FOR KIND ATTENTION OF SHAREHOLDERS:

DEMAT:- if you are still holding shares in physical mode kindly consider following advantages by opting shares in demat mode:-

- o sale of shares is possible only through demat mode as the Company's shares are traded compulsorily in demat mode only.
- o Realize better price for transfer/sale of shares
- o Eliminate loss of shares through burglary or theft, misplacement or mutilation
- o Easy and faster transaction of shares
- o Minimum brokerage.
- o No stamp duty on purchase/sale
- o SEBI (Securities and Exchange Board of India) has made it compulsory for listed company to entertain transfer of shares only in demat form.

Steps involved in dematerialization of shares

- o Open an account with a Depository Participant (DP) of your choice.
- o You may choose your DP based on your evaluation of their reputation, service standards, charges, comfort level, other conveniences, etc.
- o Submit a Dematerialization Request Form (DRF) to your DP along with the defaced shares certificates.
- o Shares will be converted into electronic form and will get credited into your demat account.

To understand about the procedure and for all queries relating to dematerialization, kindly contact the Registrar & Transfer Agent of the Company; M/s Karvy Fintech Private Limited at kishore.bv@karvy.com or at 040 67161585.

ECS:- To avoid loss of dividend warrants in transit and undue delay in receipt of dividend warrants, the Company has provided a facility to the Members for remittance of dividend through the Electronic Clearing System (ECS), NEFT and other permitted mode. The ECS facility is available at locations identified by Reserve Bank of India from time to time and covers most of the cities and towns. Members holding shares in physical form and desirous of availing this facility are requested to contact the Company's Registrars and Transfer Agents.

GREEN INITIATIVE:- Please register your email ID with the Registrars and Transfer Agents of the Company or with the Secretarial department of the Company at complianceofficer@gandhitubes.com. Your initiative will save forest wealth of our Country.

STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013 (“THE ACT”)

The following Statement sets out all material facts relating to the Special Business mentioned in the Notice:

Item No. 4

The earlier Buyback activity was successfully completed in the month of April 2018, wherein 8,80,000 shares were bought back at a price of ₹500/-

The Board of Directors of the Company at its meeting held on Tuesday, May 28, 2019 (“**Board Meeting**”) has, subject to the approval of the Members of the Company by way of Special Resolution (“**Special Resolution**”) and subject to such approvals of statutory, regulatory or governmental authorities as may be required under applicable laws, approved buyback of fully paid-up Equity Shares of the Company of face value of ₹5/- (Rupees Five) each (“**Equity Shares**”) up to **9,00,000 (Nine Lakh)** Equity Shares, on a proportionate basis through the “**Tender Offer**” route under Stock Exchange mechanism in accordance with the Act, the Companies (Share Capital and Debentures) Rules, 2014 (“**Rules**”), to the extent applicable, the Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015, the Securities and Exchange Board of India (Buy Back of Securities) Regulations, 2018, (the “**Buyback Regulations**”), as amended from time to time, read with Securities and Exchange Board of India Circular CIR/CFD/POLICYCELL/1/2015 dated April 13, 2015 as amended via SEBI circular CFD/DCR2/CIR/P/2016/131 dated December 9, 2016 (“**SEBI Circular**”) at a **maximum price of ₹550/- (Rupees Five Hundred Fifty only)** per Equity Share payable in cash for an aggregate consideration not exceeding **₹49,50,00,000/- (Rupees Forty Nine Crore Fifty Lakh only)** (“**Offer Size**”) excluding transaction costs viz. filing fees, advisors’ fees, brokerage, applicable taxes such as securities transaction tax, GST, stamp duty, public announcement expenses, printing and dispatch expenses and other incidental and related expenses, etc. (“**Buyback**”). The Buyback shall be within 25% of the aggregate of paid-up share capital and free reserves of the Company as per audited accounts of the Company as on March 31, 2019 (the last audited financial statements available as on the date of Board Meeting recommending the proposal of the Buyback). The Offer Size of the Buyback constitutes **24.94%** of the aggregate paid-up share capital and free reserves of the Company, and represents **6.51%** of the total issued and paid-up equity share capital of the Company.

