### VIII. Rationale and benefits of the Scheme

TIL primarily operates in two business segments through separate business divisions: (i) Music Division and (ii) Film Division. This Scheme for the demerger and vesting of the Demerged Undertaking (as defined hereinafter) of TIL to TFL, results in the following benefits:

- 1. The Demerged Undertaking and the Remaining Business have both achieved scale and experience to sustain business on the basis of their own strengths. Additionally, both businesses deal with different sets of industry dynamics in the form of nature of risks, competition, challenges, opportunities and business methods. Hence, segregation of the two undertakings would enable focused managements to explore the potential business opportunities more effectively and efficiently.
- 2. Demerger will enable both TIL & TFL to enhance business operations by streamlining operations, cutting costs, more efficient management control and outlining independent growth strategies.
- Each undertaking will be able to target and attract new investors with specific knowledge, expertise and risk
  appetite corresponding to their own businesses. Thus, each undertaking will have its own set of likeminded
  investors, thereby providing the necessary funding impetus to the long-term growth strategies of each business;
- 4. Demerger will enhance efficiencies and will have different business interest into separate corporate entity, resulting in operational synergies, simplification, focused management, streamlining and optimization of the group structure and efficient administration.
- 5. Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE and NSE and will unlock the value of the Music Division and Film Division for the shareholders of the Demerged Company. Further the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective; giving them flexibility in managing their investments in the two businesses having differential dynamics.
- 6. The demerger will unlock value of both businesses and result in shareholder value maximization.

The Board of Directors of the Demerged Company and the Resulting Company believe that the Scheme is in the best interests of the respective entities and their respective stakeholders including its minority shareholders, employees, and creditors.

# XIII. Share Entitlement Report and Fairness Opinion

Share Entitlement Report of the shares of the Applicant Companies based on which the share entitlement ratio has been arrived at, after careful consideration and after taking into account all relevant facts, has been carried out and approved by Mr. Pawan Shivkumar Poddar - Chartered Accountant and a registered valuer having registration No. IBBI Registration No. IBBI/RV/06/2019/12475. The following share entitlement ration has been approved vide the aforesaid report:

1 (one) fully paid up equity shares of Rs 10 each of Tips Films Limited ("TFL") for every 3 (three) fully paid up equity share of Rs 10 each held in Tips Industries Limited ("TIL").

Inter alia, the said report states that:

"Therefore, in our view, the above Share Entitlement Ratio is fair and equitable, considering that all the shareholders of TIL, will, upon the proposed demerger, have their inter-se economic interests, rights, obligations in TFL post-demerger in the same proportion as their existing economic interest, rights and obligation in TIL pre-demerger."

A copy of the Share Entitlement Report is appended herewith to the Notice as **Annexure 3**.

Further, Inga Ventures Private Limited, a SEBI Registered Category-I Merchant Banker, in its fairness opinion dated 10<sup>th</sup> May, 2021, have provided an opinion that the aforesaid share entitlement ratio is fair and reasonable to the equity shareholders of the Demerged Company. The said fairness opinion inter alia states that:

"As understood, upon the Proposed Scheme being effective, all the eligible shareholders of TIL would also become the shareholders of TFL and their shareholding in TFL would mirror their existing shareholding in TIL prior to the demerger and outstanding issued and paid up share capital of TFL (Pre Demerger Equity Share Capital) will get cancelled by way of a capital reduction (without payment of consideration).

Based on our examination of the Share Entitlement Ratio/Valuation Report, such other information / undertakings/representations provided to us by the Management and our independent analysis and evaluation of such information and subject to the scope limitations as mentioned hereinabove and to the best of our knowledge and belief, we are of the opinion that the recommendation made by the Valuer of the Share Entitlement Ratio is fair and reasonable which is as under:

The fair equity share entitlement ratio for the proposed demerger of Demerged Undertaking of TIL into TFL is as under:

1 (one) fully paid up equity shares of Rs 10 each of Tips Films Limited ("TFL") for every 3 (three) fully paid up equity share of Rs 10 each held in Tips Industries Limited ("TIL")."

