employed in your Company as on 31st March, 2021 was 3628.

Cautionary Statement

The statements in the report of the Board of Directors and the Management's Discussion and Analysis Report describing the Company's projections, estimates, expectations or predictions may be forward looking statements within the meaning of applicable securities Laws and Regulations. Actual results could differ materially from those expressed or implied since the Company's operations are influenced by many external and internal factors beyond the control of the Company.

Report on Corporate Governance

AUDITORS' CERTIFICATE REGARDING COMPLIANCE OF CONDITIONS OF CORPORATE GOVERNANCE

To
The Members of
Diana Tea Company Limited

We have examined the compliance of the conditions of Corporate Governance by Diana Tea Company Limited (the "Company"), for the year ended 31st March, 2021, as stipulated in Regulations 17 to 27 and clauses (b) to (i) of sub-regulation (2) of Regulation 46 and para C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The compliance of the conditions of Corporate Governance is the responsibility of the Company's management. Our examination was carried out in accordance with the Guidance Note on Certification of Corporate Governance, issued by the Institute of Chartered Accountants of India and was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, and the representations made by the Directors and the Management and considering the relaxations granted by the Ministry of Corporate Affairs and Securities and Exchange Board of India warranted due to the spread of the COVID-19 pandemic, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations, 2015 for the year ended on March 31, 2021.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies

(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Diana Tea Co.Ltd.
Sir R N M House,
3B Lal Bazar Street,
Kolkata- 700001

1. We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. DIANA TEA CO. LTD.** (hereinafter called "the company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.
2. Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the company has, during the audit period covering Financial Year ended on 31st March, 2021 ("the audit period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:
3. We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Financial Year ended on 31st March, 2021 according to the provisions of:
 - i) The Companies Act, 2013 (the Act), and the rules made thereunder;
 - ii) The Securities Contracts (Regulation) Act, 1956 and the rules made thereunder;
 - iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
 - iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992:-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (d) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and other applicable regulations /guidelines/circulars issued by SEBI from time to time, to the extent applicable;

I further report that, there were no actions/ events in pursuance of;

- (a) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (c) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- (d) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- (e) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009, as applicable; and
- (f) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;

We further report that we have relied upon the representation made by the Management, for compliance with the specific applicable laws like:

- (a) Food Safety and Standards Act, 2006
- (b) Tea Act, 1953

Independent Auditor's Report

TO THE MEMBERS OF DIANA TEA COMPANY LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Diana Tea Company Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to followings:

- a) The company has not made provision for part of gratuity liability as per actuarial valuation as per Ind AS 19 - Employee Benefits.

Our Opinion is not modified in respect of above matters

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Independent Auditor's Report

Sr. No.	Key Audit Matter (KAM)	Auditor's Response
1.	<p>Estimation of Useful Life of Bearer Plants</p> <p>Useful life of Bearer Plants requires the management to exercise significant judgement in relation to the estimate thereof. Nature, timing and likelihood of changes to the natural factors may affect the useful life expectancy of the assets and therefore could have a material impact on the depreciation expense for the year. As per the Ind AS 16 – "Property, Plant and Equipment", the management reviews the estimated useful life and the residual value of Bearer Plants annually and adjust for changes, where appropriate. Accordingly, the matter has been identified as key audit matter</p>	<ul style="list-style-type: none"> Assessed the management's estimates of the useful life of Bearer Plants with reference to: (1) the consistency with the Company's pattern of economic benefits embodied in such assets and future operating plans including acquisitions and requirements of the Bearer Plants; (2) the comparison to the useful life estimates adopted by the comparable tea producers; and (3) consideration of the Company's historical experience. Evaluated the assumptions and critical judgements used by the management through testing of underlying documents / details. Assessed the related disclosures included in the standalone Ind AS financial statements in this regard.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged With Governance for the Standalone Financial Statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free

Independent Auditor's Report

from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

Independent Auditor's Report

- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) The matter described in Emphasis of Matters paragraph above, in our opinion, may not have an adverse effect on the functioning of the Company.
 - f) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure - A to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Diana Tea Company Limited** ("the Company") as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Annexure - A to the Independent Auditors' Report

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure - B to the Independent Auditors' Report

