NOTES:

1. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs (MCA) has vide its Circular No.20/2020 dated 5th May 2020 and Circular No. 02/2021 dated 13th January 2021 read with Circular No.14/2020 dated 8th April 2020 and Circular No.17/2020 dated 13th April 2020 (collectively referred to as MCA Circulars) permitted the holding of the Annual General Meeting (AGM) through Video Conferencing (VC) or Other Audio Visual Means (OAVM), without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) (LODR) Regulations, 2015 and MCA Circulars, the AGM of the Company is being held through VC / OAVM.

2. Explanatory Statement pursuant to Section 102 of Companies Act, 2013 and statement giving the relevant details of the Directors seeking appointment/re-appointment under item no. 2, 3, 5 and 6 of the accompanying Notice, as required under Regulation 26(4) and 36(3) of SEBI (LODR) Regulations, 2015 and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India is annexed herewith.
3. Pursuant to the provisions of the Companies Act, 2013 a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. As per Regulation 40 of SEBI (LODR) Regulations, 2015 as amended, securities of listed companies can be transferred only in dematerialized form except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrars and Transfer Agents, TSR DARASHAW Consultants Private Limited ("TCPL") for assistance in this regard.
5. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with TCPL in case the shares are held by them in physical form.
6. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form and to TCPL in case the shares are held by them in physical form.
7. As per the provisions of Section 72 of the Companies Act, 2013, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit the said details to their DP in case the shares are held by them in electronic form and to TCPL in case the shares are held in physical form. The Form No. SH-13 form can be obtained from TCPL.
8. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
9. Members are requested to participate on first come first served basis and the Members can join the AGM through VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice,. However, the participation of large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis. Participation is restricted upto 1000 members only.
10. In compliance with the aforesaid MCA Circulars and SEBI Circular No. SEBI/HO/CFD/CMD1/ CIR/P/2020/79 dated 12th May 2020 and SEBI/HO/CFD/CMD2/ CIR/P/2021/11 dated 15th January 2021, Notice of the AGM along with the Annual Report 2020-21 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2020-21 will also be available on the Company's website www.solvayindia.in, website of the Stock Exchanges i.e. BSE Limited at www.bseindia.com, and on the website of NSDL <https://www.evoting.nsdl.com>. No physical copies of the Annual Reports are being sent to the Members.
11. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
12. Relevant documents referred in the accompanying Notice and Director's Report will be available for electronic inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM, i.e. 29th September 2021. Members seeking to inspect such documents can send an email to investor.sunshield@solvay.com

13. At the thirty-second AGM held on 21st September 2019 the Members approved appointment of Deloitte Haskins & Sells LLP, Chartered Accountants (Firm registration number 117366W/W-100018) as Statutory Auditors of the Company to hold office for a period of five years from the conclusion of that AGM till the conclusion of the thirty-seventh AGM. The requirement to place the matter relating to appointment of auditors for ratification by Members at every AGM has been done away by the Companies (Amendment) Act, 2017 with effect from 7th May 2018. Accordingly, no resolution is being proposed for ratification of appointment of statutory auditors at this AGM.

14. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.

15. Instructions for e-voting and joining the AGM are as follows:

4. MANAGEMENT'S DISCUSSION AND ANALYSIS : F.Y. 2020-2021

I. Industry Structure & Development:-

The Chemical Industry is a key enabler for other industries. As chemicals are consumed in varying proportions by every industry (rightly from electronics to paints, from pharmaceuticals to cosmetics), without chemicals, sustainable development of other sectors is not possible.

The Chemical Industry is a crucial constituent of the growing Indian economy, providing the key material for several industries. The Company is operating only in one Segment, namely 'Specialty Chemicals'. Specialty Chemicals are particular chemical products which provide a wide variety of effects on which many other industry sectors rely.

Specialty chemicals, which comprise of low volume, high value chemicals with specific applications, constitute a significant part of the Indian chemical industry and are targeted towards specific end-use applications.

Specialty chemicals are produced by a complex, interlinked industry. In the strictest sense, specialty chemicals are chemical products that are sold on the basis of their performance or function, rather than their composition. Products and services in the specialty chemicals industry require intensive knowledge and ongoing innovation.

