### Services PMI dips to 53.2 in December, hiring rises SUBHAYAN CHAKRABORTY. **SLIGHT FALL**

**PMI Services** 

#### w Delhi, 4 January

A slower file in new orders led to a fall in the services sector growth in December, but employees stepped up hiring in anticipation of a stronger growth. In the months to come, the widely purchasing Managers' Index (PMI) showed: A slow increase in the expenses and healthy growth projections meant that serv-ices PMI for December stood at 53.2, slightly lower than 4 53.2, slightly lower than

Hole : A figure above 50 mean Source : IHS Harkit

expenses and healthy growth projections meant that serv-ices FMI for December stood at S3.2, slightly lower than the forwaroant high of S3 and S3.2, slightly lower than the forwaroant high of S3 and S3 an Ing jobs was seen, while work-in hand increased to a greater extent. Prices charged for the pro-vision of services in India rose again at the year-end, as firms sought to share an additional cost burden with their clients. Despite being the highest in three months, the rate of output price inflation was marginal. Factory gate charges, meanwhile charged little. Cost Inflation at services firms softened for the third consecutive month to its weakest since May 2017. With gurchasing prices in thermanufacturing industry increasing at a slower pace, us and the service states of the statest in the service statest of the statest interesting industry increasing at a slower pace, us and the service statest of the statest the resonance of the statest sepecially for food and fuel.

has remained urm since June. All this had a cascading effect on the payroll numbers at services firms that contin-ued to see more hiring for 15 months. Firms, hirde extra staff and outstanding busi-

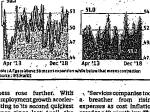

"Services companies took; a breather from rising expenses as cost inflation ested to a Proseth low. This softening enabled firms to hire extra the low arguester extent. while hiking their charges oby an arginally, in turn, subdisc an inflationary nomic growth add some sup-port for a rate cut saily next year." Follyanna De Linnay principal economis at HBs-report, said. Advertising offors, new service offerings and predic-tions of an improvement in market conditions after the elections boosted business-schtiment. Purthermore, the level of confidence was the highest in three mooths. In compar-ison.optimism among goods producers moderated from the mid-quarter. The Nikkei India Composite PMI Output \*Services companie breather from

The Nikkei India Gomposite PMI Output Index, which maps both the manufacturing and services sectors, was down from a 25-month high of 54.5 in November to 53.6 at the end of the year.
