EXPLANATORY STATEMENT PURSUANT TO THE PROVISIONS OF SECTION 102 OF THE COMPANIES ACT, 2013

As required by Section 102(1) of the Companies Act, 2013 (the Act), the following Explanatory Statement sets out the material facts relating to the Special Business mentioned under item Nos. 3 to 4 in the accompanying Notice:

Item No. 3

Mr. Mohib N Khericha was appointed as Managing Director of the Company by the members at the 32nd Annual General Meeting held on September 29, 2018 for a period of 5 years from April 1, 2019 to March 31, 2024. He will attain the age of 70 years on August 4, 2022. As a matter of abundant caution, it is proposed to obtain approval of the shareholders as per the provisions of Section 196(3) of Companies Act, 2013 for continuation of his employment as a Managing Director, on the same terms and conditions of appointment and remuneration as approved by members earlier in September 2018. Hence a Special Resolution is proposed at Item No. 3 of the Notice.

Mr. Mohib N Khericha is a promoter director and has been associated with the Company since its inception and he is looking after day to day affairs of the Company. He has vast experience in Merchant Banking industry. Considering the above, your Directors are of the opinion that it is in the interest of the Company to continue his appointment as Managing Director of the Company on attaining age of 70 years and payment of remuneration to him.

Mr. Mohib N Khericha is a Chartered Accountant. Brief profile of Mr. Mohib N Khericha as stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is given as an Annexure to this Notice.

Mr. Mohib N Khericha is interested in the resolution set out at Item No.3 of the Notice, which pertain to his continuing as Managing Director of the Company. Mrs. Sofia M Khericha, a Director on the Board being his wife is also interested in the resolution set out at Item No.3. Relatives of Mr. Mohib N Khericha may also be deemed to be interested in the resolution set out at Item no. 3 of the Notice, to the extent of their shareholding interest, if any, in the Company. Save and except the above, none of the other Directors and Key Managerial personnel of the Company and their relatives are, in any way, concerned or interested in the Resolution.

The Board recommends the Special Resolution set out at Item No. 3 of the Notice for approval by the shareholders.

Item No. 4

- i. The Nomination and Remuneration Committee or the Board may review the Policy as and when it deems necessary.
- ii. The Nomination and Remuneration Committee may issue the guidelines, procedures, formats, reporting mechanism and manual in supplement and better implementation to this Policy, if it thinks necessary.
- iii. This Policy may be amended or substituted by the Nomination and Remuneration Committee or by the Board as and when required.

ANNEXURE-B
MANAGEMENT DISCUSSION AND ANALYSIS

A. Industry Structure, Developments and Outlook

The company is operating in the Merchant Banking industry; therefore its performance is largely dependent on the state of the capital markets and the macroeconomic conditions, within the country and globally.

India officially entered into a recession in 2020. Data from the Central Statistical Office (CSO) however reveals sequential improvement in quarterly GDP growth (-24.4%/-7.3%/0.4% in 1Q/2Q/3QFY2020-21) driven by - i) gross capital formation (possibly driven by centre and states government capital expenditure growth along with household's capital expenditure in real estate), and ii) private and government consumption expenditure. India is again witnessing a fresh surge of infections that reinforces growth pressures amidst several regional lockdowns. The second wave of Covid-19 infections remains the key downside risk to growth assumptions which so far have been retained by the RBI at 10.5% YoY for 2021 (IMF projects growth at + 12.5% in 2021).

In response to the pandemic crisis, the government announced stimulus measures worth INR 17trn – (8% of FY2019-20 GDP), directed primarily towards the poor, migrants and rural areas. The economic slowdown in 2020 directly reflected in the negative growth in revenues. Yet, favouring counter-cyclical policy, the Centre held up spending and revised its gross-fiscal deficit-to-GDP target for FY2020-21 from 3.5% to 9.5%. For FY22, the deficit target has been set at 6.8% with focus on i) capital expenditure, ii) infrastructure spending and announcement to set-up a Development Finance Institution, iii) asset monetisation, and iv) financial sector reforms (privatisation of Public sector banks /one insurance company, setting up of an ARC and AMC), amongst others.