Since the Buyback is more than 10% of the total paid-up equity capital and free reserves of the Company, it is necessary to obtain the consent of the Members of the Company, to the Buyback, by way of a special resolution in terms of Section 68(2)(b) of the Act. Accordingly, the Company is seeking your consent for the aforesaid proposal as contained in the Resolution under item No. 4.

Requisite details relating to the Buyback are given below:

(a) Necessity for the Buyback:

The Buyback is being undertaken by the Company after taking into account the strategic and operational cash needs in the medium term and for returning surplus funds to the shareholders. The Buyback is being undertaken for the following reasons:

- (i) The Buyback will help the Company to return surplus cash to its shareholders, in proportion to their shareholding, thereby, enhancing the overall returns to the shareholders;
- (ii) The Buyback is generally expected to improve return on equity and earnings per share by reduction in the equity base, thereby leading to long term increase in shareholders’ value;
- (iii) The Buyback, which is being implemented through the Tender Offer route would involve allocating to the Small Shareholders the higher of: (a) the number of shares entitled as per their shareholding; or (b) 15% of the number of shares to be bought back, as per Regulation 6 of the Buyback Regulations. The Company believes that this reservation for small shareholders would benefit a large number of the Company’s public shareholders, who would be classified as “Small Shareholders”

(iv) The Buyback gives an option to the shareholders of the Company, either to participate and get cash in lieu of Equity Shares to be accepted under the Buyback offer or not to participate and get a resultant increase in their percentage shareholding in the Company post the Buyback offer, without additional investment.

(b) Maximum amount required under the Buyback its percentage of the total paid-up share capital and free reserves and source of funds from which Buyback would be financed:

The maximum amount required for Buyback will not exceed Rs. 49,50,00,000/- (Rupees Forty Nine Crore Fifty Lakh only) excluding transaction costs viz. brokerage, applicable taxes such as securities transaction tax, GST, stamp duty, etc. The said amount works out to 24.94% of the aggregate of the fully paid-up share capital and free reserves as per the audited accounts of the Company as on March 31, 2019 which is within the prescribed limit of 25%.

The funds for the implementation of the proposed Buyback will be sourced out of the free reserves and surplus, as permitted by the Buyback Regulations or the Act.

The Company shall transfer from its free reserves and surplus, a sum equal to the nominal value of the equity shares so bought back to the Capital Redemption Reserve Account and details of such transfer shall be disclosed in its subsequent audited financial statements.

The funds borrowed, if any, from Banks and Financial Institutions will not be used for the Buyback.

(c) Maximum Price at which the Equity Shares are proposed to be bought back and the basis of arriving at the price of the Buyback:

The Equity Shares of the Company are proposed to be bought back at a price of Rs. 550/- (Rupees Five Hundred Fifty only) per share ("**Maximum Buyback Price**"). The Buyback Price has been arrived at after considering various factors including, but not limited to the trends in the volume weighted average prices and closing price of the Equity Shares on the BSE Limited ("**BSE**") and the National Stock Exchange of India Limited ("**NSE**") where the Equity Shares of the Company are listed, the networth of the Company, price earnings ratio, impact on other financial parameters and the possible impact of Buyback on the earnings per share. However, the Board is authorised to determine the specific price, the number of Equity Shares and other related particulars at which the Buyback will be made at the time of the Public Announcement for Buyback to the eligible Members.

The MaximumBuyback Price represents:

- (i) Premium of 57.45% and 57.58% to the volume weighted average market price of the Equity Share on BSE and NSE, respectively, during the three months preceding the date of intimation to the Stock Exchanges for the Board Meeting to consider the proposal of the Buyback.
- (ii) Premium of 45.00% and 45.46% over the closing price of the Equity Share on BSE and on NSE, respectively, as on Monday, May 20, 2019, being the date on which the Company intimated the Stock Exchanges of the date of the Meeting of the Board of Directors wherein proposal of the Buyback was considered.

(d) Maximum number of securities that the company proposes to buyback:

The Company proposes to buyback up to 9,00,000 (Nine Lakh) Equity Shares of face value of Rs. 5/- (Rupees Five) each of the Company, which represents 6.51% of the total number of Equity Shares of the Company.