A copy of the fairness opinion is appended herewith to the Notice as Annexure 4.

#### 5 BASIS FOR DETERMINATION OF SHARE ENTITLEMENT RATIO

- 5.1 Based on our review, information made available to us and discussions with the Management, in our opinion, the share entitlement ratio recommended by the Management in consideration for the proposed demerger of Demerged Undertaking of TIL into TFL is reasonable.
- 5.2 We believe that the share entitlement ratio is fair considering the following:
- 5.2.1 As a part of the scheme of arrangement, the Film Business of TIL is proposed to be demerged into TFL. TIL has identified assets and liabilities of the Film Business which will be taken over by and transferred to TFL.
- 5.2.2 We understand that, upon the scheme being effective, all the shareholders of TIL would also become the shareholders of TFL and with the outstanding issued and paid up share capital of TFL ('Pre Demerger Equity Share Capital') will get cancelled by way of a capital reduction and their shareholding in TFL would mirror their

- existing shareholding in TIL prior to the demerger.
- 5.2.3 TFL currently is not carrying out any business activities, book Net worth of TFL as at December 31, 2020 is only INR 9,720 and as informed by the management of the company there are no outstanding liabilities including contingent liabilities, beyond the net worth of the TFL.
- 5.2.4 Taking into account the above facts and circumstance, any share entitlement ratio can be considered appropriate and fair for the proposed demerger as the proportionate equity shareholding of any shareholder pre-demerger and post-demerger would remain same and not vary and we have therefore not carried out any independent valuation of the subject business.
- 5.2.5 The Management has proposed a share entitlement ratio of "1 (One) equity share of TFL of face value of INR 10 each fully paid up shall be issued for every 3 (Three) equity share of INR 10 each fully paid up held in TIL".
- 5.2.6 We understand that the Share Entitlement Ratio has been recommended keeping in mind the future equity servicing capacity and minimum share capital requirement of TFL.
- 5.2.7 The effect of demerger is that each shareholder of TIL becomes the owner of shares in two companies instead of one. No shareholder of TIL is, under the scheme, required to dispose off any part of his shareholding either to any of the other shareholders or in the market or otherwise. The scheme does not envisage the dilution of the holding of any one or more shareholders as a result of the operation of the scheme. Post demerger, the percentage holding of a shareholder in TIL and in TFL would remain same and not vary.
- 5.2.8 Therefore, in our view, the above Share Entitlement Ratio is fair and equitable, considering that all the shareholders of TIL, will, upon the proposed demerger, have their inter-se economic interests, rights, obligations in TFL post-demerger in the same proportion as their existing economic interest, rights and obligation in TIL predemerger.
- 5.3 For the reason mentioned above, no relative valuation of Demerged Undertaking and of TFL is required to be undertaken for the Proposed Demerger. Accordingly, valuation approaches as indicated in the format (as shown below) as prescribed by

circular number NSE/CML/2017/12 of NSE and LIST/COMP/02/2017-18 of BSE have not been undertaken as they are not relevant in the instant case.

Valuation Methodology	Demerged Undertaking of TIL		~	
	Value Per	Weights	Value Per	Weights
	Share		Share	
Asset Approach	NA	NA	NA	NA
Income Approach	NA	NA	NA	NA
Market Approach	NA	NA	NA	NA
Relative Value	NA			

NA = Not Applied / Not Applicable

#### 6 CONCLUSION

6.1 As mentioned in Para 1.1 above, in consideration for the Proposed Demerger, TFL would issue equity shares to the equity shareholders of TIL. In the light of the above and on consideration of all the relevant factors and circumstances and subject to our scope, limitations as mentioned above, following share entitlement ratio is fair

"1 (One) equity share of INR 10 each fully paid up of TFL for every 3(Three) equity share of INR 10 each fully paid up held in TIL"

