## From the desk of Chairman

*Dear Shareholders,*

**J. Lakshmana Rao,**  
Chairman and Managing Director

The economy is gearing up working to compensate for the losses faced during the severe pandemic mankind has ever faced. Although COVID 19 continues to adversely affect the lives of many, on a positive note, it has imbedded in our minds the need for hygiene, cleanliness and most importantly, "quality". This improvement pushed our clients to prefer high quality packaging solutions. Moldtek is well placed for providing the highest quality packaging products with innovation and excellent service standards.

FY21 has been a decent year for Your Company in spite of severe impact of Covid pandemic and lockdown in Q1. With relentless commitment, Mold-Tek has performed extremely well in the next 3 quarters. Some worthy contributions are - good growth from new plants at Visakhapatnam and Mysore, food and FMCG containers. Loss of sales in ice cream industry during covid was compensated by growth in other segments like dates, restaurants, butter, seeds, fertilizers and new application for our square Q-Packs.

The Indian Packaging Market was valued at USD 75 billion in 2020, and it is expected to reach USD 204.81 billion by 2025, registering a CAGR of 26.7% during the period of 2020-25. The growth in lifestyle and consumption patterns, boom in e-commerce, consumer awareness on packaged food and organized retail is expected to enhance the growth of rigid plastic packaging and per capita consumption in the near future.

In spite of 45% drop in sales in Q1 for the full Financial Year 2020-21, the Company registered sales of Rs. 478.93 crores with a volume growth of 8.4%, consolidated EBITDA for the year is Rs.95 crores, a growth of 22% compared to the previous financial year, 2019-20. EPS grew from Rs.12.96 to Rs. 16.82.

We are constantly expanding and growing with investments in infrastructure, new products and technology. In FY21 we launched 12 Oz Dispenser pump division which will touch its 70% capacity utilization in FY23. Our Mysore and Vishakhapatnam plants are already running close to 90% utilization and will be receiving green channel certification in this Financial Year. Both these units are being expanded to meet growing demand projected in 2021-2024.

This Financial Year, our focus is on expanding our foothold in North by setting up a plant in Kanpur, launch of sweet boxes, JML with dynamic variable QR codes, diving into untapped markets like cashew, oats, seeds, etc. One of our priorities for this year is to enhance sustainability. Our JML containers are 100% recyclable. We plan to expand our in-house recycling capability which we use for our non-food portfolio. We also procure recycled material from several vendors and R&D is going on to maintain quality of products while increasing the use of recycled material. Your Company is also considering entry into two more new segments of packaging with higher EBITDA margins for future growth.

Your Company always has worked for the betterment of society and this financial year has been no different. We have spent our CSR funding to help the underprivileged during COVID lockdown period, by providing them with rations and other basic amenities, payment of Ex-gratia to temporary/casual/daily-wage workers. Some other activities included providing water supply, sanitation facilities, helping physically challenged and orphans by providing community halls, food and other essentials. We have also awarded talented students by providing scholarships at JIM-Bangalore.

I would like to proudly admit that Moldtek is in its upward trajectory with plans of expanding both through white field and brown field projects in the next 5 years. The company is aiming to grow by more than 15% every year, with greater emphasis on innovation, new product development, capacity enhancement, technological advancements and improved sustainability.

I am confident that your Company with a well-defined growth plan, a talented team, experienced top management's guidance, shareholders trust is set to achieve pinnacles of success in the years to come.

4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at [www.moldteckpackaging.com](http://www.moldteckpackaging.com). The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. [www.evotingindia.com](http://www.evotingindia.com).
7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020, MCA Circular No. 20/2020 dated May 05, 2020 and Circular No. 02/2021 dated January 13, 2021..
8. In continuation of this Ministry's **General Circular No. 20/2020**, dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2021, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January,13,2021.

**THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**

- (i) The voting period begins on 26<sup>th</sup> September, 2021 at 9:00 a.m and ends on 29<sup>th</sup> September, 2021 at

5.00 p.m. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date 23rd September, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

### ANNUAL SNAPSHOT & FUTURE OUTLOOK

#### New products & development

Mold-tek has progressed considerably in last few years with increased product range with innovative packaging solutions, keeping in mind the evolving needs of the packaging in India. In spite of Covid-19 we continue to invest in new technologies and products to ensure that we are future-ready

and have a better outreach of sustainable packaging solutions to our esteemed clients.