(e) Method to be adopted for the Buyback:

The Buyback shall be on a proportionate basis through the “**Tender Offer**” route, as prescribed under the Buyback Regulations, to the extent permissible, and the “Mechanism for acquisition of shares through Stock Exchanges” as prescribed under the SEBI Circular. The Buyback will be implemented in accordance with the Act, Rules, to the extent applicable, the Buyback Regulations and on such terms and conditions as may be deemed fit by the Company.

As required under the Buyback Regulations, the Company will announce a record date (“**Record Date**”) for determining the names of the Members holding Equity Shares of the Company who will be eligible to participate in the Buyback (“**Eligible Shareholder(s)**”). Consequent to the approval of the Special Resolution under this Notice, Eligible Shareholders will receive a Letter of Offer along with a Tender / Offer Form indicating their entitlement.

The Equity Shares to be bought back is divided in two categories:

- (i) Reserved category for small shareholders; and
- (ii) General category for all other shareholders.

As defined in Regulation 2(1)(n) of the Buyback Regulations, a “small shareholder” is a shareholder who holds equity shares having market value, on the basis of closing price on Stock Exchange having highest trading volume as on Record Date, of not more than Rs.2,00,000 (Rupees Two Lakhs only).

In accordance with Regulation 6 of the Buyback Regulations, 15% (Fifteen percent) of the number of Equity Shares which the Company proposes to buyback or such number of Equity Shares entitled as per the shareholding of small shareholders as on the record date, whichever is higher, shall be reserved for the small shareholders as part of this Buyback.

Based on the holding on the Record Date, the Company will determine the entitlement of each Eligible Shareholder to tender their shares in the Buyback. This entitlement for each Eligible Shareholder will be calculated based on the number of Equity Shares held by the respective shareholder as on the Record Date and the ratio of the Buyback applicable in the category to which such shareholder belongs. In order to ensure that the same shareholder with multiple demat accounts / folios does not receive a higher entitlement under the Small Shareholder category, the Company proposes to club together the equity shares held by such shareholders with a common Permanent Account Number (“**PAN**”) for determining the category (Small Shareholder or General) and entitlement under the Buyback. In case of joint shareholding, the Company will club together the equity shares held in cases where the sequence of the PANs of the joint shareholders is identical. In case of physical shareholders, where the sequence of PANs is identical and where the PANs of all joint shareholders are not available, the Company will check the sequence of the names of the joint holders and club together the equity shares held in such cases where the sequence of the PANs and name of joint shareholders are identical. The shareholding of institutional investors like mutual funds, pension funds / trusts, insurance companies etc., with common PAN will not be clubbed together for determining the category and will be considered separately, where these equity shares are held for different schemes and have a different demat account nomenclature based on information prepared by the Registrar and Transfer Agent as per the shareholder records received from the Depositories.

Shareholders’ participation in Buyback will be voluntary. Eligible Shareholders holding Equity Shares of the Company can choose to participate and get cash in lieu of shares to be accepted under the Buyback or they may choose not to participate. Eligible Shareholders holding Equity Shares of the Company may also accept a part of their entitlement. Eligible Shareholders holding equity shares of the Company having exercised their right in full, also have the option of tendering additional shares (over and above their entitlement) and participate in the shortfall created due to non-participation of some other shareholders, if any.

The maximum tender under the Buyback by any Eligible Shareholder cannot exceed the number of Equity Shares held by the shareholder as on the Record Date.

The Equity Shares tendered as per the entitlement by Eligible Shareholders holding Equity Shares of the Company as well as additional shares tendered, if any, will be accepted as per the procedure laid down in Buyback Regulations. The settlement of the tenders under the Buyback will be done using the “Mechanism for acquisition of shares through Stock Exchange” notified by SEBI Circular.

Detailed instructions for participation in the Buyback (tender of Equity Shares in the Buyback) as well as the relevant time table will be included in the Letter of Offer to be sent to the Eligible Shareholder(s).

(f) Time limit for completing the Buyback:

The Buyback, subject to the regulatory consents and approvals, if any, is proposed to be completed within 12 months from the date of special resolution approving the Buyback.