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone Ind AS financial statements for the period ended March 31, 2021, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of the fixed assets;
- (b) The fixed assets were physically verified during the year under audit by the Management in accordance with a regular programme of verification which, in our opinion, provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanation given to us, no material discrepancies were noticed on the such verification;
- (c) As per information and explanation given to us by the management, and the records verified by us and based on the examination of the registered sale deed provided to us, we report that all the immovable properties are held in the name of the Company.
- (ii) In our opinion the inventories were physically verified during the year by the Management at reasonable intervals and as explained to us, no material discrepancies were noticed on physical verification;
- (iii) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Consequently, the provisions of paragraph iii(a), iii(b) and iii(c) of the Order are not applicable to the Company and hence, not commented upon;
- (iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 186 of the Companies Act, 2013 in respect of making investments. The Company has not given any loan or granted any security in terms of sections 185 and 186 of the Act;
- (v) The Company has not accepted any deposit from the public covered under Section 73 to 76 of the Companies Act, 2013. Therefore, the provisions of paragraph 3(v) of the Order is not applicable to the Company;
- (vi) According to the information and explanations given to us, in our opinion, the Company have, prima facie, made and maintained the prescribed cost records pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under subsection (1) of Section 148 of the Companies Act, 2013. We have, however, not made a detailed examination of the cost records with a view to determining whether they are accurate or complete;
- (vii) a) According to the information and explanation given to us and on the basis of our examination of the records of the company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Provident Fund, Income Tax, GST, Cess or other material statutory dues have been generally regularly deposited during the period by the Company with appropriate authorities.

According to the information and explanation given to us no undisputed statutory dues including Provident Fund, Income Tax, GST, cess or other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they become payable.
- b) According to the information and explanation given to us, there were no disputed taxes and duties as at 31st March 2021;
- (viii) In our opinion and according to the information given to us, the Company has not defaulted in repayment of dues to banks. There were no debentures outstanding during the year;
- (ix) According to information and explanation given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) and term loans during the year ended March 31, 2021. Accordingly paragraph 3(ix) of the Order is not applicable;

Annexure - B to the Independent Auditors' Report

- (x) Based on the audit procedures performed and the information and explanations given to us, we report that no material fraud on or by the Company has been noticed or reported during the period, nor have we been informed of such case by the management;
- (xi) According to information and explanation given to us, the Company has paid or provided managerial remuneration in accordance with the provisions of section 197 read with Schedule V to the Act;
- (xii) In our opinion and according to the information and explanation given to us, the Company is not a Nidhi Company and hence the paragraph 3(xii) is not applicable;
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable Indian accounting standards;
- (xiv) According to information and explanation given to us the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the period under review;
- (xv) According to information and explanation given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly the paragraph 3(xv) is not applicable the Company;
- (xvi) In our opinion and on the basis of information and explanation given to us by the management, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

1. CORPORATE INFORMATION

Diana Tea Company Limited (the Company) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its equity shares are listed on stock exchanges in India. It is engaged in the business of manufacturing and sale of tea and having its tea estates in the state of West Bengal. The estates have processing factories capable of producing CTC tea with installed combined capacity of 5000 tones.

2. SIGNIFICANT ACCOUNTING POLICIES

A) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013. The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013. The Company adopted Ind AS from 1st April, 2017.

B) Basis of Preparation

“The financial statements of the Company have been prepared in accordance with the relevant provisions of the Companies Act, 2013, Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013. All assets and liabilities have been classified as current or non-current as per Company’s operating cycle and other criteria set out in Schedule-III of the Companies Act 2013. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of Current or non-current classification of assets and liabilities.

The financial statements have been prepared on historical cost basis, except for financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Fair value for measurement and/ or disclosures in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 – Inventories or value in use in Ind AS 36 – Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.”

C) Use of estimates and critical accounting judgments

“The preparation of the financial statements require the use of accounting estimates which, by definition, will seldom equal the actual result. Management also needs to exercise judgment in applying the Company’s accounting policies. This note provides an overview of the areas that involved a high degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.”

Critical estimates and judgments

The areas involving critical estimates and judgments are:

i) Taxation

The Company is engaged in agricultural activities and also subject to tax liability under MAT provisions. Significant judgment is involved in determining the tax liability for the Company. Also there are many transactions and calculations during the ordinary course of business for which the ultimate tax determination is uncertain. Further judgment is involved in determining the deferred tax position on the balance sheet date.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

ii) Depreciation and amortisation

Depreciation and amortisation is based on management estimates of the future useful lives of the property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortisation charges.

iii) Employee Benefits

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the obligations. In determining the appropriate discount rate, the Company considers the interest rates of Government securities that have terms to maturity approximating the terms of the related defined benefit obligation. Other key assumptions for obligations are based in part on current market conditions.

iv) Provisions and Contingencies

Provisions and contingencies are based on Management's best estimate of the liabilities based on the facts known at the balance sheet date.

v) Estimation uncertainty relating to the global health pandemic on COVID-19

The Company has considered internal and external information up to the date of approval of financial statements. In assessing the recoverability of property plant and equipments, receivables, intangible assets, cash and cash equivalent and investments. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions; the Company expects to recover the carrying amount of these assets. The Company has concluded that the impact of COVID – 19 is not material based on these estimates .The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

D) Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognised as at 1st April, 2016 measured as per the previous Generally Accepted Accounting Principles (GAAP).