The Company manufactures a wide range of specially formulated and customized products for various Industrial applications. Company's customers are well recognized and located not only in India but all over the world especially in America, Europe, and Far- East.

Our customers represent a wide range of Industries such as Metal Treatment, Wire Insulation Enamel, PVC stabilizers, Inks, Colours, Coatings, Textiles, Agro Chemicals, Polymers, Plastics, Rubber, Latex, Tyre and Tubes, Conveyor belts, Lubricants, Additives, Home care, Cosmetic, Soaps detergents, Fertilizers and many more.

Our Customers are always seeking innovative products formulations for their current process needs, which are fulfilled by Company's Product Development, knowledge & experience. Solvay Group which represents this worldwide, in specialty chemicals supports the Sunshield team.

Company's main products belong to:

- Specialty Surfactant applications, which are predominantly Ethylene Oxide (EO) based products. The technologies developed involve surfactants, Esters, Amides, and other complementary processes.
- Specialty Anti-Oxidants for Lubricants, Polymers, Rubber, Tyre & Latex and other Industries involving Aminic & Phenolic technologies and
- Other Non-EO technologies & customized blends for various applications.

II. Operating and Financial Performance of the Company

(₹ In Lakhs)

	F.Y. 2020-2021	F.Y. 2019-2020	Change over Previous year
i) Exports	6098	6201	(1.66%)
ii) Domestic	13750	11886	15.68%
iii) Other Operating Income	17	21	(19.05)%
Revenue from Operation	19865	18108	9.70%
Other Income	26	124	(79.03)%
Total Income	19891	18232	9.10%

	F.Y. 2020-2021	F.Y. 2019-2020	Change over Previous year
Volume Sales (MT)	12598	12088	4.22%
Sales Value (₹)	19865	18087	9.83%
Average Product Price (₹ per kg)	143	150	(4.67)%

The year under review started with a negative outlook because of COVID outbreak. The nation witnessed stringent lockdown which was imposed on 25th March, 2020 to prevent the spread of COVID-19 infections in the country, and continuing restrictions thereafter, to break the chain. The Company had to keep operations of its plant closed for most part of the month of April 2020 and could begin in a gradual manner from last week of April onwards complying the prescribed guidelines.

During the year, Sales by Volume went up by 4.22%, and the sales in Value terms went up by 9.88%.

Export Sales were down marginally from ₹ 6,201 Lakhs to ₹ 6,098 Lakhs and domestic Sales went up by 15.68% from ₹ 11,886 Lakhs in 2019-20 to ₹ 13,750 Lakhs in 2020-21.

Major change was in the sales of Theic where sales value went by 11%. Sale volume of Ethoxylates, Propoxylates based products had been increased by 1% and sale value increased by 7%. The improvement was mainly due to change in product mix and increase in the demand for products.

III. Outlook

COVID-19 hit the world and unprecedented lockdowns disrupted economies, businesses and society. India was no exception. The pandemic has caused widespread concern and economic hardship for consumers, businesses and communities across the globe.

Volatile demand, operational and supply chain disruptions, potentially tightening credit markets and the health of workforce remains concern.

Though the wave of pandemic warrants caution, the increased vaccination drive combined with the various stimulus proposals

provided in the Union Budget 2021 and accommodative monetary and fiscal policies are expected to support economic recovery in the medium term. Rural demand is likely to remain resilient on a good projection for the agriculture sector. We would like to remain cautiously optimistic for the year.

Covid-19 second wave, has brought demand volatility, severe supply chain disruptions in raw materials and international logistics. The cost of raw materials and international logistics have significantly increased and efforts are on to pass on the cost increase to customer.

On account of product rationalizing activity carried out by the Company, the Company, in coming years, would be able to transition the transferred product capacity to existing products and increase production and sales of existing products of the Company which would be beneficial to the interest of the Company.