EQUITY MARKETS

Market had a roller coaster ride in FY2021. From the lows seen during the end of FY2020 on account of Covid-19 induced lockdown, the markets started gradually recovering led by phase wise unlocking, various policy measures announced by governments, central banks as well as a better than expected corporate earnings performance. Market erased its 2020 losses in November 20. The next booster dose for markets came with the approval of vaccines against Covid and this catapulted the market to reach new highs. Both Sensex and Nifty closed at an all-time high of 52,154 and 15,315 respectively in the month of February'21. Sensex and Nifty closed at 49,509 and 14,691 levels respectively in March 2021.

India recorded the highest ever FII inflows of R 2,740 billion in FY2021, greater than the cumulative inflows of the last six years. The size of inflow in December 2020 at Rs. 620 bn was the highest ever monthly inflows ever recorded. On the contrary, DIIs recorded the first outflows of R 1,341 billion after five years of inflows.

Primary Markets

Despite the Covid-19 pandemic, fund mobilization via the primary market route was one of the highest ever in FY2021. The financial year 2021 saw 66 IPOs as compared to 39 in FY2020. The amount of funds raised through 30 main-board IPOs in FY2021 was Rs. 31,268 crores vs ~Rs. 20,350 crores in FY2020 through 13 IPOs. Some of the successful IPOs in FY2021 were Burger King, Happiest Mind Technologies, Indigo Paints, Mrs Bectors, Mazagaon Dock, Rossari Biotech, Route Mobile, Gland Pharma etc. Already-listed companies found the QIP route attractive, with 31 companies raising Rs. 78,731 crores, the most in a financial year, and 54% more than the Rs. 51,216 crores raised in FY2020. ICICI Bank's QIP was the largest, raising Rs. 15,000 crores, accounting for 19% of the total amount.

B. Opportunities & Threats

Opportunities:

- Low penetration of financial services and products in India;
- Regulatory reforms would aid greater participation of all class of investors;
- Favorable demographics like huge middle class, larger younger population with disposable income and investible surplus, change in attitude from wealth creation and risk taking abilities of the youth etc.;
- Corporate are looking at expanding in overseas/domestic markets through merger & acquisitions and Corporate advisory Services.

Threats:

- Execution Risk;
- Increased competition from local and global players operating in India;
- Regulatory Changer impacting the landscape of business;
- Unfavorable economic condition.

F. Discussion on Financial Performance

During the year under review, the total income of the Company increased to Rs.215.97 lacs from Rs.131.96 lacs during the previous year. The profit after tax also increased from a loss of Rs.48.31 lacs during the previous year to a profit of Rs.45.06 lacs during the current year mainly due to increase in revenue from sale of services (comprising of professional fees and income/(loss) from trading in securities/derivatives) from Rs.(12.90) lacs during the previous year to Rs.47.07 lacs during the current year which was mainly because of substantial reduction in loss from dealing in derivatives. Other operating income (comprising of Net gain on sale of Non-Current investments, Net Gain arising on of Mutual Fund measured at FVTPL and Dividend income) also increased from Rs.56.23 lacs during the period year to Rs.93.95 lacs during the current year. The Board of Directors expect this situation to further improve in the coming years.

G. Analysis of Significant change in Financial Ratios

Profit Before Tax Margin: The Profit Before Tax Margin for FY21 was 24.17% compared to (34.69%) for FY20 mainly because of the increase in Revenue from operations in comparison to the previous year while total expenses have decreased in comparison to the previous year.

Net Profit Margin (%): The Net Profit Margin for FY21 was 20.86% compared to (36.61%) for FY20 mainly because of the increase in Revenue from operations in comparison to the previous year while total expenses have decreased in comparison to the previous year.

Other parameters, namely Debt Equity Ratio, Debtors Turnover, Inventory Turnover, Interest Coverage Ratio and Current Ratio, are not applicable to the company.

H. Details of any change in Return on Net Worth as compared to the immediately previous financial year along with a detailed explanation thereof.

Return on Networth for FY21 was 0.86%, up from (1.47%) a year ago mainly due to increase in Revenue from operations in comparison to the previous year while total expenses have decreased in comparison to the previous year.

