DroneAacharya Aerial Innovations Limited has achieved a significant milestone by securing a prestigious tender valued at INR 1,41,75,000.00 for the supply of High-End Surveying Drones from DRIISHYA, Government of Haryana. This landmark project marks a crucial advancement in the utilization of drone technology for various applications within the state, including Urban Mapping, Planning, Execution, and other departments' operations.

Following DroneAacharya's recent successful bid for a similar tender from the Government of Haryana, this latest achievement underscores the increasing integration of drones into the state's operational frameworks. "This is a very positive sign as it shows that Drones are being widely adopted and applied in the current workflows in Haryana. It clearly enables the vision of our Honorable Prime Minister Narendra Modi of making India a Global Drone Hub by 2030," highlighted Prateek Srivastava, Founder and Managing Director at DroneAacharya.

The implementation of this project not only demonstrates Haryana's commitment to innovation but also sets an inspiring precedent for other states. It serves as a beacon, showcasing the transformative potential of drone technology in advancing state operations and contributing to the nation's technological growth.

We request you to kindly take note of the same.

Thanking you,
Yours faithfully,

For DroneAacharya Aerial Innovations Limited