Annual Report 2020-21 < 57 >>>

### MANAGEMENT AND BOARD OF DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding

58 Tips Industries Limited

independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence. and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT ON THE FINANCIAL STATEMENTS OF TIPS INDUSTRIES LIMITED

# REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

#### OPINION

We have audited the internal financial controls with reference to financial statements of Tips Industries Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls were operating effectively as at March 31, 2021, based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

#### **EMPHASIS OF MATTERS**

Due to COVID-19 pandemic and the lockdown and other restrictions imposed by the Government and local administration, the audit processes were carried out based on the remote access to the extent available/feasible and necessary records made available by the Management through digital medium. Our report is not modified in respect of this matter.

### MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal controls with references to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note sand the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

### MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit

62 Tips Industries Limited

preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to

financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

- a) it is expected to be realised or settled or is intended for sale or consumption in the Company's normal operating cycle;
- it is expected to be realised or settled within twe ve months from the reporting date;

Amount expressed in INR Lakhs unless otherwise stated

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

### b) Use of accounting estimates and judgments:

Preparation of financial statements requires the Company to make assumptions and estimates about future events and apply significant judgments. The Company base its assumptions, estimates and judgments on historical experience, current trends and all available information that it believes is relevant at the time of preparation of the financial statements. However, future events and their effects cannot be determined with certainty. Accordingly, as confirming events occur, actual results could ultimately differ from our assumptions and estimates. Such differences could be material. The following require most difficult, subjective or complex judgments, resulting from the need to make estimates about the effect of matters that are inherently uncertain.

#### i) Estimated useful life of property, plant and equipment:

The Company estimates the useful life of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimation of the useful life of property plant and equipment is based on collective assessment of industry practice, internal technical evaluation and on the historical experience with similar assets. It is possible, however, that future results from operations could be materially affected by changes in estimates prought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. The estimated useful lifes are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets.

#### ii) Recoverability of deferred income tax assets:

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

#### iii) Measurement of defined benefit obligations and other employee benefit obligations:

The Company's net obligation in respect of gratuity benefit scheme is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the other long-term employment benefits.

The present value of the obligation is determined based on actuarial valuation at the balance sheet date by an Independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

The cost of property, plant and equipment comprises its purchase price plus any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and the initial estimate of decommissioning, restoration and similar liabilities, if any. Improvements to the leasehold premises are amortised over the period of lease.

#### f) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### i) Non-derivative financial assets:

## Initial recognition and measurement:

The Company recognises a financial asset in its balance sheet when it become party to the contractual provisions of the instrument. All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through prefit or loss (EVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Where the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognised as a gain or loss in the statement of profit and loss at initial recognition if the fair value is determined through quoted market price in an active market for an identical asset (i.e level 1 input) or through a valuation technique that uses data from observable markets (i.e level 2 input).

However, trade receivables that do not contain a significant financing component are measured at transaction price irrespective of the fair value on initial recognition.

### Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i) The Company's business mode for managing the financial asset and
- The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

72 >> Tips Industries Limited

Amount expressed in INR Lakhs unless otherwise stated

- Financial assets measured at amort sed cost.
- Financial assets measured at fair value through profit and loss (FVTPL).

#### Financial assets measured at amortised cost:

A financial asset is measured at the amortised cost if both the conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows.
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to bash and bank balances, trade receivables, loans, deposits and other financial assets of the Company. Such financial assets are subsequertly measured at amortised cost using the effective interest method.

The amortised cost of a financial asset is also adjusted for loss allowance, if any,

#### ii) Financial assets measured at fair value through profit and loss (FVTPL):

A financial asset is measured at FVTPL unless it is measured at amortised cost or at Fair Value through Other Comprehensive Income (FVTOCI). This is a residual category applies to inventories, share based payments and other investments of the Company excluding investment in subsidiary. Such financial assets are subsequently measured at fair value at each reporting cate. Fair value changes are recognised in the istatement of profit and loss.

#### Derecognition:

A financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. On derecognition of a financial asset, the difference between the carrying amount and the consideration received is recognised in the statement of profit and loss.