#### Commercial supply of pumps

Your Company has successfully established & started commercial production and supplies of pumps. Initially, Mold-Tek has been focusing on Sanitizers, Lotions, Soap and later wish to position for cosmetics and premium oils. Supplies started to prominent customers like Wipro, Biocon and Godrej.

#### QR Coded IML

The company has successfully developed futuristic dynamic QR coded IML packaging with complete traceability all across the supply chain. There is considerable interest for this concept and after the second wave we expect commercial trials by our customers. This brings in the “Digital packaging” Concept for the first time to India.

#### Launch of Confectionary Containers

Your Company has launched a range of products for sweets, confectionery and online food delivery. Mold-Tek expect

a healthy adoption of this packaging in the next couple of years.

### **Additional capacity**

In view of consistent demand and based on our customer trends, the Company has gradually added capacity in the Satara, Mysore, Vizag & Hyderabad plants In the last 10 months. Further, Mold-Tek has doubled its IML label production capacity.

### **New Segments**

By improving the product range, the Company expanded footprint into new segments like - restaurants, dates, growth enhancers, seeds etc. Some of these segments will be our growth drivers over the next 2-3 years.

### **New plants**

We are glad to inform you that the Company is setting up new plant in Uttar Pradesh to cater the needs of all North region clients. Your Company is acquiring about 3 acres of land at Sandila Industrial Estate, Utter Pradesh. However to save time Company starting operations in a leased premises near Kanpur by October, 2021. A plant in Sulthanpur near Hyderabad is also being envisaged to start construction in this Financial Year.

### **Recycling**

Your Company is planning to expand in-house recycling capacity to evaluate the possibility of using reprocessed plastic from our operations (mostly set up wastage). The above developments will ensure good growth prospects for the Company in the coming quarters.

### **Looking ahead**

During the first quarter of the FY 2021-22, India experienced a “second wave” of COVID-19, a significant surge of COVID-19 cases following the discovery of mutant coronavirus variants in the country. All state governments implemented regional lockdowns in areas with significant number of COVID-19 cases. The impact of “second wave” of COVID-19, including changes in customer behavior and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian markets and a significant decrease in global and local demand. Our Company operations and revenue were also impacted due to second wave of COVID-19. However, your Company achieved a revenue growth of 104% in Q1 over similarly affected Q1 of last Financial Year (FY20) and PAT of Q1, FY21 is up by 671% over Q1 of FY20.

Starting from July’21, second wave has been controlled and demand for our products started picking up considerably. Going forward we are confident of achieving double digit growth and improved profitability for next few years owing

to expansion and widening of product range with higher value addition, subject to control of the pandemic in the country.

### **IMPACT ASSESSMENT OF THE GLOBAL HEALTH PANDEMIC – COVID 19 AND RELATED ESTIMATION UNCERTAINTY:**

The Company has considered the possible effects that may result from the pandemic relating to Covid-19 in the preparation of these financial results including the recoverability of carrying amounts of financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has, at the date of approval of these financial results, used internal and external sources of information including credit reports and related information and economic forecasts and expects that the carrying amount of these assets will be recovered. The impact of Covid-19 on the Company’s financial results may differ from that estimated as at the date of approval of these financial results.

### **ENVIRONMENT, HEALTH AND SAFETY**

The Environmental, Health and Safety policy of the Company has a “No Accident” as one of its main objectives which acts as a key differentiator in driving workplace safety initiatives. There are no reportable accidents or injuries during the year ended March 31, 2021.

The manufacturing units are certified for conformance to ISO 9001:2015 standards. The Company manages occupational health and safety by systematically assessing the hazards and mitigating risks through awareness programs and safety training for employees. The Company also addresses health and hygiene needs at workplace by engaging with occupational health experts and providing advice to proactively manage health and wellness of employees.