(g) Compliance with Section 68(2)(c) of the Act:

The aggregate paid-up share capital and free reserves as on March 31, 2019 is Rs.1,98,45,45,058/- Under the provisions of the Act, the funds deployed for the Buyback cannot exceed 25% of the aggregate of the fully paid-up share capital and free reserves of the Company i.e. is Rs.49,61,36,265/- (Rupees Forty Nine Crore Sixty one Lakh Thirty Six Thousand Two Hundred Sixty Five only). The maximum amount proposed to be utilized for the Buyback, is not exceeding Rs. 49,50,00,000/- (Rupees Forty Nine Crore Fifty Lakh only) and is therefore within the limit of 25% of the Company's fully paid-up share capital and free reserves as per the audited accounts of the Company as on March 31, 2019 (the last audited financial statements available as on the date of Board meeting recommending the proposal for the Buyback). Further, under the Act, the number of Equity Shares that can be bought back in any financial year cannot exceed 25% of the total paid-up equity capital of the Company in that financial year. Accordingly, the maximum number of Equity Shares that can be bought back in the current financial year is 34,54,654 Equity Shares. Since the Company proposes to buyback up to 9,00,000 Equity Shares, the same is within the aforesaid 25% limit.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT**1. Industry Structure and Development**

Our Company is engaged in manufacturing and marketing of welded and seamless steel tubes of different sizes and specifications and Cold Formed Coupling Nuts. These products are mainly supplied to the Original Equipment Manufacturers (OEMs) of the automotive sector, Farm Equipment manufacturers, Construction equipment manufacturers and other Engineering Industries.

The Company is also operating in Power Sector through Windmills installed in Maharashtra and Gujarat in a modest way.

2. Opportunities & Threats**Opportunities:**

Growth in rural income should fuel demand for Farm equipment. Increased rate of infrastructure development should increase demand for construction equipment and consequent higher economic activities will boost demand for other products. Technology change will throw up some new opportunities.

Threats:

Change in technology to meet emission norms as well as introduction of battery operated vehicles will pose some challenges to all industries in automotive sector.

3. Product wise Performance

Product wise classification and their contribution to total sales are as under:

Sr. No.	Product	2018-19 (%)	2017-18 (%)
1.	Welded Tubes	12.61	14.64
2.	Seamless Tubes	79.61	78.64
3.	Cold Formed Nuts	6.21	5.09
4.	Wind Power	1.57	1.63
	Total	100	100

4. Outlook

Currently we are experiencing sluggish demand for companies products because of reduction in production by OEMs on account of low demand and high inventories in automobile sector. However we expect revival in demand in near future.

5. Risk and Concerns

Increase in commodity prices has already resulted in overall increase in cost which is difficult to pass to customers. Reduction in demand in last couple of quarters has resulted in excess inventory with dealers and supply chain of OEM's.

The Company evaluates and monitors all risks associated with various areas of operations such as production, sales, inventory management, debtors management, insurance, legal and other issues like safety and environment with a view to mitigate the adverse impact of the risk factors. Adverse monsoon may affect demand for the company's products.

6. Internal Control Systems

The Company has a well-established internal control system in place which is commensurate with the size and nature of its business. The internal control system ensures that all the assets of the Company are safeguarded from loss, damage or disposition. Checks and controls are in place to ensure that transactions are adequately authorized and recorded and

that they are reported correctly. The internal control system is supplemented by an internal audit by a firm of independent Chartered Accountants and statutory audit which is periodically reviewed by the management and Audit Committee.

No material issues in relation to the adequacy of Company's control systems were raised during the year.

The Audit Committee of the Board regularly reviews compliance with the Company's policies, procedures and statutory requirements in consultation with the Statutory Auditors and the Internal Auditors, who also attend the Audit Committee meetings.

7. Financial Performance with respect to Operational Performance

Sales and Profit:

During the year, Net Sales increased by approximately 7.88% and Net Profit increased by 15.09%.

8. Capital Investment:

Capital Investment of ₹374.34 Lakhs were made during the year. The entire capital investment has been made out of the Company's internal cash accruals.

