Audited Financial Results for Quarter ended 30th June, 2021

Notes:

- 1 The above unaudited results for the quarter ended 30th June 2021 have been reviewed and recommended by the Audit Committee and approved by the Board of Directors at their respective meetings held on 13th August, 2021. The statutory auditors have expressed an unmodified opinion on the aforesaid results.
- 2 The Company has only one reportable primary business segment i.e. "Auto Components". Accordingly, separate Segment Information are not required to be disclosed.
- 3 The Company has sought 2 years moratorium for repayment of term loans from its bankers under the Resolution Framework for COVID-19 related stress, announced by RBI vide its Circular Dated 6th August-2020. During the quarter, the bankers have approved One-time restructuring (OTR) cum renewal of credit facilities of the company. Accordingly, the borrowing have been classified in the financials statements after considering the moratorium available under the OTR.
- 4 For the quarter ended 30th June 2021, the Company has recorded a net loss after tax of Rs. 158.29 lacs. The Company's net current liabilities as at 30th June 2021 is Rs. 3333.12 lacs. Further, Notwithstanding the above, the financial statements are prepared on a going concern basis as the Company believes that its business operations would be able to generate sufficient cash flow to meet its short-term obligations in future. Towards this objective, the management is implementing various initiatives like rationalizing costs, negotiating extended credit terms with suppliers, negotiations with lenders for restructuring (refer note no.3), evaluating monetising certain assets and taking appropriate initiatives to improve revenues. In addition, the Company has received a letter of financial support from a substantial shareholder (Managing Director) / promoter to provide continuing financial support to the Company as and when required to meet the Company's working capital needs.
- 5 The Company's financial performance were adversely impacted during the Quarter ended 30th June, 2021 due to Covid-19 pandemic and the ensuing economic slowdown. As the Company is dealing with manufacture and supply of auto-components and is dependent on business from a few customers, the revenue for the quarter is significantly impacted due to low business volume. The Management has used internal and external information upto to the date of approval of these financial results in determining the possible impact on its business operation, liquidity position, contractual obligations, the recoverability of property, plant & equipment, inventories, other financial assets and trade receivables as at the quarter end. However, given the effect of the pandemic on the overall economic environment and in particular the automotive industry, the impact assessment of COVID-19 is subject to significant estimation uncertainties and, accordingly, the actual impact in future may be different from those estimated as at the date of approval of these financial results. The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.
- 6 Capital work in progress includes certain plant & equipment (purchased mainly for Singur Project, West Bengal) carried at a valuation of Rs. 350.29 lacs (PY Rs. 350.29 lacs) net of impairment. Due to business reasons, the installation and commissioning of the said plant & equipment could not be proceeded with. The management is considering various options to utilise such machinery. The company continues to show such plant & equipment under Capital work in progress. Further, notice under section 80(1) of Code of Civil Procedure has been served upon Govt. of West Bengal for filing of suit for recovery of expenditure loss and reliance loss incurred on Singur Project. During the quarter, Company has also filed a civil suit in Hon'ble High Court of Calcutta.
- 7 The Company had imported certain plant & equipment including the machinery referred in note no. 6 above under EPCG license scheme. The Company has not been able to meet the export obligations during the stipulated 9 year period. The possible interest liability, if the export obligations are not met under EPCG license is estimated at Rs. 2393.74 lacs (PY Rs. 2319.28 lacs). The same has not been provided for in the books and continues to be shown as contingent liability.
- 8 The figures of last quarter are the balancing figures between the audited figures in respect of the full financial year and the published year to date figures up to the third quarter of the current financial year.
- 9 Figures of the previous periods are re-grouped, wherever necessary, to correspond to the current period figures.

Independent Auditor's limited review report on unaudited financial results of Rasandik Engineering Industries India Limited for the quarter ended 30th June, 2021

**To The Board of Directors
Rasandik Engineering Industries India Limited**

1. We have reviewed the accompanying statement of un-audited financial results of Rasandik Engineering Industries India Limited ('statement') for the quarter ended 30th June, 2021 being submitted by the Company pursuant to the requirement of Regulation 33 of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Company's management and has been approved by the Company's Board of Directors in their meeting held on 13th August 2021 has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying Statement of un-audited standalone financial results prepared in accordance with the recognition and measurement principles laid down in the applicable Indian Accounting Standards specified under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. **Material uncertainty relating to going concern**

We draw attention to Note no. 4 of the accompanying Statement regarding preparation of the financial statements on going concern basis for the reasons stated therein. The appropriateness of going concern assumption is dependent upon realization of the initiatives to be undertaken by the Company, such as ability to raise funds / generate cash flows including monetization of non-core assets and projected increase in turnover. Further, we draw attention to note no. 5 of the accompanying statement which explains how the economic environment surrounding the automotive industry has become highly uncertain due to COVID 19.

The accompanying results indicate that the Company has recorded a loss after tax of Rs. 158.29 lacs during the quarter ended June 30, 2021. As of date, the Company's total current liabilities exceeds total current assets by Rs. 3333.12 lacs.

These conditions indicate existence of a material uncertainty that may cast significant doubt about the Company's ability to continue as going concern, in the event the proposed initiative/ plans to infuse sufficient funds is not implemented.

Our opinion is not modified in respect of the above matter.

Emphasis of Matter

6. We draw attention to note no. 3 regarding classification of borrowings in the financial statement as per the terms & conditions of One-time restructuring (OTR) approved by the bankers during the quarter.
7. We draw attention to note no. 6 and 7 of the accompanying statement regarding certain plant and equipment classified as "capital work in progress" as explained therein and possible interest liability on non-fulfilment of export obligations.

Our Conclusion is not modified in respect of the above matters.