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs incurred during the period of construction is capitalised as part of cost of the qualifying assets.

The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of profit and loss.

E) Intangibles

Subsequent to initial recognition, intangible assets with definite useful lives are reported at cost less accumulated amortisation and accumulated impairment losses.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

F) Depreciation and amortisation of property, plant and equipment and intangible assets

- (i) Depreciation is provided on prorata basis on straight line method at the rates determined based on estimated useful lives of tangible assets where applicable, specified in Schedule II to the Act. These charges are commenced from the dates the assets are available for their intended use and are spread over their estimated useful economic lives or, in the case of leased assets, over the lease period, if shorter. The estimated useful lives of assets and residual values are reviewed regularly and, when necessary, revised. No further charge is provided in respect of assets that are fully written down but are still in use. Depreciation on assets under construction commences only when the assets are ready for their intended use.
- (ii) Bearer Plants are depreciated from the date when they are ready for commercial harvest.
- (iii) Leasehold Land is amortised over the tenure of respective leases.

G) Government Grants

“Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other operating income. Government grants relating to the acquisition/ construction of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other operating income.”

H) Impairment

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

I) Leases

The Company determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease.

Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

The Company as lessee

- (i) **Operating lease** – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

- (ii) **Finance lease** – Finance leases are capitalised at the commencement of lease, at the lower of the fair value of the property or the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in the statement of profit and loss over the period of the lease.

J) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

a) Financial assets

Cash and bank balances

Cash and bank balances consist of:

- (i) **Cash and cash equivalents** - which includes cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.
- (ii) **Other bank balances** - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company in respect of equity investments (other than in subsidiaries, associates and joint ventures) which are not held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and trade receivables
- Financial assets that are debt instruments and are measured as at FVTOCI

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cashflows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Derecognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

In the ordinary course of business, the Company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange and interest rate fluctuations. The instruments are confined principally to forward foreign exchange contracts and interest rate swaps. The instruments are employed as hedges of transactions included in the financial statements or for highly probable forecast transactions/firm contractual commitments. These derivatives contracts do not generally extend beyond six months except for interest rate derivatives.

Derivatives are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

K) Employee benefits

Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

Defined benefit plans

For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability/(asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/(asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value plan assets.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised based on actuarial valuation at the present value of the obligation as on the reporting date.

L) Inventories

- a) Stock of Tea is valued at lower of cost computed on annual average basis or net realisable value. Stock of Tea Waste is valued at estimated realisable value.
- b) Stock of stores and spares are valued at cost on weighted average basis or net realisable value.
- c) As per practice followed by the Company the value of green leaf in stock as at the close of the year are not taken into accounts.
- d) Provision is made for obsolete and slow moving stores wherever necessary.

M) Provision

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis.

Constructive obligation is an obligation that derives from an entity's actions where:

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

- (a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities and;
- (b) as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

N) Onerous contracts

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

O) Income taxes

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

P) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the amount due, associated costs or the possible return of goods.

Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

Q) Borrowing Costs

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

R) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

S) Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment, if any.

T) Segment Reporting

Identification of Segments

The Company has identified Tea products as its sole operating segment and the same has been treated as primary segment. The Company's secondary geographical segments have been identified based on the location of customers and then demarcated into Indian and overseas revenue earnings.

U) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

V) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The company does not recognize a contingent liability but discloses its existence in the financial statements.

>180 days	6.73	0.37

The credit period on sales of goods ranges from 30 to 60 days without security. No interest is charged on trade receivables upto the end of the credit period.

In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. There has been no significant change in the credit quality of receivables past due for more than 180 days.

The Company does not generally hold any collateral or other credit enhancements over these balances nor does it have a legal right of offset against any amounts owed by the Company to the counter-party.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

In determining the recoverability of a trade receivable, the Company considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period. The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.

a) Defined Contribution Plan

(₹ in Lakhs)

Particulars	2020-21	2019-20
Employer's Contribution to Provident Fund	240.46	254.58
Employee's Contribution to Provident Fund	240.46	254.58

b) Defined Benefit Plan - Gratuity

The Gratuity scheme is a final salary defined benefit plan, that provides for lump sum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the period of service at the time of separation and paid as lump sum. There is a vesting period of 5 years.