9. Human Resources and Industrial Relations

The Company believes that nurturing and strengthening the human resource is vital in creating a unique organisational structure consisting of harmonious relationships. The Company also provides suitable environment for development of leadership skills which enables it to recruit and retain quality professionals in all the fields. The attrition rate is lower than the rate prevailing in the automotive sector

10. Safety, Health and Environment (SHE) Management

Safety: Your Company continues to adopt best safety practices which have resulted into a reduced accident and severity rate. The initiation of new personnel in Safety, Health and Environment (SHE) Management practices, before their deployment to the shop floor, contributed to a significant reduction in unsafe practices. This is progressively taking the Company towards achieving the target of Zero Accidents. Regular safety inspection of plant and machinery is carried out to mitigate hazards by terminating the hazard at source by technology up gradation and treating the hazards against exposure to personnel by implementing engineering controls.

11. Cautionary Statement

Statements made in this Management Discussion and Analysis describing the Company's objectives, projections, estimates and expectations are "forward looking statement" within the meaning of applicable laws and regulations. Actual results might differ materially from those either expressed or implied.

The Management is confident that your Company with its Quality products and enduring relations with OEM and commitment of its staff, will continue to sustain its growth and payout by way of dividend to the shareholders in the year 2019-2020.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
GANDHI SPECIAL TUBES LIMITED.

Report on the Audit of the Financial Statements**Opinion**

We have audited the accompanying financial statements of GANDHI SPECIAL TUBES LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our Report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

We have determined that there are no key audit matters to communicate in our Report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the Ind AS financial statements and our Auditor's Report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to Report that fact. We have nothing to Report in this regard.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (Financial Position), Profit or Loss (financial performance), total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial Reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the financial statements or, if such disclosures are inadequate,

to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safe guards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our Auditor's Report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our Report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 197 (16) of the Act, we Report that the company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.

Further to our comments in "Annexure A", as required by Section 143(3) of the Act, we Report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial Reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies

(Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note No.30 to the Financial Statements.
- ii. The Company has not entered into any long term contracts including derivative contracts for which there were any material foreseeable losses, as required under the applicable law or Indian Accounting Standards.
- iii. There has been no delay in transferring the amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements section of our Report to the Members of GANDHI SPECIAL TUBES LIMITED of even date)

Report on the Internal Financial Controls over financial Reporting under Clause(i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial Reporting of **GANDHI SPECIAL TUBES LIMITED (“the Company”)** as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial Reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safe guarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on company’s internal financial controls over financial Reporting with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent deemed applicable to an audit of internal financial controls, Both applicable to an audit of internal financial controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial Reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial Reporting with reference to financial statement and their operating effectiveness. Our audit of internal financial controls over financial Reporting included obtaining an understanding of internal financial controls over financial Reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls system over financial Reporting with reference to these financial statements of the Company.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statement

A company’s internal financial control over financial Reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial Reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial Reporting with reference to these financial statements includes those policies and procedures that:-

-
- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
 - (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting With reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial Reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial Reporting with reference to financial statements to future periods are subject to the risk that the internal financial control over financial Reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial Reporting with reference to these financial statement and such internal financial controls over financial Reporting with reference to these financial statements were operating effectively as at March 31, 2019, based on the internal control over financial Reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019**Notes forming Part of the Financial Statements****Corporate Information**

Gandhi Special Tubes Limited (“the Company”) is engaged in manufacture of Seamless and Welded Tubes, Nuts and generation of Wind Power.

The Company is a public limited company incorporated and domiciled in India and has its registered office at 201-204, Plaza, 2nd Floor. Near Dharam Palace, 55 Hughes Road, Mumbai - 400004. The equity shares of the Company are listed on Bombay Stock Exchange Limited (BSE) and National Stock Exchange (NSE).

The financial statements for the year ended 31 March 2019 are approved by the Company’s Board of Directors on 28 May, 2019.

1 Significant Accounting Policies**1.1 Basis of Preparation**

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies Act as amended and notified under Section 133 of the Companies Act, 2013 (the ‘Act’) and accounting principle generally accepted in India.