#### Presentation:

Financial assets and liabilities are offset and the net amount presented in the statement of balance sheet when, and only when, the Company has a legal right to offset the amounts and intends either to settle on a net basis or to realize the asset and settle the liability simultaneously.

### ii) Non-derivative financial liabilities:

#### Initial recognition and measurement:

Financial liabilities are recognised initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument. All financial liabilities are recognised initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (EVTPL), transaction costs that are attributable to the acquistion of the financial liabilities.

Annual Report 2020-21 4 73 >>>

Amount expressed in INR Lakhs unless otherwise stated

Borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently carried at amortised cost; any difference between the initial carrying value and the redemption value is recognised in the statement of profit or loss over the period of the borrowings using the effective interest rate method. Other financial liabilities are recognised initially at fair value plus any directly attributable transaction costs.

Non-derivative financial liabilities of the Company comprise long-term borrowings, short-term borrowings, bank overdrafts and trade and other payables

#### Subsequent measurement:

Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

#### Derecognition:

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired. When an existing financial liability is replaced from the same lender on substantially different terms, or terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the statement of profit and loss.

#### g) Fair Value:

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

AT assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy that categorises into three levels, as described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (level 3 inputs).

Level 1: quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: inputs other than cuoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs that are unobservable for the asset or liability

74 >> Tips Industries Limited

Amount expressed in INR Lakhs unless otherwise stated

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing pategorisation at the end of each reporting period.

### h) Inventories:

Items of inventory are valued on the basis as given below:

#### i) Cost of Feature Films:

- The Company amortizes 60% of the cost of movie rights acquired or produced by it, on first theatrical release of the movie.
   The said amortization is made proportionately based on Management's est mates of revenues pertaining to Domestic Theatrical Rights, International Theatrical Rights, Television Rights, Video Rights and others over a period of 12 months from the date of theatrical release of the movie.
- Balance 40% of COP is amortized as per the management estimate / review of future revenues but not exceeding nine years and subject to a minimum of 4.4% in any year.

#### ii) Cost of under Production Films:

Expenses of under production films incurred till the films are ready for release are inventorised.

The production of films requires various types of materials in different qualities and quantities. Considering the peculiar nature of those items including their multiplicity and complexity, it is not practicable to maintain quantitative records of those items. Further, in the absence of pertainty of reusability of such items, the same are not valued.

iii) The Company reassesses the realizable value and / or revenue potential of inventory based on market condition and future demand and appropriate write down is made in cases where accelerated write down is warranted

#### Statement of cash flows:

The Company's statement of cash flows are prepared using the Indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature if any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents comprise cash and bank balances.

### j) Foreign Currency Transactions:

Annual Report 2020-21 💜 75 🕪

Amount expressed in INR Lakhs unless otherwise stated

Non-monetary items measured based on historical cost in a foreign currency are not translated. Non-monetary items measured at fair value in a foreign currency are translated to the functional currency using the exchange rates at the date when the fair value was determined.

Exchange differences arising out of these translations are recognised in the statement of profit and loss.

#### k) Revenue recognition:

With effect from April 1, 2018, the Company has adopted Ind AS 115 'Revenues from Contracts with Customers'. The comparative information in the statement of profit and loss is not re-stated and its continues to be reported under Ind AS 18. The impact of effect of adoption of Ind AS 115 is insignificant.

Revenue is recognized when a customer obtains control and has the ability to direct the use of and obtain the benefits of products or services for the consideration that the company expects to be entitled to in exchange for those products and services.

The Company exercises judgment whether the revenue should be recognized "over time" or 'at a point of time. Revenue is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

The specific recognition criteria described below must also be met before revenue is recognized:

- Audio Right Receipt: Revenue from sale is recognized at a point of time when a control is transferred to a customer based on terms
  of the agreement / contracts.