I. Material Development in Human Resources / Industrial Relations Front, Including Number of People Employed

There has been no material development on the Human Resource / Industrial Relations front during the year. Employee relations at all levels continue to remain cordial. The Company had 7 employees (including Managing Director) as on March 31, 2021.

Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include economic developments in the country and improvement in the state of capital markets, changes in the Government regulations, tax laws and other status and other incidental factors.

ANNEXURE-C

REPORT ON CORPORATE GOVERNANCE

[Pursuant to Regulation 34(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

The following is report on Corporate Governance as implemented by your company.

Company's Philosophy on Corporate Governance

Sound Corporate Governance is a key driver of sustainable corporate growth and long-term value creation for the shareholders and protection of their interests. It is about promoting corporate transparency, accountability and it is an effective tool for ensuring and maintaining integrity of the management. Good corporate governance practices have always been an integral part of your company's philosophy and it is committed to achieving and maintaining the highest standard of corporate governance. Corporate Governance practices have to not only deal with the growing size of the business but also the increase in complexities of the organization structure that supports such aggressive growth. At present, in India, Corporate Governance standards for listed companies are regulated by the Securities & Exchange Board of India (SEBI) through SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. ANNEXURE-E**Particulars Pursuant to Section 197(12) of the Companies Act, 2013 and rule 5(1) of Companies (Appointment and remuneration of Managerial Personnel) Rules, 2014:**

- 1) Ratio of Remuneration of each director to the median remuneration of the employees of the company for the financial year ended March 31, 2021:

Sr. No.	Executive Director	Remuneration (₹ in lacs)	Median Remuneration* (₹ in lacs)	Ratio
1	Mr. Mohib N Khericha, Managing Director	18.216	11.7975	1.54

* excluding Executive Directors

- 2) Percentage increase in the remuneration of each Director, CFO & Company Secretary in the financial year:

Sr. No.	Director, CFO & Company Secretary	% increase in the remuneration in financial year
1	Mr. Mohib N Khericha, Managing Director	0.00
2	Mr. Javed S. Saiyed, CFO	0.00
3	Mr. Manoj Kumar Ramrakhyani, Company Secretary	0.00

- 3) Percentage increase in median remuneration of employees (except MD) in the financial year: 0.00%.
- 4) The number of permanent employees on the rolls of the company (other than Managing Director) as on March 31, 2021: 6
- 5) The Explanation on the relationship between average increase in remuneration and company performance:

Particulars	2020-21	2019-20
Total Income (₹ in lacs)	215.97	131.96
Profit before depreciation and taxes (₹ in lacs)	53.14	(41.56)
Profit (Loss) After Tax (₹ in lacs)	45.06	(48.31)

* Previous Year's figures have been regrouped, reclassified wherever considered necessary.

The average increase in remuneration is associated with and driven by achievement of individual corporate goals set for employees, industry trends, inflation and financial performance of the Company. A basic increment in salary has to be given to employees irrespective of the financial performance of the Company. However, due to impact of COVID-19, no increase in remuneration was given to the employees except minor increase to 2 employees.

6) Comparison of the remuneration to Key Managerial Personnel against the performance of the Company:

The total remuneration of key managerial personnel's (other than director) increased on an average by 0.00% in 2020-21 whereas the profit after tax increased from a loss of Rs.48.31 lacs during the previous year to a profit of Rs.45.06 lacs during the current year. The increase in remuneration is not solely based on company performance but also includes various factors like individual performance, industrial trends, economic situation, future growth prospects etc. Average increase in remuneration of Key Managerial Personnel is based on Company's Remuneration Policy.

- 7) Variations in the market capitalization of the company, price earnings ratio as at the closing date of the current financial year and previous financial year and percentage increase over decrease in the market quotations of the shares of the company in comparison to the rate at which the company came out with the last offer:

As per Quotes on BSE	As on March 31, 2021	As on March 31, 2020
Issued Share Capital (No. of Shares)	3011600	3011600
Market price of Equity Share of the Company (₹)	53.35	55.05
EPS (₹)	1.50	(1.60)
Price Earnings Ratio	35.57	NA
Market Capitalization (₹ in lacs)	1606.69	1657.89
Issue price at last public offer	20.00	20.00
Increase / (decrease) in market price as on March 31 as compared to the issue price	33.35	35.05
% Increase / (decrease)	166.75	175.25

* Previous Year's figures have been regrouped, reclassified wherever considered necessary.