Associated Risks :

Where there is a benefit being promised and benefit being provided, there will always be some uncertainty for the benefit provider and the benefit recipient.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

i. Risk to the Beneficiaries (i.e. for Employees)

Insufficient funds: The greatest risk to the beneficiary is that there are insufficient funds available to provide the promised benefits. This may be due to:

- The insufficient funds set aside, i.e. underfunding
- The insolvency of Employer
- The holding of investments which are not matched to the liabilities; or
- A combination of these events"

ii. Risk to the Benefit provider (i.e. for employer)

Parameter Risk: Actuarial valuation is done on basis of some assumptions like salary inflation, discount rate and withdrawal assumptions. In case the actual experience varies from the assumptions, fund may be insufficient to pay off the liability.

Risk of Illiquid Assets: Another risk is that the funds, although sufficient, are not available when they are required to finance the benefits. This may be due to assets being locked for longer period or in illiquid assets.

Risk of Benefit Change: There may be a risk that a benefit promised is changed or is changeable within the terms of the contract.

Assets Liability Mismatching Risk: ALM risk arises due to mismatch between assets and liabilities either due to liquidity or changes in interest rates or due to different duration.

42. Financial risk management objectives and policies

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables, security deposits, employee liabilities, unpaid and finance lease obligation. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a Risk Management Compliance Board that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings and deposits.

The sensitivity analyses in the following sections relate to the position as at 31 March 2021 and 31 March 2020.

The sensitivity analyses have been prepared on the basis that the amount of debts.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March 2021 and 31st March 2020.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations. The Company also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short term loans.

The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(₹ in Lakhs)

	Increase/ decrease in basis points	Effect on profit before tax	Effect on post-tax equity
31st March, 2021			
₹ In Lakhs	+ 100	(19.86)	(14.70)

₹ In Lakhs	+ 100	(20.97)	(15.51)
₹ In Lakhs	(-) 100	20.97	15.51

c) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Customer credit risk is managed by each divisions subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit or other forms of credit insurance.

The risk relating to trade receivables is shown under note no 10.

d) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, buyer's credit and other means of borrowings. The company invests its surplus funds in liquid schemes of mutual funds, which carry no/low mark to market risk.

The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

e) Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas, and fluctuation of selling price of finished goods (tea) due to increase in supply/availability.

The Company manages the above financial risks in the following manner :

- Sufficient inventory levels of agro chemicals, fertilisers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Slightly higher level of consumable stores viz. packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea is not adversely affected even in times of adverse conditions.

f) Other Risk-Impact of the COVID 19 pandemic

The Company has assessed and considered the impact of the ongoing Covid-19 pandemic on carrying amounts of Property Plant & Equipment, Investments, Trade receivables, Inventories, other assets and its business operations including all relevant internal and external information available up to the date of approval of these financial results. Basis such evaluation, the management does not expect any adverse impact on its future cash flows, its liquidity position and shall be able to continue as a going concern. However, the eventual outcome of the impact of the Covid-19 pandemic may be different from those estimated as on the date of approval of these financial results owing to the nature and duration of the pandemic.

43. Financial Instruments

The significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 2 (I) to the financial statements.

(a) Financial assets and liabilities

The carrying value of financial instruments by categories as of March 31, 2021 is as follows:

	31st March 2021		31st March 2020	
	FVOCI	Amortised cost	FVOCI	Amortised cost
Assets:				
Trade receivables	-	156.35	-	172.14
Investments	516.19	-	414.93

Cash and cash equivalents	-	392.81	-	25.38
Other financial assets	-	149.59	-	149.93
Total	516.19	1,778.75	414.93	1,330.95
Liabilities:				
Borrowings	-	2,267.30	-	2,310.62

Trade payables	-	348.39	-	389.49
Total	-	2,784.51	-	2,843.71

Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

Notes to Standalone Financial Statement as at and for the year ended 31st March, 2021

The investments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):

Opinion

We have audited the accompanying consolidated financial statements of **Diana Tea Company Limited** ("the Company"), and its subsidiary, (the Company and its subsidiaries together referred to as the "Group") which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2021, the consolidated profit and consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to followings:

- a) In case of holding company, company has not made provision for part of gratuity liability as per actuarial valuation as per Ind AS 19 - Employee Benefits.

Our Opinion is not modified in respect of above matters

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matters to be communicated in our report.