A process was put in place to manage risks related to COVID-19 by having standard operating procedures (SOP) based on best practices, including day-to-day health monitoring of all employees and sanitizing the workplace with the highest safety standards. Most of the employees were vaccinated to safeguard their health and welfare.

Effective mechanism and guidelines were implemented for an efficient hybrid working model, that enabled work from home (WFH) when possible and physical presence in the office, labs or factory as and when required.

**SECRETARIAL AUDIT REPORT**

FOR THE FINANCIAL YEAR ENDED 31<sup>st</sup> MARCH 2021

*[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]*

To,  
The Members,  
**Mold-Tek Packaging Limited**  
Plot No.700, D.No.8-2-293/82/A/700,  
Ground Floor, Road No.36, Jubilee Hills,  
Hyderabad-500 033, Telangana

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Mold-Tek Packaging Limited (hereinafter called the “Company”). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31<sup>st</sup> March 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Company for the financial year ended on 31<sup>st</sup> March 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

- (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- (c) The Securities and Exchange Board of India (Issue of capital and Disclosure Requirements), Regulations, 2018
- (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; **[Not Applicable as the Company has not issued and listed any debt securities during the financial year under review];**
- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **[Not Applicable as the Company is not registered as Registrar to Issue and Share Transfer Agent during the Financial Year under review];**
- (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; **[Not Applicable as there was no reportable event during the period under review];**
- (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 **[Not Applicable as there was no reportable event during the period under review];**
- (vi) The industry specific Acts, Labour and other applicable laws as provided by the management of the Company:

I have also examined compliance with the applicable clauses of following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India effective from 01 July 2015.
- ii. The listing agreements entered into by the Company with Bombay Stock Exchange Limited (BSE) and National Stock Exchange of India Limited (NSE) and The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

**I further report that**

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Further, the meetings held at shorter notice were in compliance with SS-1 Secretarial Standard on Meetings of the Board of Directors.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

During the period under review the Company has complied with the provisions of the other Acts, Rules, Regulations, Guidelines, Standards, etc.

**ANNEXURE-D**

*[Pursuant to Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014]*

**a. Conservation of energy**

Energy conservation is one of the words we are hearing more and more. Energy conservation is not about making limited resources last as long as they can, that would mean that you are doing nothing more than prolong a crisis until we finally run out of energy resources all together. Conservation is the process of reducing demand on a limited supply and enabling that supply to begin to rebuild itself. Many times the best way of doing this is to replace the energy used with an alternate.

Without energy conservation, the world will deplete its natural resources. While some people don't see that as an issue because it will take many decades to happen and they foresee that by the time the natural resource is gone there will be an alternative; the depletion also comes at the cost of creating an enormous destructive waste product that then impacts the rest of life. The goal with energy conservation techniques is reduce demand, protect and replenish supplies, develop and use alternative energy sources, and to clean up the damage from the prior energy processes.

**Steps taken for conservation of energy**

- a. Monitoring and analysis of energy consumption on periodic basis;
- b. New moulding machines selected are always either servo controller or fully electric machines;
- c. Replacement of conventional tubes and bulbs with LED;
- d. Monitoring, benchmarking and selection of energy intensive equipment only;
- e. Minimum use of energy by optimizing processes and material movement in factories;
- f. 'Machine On' alarms and automatic switch off machines;
- g. Share and implement best energy saving practices across manufacturing units.

**b. Technology absorption**

Mold-Tek operates in an industry which requires continuous technology upgradation for manufacturing products and research activities to stay ahead of the market. Currently, the Company has a centralized integrated tool room to develop and repair molds. While the Company's centralized tool room provides advantages such as early development of products at cheaper cost, Mold-Tek will continue to make investments in R&D including and not limited to developing robots, new molds and processes since the Company depends significantly on such processes for upgrading the technologies and processes from time to time. The top management devotes considerable time to develop new design and technologies at the tool room. These R&D activities are critical since it may improve demand for the Company's products and profitability, if the same proves to be successful.