The growth for specialty chemicals is driven by both domestic consumption and exports. Specialty chemicals finding applications across consumer, industrial and infrastructure segments are driven by the overall growth of the Indian economy. We are in the midst of rationalizing and aligning our products to those segments that has potential for growth, driven by growing end user industry. Technology & Innovation will play a major role in growth. Even though our company's product profile is part of essential chemicals, the demand for essentials largely depend on how Indian and Global economy opens up in the future pandemic scenario.

The Company's products continue to be well received by world's leading users of specialty chemicals for a diverse range of industrial applications. The Company has been recognized as a reputable and dependable supplier to many Indian and global consumers of specialty products developed in-house.

IV. Risks and Concerns

The Company has laid down a well-defined Risk Management Framework covering the risk, risk exposure, potential impact and risk mitigation process. The Present and future risks are reviewed by the management of the Company at regular intervals. Adequate risk management is a key success factor, to mitigate risks associated with the solutions

we provide. Major risks identified by the business and functions are systematically addressed through by taking corrective actions on a continuous basis. These are discussed at Audit Committee and Board of Directors Meetings.

Major Risk arises from main raw material viz., Ethylene Oxide (EO). There is availability risk associated with EO which however, is currently and consistently available from one manufacturer in the country. If there is an issue with the supply of EO, production of several products would be affected. Besides some of the major raw materials are hazardous and inflammable, the Company has ensured that safety equipment and infrastructure are in place as per statutes and global safety standards.

The Company is committed to protecting the environment, and ensuring the health and safety of its employees, customers, neighbors and public. Some of our major raw materials are hazardous and flammable and some safety risks are inherent in the manufacturing processes. The Company has ensured that required process controls, safety equipment's and infrastructure are in place as per statutes and global safety standards.

V. Internal Financials Controls and their adequacy

Internal Checks and Controls covering operations of the Company are in place and are constantly being improved upon. The Company has laid down internal financial controls to be followed and such policies and procedures adopted are for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, safeguarding its assets, the prevention and detection of frauds and errors, accuracy and completeness of the accounting records, and timely preparation of reliable financial information.

During the year, the internal and statutory auditors of the Company have reviewed the effectiveness and efficiency of these controls and procedures. As per the said assessments, the Board is of the view that the Internal Financial Controls operate effectively and no material weaknesses exist.

VI. Key Financial Ratios

INDEPENDENT AUDITOR'S REPORT

To The Members of Sunshield Chemicals Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Sunshield Chemicals Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	Revenue from the sale of goods (hereinafter referred to as "Revenue") is recognised when the Company performs its obligation to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition in case of sale of goods is when the control over the same is transferred to the customer. The timing of revenue recognition is relevant to the reported performance of the Company. The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue not being recorded in the correct accounting period on account of the ability to establish with certainty the point of time when control has passed. Refer Note 2.2 to the Financial Statements - Significant Accounting Policies	Our audit approach was a combination of test of internal controls and substantive procedures including: <ul style="list-style-type: none">Assessing the appropriateness of the Company's revenue recognition accounting policies in line with Ind AS 115 ("Revenue from Contracts with Customers") and testing thereof.Evaluating the integrity of the general information and technology control environment and testing the operating effectiveness of the IT application controls.Evaluating the design and implementation of the Company's controls in respect of revenue recognition.Testing the effectiveness of such controls over revenue cut off, at year-end.

Sr. No.	Key Audit Matter	Auditor's Response
		<ul style="list-style-type: none"> • Testing the supporting documentation for sales transactions recorded during the period closer to the year-end and subsequent to the year-end, including examination of credit notes issued after the year-end to determine whether revenue was recognised in the correct period. • Performing analytical procedures on current year revenue based on monthly trends and where appropriate, conducting further enquiries and testing.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's Report including annexures to Director's Report, but does not include the financial statements and our auditor's report thereon.

- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31 March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended, In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Sunshield Chemicals Limited** (“the Company”) as of 31 March 2021 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”) and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial

controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the criteria for internal financial control over financial reporting established

by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Notes forming part of the financial statements for the year ended 31 March 2021

1. COMPANY BACKGROUND

Sunshield Chemicals Limited ('the Company') was incorporated in India on 19 November 1986. The Company is engaged in manufacture and sale of Speciality Chemicals in the domestic and international markets.