Independent Auditor's Report

Sr. No.	Key Audit Matter (KAM)	Auditor's Response
1.	In case of Holding Company, Estimation of Useful Life of Bearer Plants Useful life of Bearer Plants requires the management to exercise significant judgement in relation to the estimate thereof. Nature, timing and likelihood of changes to the natural factors may affect the useful life expectancy of the assets and therefore could have a material impact on the depreciation expense for the year. As per the Ind AS 16 – "Property, Plant and Equipment", the management reviews the estimated useful life and the residual value of Bearer Plants annually and adjust for changes, where appropriate. Accordingly, the matter has been identified as key audit matter	<ul style="list-style-type: none"> Assessed the management's estimates of the useful life of Bearer Plants with reference to: (1) the consistency with the Company's pattern of economic benefits embodied in such assets and future operating plans including acquisitions and requirements of the Bearer Plants; (2) the comparison to the useful life estimates adopted by the comparable tea producers; and (3) consideration on of the Company's historical experience. Evaluated the assumptions and critical judgements used by the management through testing of underlying documents / details. Assessed the related disclosures included in the consolidated Ind AS financial statements in this regard.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged With Governance for the Consolidated Financial Statement

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, Board of Directors is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are

Independent Auditor's Report

free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

We did not audit the financial statement/ financial information of one (1) subsidiary whose financial statement/information reflect total assets of ₹ 10.02 Lakhs as at March 31, 2021 and total revenue of ₹ 3.72 Lakhs, net loss of ₹ (9.42) Lakhs and total comprehensive loss of ₹ (9.42) Lakhs for the year ended March 31, 2021 and net cash inflow of ₹1.92 Lakhs for the year ended on that date as considered in the consolidated financial statements. This financial statement has been audited

Independent Auditor's Report

by other auditor whose report has been furnished to us by the Management and our opinion on the consolidated financial results is based solely on the report of the other auditor and procedures performed by us. Our report is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2021 taken on record by the Boards of Directors of the Company and its subsidiary incorporated in India and the reports of the statutory auditors of its subsidiary company incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Company and its subsidiary company incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
 - g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group does not have any pending litigations which would impact its financial position.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure - A to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Diana Tea Company Limited ("the Company") and its subsidiary as of March 31, 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Boards of Directors of the Company and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be

Annexure - A to the Independent Auditors' Report

detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal financial control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 1 (one) subsidiary company, which is a company incorporated in India, is based on the corresponding reports of the auditors of such company incorporated in India.

Consolidated Statement of Changes in Equity for the year ended 31st March, 2021

Description of reserves in statement of changes in equity

i) Share Premium Account:

This reserve is used to record the premium on issue of shares. The reserve is available for utilisation in accordance with the provisions of the Act.

ii) General Reserve:

General reserve is created and utilised in compliance with the provisions of the Act.

iii) Retained Earnings:

Retained earnings represents accumulated profits earned by the company and remaining undistributed as on date.

iv) Capital Reserves:

This reserve was created on account of forfeiture of shares in earlier years and shall be utilised in accordance with the provisions of the Act.

v) Revaluation Reserve:

Revaluation Surplus, is the excess of market value over the carrying value of certain assets. The said reserve is utilised for adjustment of depreciation attributable to such excess amount and is credited to retained earnings .

vi) FVOCI Equity Investments:

The Company has elected to recognise changes in the fair value of certain investments in equity instruments through other comprehensive income. These changes are accumulated within the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

1. CORPORATE INFORMATION

Diana Tea Company Limited (the Company) is a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its equity shares are listed on stock exchanges in India. It is engaged in the business of manufacturing and sale of tea and having its tea estates in the state of West Bengal. The estates have processing factories capable of producing CTC tea with installed combined capacity of 5000 tones.

2.1. Principles of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Control is achieved when the Company:-

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.”

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

“When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company’s voting rights in an investee are sufficient to give it power, including:

- the size of the Company’s holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders’ meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Statement of Profit and Loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component’s other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

The financial statements of the Company and its Subsidiary Companies have been consolidated on a line-by-line basis by adding together like items of assets, liabilities, income and expenses. The financial statements of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the Company.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group’s accounting policies. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. Unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless transaction provides evidence of an impairment of the transferred asset.

Changes in the Group’s ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group’s interests and the noncontrolling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

The following subsidiaries have been considered in preparation of the consolidated financial statements:

Particulars	Country of Incorporation	% of ownership interest either directly or through subsidiaries

2.2. Significant Accounting Policies

A) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013. The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013. The Company adopted Ind AS from 1st April, 2017.

B) Basis of Preparation

The financial statements of the Company have been prepared in accordance with the relevant provisions of the Companies Act, 2013, Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013. All assets and liabilities have been classified as current or non-current as per Company's operating cycle and other criteria set out in Schedule-III of the Companies Act 2013. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of Current or non-current classification of assets and liabilities. The financial statements have been prepared on historical cost basis, except for financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/ or disclosures in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 – Inventories or value in use in Ind AS 36 – Impairment of Assets. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

C) Use of estimates and critical accounting judgments

The preparation of the financial statements require the use of accounting estimates which, by definition, will seldom equal the actual result. Management also needs to exercise judgment in applying the Company's accounting policies. This note provides an overview of the areas that involved a high degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements."