76 Tips Industries Limited

Amount expressed in INR Lakhs unless otherwise stated

 Others: Revenue in respect of Insurance/Other claims is recognized only when it is reasonably certain that the ultimate collection is made.

### I) Employee Benefits:

#### i) Short-term obligations:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related services are recognised in respect of employees services up to the end of the reporting period and are measured at the amount expected to be paid when liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

#### Other long term employee benefit obligations: Gratuity obligations:

The liability or asset recognised in the balance sheet in respect of defined benefits pension and gratuity plans is the present value of the defined benefits obligations at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in acturalal assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the cefined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost

#### Defined Contribution plans:

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contribution have been paid. The contributions are accounted for as defined contribution plans and the contribution are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

## iii) Bonus Plan:

The company recognises a liability and an expense for bonuses. The company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

#### m) Taxes on Income:

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in other comprehensive income.

### i) Current tax:

Current tax comprises the expected tax bayable or receivable on the taxable income or loss for the year/period as per the provisions of tax laws enacted in India and any adjustment to the tax payable or receivable in respect of previous years/periods. It is measured using tax rates enacted or substantively enacted at the reporting date.

#### ii) Deferred tax:

Deferred tax is recognised on deductible temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable income, the carry forward of unused tax credits.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax liabilities are generally recognized for all deductible temporary differences. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognised. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognised.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilised. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognised.

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period and reduce amounts to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

#### Presentation of current and deferred tax:

Current and deferred tax are recognised as income or an expense in the statement of profit and loss, except when they relate to items that are recognised in Other Comprehensive Income/ Equity, in which case the current and deferred tax income/ expense are recognised in Other Comprehensive Income/ Equity.

#### III) Minimum Alternative Tax ('MAT'):

Minimum Alternative Tax ('MAT') under the provisions of the Income tax Act, 1961 is recognised as current tax in the statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as a deferred tax asset is reviewed at each balance sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

#### n) Earnings per share:

The basic earnings per share ('EPS') is computed by dividing the net profit attributable to equity shareholders for the period, by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

#### o) Provisions and Contingencies:

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is more likely than not that an outflow of economic benefits will be required to settle the obligation. Provisions are discounted where the effect of discounting is material at a pre-tax rate that reflects current market assessments of the time value of money. Unwinding of the discount (accretion) is recognized as a finance cost. Discount rates are assessed and projected timing of future obligations each reporting period.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

#### p) Investment and other financial assets:

#### i) Classification:

The company classifies its financial assets in the following measurement categories:

- a) those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- b) those measured at amortised cost

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value,gains and losses will either be recorded in profit or loss or other comprehensive income.

#### ii) Measurement:

At initial recognition, the company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquistion of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### q) Leases:

#### Operating Lease:

The company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the Contract involves the use of an identified asset,
- (ii) the Company has substant ally all of the economic benefits from use of the asset through the period of lease
- (iii) the Company has the right to direct the use of asset

As at the date of commencement of the lease, the Company recognises a right of use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for the leases with a term of twelve month or less (short term leases). For these short term leases, the Company recognises the lease payments as an operating expense on a straight line basis over the period of lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commercement date on a straight-line basis over the lease term. The lease liability is initially measured at amortized cost at the present value of the future lease payments. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exemise an extension or a terminal on option.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

#### Transition:

On transition, the Company adopted Ind AS 116 and applied the standard to all lease contracts existing on April 01, 2019 using the modified retrospective approach and has taken the cumulative adjustment to right of use of assets, on the date of initial application. Consequently the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application. Comparatives of previous periods have not retrospectively adjusted and therefore will continue to be reported under previously adopted accounting policy as per Ind AS 17.

#### As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term. unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost. increases. The respective leased assets are included in the balance sheet based on their nature.

#### r) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the onlef operating decision maker. The chief operating decision maker is responsible for allocating resources and assessing performance of the operating segments and has been identified as the Chief Financial Officer of the Group.

The Group's Chief Operating Decision Maker (CODM') examines the performance and has identified two reportable segments of its business.