2. SIGNIFICANT ACCOUNTING POLICIES:

Statement of compliance

The financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

The financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs, except where otherwise indicated.

2.1. Basis of preparation of Financial Statements

The financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given at the date of the transaction, in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

2.2. Revenue recognition

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration expected to receive in exchange for those products or services.

(a) Sale of products

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. The revenue is measured based on transaction price, which is the fair value of the consideration received or receivable and is net of discounts, allowances, returns, goods and services tax.

(b) Sale of Services

Revenue from services is recognised on rendering of services as per the terms and conditions agreed with the customers.

2.3. Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

2.4. Foreign currency transactions and translations

The functional currency of the Company is the Indian Rupee. The treatment of foreign currency transactions is as under:

Initial recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or using rates that closely approximate the rate at the date of the transaction.

Measurement at the balance sheet date

At the end of each reporting period, monetary items denominated in foreign currencies are restated at the rates prevailing at that date.

Treatment of exchange differences

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

Notes forming part of the financial statements for the year ended 31 March 2021

2.5. Taxation

Income-tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with income tax laws) and deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year).

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as a deferred tax asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and Deferred Tax for the year

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.6. Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use.

Machinery spares which can be used only in connection with an item of property, plant and equipment and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Freehold land is not depreciated. Depreciation on property, plant and equipment has been provided on the straight-line method.

The estimated useful life which is in line with Schedule II of the Act is set out herein below.

Type of asset	Useful Life
Buildings	5 to 60 years
Plant and Equipments	7 to 30 years
Furniture and Fixtures	10 years
Vehicles	8 years
Computers	3 to 6 years
Office Equipments	5 years

Notes forming part of the financial statements for the year ended 31 March 2021

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

For transition to Ind AS, the Company had elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 (transition date) measured as per the previous GAAP and use that carrying value as the deemed cost.

Capital work-in-progress:

Projects under which tangible property, plant and equipment are not yet ready for their intended use are carried at cost, comprising direct cost and attributable interest, if applicable as Capital work-in-progress.

2.7. Impairment of non-financial assets

Assets that are subject to depreciation or amortisation are tested at each balance sheet date for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's or the cash generating unit's (CGU) carrying amount exceeds its recoverable amount and is recognised in the Statement of Profit and Loss. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risk specific to the asset for which the estimates of the future cash flows have not been adjusted.

When an impairment loss subsequently reverses, the carrying amount of the asset or the CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

2.8. Inventories

Inventories are measured at the lower of cost (weighted average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventories comprises of all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

2.9. Provisions, contingent liabilities and contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote, when there is:

- A possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or
- A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

Contingent assets

A contingent asset is neither recognised nor disclosed in the financial statements.

2.10. Financial Instruments

a) Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. At initial recognition, financial assets and financial liabilities are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value through Profit or Loss are recognised in the Statement of Profit and Loss.

Notes forming part of the financial statements for the year ended 31 March 2021

i) Financial assets

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets are added to the fair value of the financial assets on initial recognition. After initial recognition all financial assets (other than derivative instruments) meeting the relevant criteria, are subsequently measured at amortised cost using the effective interest method. The Company has not designated any financial asset as FVTPL or Fair Value through Other Comprehensive Income ("FVTOCI").

Debt instruments that meet conditions based on purpose of holding assets and contractual terms of instrument are subsequently measured at amortised cost using effective interest method. All other financial assets are measured at fair value. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as Fair Value Through Profit or Loss. Interest income is recognised in the statement of profit or loss and is included in the "Other income" line item.

Impairment of Financial Assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or other financial asset.

For trade receivables and any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. The expected credit loss allowance has been made taking into the account historical credit loss experience and adjusted for forward looking information.

ii) Financial Liabilities and equity instruments

Classification of debt or equity

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method at the end of the reporting period.

b) Derecognition of Financial Assets and Liabilities

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or when the Company transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset. The Company derecognises a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

Derivative Financial Instruments

The Company holds derivative financial instruments such as foreign exchange forward contracts and principal swap to manage its exposure to foreign currency exchange rate risks. Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are remeasured at fair value at the end of each reporting period and changes are recognised in the Statement of Profit and Loss.

Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

Few of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. When one is available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

Notes forming part of the financial statements for the year ended 31 March 2021

2.11. Cash flow statement

The Cash Flow Statement is prepared by the indirect method set out in Ind AS 7 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Company.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.12. Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance. The Company identifies secondary segment on the basis of geographical location of the customers.

2.13. Employee benefits

Compensation to employees for services rendered is measured and accounted for in accordance with Indian Accounting Standard 19 on Employee Benefits.

Employee Benefits such as salaries, allowances, non-monetary benefits and employee benefits under defined contribution plans such as provident and other funds, which fall due for payment within a period of twelve months after rendering service, are charged as expense to profit or loss in the period in which the service is rendered.

Employee Benefits under defined benefit plans such as gratuity which fall due for payment after completion of employment are measured by the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each balance sheet date. The Company's obligation recognised in the balance sheet represents the present value of obligations as reduced by the fair value of plan assets.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement

The Company presents the first two components of defined benefit costs in the Statement of Profit and Loss in the line item 'Employee benefits expense'.

Actuarial Gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest) are recognised immediately in other comprehensive income. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

The retirement benefit obligation recognised in the balance sheet represents the deficit or surplus in the Company's defined benefit plans.

2.14. Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

2.15. Earnings per share

The Company reports basic and diluted Earnings per Share (EPS) in accordance with Ind AS 33 on Earnings per Share. Basic EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

3. RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

4. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In application of the Company's accounting policies, which are described in note 2, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on various factors including historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

4.1. Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

i) Useful lives of property, plant and equipment

The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During financial years ended 31 March 2021 and 2020, there were no changes in useful lives of property, plant and equipment. The company at the end of each reporting period, based on external and internal sources of information, assesses indicators and mitigating factors of whether the plant (cash generating unit) may have suffered an impairment loss. If it is determined that an impairment loss has been suffered, it is recognised in the Statement of Profit and Loss.

ii) Impairment of trade receivables

The Company estimates the probability of collection of accounts receivable by analysing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

iii) Contingencies

In the normal course of business, contingent liabilities may arise from litigations and other claims against the company. There are certain obligations which management has concluded, which based on all available facts and circumstances, are not probable of payment or difficult to quantify reliably and such obligations are treated as contingent liabilities and disclosed in the notes but are not provided for in the financial statements.

Note 37

Details of Employee Benefits as required by the Indian Accounting Standard (Ind AS) 19 "Employee Benefits" are as follows:

1 Defined contribution plan:

The Company makes Provident Fund contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. During the current year, the Company recognised ₹ 27.52 Lakhs (Year ended 31 March 2020 ₹ 23.82 Lakhs) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

2 Defined Benefit Plan (Funded)

(a) A general description of the Employees Benefit Plan:

The Company has an obligation towards gratuity, a funded defined benefit retirement plan covering eligible employees.

The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment. Gratuity is calculated in accordance with the provisions of the Payment of Gratuity Act, 1972. Vesting occurs upon the completion of five years of service or on death.

Notes forming part of the financial statements for the year ended 31 March 2021

(Currency: Indian Rupees in Lakhs)

(b) The Plan exposes the Company to the following risks:

Investment risk	The return on investments will impact the position of the defined benefit plan liability. If the return falls, net defined benefit obligation will increase the value of the liability.
Interest risk	The defined benefit obligation calculated uses a discount rate based on government bonds. All other aspects remaining same, if bond yields fall, the defined benefit obligation will increase the value of the liability.
Longevity risk	The company has used certain mortality and attrition assumptions in the valuation of the liability. The company is exposed to the risk of actual experience turning out to be worse compared to the assumptions considered.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

8. The discount rate is based on the prevailing market yields of Government of India securities as at the Balance Sheet date for the estimated term of the obligations.

9. The assumption of the future salary increases, considered in actuarial valuation, takes into account the inflation, seniority, promotions and other relevant factors.