**c. Foreign exchange earnings and outgo**

The foreign exchange earned in terms of actual inflows during the year and the foreign exchange outgo during the year in terms of actual outflows:

	₹ in lakhs	
	2020-2021	2019-2020
Foreign exchange earnings	533	434
Foreign exchange outgo	3,876	4,545

## MANAGEMENT DISCUSSION AND ANALYSIS

### FORWARD-LOOKING STATEMENT

This report will include “Forward Looking Statements,” such as statements about the implementation of strategic plans and other statements about Mold-Tek potential business developments and financial results. Although these Forward-Looking Statements reflect the Company’s current evaluation and potential expectations for the development of the Company’s business, variety of risks, uncertainties, and other unknown factors that could cause actual developments and outcomes to vary materially from those expected. General market, macroeconomic, governmental, and regulatory patterns, changes in currency exchange and interest rates, competitive pressures, and technical advances, changes in the financial conditions of third parties doing business with the Company, regulatory developments, and other main factors that may have an effect on the Company’s business and financial results. Mold-Tek disclaims any duty to update or amend any forward-looking statements to represent events or circumstances that might occur in the future.

### OVERVIEW

#### GLOBAL ECONOMY

The International Monetary Fund is expecting a stronger economic recovery in 2021 as Covid19 vaccine rollouts get underway, but it also warns of “daunting challenges” given the emergence of second wave of Covid-19 infections in various parts of the world and different rates of administering vaccine shots across the globe. The organization said it expects the world economy to grow by 6% in 2021, up from its 5.5% forecast in January. Looking further ahead, global GDP growth rate for 2022 is projected to be 4.4%, higher than an earlier estimate of 4.2%. “Even with high uncertainty about the path of the pandemic, a way out of this health and economic crisis is increasingly visible,” IMF chief economist said in the latest World Economic Outlook report. US consumer spending rose at the fastest level in the last one year in March’21 reflecting Billions of dollars in Government support payments aimed at putting the country firmly on the road to recovery.

#### INDIAN ECONOMY

In response to the global pandemic, Government took several preventive and mitigating measures starting with progressive tightening of international travel and nationwide lockdown to contain the spread of Covid-19 while ramping up the health infrastructure in the country. The lockdown measures,

affected employment, business, trade, manufacturing, and services activities. The real Gross Domestic Product (GDP) growth is projected to contract by 7.3% percent in 2020-21 as compared to a growth of 4.2% in 2019-20. The second wave of COVID-19 in the month of April’21 has resulted in localised lockdown in different parts of the country. GDP growth, however, is expected to rebound strongly in FY 2021-22 owing to the vaccination and reform measures undertaken by the Government.

### INDUSTRY SCENARIO

The global packaging market is projected to grow to USD 1012.6 billion by 2021. It was estimated to be valued at USD 909.2 billion in 2019. (Source: <https://www.businesswire.com>). People are now more conscious about the food packaging worldwide amidst this pandemic, due to which demand for packaging is set to increase. The India Packaging Market was valued at USD 75 billion in 2020, and it is expected to reach USD 204.81 billion by 2025, registering a CAGR of 26.7% during the period of 2020-25. (Source: Packaging Industry Association of India) Packaging is amongst the high growth industries in India and the country is becoming a preferred hub for packaging industry. Currently the 5th largest sector of India’s economy, the industry has reported steady growth over past several years and shows high potential for much expansion, particularly in the export markets. Costs of processing and packaging food can be substantially lower than parts of Europe which, combined with India’s resources of skilled labour, make it an attractive venue for investment. A high degree of potential exists for almost all user segments which are expanding appreciably - processed foods, hard and soft drinks, fruit and marine products. In India, the fastest growing packaging segments are laminates and flexible packaging. Over the last few years, Packaging Industry has been an important sector driving technology and innovation growth in the country and adding value to the various manufacturing sectors including agriculture and FMCG segments. The growth in lifestyle and consumption patterns has increased the demand for the packaged products resulting in growth of packaging industry. Consumer awareness surrounding packaged food, specifically packaged food deliveries, has heightened. The boom in e-commerce and organized retail is expected to enhance the growth of plastic packaging and per capita consumption in the near future. The rising purchasing power, due to the growth in per-capita income of the Indian middle-class, is fuelling the Indian packaging

market in adopting better packaging methods, materials, and machinery, to ensure quality factors for Indian businesses. During pandemic consumers stocked up as governments announced quarantines and stay-at-home measures. This boosted packaging consumption – and thus rigid plastics demand increased in many markets, including Europe.