- Music (Audio/ Video)
- Film Production/ distribution.

The segment performance is evaluated based on profit or loss. Also the Company's borrowings (including finance costs and interest income), income taxes and investments are managed at head office and are not a located to operating segments.

Segment Revenue is measured in the same way as in the Statement of Profit and Loss. Segment assets and liabilities are measured in the same way as in the financial statements. These assets are allocated based on the operations of the segment.

### Impairment of non-financial assets:

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units).

#### t) Borrowing costs:

Ceneral and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other borrowing costs are expensed in the period in which they are incurred, unless they are capitalised.

We are exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of our investments. Thus, our exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currency. #### iv] Risk Exposure

Through its defined benefit plans, the Company is exposed to some risks, the most significant of which are detailed below:

#### Discount rate risk

#### Salary growth risks

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability

#### Demographic risk

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

However, the lockdown induced decline in economic activity has led to diminished revenues, posed charillenges in collections of contracted revenues and impeded contract renewals. The Company is bracing for a challenging year shead. Based or the current indications of future economic conditions, the management expects to recover carrying amounts of Non-Current and Current Assets. This assessment and the outcome of the pandemic as regards the aforesaid matters is highly dependent on circumstances/developments as they evolve in the subsequent periods.

## **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

Contd....2/-

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
   The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

Contd...,3/-

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## INDEPENDENT AUDITOR'S REPORT

The Members of TIPS FILMS LTD Mumbai

## Opinion

We have audited the standalone financial statements of Tips Films Ltd, which comprise the balance sheet as at 31st March 2021, and the statement of profit and loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and its profit, changes in equity and its cash flows for the year ended on that date.

## **Basis for Opinion**

034370 Firm No. 145188W

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

Contd....2/-

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
   The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design
  audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the
  Companies Act, 2013, we are also responsible for expressing our opinion on whether the
  company has adequate internal financial controls system in place and the operating
  effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

- As required by section 143(3) of the Act, we report that:
  - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books

Contd...,.4/-

- The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt C. with by this Report are in agreement with the books of account and with the returns received from branches not visited by us.
- In our opinion the aforesaid financial statements comply with Accounting d. Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- On the basis of written representations received from the directors as on March e. 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.

With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

After taking on the record the documents /confirmations referred above, the Board of the Demerged Company approved the draft Scheme of Arrangement and Demerger.

4. Following is the Report with respect to the aforesaid provisions:

### A. Rationale of the Scheme

TIL primarily operates in two business segments through separate business divisions: (i) Music Division and (ii) Film Division. This Scheme for the demerger and vesting of the Demerged Undertaking (as defined hereinafter) of TIL to TFL, results in the following benefits:

- The Demerged Undertaking and the Remaining Business have both achieved scale and experience
  to sustain business on the basis of their own strengths. Additionally, both businesses deal with
  different sets of industry dynamics in the form of nature of risks, competition, challenges,
  opportunities and business methods. Hence, segregation of the two undertakings would enable
  focused managements to explore the potential business opportunities more effectively and
  efficiently;
- Demerger will enable both TIL & TFL to enhance business operations by streamlining operations, cutting costs, more efficient management control and outlining independent growth strategies.
- Each undertaking will be able to target and attract new investors with specific knowledge, expertise and risk appetite corresponding to their own businesses. Thus, each undertaking will have its own set of likeminded investors, thereby providing the necessary funding impetus to the long-term growth strategies of each business;
- Demerger will enhance efficiencies and will have different business interest into separate corporate entity, resulting in operational synergies, simplification, focused management, streamlining and optimization of the group structure and efficient administration.

- 5. Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE and NSE and will unlock the value of the Music Division and Film Division for the shareholders of the Demerged Company. Further the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective; giving them flexibility in managing their investments in the two businesses having differential dynamics.
- 6. The demerger will unlock value of both businesses and result in shareholder value maximisation.

The Board of Directors of the Demerged Company and the Resulting Company believe that the Scheme is in the best interests of the respective entities and their respective stakeholders including its minority shareholders, employees, and creditors.