10. The major categories of Plan Assets as a percentage of the total plan assets		
Insurer managed funds	100%	100%

11. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	For the year ended 31 March 2021		For the year ended 31 March 2020	
	Amount	%	Amount	%
(i) Discount rate (25 basis points)				
Increase	(2.93)	(2.03%)	(2.95)	(2.16%)
Decrease	3.02	2.10%	3.05	2.24%
(ii) Future salary escalation rate (25 basis points)				
Increase	3.00	2.08%	3.00	2.20%
Decrease	(2.92)	(2.02%)	(2.92)	(2.14%)

The Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in the assumptions would occur in isolation of one another as some of the assumptions may be correlated.

12. Defined benefit obligation - Average duration

The weighted average duration of the defined benefit obligation is 8.25 years (31 March 2020: 8.81 years).

13. Other long term employee benefits

Compensated absences are payable to employees. The charge towards compensated absences for the year ended 31 March 2021 based on actuarial valuation using the projected accrued benefit method is ₹ 6.08 Lakhs (31 March 2020: ₹ 7.37 Lakhs).

(C) Fair value measurements

This note provides information about how the group determines fair values of various financial assets and financial liabilities.

Fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The Company is of the belief that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.

(D) Financial risk management objectives

The Company's principal financial liabilities comprise borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables and cash that are derived directly from its operations.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

i. Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

ii. Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

For financial assets in the form of cash and cash equivalents, loans and other financial assets, the Company has assessed the change in counterparty credit risk due to COVID-19 and believe that the same are fully recoverable.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

Historical trends of impairment of trade receivables do not reflect any significant credit losses. The Company has further considered internal and external sources of information, specifically having regard to the current macro economic conditions and the global health pandemic to assess the impact on credit losses. Basis the information available as at the date of approval of these financial statements, the Company expects the historical trend of minimal credit losses to continue.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

	As at 31 March 2021	As at 31 March 2020
Neither past due nor impaired	2,790.48	2,284.28
Past due but not impaired

Expected credit loss assessment for customers as at 31 March 2020 and 31 March 2021

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows

Balance as at 1 April 2019	5.74
Impairment loss recognised	—
Amounts written back	—
Balance as at 31 March 2020	5.74
Impairment loss recognised	7.28
Amounts written back	—
Balance as at 31 March 2021	13.02

Cash and cash equivalents

The Company held cash and cash equivalents with credit worthy banks and financial institutions of ₹ 297.13 Lakhs (₹ 105.00 Lakhs as at 31 March 2020).

Other than trade and other receivables, the Company has no other financial assets that are past due.

(E) Liquidity risk management

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has access to funds from group companies in the form of long/short term borrowings. The company also has various working capital facilities from banks.

(F) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account and equity, where any transaction references more than one currency or where assets/liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in U.S. dollar and Euro, against the respective functional currencies of the Company.

Sensitivity analysis

A 10% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss and equity as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Effect	Profit or loss		Equity	
	Strengthening	Weakening	Strengthening	Weakening
31 March 2021				
EUR	12.12	(12.12)	12.12	(12.12)

(G) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to variable rate borrowings from related party.

Particulars**Nominal amount**

	31 March 2021	31 March 2020
--	---------------	---------------

Borrowings

Fixed rate borrowings

8,811.66 10,972.81

	8,811.66	10,972.81
--	----------	-----------

Interest rate sensitivity - fixed rate instruments

The company's fixed rate borrowings are carried at amortised cost. They are therefore may not be materially subject to interest rate risk as defined in IND AS 107.

Note 41

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of inventories, receivables and other assets. In assessing the recoverability of the assets, the Company has considered internal and external sources of information, available as at the date of approval of these financial results, including subsequent recoveries, credit risk profile, macroeconomic forecasts, latest selling prices of products, orders on hand, margins etc. Based on the above assessment, the Company is of the view that the carrying amounts of the assets will be realised. The impact of COVID-19 on the Company's financial statements may be different from that estimated as at the date of approval of these financial statements, and the Company will continue to closely monitor the developments.

Note 42

On account of product rationalisation activities of the Company, certain products manufactured by it along with Technology, Specifications, Brand names and Customer contracts were transferred to another company (Solvay Specialities India Private Limited) subsequent to 31 March 2021 for a consideration of ₹ 1,782 Lakhs.
