Rise in Dairy Exports Melts Butter, Ghee Stocks at Home

Demand had been on a high due to Diwali and other festivals

Jayashree.Bhosale
@timesgroup.com

Pune: The local market is facing an acute shortage of butter and ghee, after a nearly two-fold increase in dairy product exports last fiscal year and higher consumption during Diwali drained the supply pipeline and stocks. According to statistics compiled by the Agricultural and Processed Foods Export Development Authority (Apeda), India exported 19,954 tonnes of butter in 2021-22, about four-and-a-half times more than the previous year's quantity of 4,449 tonnes. Exports of skimmed milk powder increased to 46,285 tonnes in the year ended March 31, 2022, a nearly three-and-a-time increase, while shipments of ghee rose close to 10% to 10,689 tonnes. Overall, the value of dairy product exports increased to \$392 million from \$201 million. Bangladesh, the UAE and Bahrain were the top three destinations to receive Indian dairy products in fiscal 2022. Local consumption, especially of ghee, butter and cheese, too was strong during the festivals, which Indians celebrated in a grand way after two painful years of Covid. "There was not enough supply in the pipeline as export of skimmed milk powder and butter was good in the previous year (FY22)," said Devendra Shah, chairman of Pune-based Parag Milk Foods. Amul is the largest exporter of dairy products from India. Amul butter, which has more than 90% share of the butter market, has disappeared from the market across the country. Amul diverted about 10-11% more milk for liquid milk consumption during the last 2-3 months, adding to shortage of butter and ghee. According to trade sources, the profit margins in liquid milk are higher than other milk products. RS Sodhi, MD of Gujarat Cooperative Milk Marketing Federation that owns the Amul brand, said: "Selling milk is our first priority and there was a substantial increase in demand for full-fat liquid milk during the Diwali season. Normally, about 60% of our milk collection is sold as liquid milk. However, during the last 2-3 months, we had to divert 11% more milk towards the liquid milk segment." This year, Diwali arrived early by 2-3 weeks, even before the onset of the winter season, when milk production usually increases. Sodhi said for the past 12 days, Amul has been producing more than average butter every day, which should help ease the supply situation in 4-5 days from now.

Utterly Butterly... But Where?

The value of dairy product exports increased to \$392 m from \$201 m

According to Apeda, India exported 19,954 tonnes of butter in 2021-22, compared to 4,449 tonnes in FY21

Bangladesh, the UAE and Bahrain were the top three destinations to receive Indian dairy products in FY22

Exports of skimmed milk powder increased to 46,285 tonnes in FY22 a nearly three-and-a-time increase, while shipments of ghee rose close to 10% to 10,689 tonnes.

Jet Investor Fritsch's Property Raided in Liechtenstein, Switzerland, Austria

Prosecutors in Liechtenstein, Switzerland and Austria raided properties linked to Florian Fritsch, one of the investors trying to revive India's Jet Airways, as part of a broader investigation into suspected fraud and money laundering. Police investigators in the small Alpine principality are evaluating the confiscated evidence from the raids conducted on October 26, Liechtenstein's prosecutor general Robert

Wallner said in an emailed response to questions, without naming Fritsch. Authorities raided the properties and froze other assets tied to Fritsch, said a person with knowledge of the raids, who didn't want to be identified discussing an ongoing probe. Fritsch and his investment company Kalrock Capital are part of a consortium picked to revive Jet Airways. Fritsch's partner is Murari Lal Jalan, a businessman based in Dubai.

Further legal problems for one of the main net backers of Jet Airways would complicate a turnaround bid that has already faced delays. Jet Airways, which collapsed amid debt in 2019, planned to start flights as soon as March this year, but it has struggled to place orders for new aircraft with lenders reluctant to allow it to take on fresh liabilities. I-T Dept Reaches Out to Netherlands Seeking Uber BV's Financial Details

Rashmi.Rajput
@timesgroup.com

Mumbai: The Income Tax Department has sought information from the Netherlands on Uber BV, the Dutch unit of US-based Uber Technologies, relating to the company's finances, people in the know told ET.

The department has also sought information from Uber BV on its accounts for FY19-20 and FY20-21, and transactions with Uber India Systems Pvt Ltd (UISPL) that manages the Uber cab-hailing app in India.

The department's probe against UISPL has found that certain transactions between the two require a thorough examination, said one of the people. "While Uber BV is of the view that Uber India is not a dependent entity of Uber BV, certain transactions have been found which show otherwise and the same are under the scanner," the person added.

A dependent agency acts on behalf of a foreign enterprise and the income achieved by the foreign entity through the agency is taxed on the income earned from the country where the agency is located. Uber declined to comment.

In 2013, the Uber group set up UISPL in India to market and promote the use of the Uber App here and provide support services.

"If proven that the foreign entity is earning income through businesses here, it's liable to pay taxes," the person added.

According to Uber BV's filings before Dutch authorities, the company incurred a loss of \$4.80 billion in FY20 and \$4.62 billion in FY19.

Earlier this year, the department moved the Bombay High Court against an Income Tax Appellate Tribunal (ITAT) order that UISPL was not liable to deduct tax at source (TDS) for payments made to drivers.

While the tax department had regarded Uber India as the front face of Uber BV and treated as an "assessee-in-default" over non-compliance of TDS rules, the ITAT in its order held that Uber India was not responsible for making the payments, it had not entered into any contracts with the driver-partners and no work was carried out by the driver-partners for Uber India.