#### B. Share Entitlement Ratio

Fair Share Entitlement Report dated May 10, 2021 issued by Mr. Pawan Shivkumar Poddar, Registered Valuer, Chartered Accountants (IBBI Registration No: IBBI/RV/06/2019/12475) (appointed by the Company) recommends the following Share entitlement ratio

"1 (one) fully paid up equity share of Rs. 10 (Rupees Ten only) each of TFL shall be issued and allotted for every 3 (three) fully paid up equity shares of Rs. 10 (Rupees Ten only) each held in the Company."

The recommendation of the share entitlement ratio has been approved by the Board of the Company, as recommended by Audit Committee of the Company and Committee of Independent Directors. The Scheme provides that upon the Scheme becoming effective and in consideration of vesting of the Demerged Undertaking of the Company in TFL in terms of the Scheme, TFL shall allot equity shares, credited as fully paid-up, to the members of the Company, holding fully paid up equity shares in the Company and whose names appear in the register of members of the Company on the relevant record date or to such of their respective heirs, executors, administrators or other legal representative or other successors in title as on the record date

Fairness Opinion Report dated May 10, 2021 issued by Inga Ventures Private Ltd., a SEBI Registered Merchant Banker, providing its opinion on the fairness of the Share entitlement Ratio of the Film Division as recommended by Mr. Pawan Shivkumar Poddar, Registered Valuer, Chartered Accountants

### TIPS FILMS LIMITED

REPORT ADOPTED BY THE BOARD OF DIRECTORS OF TIPS FILMS LIMITED ("COMPANY") IN ACCORDANCE WITH SECTION 232(2)(C) OF THE COMPANIES ACT, 2013, AT ITS MEETING HELD ON MAY 10, 2021

- 1. The Board of Directors ("Board") of the Company at their meeting held on May 10, 2021 approved a draft of the proposed scheme of arrangement and demerger between Tips Industries Limited ("TIL" or "Demerged Company") and Tips Films Limited ("TFL" or "Resulting Company") and their respective shareholders ("Scheme"), which would involve transfer by way of demerger of Films Division Business of the Company ("Demerged Undertaking") to TFL in consideration for issuance of shares by TFL to the shareholders of the Demerged Company, pursuant to provisions of Sections 230-232 and other applicable provisions of the Companies Act, 2013 (including those of the Companies Act, 1956 that continue to remain in force), as applicable.
- This Report is accordingly being made pursuant to the requirements of Section 232(2) (c) of the 2013 Act.

While deliberating on the Scheme, the Board inter-alia considered and took on record the following documents along with this report:

- (i) Draft scheme of arrangement and demerger
- Fair Share Entitlement Report dated May 10, 2021 issued by Mr. Pawan Shivkumar Poddar, Registered Valuer, Chartered Accountants (IBBI Registration No: IBBI/RV/06/2019/12475)
   (appointed by the Company);
- (iii) Fairness Opinion Report dated May 10, 2021 issued by Inga Ventures Private Ltd., a SEBI Registered Merchant Banker, providing its opinion on the fairness of the Share Entitlement Ratio of the Film Division as recommended by Mr. Pawan Shivkumar Poddar, Registered Valuer, Chartered Accountants;
- (iv) Statutory Auditors' Certificate dated May 10, 2021 issued by Abichandani & Associates, the Statutory Auditors of the Company as required under Section 232(3) of the Companies Act, 2013 certifying that the accounting treatment in the draft Scheme is in accordance with the accounting standards and applicable law;

After taking on the record the documents /confirmations referred above, the Board of the Resulting Company approved the draft Scheme of Arrangement and Demerger.

3. Following is the Report with respect to the aforesaid provisions:

### A. Rationale of the Scheme

TIL primarily operates in two business segments through separate business divisions: (i) Music Division and (ii) Film Division. This Scheme for the demerger and vesting of the Demerged Undertaking (as defined hereinafter) of TIL to TFL, results in the following benefits:

TIPS FILMS LTD.

