Coastal Corporation Limited

Investor Presentation

February 2024

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of the Presentation. This Presentation may not be all inclusive and may not contain all the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company's market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company's ability to successfully implement its strategy, the Company's future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company's market preferences and its exposure to market risks, as well as other risks. The Company's actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation.

Milestones

Board of Directors

Mr. Valsaraj Thottoli
**Founder, Vice
Chairman &
Managing Director**

- Holds a Bachelors Degree of Technology (in Chemical Engineering) with an experience of four decades
- Presently, Vice Chairman and Managing Director of the Company
- Devoting his entire time, efforts and energy to develop this Company in all aspects including strategic business planning and analysis of future competition and threats at global level

Mr. E. Sankar Rao
**Chairman &
Independent
Director**

- He is an alumni of IIT Bombay (PhD), IIT Kharagpur (M. Tech), Pondicherry Central University (PGDBA) and Andhra University (B.E. Electrical Engineering)
- Three decades of experience and core experience in banking & infrastructure finance
- Association with IDBI Bank, IDFC and subsequently with IIFCL have been well recognised by these financial mammoths of the Indian Economy
- Extensive experience in Project & Corporate Finance, Fund Management, Investment Banking, Infrastructure Development and Long-Term Resource Raising (Domestic & Foreign Capital)

**Mr. G.V.V.
Sathanarayana**
**Director - Finance
& CFO**

- He has experience of three decades in leading financial strategies to facilitate a company's ambitious growth plans
- He is responsible for the entire finance function of the Company with a proven ability to constantly challenge and improve existing processes and systems

Mrs. Jeeja Valsaraj
Director

- Holds post Graduate Diploma in Management and Fashion Technology
- Well experienced in the varied areas of Administration and Social responsibility
- Chairperson of Corporate Social Responsibility Committee of the Company and takes care of the CSR activities carried out by the Company

Board of Directors

**Mr. M.V.
Suryanarayana**
**Independent
Director**

- Distinguished career spanning 40 years in Life Insurance Corporation of India in accounts, marketing, administration, banking and finance
- Fellow member of the Institute of Chartered Accountants of India
- Served as CEO of LIC Mutual Fund and was on Board of UTI and member of ICICI Venture Capital and currently a member in various committees of the Company

**Mr. P. R.
Kalyanaraman**
**Independent
Director**

- Impeccable career record spanning over 48 years in financial services and is a well-rounded commercial banker
- Held successful assignments across public and private sector banks, across geographies and functions both in business and in operational areas– across retail and corporate businesses –both in field and at macro levels

**Prof. Kamireddi
Venkateswara Rao**
Independent Director

- Well-known among Chemical Engineering Institutions & Petroleum, Refining, Petrochemical and other Chemical Industries
- Now Programme Director, Petroleum Courses, JNTUK, Kakinada
- Expert in feasibility studies for Chemical Process Plants, Safety Energy Audits as well as Hazardous and Risk Assessment Studies. Recognizing his research work in biodiesel

Business Overview

Process Flow

Cutting edge technology being used right from the sourcing to processing, packaging and delivering superior quality unadulterated Shrimps to the international market

Unit I:

- Plate Freezer – 17.5 MTPD
- Individually Quick Frozen – 10 MTPD
- Blast Frozen – 10 MTPD
- Cooker – 10 MTPD

Unit II:

- Plate Freezer – 14 MTPD
- Individually Quick Frozen – 25 MTPD
- Cooker – 10 MTPD

- Processing units are located in the prime aquaculture zone near coastal area of Andhra Pradesh
- Strategic location facilitates easy procurement of raw materials and process them immediately after harvest, thereby reduce the products process life cycle

Manufacturing Facilities

Unit III:

- Plate Freezer – 14 MTPD
- Individually Quick Frozen – 32 MTPD
- Cooker – 12 MTPD
- Breeding Line
- Nobashi Facility.

Industry Overview

Global Sea Food Industry

Surging consumption of Sea Food in Developed and Developing Economies:

- Economic prosperity driving consumption pattern across geographies
 - Consumer shift towards sea food as source of protein and increased demand for exotic varieties
 - Expanding population, rising health consciousness with preference for micro nutrient rich foods amongst consumers and increasing disposable income
-
- Between 1961 and 2016, global sea food consumption **grew by 3.2% outpacing population growth of 1.6%** and exceeded that of meat, which grew by 2.8%
 - Per Capita consumption of sea food has increased from **9 kg in 1961 to 20.5 kg in 2017** and is expected to increase to **21.6 kg by 2026**
 - Rising demand for sea food and relatively static growth in capture sea food - demand and significance for **aquaculture is on an uptrend**
- 
- The illustration shows a stylized fishing boat with a red hull, white superstructure, and a grey funnel, positioned above a yellow and blue globe. The globe is partially enclosed by a grey circular arc with two yellow arrows pointing towards it, suggesting a cycle or focus on the planet.
- Governments across world are implementing regulations placing limits on captures in order to **curb overfishing and protect the biodiversity**
 - With sea food consumption growth outpacing production, emphasis on **aquaculture is increasing**
 - Focus is on **increasing the area devoted to aquaculture** and improve productivity per unit in existing aquaculture areas
 - Sustainable sea food and organic aquaculture practices are gaining prominence