These financial Statements are prepared on an accrual basis under the historical cost convention or amortised cost, except for the following assets and liabilities, which have been measured at fair value :

- i) Certain financial assets and liabilities that are measured at fair value
- ii) Defined Benefit Obligations – as per actuarial valuation

These financial statements are presented in Indian Rupees (INR), which is also the Company’s functional currency and all amounts are rounded off to the nearest lakhs (INR 00,000) up to two decimals, except when otherwise indicated.

1.2 Property, Plant and Equipment (PPE)

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE (other than Freehold Land) are stated at cost less accumulated depreciation and impairment losses, if any. The initial cost of an asset comprises its purchase price, non- refundable purchase taxes and any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any.

Freehold land is carried at historical cost.

The carrying amount of an item of PPE is derecognised upon disposal or when no future economic benefit is expected to arise from its continued use. Any gain or loss arising on the derecognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in Statement of Profit and Loss.

Depreciation :

Depreciation on Property, Plant and Equipment (other than freehold land) is provided on the Straight-Line Method as

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

per the useful life prescribed under Schedule II to the Companies Act, 2013, except for Wind Mill, which is provided on Written Down value Method. Leasehold land is amortised over the period of lease.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

1.3 Intangible Assets

Intangible assets are initially recognised at cost. Intangible assets are amortised over estimated useful life of three years on straight- line basis.

1.4 Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount, which is the higher of the value in use or fair value less cost to sell, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

An impairment loss is recognised immediately in the Statement of Profit and Loss. When an impairment subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but upto the amount that would have been determined, had no impairment loss been recognized for that asset or cash generating unit. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

1.5 Current versus Non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current / non-current classification. An asset is treated as current when it is :

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

All liability is current when :

- i) It is expected to be settled in normal operating cycle
- ii) It held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The company classifies all other liabilities as non-current.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of assets and liabilities.

1.6 Inventories

Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.

Raw materials, fuels, stores and spares are valued at lower of cost and net realisable value. Cost is determined on the basis of the FIFO method. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Work-in-progress and finished goods are valued at lower of cost and net realisable value. Cost includes direct materials, labour, other direct cost and a proportion of manufacturing overheads based on normal operating capacity.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

1.7 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit / loss before extraordinary items and tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments. Cash flows from operating, investing and financing activities of the Company are segregated. Cash and cash equivalents for the purpose of cash flow statement comprise of cash at bank, cash in hand and short-term deposits with an original maturity of three months or less, as reduced by bank overdrafts.

1.8 Provisions, Contingent liabilities and Contingent Assets

Provision is recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provision is not recognised for future operating losses.

Provision is measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, the amount of provision is discounted using an appropriate pre-tax rate that reflects current market assessments of the time value of money and, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent liability is disclosed in case of a present obligation arising from past events, when it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made. A Contingent Liability is also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent Assets are not recognised but where an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019**1.9 Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

a) Sale of Goods

Revenue from sale of goods is recognised upon transfer of significant risk and rewards of ownership of the goods to the customer which generally coincides with dispatch of goods to customer. Sales include excise duty but exclude Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts.

Income from Wind Power is recognised at the point of generation.

b) Rendering of Services

Revenue from services are recognised as and when the services are rendered on stage of completion method.

c) Interest Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

d) Dividends

Dividend income from investments is recognised when the Company's right to receive dividend is established, which is generally when the shareholders approve the dividend.

e) Export incentives

Export incentives are recognised when there is reasonable assurance that the Company will comply with the conditions and the incentive will be received.

1.10 Leases

At the inception of an arrangement, it is determined whether the arrangement is or contains a lease and based on the substance of the lease arrangement, it is classified as a finance lease or an operating lease

a) Finance Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee.

Assets under finance leases are capitalised at the commencement of lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments and a liability is created for an equivalent amount. Minimum lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019**b) Operating Leases**

Leases are classified as operating leases whenever the terms of the lease do not transfer substantially all the risks and rewards incidental to ownership.

Assets leased out under operating leases are continued to be shown under the respective class of assets. Rental income is recognised on a straight line basis over the term of the relevant lease.