501, DURGA CHAMBERS, 5TH FLOOR, LINKING ROAD, KHAR (WEST), MUMBAI 400052 Tel: +91 22 66431188, CIN: U74940MH2009PTC193028.

- The Demerged Undertaking and the Remaining Business have both achieved scale and
  experience to sustain business on the basis of their own strengths. Additionally, both businesses
  deal with different sets of industry dynamics in the form of nature of risks, competition,
  challenges, opportunities and business methods. Hence, segregation of the two undertakings
  would enable focused managements to explore the potential business opportunities more
  effectively and efficiently;
- Demerger will enable both TIL & TFL to enhance business operations by streamlining operations, cutting costs, more efficient management control and outlining independent growth strategies.
- Each undertaking will be able to target and attract new investors with specific knowledge, expertise and risk appetite corresponding to their own businesses. Thus, each undertaking will have its own set of likeminded investors, thereby providing the necessary funding impetus to the long-term growth strategies of each business;
- Demerger will enhance efficiencies and will have different business interest into separate corporate entity, resulting in operational synergies, simplification, focused management, streamlining and optimization of the group structure and efficient administration.
- 5. Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE and NSE and will unlock the value of the Music Division and Film Division for the shareholders of the Demerged Company. Further the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective; giving them flexibility in managing their investments in the two businesses having differential dynamics.
- 6. The demerger will unlock value of both businesses and result in shareholder value maximisation.

The Board of Directors of the Demerged Company and the Resulting Company believe that the Scheme is in the best interests of the respective entities and their respective stakeholders including its minority shareholders, employees, and creditors.

### B. Share Entitlement Ratio

Fair Share Entitlement Report dated May 10, 2021 issued by Mr. Pawan Shivkumar Poddar, Registered Valuer, Chartered Accountants (IBBI Registration No: IBBI/RV/06/2019/12475) (appointed by the Company) recommends the following Share entitlement ratio.

"1 (one) fully paid up equity share of Rs. 10 (Rupees Ten only) each of TFL shall be issued and allotted for every 3 (three) fully paid up equity shares of Rs. 10 (Rupees Ten only) each held in the Company."

### **OBJECTS - RATIONALE OF THE SCHEME**

This Scheme for the demerger and vesting of the Demerged Undertaking (as defined hereinafter) of TIL to TFL, results in the following benefits:

- The Demerged Undertaking and the Remaining Business have both achieved scale and
  experience to sustain business on the basis of their own strengths. Additionally, both
  businesses deal with different sets of industry dynamics in the form of nature of risks,
  competition, challenges, opportunities and business methods. Hence, segregation of the
  two undertakings would enable focused managements to explore the potential business
  opportunities more effectively and efficiently;
- Demerger will enable both TIL & TFL to enhance business operations by streamlining operations, cutting costs, more efficient management control and outlining independent growth strategies.
- 3. Each undertaking will be able to target and attract new investors with specific knowledge, expertise and risk appetite corresponding to their own businesses. Thus, each undertaking will have its own set of likeminded investors, thereby providing the necessary funding impetus to the long-term growth strategies of each business;
- 4. Demerger will enhance efficiencies and will have different business interest into separate corporate entity, resulting in operational synergies, simplification, focused management, streamlining and optimization of the group structure and efficient administration.
- 5. Pursuant to the Scheme, the equity shares issued by the Resulting Company would be listed on BSE and NSE and will unlock the value of the Music Division and Film Division for the shareholders of the Demerged Company. Further the existing shareholders of the Demerged Company would hold the shares of two listed entities after the Scheme becoming effective; giving them flexibility in managing their investments in the two businesses having differential dynamics.
- The demerger will unlock value of both businesses and result in shareholder value maximization.

The Board of Directors of the Demerged Company and the Resulting Company believe that the Scheme is in the best interests of the respective entities and their respective stakeholders including its minority shareholders, employees, and creditors.

For further details, please refer the Scheme.
