Press Release

Maruti Suzuki to proactively recall 40,618 WagonR (1 litre) vehicles

New Delhi, August 23, 2019: Maruti Suzuki India Limited today announced to proactively and voluntarily undertake a recall campaign for certain WagonR (1 litre) vehicles manufactured between 15th November 2018 and 12th August 2019.

Recall campaigns are undertaken globally to rectify faults that may be potential safety defects.

The Company will inspect 40,618 vehicles of WagonR (1 litre) for a possible issue of fuel hose fouling with metal clamp.

Starting **24th August 2019** owners of the suspected vehicles will be contacted by Maruti Suzuki dealers for inspection and replacement of the faulty parts, free of cost.

Alternatively, customers of suspected WagonR (1 litre) vehicles can visit the Company website marutisuzuki.com ([Important Customer Info tab](#)) and fill in the chassis number (MA3 followed by 14 digit alpha-numeric number) on the computer screen to check if their vehicle needs any attention. The chassis number is embossed on the vehicle ID plate and is also in the vehicle invoice / registration documents.
