Q4 & FY20 Investor Update

June 10, 2020

COVID-19

- * As our fight against Coronavirus pandemic continues, we are witnessing a time like never before. It is indeed a test of our resolve and fighting spirit.
- * The Company is now focused on capital preservation, balance sheet protection and controlling overheads. The Company has a healthy capital adequacy ratio, comfortable liquidity position and manageable gross and net stage 3 ratios.
- * Our Relationship Executives have spoken to majority of the borrowers and have been enquiring about their well-being from time to time. Some of our borrowers who were always on the move have been temporarily affected by the lockdown. The Company is taking active interest restoring the business of its customers. In these testing times, the Company has not lost contact with its borrowers.
- * We have serviced all interest and principal payments to Deposit holders, Debenture holders, Banks, Financial Institutions, etc on time.
- * The current situation due to COVID-19 is unprecedented. We anticipate the recovery time for the economy to take a while and in the meantime, it is essential that we manage our business in a frugal manner. The Shriram team has always shown resilience against any adversities which we have encountered during the last few decades and we are very confident and comfortably positioned to overcome any hurdles that come our way during this pandemic.

- * We are aggressively pursuing every cost-cutting measure available and are focussing on suspending all discretionary and non-essential spending.
- * While we are addressing the manpower cost, it is essential that the cost optimization measures have to be in place at all levels. Accordingly, all the senior management executives have taken a voluntary pay cut in the range of 10% to 20% while for other employees it has been decided to manage with "No Increment Policy" for the current financial year 2020-21.
- * The Company has frozen all hiring till further notice, except for critical positions.
- * The Company has deferred branch expansion plans .
- * The Company has minimised travel and all other discretionary expenses.
- * As NBFC activities were declared as essential activities towards end of April 2020, most of our offices have been functioning with minimal staff. Further, we have restricted the staff attendance to alternate days at each office in a manner so as to commensurate with the mandatory guidelines and rules laid by the Statutory Authority(s). Out of 1,758 branches , other than 18 branches which are in containment zones, are fully functional.

- * Sanitizers in adequate quantities are available in all the offices for usage by the employees. The Company has strongly recommended to use the same frequently. Moreover, our Offices and Branches are being sanitized regularly to ensure the safety of the employees and all other required arrangements which have been mandated by the Statutory Authority, have also been made at the Corporate Office / Administrative office / Branch Offices. The Company has laid a Standard Operating Procedure (“SOP”) guideline for the staff and they have been instructed to follow the same without exception, as, it is for their safety and well-being.
- * Permission of on-field visits at customer’s place is being provided after taking into account the magnitude of the COVID-19 disease spread in the respective area of the customer, subject to adherence to mandatory guidelines laid by the Statutory Authorities.
- * All staff attending the Corporate office/Administrative office/ Branch Offices or making field visit, have been strictly advised to maintain social distancing, wear masks and carry sanitizers.
- * Use of Arogya setu app has been made mandatory.

- * Business has picked up in the rural market due to harvest season and subsequent activities of Kharif sowing has started.
- * In terms of COVID-19 regulatory package announced by Reserve Bank of India (RBI) on March 27, 2020 and in accordance with the Scheme approved by the Board of directors of the company, the Company had extended the option of moratorium for instalments falling due between March 1, 2020 and May 31, 2020 to all eligible borrowers. Further, pursuant to RBI Notification dated May 20, 2020 the moratorium given to those borrowers are being extended to the eligible borrowers for a further period of three months up to August 31, 2020.
- * In spite of the moratorium, the Company has been able to collect from 84 % , 23 % and 52 % borrowers in the month of March , April and May 2020 respectively.
- * The Company had liquidity buffer of Rs. 10,422 crores and SLR investments of Rs. 1,824 crores as on March 31, 2020. The liquidity buffer and SLR investments as on May 31, 2020 was Rs. 5,724 crores and Rs.1,801 crores respectively.
- * The Company has considerable strength of retail depositors who have remain invested in the Company over number of years. Due to this relationship, the Company attracted sizable retail deposits even in April 2020 and May 2020. Company has reduced the interest rates for its retail deposit program by 20 to 30 bps w.e.f. 1st May 2020.

- * The spread of SARS-CoV-2 virus (referred as 'COVID-19') across the globe and in India has contributed to a significant decline and volatility in global and Indian financial markets and a shrink in the economic activities. The Government of India declared 21-day nation-wide lock-down to contain the pandemic COVID-19 with effect from March 25, 2020. The Government then extended the lockdown till May 31, 2020. However, the government relaxed the lock-down in certain essential areas including plying commercial vehicles for transportation of essential and non-essential goods across the country. In terms of COVID-19 regulatory package announced by Reserve Bank of India (RBI) on March 27, 2020 and in accordance with the Scheme approved by the Board of directors of the Company, the Company has extended the moratorium to the eligible borrowers for instalments falling due between March 1, 2020 and May 31, 2020. Further, pursuant to RBI notification dated May 23, 2020 the moratorium given to those borrowers is being extended for a further period of three months upto August 31, 2020. Extension of such moratorium benefit to borrowers as per the COVID-19 Regulatory package of the RBI by itself is not considered to result in significant increase in credit risk as per Ind AS 109 for staging of accounts. The staging of accounts as on March 31, 2020 with respect to assets which were overdue though standard and to whom moratorium has been granted is based on the days past due as on February 29, 2020 keeping it at standstill. Further, estimates and associated assumptions applied in preparing the financial statements, especially in respect of credit loss on loans, are based on historical experience and other emerging/forward looking factors including those arising on account of the COVID-19 pandemic.

- * The Company has used relevant indicators of moratorium, considering various measures taken by Government and other authorities along with an estimation of potential stress on probability of defaults and loss given defaults due to COVID-19 situation in developing the estimates and assumptions to assess the expected credit loss on loans, including on account of potential macro economic conditions. Based on such assessment, the Company has made additional expected credit loss provision of Rs 909.64 crores during the quarter and year ended March 31, 2020 on account of COVID-19 impact in the financial statement. The impairment loss provided for on account of COVID-19 pandemic is based on the assessment of current situation and the actual impairment loss could be different due to uncertainty over duration of pandemic and restoration of normalcy.