- 8) Average percentile increase already made in the salaries of the employees other than the Managerial Personnel in the last financial year and its comparison with the percentile increase in the Managerial Remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the Managerial Remuneration:

The average increase in salaries of the employees other than Managerial Personnel in 2020-21 was 2.40% and average percentage increase in the Key Managerial Personnel (other than Director) Remuneration for the year was 0.00%. The average increase in salaries of the other employees was slightly more than the increase in the salaries of Key Managerial Personnel and same was as per industrial trends in the region. Due to impact of COVID-19, no increase in remuneration was given to the employees except minor increase to 2 employees.

- 9) Comparison of the each remuneration of the Key Managerial Personnel against the performance of the Company:

The comparison of the performance of the company and increase in the remuneration of the Key Managerial Personnel is given at point no. 5 & 2 respectively.

- 10) The key parameters for any variable components of remuneration availed by the Directors:

The directors are not being paid any variable remuneration.

- 11) The ratio of the remuneration of the highest paid director to that of the employees who are not director but receive remuneration in excess of the highest paid director during the year:

Not Applicable as none of the employees received the remuneration in excess of highest paid director of the company.

- 12) It is affirmed that the remuneration paid is as per the remuneration policy of the company.

Opinion

We have audited the accompanying standalone financial statements of **Chartered Capital And Investment Limited ("the Company")** which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the period then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit and total comprehensive income, changes in equity and its cash flows for the period ended on that date.

Basis for Opinion

We conducted our audit of Standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined depending upon the facts and circumstances of the entity and the audit, that there are no key audit matters to communicate in the Auditors Report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind As and other accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the

CHARTERED CAPITAL AND INVESTMENT LIMITED

provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 (the "Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, and the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - d. In our opinion, the aforesaid standalone financial statements comply with the Ind As specified under Section 133 of the Act.
 - e. On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's Internal Financial Controls over financial reporting.
 - g. With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act.
 - h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations as on 31st March, 2021 in its standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education & Protection Fund by the Company

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of CHARTERED CAPITAL AND INVESTMENT LIMITED (the "Company") as of 31st March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Control over Financial Reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Control over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls system over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Control over Financial Reporting included obtaining an understanding of Internal Financial Control over Financial Reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's Internal Financial Control system over Financial Reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's Internal Financial Control over Financial Reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting, to future periods are subject to the risk that Internal Financial Controls over Financial Reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the criteria for internal financial controls over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statements for the year ended 31st March, 2021

1. COMPANY BACKGROUND

Chartered Capital and Investment Limited (the 'Company') is a public limited Company incorporated under the Companies Act 1956. The Company is engaged in providing merchant banking services to its clients. The equity shares of the Company are listed on the Bombay Stock Exchange Limited (BSE).

2. SIGNIFICANT ACCOUNTING POLICIES:

2.1. Basis of preparation of financial statements

(i) Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under Section 133 of the Companies Act, 2013 ("Act") read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

(ii) Use of estimated and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/ materialized.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(iii) Current / Non- Current Classification

All assets and liabilities have been classified as current or noncurrent as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

2.2. Property, Plant and Equipment:

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other nonrefundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met. Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met.

Depreciation:

Depreciation on each part of an item of property, plant and equipment is provided using the Straight Line Method based on the useful life of the asset as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets is determined as prescribed in Schedule II of Companies Act, 2013.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

2.3. Impairment

Assets that have an indefinite useful life, for example goodwill, are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired.

Assets that are subject to depreciation are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash in flows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

2.4. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

A financial asset is recognised in the balance sheet when the Company becomes party to the contractual provisions of the instrument. At initial recognition, the Company measures a financial asset at its fair value plus or minus, in the case of a financial asset not at fair value through statement of profit and loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset.

Subsequent measurement

For purpose of subsequent measurement, financial assets are classified into:

- a. Financial assets measured at amortised cost;
- b. Financial assets measured at fair value through other comprehensive income (FVTOCI);
- c. Financial assets measured at fair value through statement of profit and loss (FVTPL)

The Company classifies its financial assets in the above mentioned categories based on:

- a. The Company's business model for managing the financial assets;
- b. The contractual cash flows characteristics of the financial asset.