Critical estimates and judgments

The areas involving critical estimates and judgments are:

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

i) Taxation

The Company is engaged in agricultural activities and also subject to tax liability under MAT provisions. Significant judgment is involved in determining the tax liability for the Company. Also there are many transactions and calculations during the ordinary course of business for which the ultimate tax determination is uncertain. Further judgment is involved in determining the deferred tax position on the balance sheet date.

ii) Depreciation and amortisation

Depreciation and amortisation is based on management estimates of the future useful lives of the property, plant and equipment and intangible assets. Estimates may change due to technological developments, competition, changes in market conditions and other factors and may result in changes in the estimated useful life and in the depreciation and amortisation charges.

iii) Employee Benefits

The present value of the defined benefit obligations and long term employee benefits depends on a number of factors that are determined on an actuarial basis using a number of assumptions. The assumptions used in determining the net cost (income) include the discount rate. Any changes in these assumptions will impact the carrying amount of defined benefit obligations.

The Company determines the appropriate discount rate at the end of each year. This is the interest rate that should be used to determine the present value of estimated future cash outflows expected to be required to settle the obligations. In determining the appropriate discount rate, the Company considers the interest rates of Government securities that have terms to maturity approximating the terms of the related defined benefit obligation. Other key assumptions for obligations are based in part on current market conditions.

iv) Provisions and Contingencies

Provisions and contingencies are based on Management's best estimate of the liabilities based on the facts known at the balance sheet date.

v) Estimation uncertainty relating to the global health pandemic on COVID-19

The Company has considered internal and external information up to the date of approval of financial statements. In assessing the recoverability of property plant and equipments, receivables, intangible assets, cash and cash equivalent and investments. The Company has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions; the Company expects to recover the carrying amount of these assets. The Company has concluded that the impact of COVID – 19 is not material based on these estimates .The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

D) Property, plant and equipment

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognised as at 1st April, 2016 measured as per the previous Generally Accepted Accounting Principles (GAAP).

An item of property, plant and equipment is recognised as an asset if it is probable that the future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Trial run expenses (net of revenue) are capitalised. Borrowing costs incurred during the period of construction is capitalised as part of cost of the qualifying assets.

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of profit and loss.

E) Intangibles

Subsequent to initial recognition, intangible assets with definite useful lives are reported at cost less accumulated amortisation and accumulated impairment losses.

F) Depreciation and amortisation of property, plant and equipment and intangible assets

(i) Depreciation is provided on prorata basis on straight line method at the rates determined based on estimated useful lives of tangible assets where applicable, specified in Schedule II to the Act. These charges are commenced from the dates the assets are available for their intended use and are spread over their estimated useful economic lives or, in the case of leased assets, over the lease period, if shorter. The estimated useful lives of assets and residual values are reviewed regularly and, when necessary, revised. No further charge is provided in respect of assets that are fully written down but are still in use. Depreciation on assets under construction commences only when the assets are ready for their intended use.

(ii) Bearer Plants are depreciated from the date when they are ready for commercial harvest.

(iii) Leasehold Land is amortised over the tenure of respective leases.

G) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other operating income. Government grants relating to the acquisition/ construction of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other operating income.

H) Impairment

At each balance sheet date, the Company reviews the carrying values of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying value of those assets may not be recoverable through continuing use. If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the statement of profit and loss as and when the carrying value of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying value of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount so that the increased carrying value does not exceed the carrying value that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised in the statement of profit and loss immediately.

I) Leases

The Company determines whether an arrangement contains a lease by assessing whether the fulfillment of a transaction is dependent on the use of a specific asset and whether the transaction conveys the right to use that asset to the Company in return for payment. Where this occurs, the arrangement is deemed to include a lease and is accounted for either as finance or operating lease.

Leases are classified as finance leases where the terms of the lease transfers substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

The Company as lessee

(i) Operating lease – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Contingent rentals arising under operating leases are recognised as an expense in the period in which they are incurred. In the event that lease incentives are received to enter into operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight line basis, except where another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

(ii) Finance lease – Finance leases are capitalised at the commencement of lease, at the lower of the fair value of the property or the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in the statement of profit and loss over the period of the lease.

J) Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

a) Financial assets

Cash and bank balances

Cash and bank balances consist of:

(i) Cash and cash equivalents - which includes cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than one year from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.

(ii) Other bank balances - which includes balances and deposits with banks that are restricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows or to sell these financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company in respect of equity investments (other than in subsidiaries, associates and joint ventures) which are not

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

held for trading has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of such equity instruments. Such an election is made by the Company on an instrument by instrument basis at the time of initial recognition of such equity investments.

