Dalal Street, MUMBAI - 400 001

Dear Sir / Madam,

### BUSINESS UPDATE.

### US FDA grants EUA for TRUPCR® SARS CoV-2 V.2 RT qPCR Kits

Bhopal (M.P.) India, June 19, 2020 – KILPEST India Ltd. (BSE: KILPEST | 532067 | INE994E01018) with its subsidiary 3B Blackbio Biotech India Ltd., the fastest growing Indian molecular Diagnostics company, today announced that the U.S. Food and Drug Administration (FDA) has granted emergency use authorization (EUA) for its multiplex real-time PCR test intended for the qualitative detection of nucleic acid from SARS-CoV-2, the virus that causes COVID-19.

With this, 3B Blackbio Biotech India Ltd. becomes first ever Indian molecular diagnostics company to receive US FDA-(EUA). Especially at times when more and more reliable testing is the need of the hour for India as well as other countries, TRUPCR® will be reliable options for labs across the globe to perform the molecular testing for Covid-19 suspected individuals.

TRUPCR® SARS CoV-2 V.2 RT qPCR Kits with its unique design of screening and confirmatory assays which detects three genes from the SARS-CoV-2 virus with Endogenous Control gene (RNase P) Internal control for each sample to minimize false negative results.

With Grant of US FDA-(EUA), we would be able to expand our customer base globally, and we would emerge as one of the most reliable RT qPCR Kits suppliers from India. Ensuring success to "MAKE IN INDIA" vision of Hon'ble P.M.

JAI HIND.

### *About 3B BlackBio*

3B BlackBio Biotech India Limited is one of the leading Indian companies in the field of PCR based Molecular Diagnostic Kits. The Company is ISO 13485:2016 certified, GMP compliant biotech R&D organization, established in 2011 engaged in design, development and manufacturing of Molecular Diagnostic kits for RT PCR and NGS. Company is exporting its products to several countries across the globe offering a wide range of assays in the field of oncology, infectious and human genetics.

Thanking you,  
Yours faithfully,  
For KILPEST INDIA LTD.