World Outlook Aquaculture Production

Aquaculture Production

India - Share in global sea food to Increase

Increased contribution of Aquaculture

Global capture and Aquaculture Production

Policy Initiative by Government to fillip Aquaculture:

- Ministry of Food Processing, Govt. Of India, is encouraging the entrepreneurs for establishing processing factories under “Scheme for Integrated Cold Chain and Value Addition Infrastructure by extending Rs. 10 Crores Grant-in-aid
- The Govt. Of India is providing Interest Equalization @ 3% in respect of exports by the Micro, Small & Medium Enterprises(MSME) sector manufacturers under the Interest Equalization Scheme on Pre and Post Shipment Rupee Export Credit
- There are various schemes under Andhra Pradesh Food Processing Policy 2015-20 for setting up Cold Chain Units for Establishment of Shrimp Processing Units, eligibility upto 50% of Project Cost and Maximum Limit of Grant-in-aid upto Rs. 5 Crores and interest Subsidy for 5 years from COD @ 6% (Subject to Max. Rs. 2.50 Crores)
- The State Govt. also provides Fiscal Incentives like Reimbursement of Power Consumption Charges @ Rs. 1.00 per unit for 5 years for Fish & Shrimp Processing Units and other incentives for establishing shrimp processing units in the State of AP
- GST Refund, duty drawback @ 3.0% on FOB value and RoDTEP @ 3.1%

Way Ahead

Ethanol Plant - 198KLPD:

- Company has set up 100% subsidiary Coastal Biotech Pvt Ltd for Ethanol manufacturing at Village Maringi in Parlakhemundi Tahsil in Gajapati, Odisha spread across 30 acres
- Estimated capex of around Rs 156 crore (promoters contribution is Rs 31 crore & term loan is Rs 125 crore), out of which Rs 111.16 crore has already been incurred
- Ground Breaking Ceremony (Bhoomi Pujan) has been done on 30th November 2021 and Commenced civil work and fabrication in project site in Q3 FY23. The Engineering, Procurement and Construction Contract is given to Excel Engineering, Pune. Project is expected to commence in Q4FY24.
- Single window clearance is approved by the state government and the benefit of interest subvention will be provided by Government of India.

Odisha Processing Unit:

- New Shrimp processing facility at Haridamada, Khurdha Odisha is spread across 4.28 acres
- Estimated capex of around Rs 42 crore, out of which Rs 4.89 crore has already been incurred
- Project is funded by Rs 22 crore of promoters contribution, Rs 20 crore of term loan (the proceeds on receipt of capital subsidy of Rs 5 crore will be used to clear term loan)
- New facility will leverage the incentives from Odisha State Government under a scheme for establishment of Integrated cold chain and Value added Infrastructure
- Greenfield expansion at Odisha with additional capacity of 12 MTPD will further widen the value added product basket

India's ethanol blending target of 20% is likely to create opportunity of Rs 840 bn bio-ethanol market annually by 2025

Structural changes post 2018

- The National Policy on Bio-fuels - 2018 (NPB -2018) released in June 2018 took a more realistic approach, allowing a wider range of feed stock for ethanol production (from c-molasses to b-heavy and juice and other waste such as rural-urban garbage and cellulosic and lingo-cellulosic biomass) in line with the “waste-to-wealth” concept
- Feed stock that is permitted as of today includes sorghum, sugar-beet, cassava, decaying potatoes, damaged grain including maize, wheat, rice, and most importantly, crop residue such as wheat and rice stubble
- Due to advancements in the field of Biofuels, various decisions taken in the NBCC meetings to increase biofuel production, recommendation of the Standing Committee and the decision to advance to introduce **Ethanol Blended Petrol with up to twenty per cent** ethanol throughout the country from 01.04.2023, amendments are done to the National Policy on Biofuels

Rollout plan over 2026

- The Indian government has created a roll out plan for ethanol, with inputs from relevant ministries and associations, considering challenges in manufacturing flex fuel vehicles and infrastructure required for its storage and distribution
- It has planned availability of E10 across the country from April 2022, for existing vehicles, until till April 2028
- The Ministry of Petroleum and Natural Gas (MoP&NG) will initiate a phased rollout of 20% blending from April 2023 with the launch of educational campaigns for customers
- In 2023, the government will launch E20 in select cities of 11 states and union territories, viz. Himachal Pradesh, Uttarakhand, Uttar Pradesh, Haryana, Delhi, Goa, Daman Diu & Nagar Haveli, Karnataka, Bihar, Maharashtra, and Punjab
- Based on the learning from these states, the government will roll-out ethanol blending across India

Current & Future Capacities

	IQF MTPD	Cooker MTPD
Existing Capacities		
Unit 1 (Vishakhapatnam)	10	10
Unit 2 (Vishakhapatnam)	25	10
Unit 3 (Kakinada SEZ)	32	12
Upcoming Capacity		
Unit 4 (Odisha)	12	10
Total	79	42

Growth Drivers

New Capacities - Volume Growth

Value Added Segment – Better Margins

Biofuel - Ethanol Project