1.11 Employee Benefits

Employee benefits include Provident Fund, Employee State Insurance Scheme, Gratuity Fund, Leave Encashment.

a) Short-Term and Other Long-term Employee Benefits

A liability is recognised for benefits accruing to employees in respect of short-term employee benefits in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. A liability is recognised for benefits accruing to employees in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

b) Defined Contribution Plan

The Company's contribution to Provident Fund and Employee State Insurance Scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

c) Defined Benefit Plan**i) Gratuity**

In accordance with applicable Indian laws, the Company provides for gratuity, a defined benefit retirement plan ("Gratuity Plan") covering all employees. The Gratuity Plan provides a lump sum payment to vested employees, at retirement or termination of employment, an amount based on the respective employee's last drawn salary and the years of employment with the Company. Liability with regard to Gratuity Plan is accrued based on actuarial valuation at the Balance Sheet date, carried out by an independent actuary.

Payment for present liabilities of future payment of gratuity for all employees other than Managing Director and Joint Managing Director is being made to approved gratuity fund managed by Life Insurance Corporation of India (LIC).

Re-measurement, comprising actuarial gains and losses, is reflected immediately in the Balance Sheet with a charge or credit recognised in Other Comprehensive Income in the period in which they occur. Re-measurement recognised in Other Comprehensive Income is reflected immediately in retained earnings and is not reclassified to Profit and Loss. Past service cost is recognised in the Statement of Profit and Loss immediately for both vested and the non-vested portion.

ii) Compensated Absences

The Company provides for the encashment of absence or absence with pay based on policy of the Company in this regard. The employees are entitled to accumulate such absences subject to certain limits, for the future encashment or absence. The Company records an obligation for compensated absences in the period in which the employee renders the services that increases this entitlement. The Company measures the expected cost of compensated absences as the additional amount that the Company expects to pay as a result of the unused entitlement that has accumulated at the Balance Sheet date on the basis of an independent actuarial valuation.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019**1.12 Taxes on Income**

Income tax expense represents the sum of the tax currently payable and deferred tax.

a) Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

MAT Credits are in the form of unused tax credits that are carried forward by the Company for a specified period of time and hence, it is grouped with Deferred Tax Asset.

c) Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.13 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends, if any, and attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is adjusted for after income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019**1.14 Foreign Currency Transactions**

Transaction in foreign currencies are initially recorded in the functional currency, using the spot exchange rate at the date of the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences that arise on settlement of monetary items recognised in statement of Profit and Loss. Non monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the initial transactions.

1.15 Financial Instruments**a) Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

At initial recognition, financial assets and financial liabilities are initially measured at fair value or at amortised cost. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value through Profit or Loss are recognised in the Statement of Profit and Loss.

b) Financial Assets**i) Subsequent measurement**

All recognised financial assets are subsequently measured in its entirety at either amortised cost or fair value, depending on the classification of the financial assets.

ii) Impairment of financial assets

For Trade Receivables, the Company computes expected credit loss allowance based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

c) Financial Liabilities and Equity Instruments**i) Equity Instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received.

ii) Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method at the end of reporting periods.

d) Derecognition of Financial Assets and Liabilities

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or when the Company transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset. The Company derecognises

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

1.16 Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the financial statements requires the management to make judgements, estimates and assumptions in the application of accounting policies and that have the most significant effect on reported amounts of assets, liabilities, income and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

1.17 Key estimates, assumptions and judgements

The key assumptions concerning the future and other major sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a) Property, Plant and Equipment/Intangible Assets

Property, Plant and Equipment/ Other Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

b) Fair Value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets (Net Assets Value in case of units of Mutual Funds), their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

c) Employee Benefit Plans

The cost of the defined benefit gratuity plan and other-post employment benefits and the present value of gratuity obligations and compensated absences is/ are determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Further salary increases and gratuity increases are based on expected future inflation rates.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019**d) Impairment of Assets**

The Company has used certain judgements and estimates to work out future projections and discount rates to compute value in use of cash generating unit and to access impairment. In case of certain assets independent external valuation has been carried out to compute recoverable values of these assets.

e) Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

f) Income taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits. 1.18 Ind AS issued but not yet effective

Ministry of Corporate Affairs ("MCA") through the Companies (Indian Accounting Standards) Amendment Rules, 2019 has notified the following new Ind AS with effect from April 1, 2019 :

Ind AS 116 on Leases**Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract**

Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognise right of use of assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of Profit and Loss. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of Profit and Loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities.

