We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

## **ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE FINANCIAL STATEMENTS OF TRANSGLOBE FOODS LIMITED**

### **Auditor's Responsibilities for the Audit of the Financial Statements**

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

#### **Meaning of Internal Financial Controls With reference to Financial Statements**

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as

necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls With reference to financial statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## TRANSGLOBE FOODS LIMITED

### NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31<sup>ST</sup> MARCH, 2023

#### **Note 1: Significant accounting policies**

##### **Background**

Transglobe Foods Limited (the company) was incorporated in India in the year 1986 as public limited company and is listed on Bombay stock exchange having its registered office at **603 / 604, Bldg No. 3-115, Plot 1427, Sai Janak Classic, Devidas Lane, Borivali West, Mumbai - 400103**. The Company is engaged in activities of trading in food grains, fruits, vegetables, various type of fruit jams, tomato ketchup, pastes, purees and varieties of pickles.

##### **a. Basis of preparation**

###### **(i) Compliance with Ind AS**

The company has prepared financial statements which comprise the Balance Sheet as at 31 March, 2023, the Statement of Profit and Loss for the year ended 31 March, 2023, the Statement of Cash Flows for the year ended 31 March, 2023 and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information for the year ended March 31, 2023 in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act together with comparative period data as at and for the year ended March 31, 2022.

###### **(ii) Historical Cost Convention**

The financial statements have been prepared on a historical cost basis.

###### **(iii) Current versus Non-Current Classification**

The Company presents assets and liabilities in the standalone balance sheet based on current/ noncurrent classification.

An asset is treated as current when it is:

- i. Expected to be realised or intended to be sold or consumed in normal operating cycle,
- ii. Held primarily for the purpose of trading,
- iii. Expected to be realised within twelve months after the reporting period, or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i. It is expected to be settled in normal operating cycle,
- ii. It is held primarily for the purpose of trading,
- iii. It is due to be settled within twelve months after the reporting period, or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

Operating cycle for current and non-current classification

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

##### **b. Revenue Recognition**

Revenue from contracts with customers is recognised when control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Allocation of transaction price to performance obligations - A contract's transaction price is allocated to each distinct performance obligation and recognised as revenue, when, or as, the performance obligation is satisfied. To determine the proper revenue recognition method, the Company evaluate whether two or more contracts should be combined and accounted for as one single contract and whether the combined or single contract

should be accounted for as more than one performance obligation. This evaluation requires significant judgment; mostly the Company's contracts have a single performance obligation as the promise to transfer the individual services is not separately identifiable from other promises in the contracts and, therefore, not distinct.

#### (iii) Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

#### (iv) Dividend Income

Dividend Income from investments is recognized when the Company's right to receive the amount has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably) which is generally when shareholder approves the dividend and it is probable that economic benefit associated with the dividend will flow to the company and the amount of dividend can be measured reliably.

### **c. Tax Expense**

The tax expense for the period comprises current tax and deferred income tax. Tax is recognized in the statement of income except to the extent it relates to items directly recognized in equity or in other comprehensive income.

#### **(i) Current Tax:**

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

#### **(ii) Deferred Tax:**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary difference and the carry forward of unused tax credit and unused tax losses, if any, can be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

**(iii) Minimum Alternate Tax:** MAT credit is recognised as an asset only when and to the extent there is convincing evidence that company will pay higher than the computed under MAT, during the period that MAT is permitted to be set off under the Income Tax Act, 1961.

### **d. Cash and cash equivalents**

For the purposes of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, in banks and other short-term highly liquid investments with original maturities of three months or less that is readily convertible to known amounts of cash and which are subject to insignificant risk of change in value.

### **e. Trade Receivables**

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment, if any.

### **f. Financial instruments**

#### **i) Financial Assets**

##### **A. Initial recognition and measurement**

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss transaction costs that are attributable to the acquisition of the financial asset. Purchase and sale of financial assets are recognised using trade date accounting.

##### **B. Subsequent measurement**

###### **a) Financial assets carried at amortised cost (AC)**

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

###### **b) Financial assets at fair value through other comprehensive income (FVOCI)**

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c) Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

### **C. Other Equity Investments**

All other equity investments are measured at fair value, with value changes recognised for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

### **D. Impairment of financial assets**

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized as an impairment gain or loss in profit or loss.

### **(ii) Financial liabilities**

#### **A. Initial recognition and measurement**

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

#### **B. Subsequent measurement**

(i) Trade and other payables:

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(ii) Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the Effective Interest Rate (EIR) amortisation process. The EIR amortisation is included as finance costs in the statement of profit and loss. This category generally applies to borrowings.

#### **g. Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

#### **h. Earnings per share**

The basic earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The number of shares used in computing diluted earnings per share comprises the weighted average shares considered for deriving basic earnings per share and also the weighted average number of equity shares which would have been issued on the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period unless they have been issued at a later date.

#### **i. Rounding of amounts**

The Financial Statements have been presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

#### **j. Cash flow statement**

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated

#### **k. Fair value measurement**

Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market

participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

#### **l. Derecognition of Financial Instruments**

Company derecognises a financial asset when the contractual rights to cash flows from financial asset expire or it transfers to financial asset and transfer qualifies for derecognition under IND AS 109. A financial liability (or part of it) is derecognised from balance sheet when obligation specified in contract is discharged or cancelled or expires.

#### **m. Recent pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below

Ind AS 103 – Reference to Conceptual Framework

Ind AS 16 – Proceeds before intended use

Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract

Ind AS 109 – Annual Improvements to Ind AS (2021)

Ind AS 116 – Annual Improvements to Ind AS (2021)

Above amendments are not applicable to the company and accordingly there will be no consequent impact on company's financials.

#### **CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

The preparation of the Company's financial statements requires management to make judgment, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as and when management becomes aware of changes and circumstances surrounding the estimates. Changes in the estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to financial statements.

Application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below:

- Recognition of deferred tax asset: availability of future taxable profit
- Recognition and measurements of provision and contingencies: key assumption of the livelihood and magnitude of an outflow of resources.