A) Financial assets measured at amortised cost

This category generally applies to trade and other receivables.

A financial asset is measured at amortised cost if both of the following conditions are met:

- a. The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows;
- b. The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

B) Financial assets measured at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- a. The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets;
- b. The asset's contractual cash flows represent SPPI.

C) Financial assets measured at fair value through the statement of profit and loss (FVTPL)

FVTPL is a residual category. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Statement of Profit and Loss.

Equity Instruments

All the equity instruments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL.

If the company decides to classify an equity instrument as at FVTOCI, then all the fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity. Equity instruments included within FVTPL category are measured at fair value with all the changes recognized in statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's balance sheet) when:

- a. The contractual rights to the cash flows from the financial asset have expired, or
- b. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either:
- c. The Company has transferred substantially all the risks and rewards of the asset, or
- d. The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company assesses impairment based on expected credit loss (ECL) model to the following:

- a. Financial assets measured at amortised cost;
- b. Financial assets measured at fair value through other comprehensive income

Expected credit losses are measured through a loss allowance at an amount equal to:

- a. The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b. Full time expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

The Company follows simplified approach for recognition of impairment loss allowance on trade receivables, under the simplified approach; the Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivable which is adjusted for management's estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

Financial Liabilities**Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through statement of profit and loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables and short term borrowings.

Subsequent measurement

- a. Financial liabilities measured at amortised cost;
- b. Financial liabilities subsequently measured at fair value through statement of profit and loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through statement of profit and loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

Trade and other payables

These amounts represent liability for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) In the principal market for the asset or liability, or
- (ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

2.5. Inventories

Securities acquired with the intention of short-term holding and trading position is disclosed as stock-in-trade.

Securities held as stock-in-trade are valued at lower of cost or market value.

2.6. Revenue Recognition

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

Professional fees are accounted on accrual basis in accordance with the terms of contracts entered into between the company and the counterparty.

Consultation fees are accounted on accrual basis depending upon progress of assignment.

Income/Loss from trading in Securities held as stock-in-trade is recognised on trade date basis. Profit/loss on sale of Securities is determined on FIFO Basis.

Profit/Loss on equity/ derivative transactions is accounted for on final settlement or squaring-up of contracts for Equity Index/Stock Futures, the profit or loss is calculated as difference between settlement/squaring-up price and contract price and as on the balance sheet date, the debit balance in the "Mark-to-Market Margin – Equity Index/Stock Futures Account", being anticipated loss, is recognised in the profit and loss account. When the Option contracts are squared-up before expiry of the options, the premium prevailing on that date is recognised in profit and loss account. On expiry of the contracts and on exercising the options, the difference between final settlement price and the strike price is transferred to the profit and loss account.

Profit/Loss earned on sale of Investments is recognised on trade date basis.

Interest and dividends:

Interest income is recognized using effective interest method. Dividend income is recognized when the right to receive dividend is established.

2.7. Earnings per Share**Basic earnings per share**

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity Shares outstanding during the year.

Diluted earnings per share

Diluted earnings per are calculated by dividing the profit for the year attributable to the equity holders of the Company by weighted average number of Equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential Equity shares in to Equity shares.

2.8. Income Taxes

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current tax:

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961.

Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities.

Deferred tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income Tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

2.9. Provisions and Contingent Liabilities

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated.

If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

2.10. Employee Benefits**Short Term Employee Benefits:**

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus, short term compensated absences, ex-gratia, etc. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognised as an expense as the related service is rendered by employees.

Post-Employment Benefits:**(i) Defined Contribution plans:**

Defined contribution plans is Government administered provident fund scheme for all applicable employees.

Recognition and measurement of defined contribution plans:

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contributions payable for services received from employees before the reporting date exceed the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

(ii) Defined Benefit plans:

The Payment of Gratuity Act is not applicable to company since numbers of eligible employees are less than requisite number

2.11. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments net of bank overdrafts which are repayable on demand as these form an integral part of the Company's cash management.

2.12. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

2.13. Key accounting estimates and judgments

The preparation of the Company's financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Critical accounting estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

Income taxes

The Company's tax jurisdiction is India. Significant judgments are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions (Refer Note 28).