The Company has evaluated the impact on account of implementation of Ind AS 116 which will not have significant impact on the financial statement of the Company.

For the purpose of the Company's Capital Management, Capital includes issued Equity Capital and all Other Reserves(including Capital Redemption Reserve created on buy back of Equity shares in the previous year) attributable to the Equity shareholders of the Company. The Primary objective of the Company's Capital Management is to maximise the shareholders' value. The Company's Capital Management objectives are to maintain equity including all reserves to protect economic viability and to finance any growth opportunities that may be available in future so as to maximise shareholder's value.

39 FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT**A Fair value measurements****i) Fair value of financial assets and liabilities that are measured at fair value on a recurring basis**

Fair value of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date.

Valuation

The Fair values of investments in units of mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at the Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

The Fair values of investments in Bonds and Preference Shares which are quoted, are based on the quoted price of those bonds on the measurement date.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

FINANCIAL INSTRUMENTS - FAIR VALUES AND RISK MANAGEMENT

Fair Value measurement hierarchy

The fair value of financial instruments as referred below have been classified into three categories depending on the method used in the valuation technique.

The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

The following table gives information about how the fair values of these financial assets and financial liabilities are determined (in particular, the valuation technique(s) and input used)

Particulars	Fair Value		Fair Value Hierarchy	Valuation technique(s) and key input(s)
	As at 31 March 2019 ₹ in Lakhs	As at 31 March 2018 ₹ in Lakhs		
Investments in			Level 1	Level 1 hierarchy includes financial instruments measured using quoted prices. This includes mutual funds that have quoted price. The mutual funds are valued using the closing NAV.
- Long Term Mutual Funds	2,153.59	3,338.20		
- Short Term Mutual Funds	217.93	-		
- Fixed Maturity Plans	4,971.41	3,975.81		
- Liquid Mutual Funds	2,948.41	660.87		

ii) Financial Instruments measured at amortised cost :

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair value since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

B Financial Risk Management and Policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The risk management policy is approved by the Company's Board. The Company's principal financial liabilities comprise of trade and other payables. These financial liabilities form part of the Company's working capital. The Company's principal financial assets include trade and other receivables, and cash and cash equivalents that derive directly from its operations and investments. The Company is exposed to market risk, credit risk, liquidity risk, etc. The objective of the Company's financing policy are to secure solvency, limit financial risks and optimise the cost of capital, if any. The Company's capital structure is managed using only equity as part of the Company's financial planning.

Company has exposure to following risk arising from financial instruments:

Credit risk

Liquidity risk

Market risk

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2019

a) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, investments in units of mutual funds, other balances with banks, deposits and other receivables.

i) Trade Receivable

Customer credit risk managed by Company’s established policy, procedure and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored and credit policy has been taken from The New India Assurance Co. Limited

ii) Financial instruments

The Company limits its exposure to credit risk by investing mainly in units of debt funds issued by mutual funds and that too have higher credit rating. The Company monitors changes in credit risk by tracking published external credit ranking.

b) Liquidity risk

Liquidity risk is the risk that Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. Company’s objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. Company closely monitors its liquidity position and deploys a robust cash management system. Working capital requirements are adequately addressed by internally generated funds. Trade receivables are kept within manageable levels. The Company has no outstanding bank borrowings. The Company believes that the working capital is sufficient to meet its current requirements.

The Company aims to maintain the level of its cash and cash equivalents and other highly marketable debt investments at an amount in excess of expected cash outflows on financial liabilities. The ratio of cash and cash equivalents and other investments to outflow is 8.86 times as at 31 March 2019 and 4.00 times as at 31 March 2018.

The maturity of all financial liabilities of the Company is less than one year or on demand.

c) Market Risk

“Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices.

Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments and derivative financial instruments. The Company does not have any loan or borrowing. The Company has designed risk management frame work to control various risks effectively to achieve the business objectives. This includes identification of risk, its assessment, control and monitoring at timely intervals.”

C Foreign Currency Risk:

The Company is subject to the risk that changes in foreign currency values impact the exports and other payables. The Company is exposed to foreign exchange risk arising from various currency exposures, primarily with respect to US Dollar.