Financial asset not measured at amortised cost or at fair value through other comprehensive income is carried at fair value through the statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets:\

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and trade receivables
- Financial assets that are debt instruments and are measured as at FVTOCI
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cashflows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for various financial instruments is described below:

Financial assets measured as at amortised cost: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Derecognition of financial assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

In the ordinary course of business, the Company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange and interest rate fluctuations. The instruments are confined principally to forward foreign exchange contracts and interest rate swaps. The instruments are employed as hedges of transactions included in the financial statements or for highly probable forecast transactions/firm contractual commitments. These derivatives contracts do not generally extend beyond six months except for interest rate derivatives.

Derivatives are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

K) Employee benefits

Defined contribution plans

Payments to defined contribution plans are charged as an expense as they fall due. Payments made to state managed retirement benefit schemes are dealt with as payments to defined contribution schemes where the Company's obligations under the schemes are equivalent to those arising in a defined contribution retirement benefit scheme.

Defined benefit plans

For defined benefit retirement schemes the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuation being carried out at each balance sheet date. Re-measurement gains and losses of the net defined benefit liability/(asset) are recognised immediately in other comprehensive income. The service cost and net interest on the net defined benefit liability/(asset) is treated as a net expense within employment costs.

Past service cost is recognised as an expense when the plan amendment or curtailment occurs or when any related restructuring costs or termination benefits are recognised, whichever is earlier.

The retirement benefit obligation recognised in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value plan assets.

Compensated absences

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related service are recognised based on actuarial valuation at the present value of the obligation as on the reporting date.

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

L) Inventories

- a) Stock of Tea is valued at lower of cost computed on annual average basis or net realisable value. Stock of Tea Waste is valued at estimated realisable value.
- b) Stock of stores and spares are valued at cost on weighted average basis or net realisable value.
- c) As per practice followed by the Company the value of green leaf in stock as at the close of the year are not taken into accounts.
- d) Provision is made for obsolete and slow moving stores wherever necessary.

M) Provision

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis.

Constructive obligation is an obligation that derives from an entity's actions where:

- (a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities and;
- (b) as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

N) Onerous contracts

A provision for onerous contracts is recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

O) Income taxes

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the statement of profit and loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction.

Current and deferred tax are recognised as an expense or income in the statement of profit and loss, except when they

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

P) Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the amount due, associated costs or the possible return of goods.

Interest Income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

Q) Borrowing Costs

Borrowings costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale.

R) Cash and Cash Equivalents\

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

S) Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment, if any.

T) Segment Reporting

“Identification of Segments

The Company has identified Tea products as its sole operating segment and the same has been treated as primary segment. The Company’s secondary geographical segments have been identified based on the location of customers and then demarcated into Indian and overseas revenue earnings.

U) Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

V) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. The company does not recognize a contingent liability but discloses its existence in the financial statements.

>180 days	6.73	0.37

The credit period on sales of goods ranges from 30 to 60 days without security. No interest is charged on trade receivables upto the end of the credit period.

In determining the allowances for doubtful trade receivables, the Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and is adjusted for forward looking information. The expected credit loss allowance is based on the ageing of the receivables that are due and rates used in the provision matrix. There has been no significant change in the credit quality of receivables past due for more than 180 days.

The Company does not generally hold any collateral or other credit enhancements over these balances nor does it have a legal right of offset against any amounts owed by the Company to the counter-party.

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

In determining the recoverability of a trade receivable, the Company considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period. The concentration of credit risk is limited due to the fact that the customer base is large and unrelated.

Employer's Contribution to Provident Fund	240.46	254.58
Employee's Contribution to Provident Fund	240.46	254.58

b) Defined Benefit Plan - Gratuity

The Gratuity scheme is a final salary defined benefit plan, that provides for lump sum payment at the time of separation; based on scheme rules the benefits are calculated on the basis of last drawn salary and the period of service at the time of separation and paid as lump sum. There is a vesting period of 5 years.

Associated Risks :

Where there is a benefit being promised and benefit being provided, there will always be some uncertainty for the benefit provider and the benefit recipient.

i. Risk to the Beneficiaries (i.e. for Employees)

Insufficient funds: The greatest risk to the beneficiary is that there are insufficient funds available to provide the promised benefits. This may be due to:

- The insufficient funds set aside, i.e. underfunding
- The insolvency of Employer
- The holding of investments which are not matched to the liabilities; or
- A combination of these events"

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

ii. Risk to the Benefit provider (i.e. for employer)

Parameter Risk: Actuarial valuation is done on basis of some assumptions like salary inflation, discount rate and withdrawal assumptions. In case the actual experience varies from the assumptions, fund may be insufficient to pay off the liability.