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

Types of inputs for determining fair value are as under:

Level 1: This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of investment in quoted equity shares, mutual fund investments and alternate Capital Fund. The mutual funds and alternate Capital Fund are valued using the closing NAV.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

Financial instruments measured at fair value

i) Transfers between Levels 1 and 2

There have been no transfers between Level 1 and Level 2 during the reporting periods

ii) Level 3 fair values

There have been no Movements in the values of unquoted equity instruments for the period ended 31st March 2021 and 31st March 2020.

B. Financial risk management

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

The Company is exposed to Market risk, Credit risk and Liquidity risk. The Board of Directors ('Board') oversee the management of these financial risks. The Risk Management Policy of the Company formulated by the Board, states the Company's approach to address uncertainties in its endeavor to achieve its stated and implicit objectives. It prescribes the roles and responsibilities of the Company's management, the structure for managing risks and the framework for risk management. The framework seeks to identify, assess and mitigate financial risks in order to minimize potential adverse effects on the Company's financial performance. The Board has been monitoring the risks that the Company is exposed to due to outbreak of Covid 19 closely. The Board has taken all necessary actions to mitigate the risks identified on the basis of the information and situation present.

The following disclosures summarize the Company's exposure to financial risks. Quantitative sensitivity analysis have been provided to reflect the impact of reasonably possible changes in market rates on the financial results, cash flows and financial position of the Company.

c) Other Price Risk

Other price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. Other price risk arises from financial assets such as investments in equity instruments. The Company is mainly exposed to the price risk due to its investments in equity instruments recognised at FVTOCI. As at 31st March, 2021, the carrying value of such equity instruments amounts to Rs. 4030.97 Lacs (Rs. 2236.69 Lacs as at 31st March, 2020). The details of such investments in equity instruments are given in Note 4. The price risk arises due to uncertainties about the future market values of these investments.

The Company is also exposed to price risk arising from investments in mutual funds recognised at FVTPL. As at 31st March, 2021, the carrying value of the investments in mutual funds amounts to Rs. 137.15 Lacs (Rs. 134.54 Lacs as at 31st March, 2020). The details of such investments in mutual funds are given in Note 4. The price risk arises due to uncertainties about the future market values of these investments.

The Company is mainly exposed to change in market rates of its investments in equity instruments recognised at FVTOCI. A sensitivity analysis demonstrating the impact of change in market prices of these instruments from the prices existing at the reporting date is given below:

If the prices had been higher/lower by 10% from the market prices existing as at 31st March, 2021. Other Comprehensive Income for the year ended 31st March, 2021 would increase/decrease by Rs. 403.10 Lacs (2019-20 Rs. 223.67 Lacs) with a corresponding increase/decrease in Total Equity of the Company as at 31st March, 2021. 10% represents management's assessment of reasonably possible change in equity prices.

CHARTERED CAPITAL AND INVESTMENT LIMITED

2) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information. The Company considers Credit risk arises primarily from financial assets such as investment in equity instruments, trade receivables, investment in mutual funds, other balances with banks, loans.

Credit risk arising from investment in mutual funds and other balances with banks is limited and there is no collateral held against these because the counter parties are banks and recognised financial institutions with high credit ratings assigned by the credit rating agencies.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loan or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable dues. Where recoveries are made, these are recognized as income in the statement of profit and loss.

"The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material, hence, no provision is considered."

Ageing of Account receivables

Financial Assets are considered to be of good quality and there is no significant increase in credit risk.

Not Due		
2-6 months	970,928	4,588,462
6 months to 12 months	-	-
Total	970,928	4,588,462

3) Liquidity Risk

Liquidity risk is the risk that the company will encounter in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The approach of the company to manage liquidity is to ensure, as far as possible, that these will have sufficient liquidity to meet their respective liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risk damage to their reputation. The company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low.

The table below summarises the maturity profile of the company's financial liabilities based on contractual undiscounted payments.

NOTE 30 : CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholders' value.

As at 31st March, 2021, the Company has only one class of equity shares and has low debt. Consequent to such capital

structure, there are no externally imposed capital requirements.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary, adjust its capital structure.