Risk of Illiquid Assets: Another risk is that the funds, although sufficient, are not available when they are required to finance the benefits. This may be due to assets being locked for longer period or in illiquid assets.

Risk of Benefit Change: There may be a risk that a benefit promised is changed or is changeable within the terms of the contract.

Assets Liability Mismatching Risk: ALM risk arises due to mismatch between assets and liabilities either due to liquidity or changes in interest rates or due to different duration.

42. Financial risk management objectives and policies

The Company's principal financial liabilities, comprise loans and borrowings, trade and other payables, security deposits, employee liabilities, unpaid and finance lease obligation. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade and other receivables, and cash and short-term deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a Risk Management Compliance Board that advises on financial risks and the appropriate financial risk governance framework for the Company. The financial risk committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings and deposits.

The sensitivity analyses in the following sections relate to the position as at 31 March 2021 and 31 March 2020.

The sensitivity analyses have been prepared on the basis that the amount of debts.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31st March 2021 and 31st March 2020.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company is subject to variable interest rates on some of its interest bearing liabilities. The Company's interest rate exposure is mainly related to debt obligations. The Company also uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short term loans. The risk estimates provided assume a parallel shift of 100 basis points interest rate across all yield curves. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The period end balances are not necessarily representative of the average debt outstanding during the period.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

(₹ in Lakhs)

	Increase/ decrease in basis points	Effect on profit before tax	Effect on post-tax equity
31st March, 2021			
₹ In Lakhs	+ 100	(19.86)	(14.70)

₹ In Lakhs	(-) 100	20.97	15.51

Notes to Consolidated Financial Statement as at and for the year ended 31st March, 2021

c) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Customer credit risk is managed by each divisions subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and any shipments to major customers are generally covered by letters of credit or other forms of credit insurance.

The risk relating to trade receivables is shown under note no 10.

d) Liquidity risk

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, bank loans, buyer's credit and other means of borrowings. The company invests its surplus funds in liquid schemes of mutual funds, which carry no/low mark to market risk.

The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lenders.

e) Agricultural Risk

Cultivation of tea being an agricultural activity, there are certain specific financial risks. These financial risks arise mainly due to adverse weather conditions, logistic problems inherent to remote areas, and fluctuation of selling price of finished goods (tea) due to increase in supply/availability.

The Company manages the above financial risks in the following manner :

- Sufficient inventory levels of agro chemicals, fertilisers and other inputs are maintained so that timely corrective action can be taken in case of adverse weather conditions.
- Slightly higher level of consumable stores viz. packing materials, coal and HSD are maintained in order to mitigate financial risk arising from logistics problems.
- Sufficient working-capital-facility is obtained from banks in such a way that cultivation, manufacture and sale of tea is not adversely affected even in times of adverse conditions.

f) Other Risk-Impact of the COVID 19 pandemic

The Company has assessed and considered the impact of the ongoing Covid-19 pandemic on carrying amounts of Property Plant & Equipment, Investments, Trade receivables, Inventories, other assets and its business operations including all relevant internal and external information available up to the date of approval of these financial results. Basis such evaluation, the management does not expect any adverse impact on its future cash flows, its liquidity position and shall

be able to continue as a going concern. However, the eventual outcome of the impact of the Covid-19 pandemic may be different from those estimated as on the date of approval of these financial results owing to the nature and duration of the pandemic.

43. Financial Instruments

The significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in note 2 (I) to the financial statements.

(a) Financial assets and liabilities

The carrying value of financial instruments by categories as of March 31, 2021 is as follows:

	31st March 2021		31st March 2020	
	FVOCI	Amortised cost	FVOCI	Amortised cost
Assets:				
Trade receivables	-	142.42	-	172.14
Investments	515.18	-	413.93	
Loans	-	1,078.00	-	983.50
Cash and cash equivalents	-	395.69	-	26.30
Other financial assets	-	149.69	-	149.93
Total	515.18	1,765.80	413.93	1,331.87
Liabilities:				
Borrowings	-	2,267.30	-	2,310.62
Other financial liabilities	-	169.04	-	143.65
Trade payables	-	350.49	-	389.49
Total	-	2,786.83	-	2,843.76

Fair value hierarchy:

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The investments included in Level 2 of fair value hierarchy have been valued using quotes available for similar assets and liabilities in the active market. The investments included in Level 3 of fair value hierarchy have been valued using the cost approach to arrive at their fair value. The cost of unquoted investments approximate the fair value because there is a range of possible fair value measurements and the cost represents estimate of fair value within that range.

The following table summarises financial assets and liabilities measured at fair value on a recurring basis and financial assets that are not measured at fair value on a recurring basis (but fair value disclosure are required):