### Performance of the industry during lockdown

With the arrival of COVID-19 pandemic, people has become more conscious of the food products they consume. The food industry has increased its focus towards better and safer packaging for its consumers, resulting in robust demand for packaging material. It has also helped pro-longing the shelf life of many products. In fact, this validates the increasing demand for packaged consumer goods. Moreover, in India, one can find a large base of raw materials to manufacture packaging products. Besides, there is an increasing trend of using ecofriendly or recyclable materials in packaging. The comparatively low manufacturing costs open opportunities to foreign companies and technology. The packaging industry has experienced rapid growth globally as a result of greater innovation and customer preferences for global brands. Packaging sales in the emerging markets are expected to continue to show strong momentum as both increased consumption and demand for consumer goods drives the need for more sophisticated packaging.

The company has 8 state of the art manufacturing facilities spread across India, with a total installed capacity of 40000 MT per annum. In addition to being a market leader in the Rigid Plastic Packaging sector, Moldtek has emerged as a complete packaging solutions provider with wider range of products and value added services.

Discussion on financial performance: Despite a challenging year in a volatile economic and business environment, we are pleased to report that the Moldtek Packaging Limited

had a successful FY 2020-21. During the FY 2020-21, the Company registered sales of ₹ 479 crores on standalone basis. With an increase of 19%, the Company posted highest ever EBITDA of ₹ 96.56 crores during FY 2020-21 against ₹ 81.20 crores in the FY 2019-20, primarily due to higher sales in Paint segments and food & FMCG, better operating margins from last year.

### FUTURE OUTLOOK

Your Company plans to change the packaging landscape by creating sustainable and beautiful packaging solutions.

#### New Products & developments:

Mold-Tek has progressed considerably in the last few years with its products, technological and engineering capabilities, keeping in mind the evolving needs of the packaging industry, along with environmental concerns. In spite of Covid we continue to invest in new technologies and products to ensure that we are future-ready and have a better outreach of sustainable packaging solutions to our esteemed clients.

#### Commercial supply of Pumps:

The Company has successfully established & started commercial production and supplies of pumps. Initially, we are focusing on Sanitizers, Lotions, Soap and later position to cosmetics and premium oils.

QR Coded IML: The company has successfully developed futuristic dynamic QR coded IML packaging with complete traceability all across the supply chain. There is considerable interest for this concept and after the second wave we expect commercial trials by our customers. This brings in the “Digital packaging” Concept for the first time to India.

#### Launched Sweet-Boxes:

The Company has launched a range of products for sweets, confectionery and online food delivery. We expect a healthy adoption of this packaging in the next couple of years

#### Additional Capacity:

In view of consistent demand and based on our customer trends, the Company has gradually added capacity in the Satara, Mysore, Vizag & Hyderabad plants in the last 10 months. Further, we have doubled our IML label production capacity.

#### New Industries:

By improving the product range, the Company expanded footprint into new segments like – restaurants, dates, growth enhancers, seeds etc. Some of these segments will be our growth drivers over the next 2-3 years.

**New Plant at Uttar Pradesh:**

We are glad to inform you that your Company is setting up new plant at Uttar Pradesh to cater the needs of all North region clients. Land has been acquired and initial production shall start in leased premises by October, 2021.

**Recycling:**

The Company is planning to expand in-house recycling capacity to evaluate the possibility of using reprocessed plastic from our operations (mostly set up wastage).

The above developments will ensure good growth prospects for the Company in the coming quarters.

**LOOKING AHEAD:**

The business scenario is fluid with the 2nd wave of the pandemic hitting the country resulting in multiple lockdowns. The first priority in this situation is the safety and well-being of our employees. This is also expected to have a temporary adverse impact on the demand and supply situation. Consequently, the first half of the year is expected to be relatively weak, but better than FY2019-20, which was severely impacted by COVID first phase. Sequential improvement in overall performance is expected from the second quarter of FY22.

Commenting on the excellent quarterly results CMD J Lakshmana Rao said that “in spite of rapid rise in RM cost Company could pass on the same and retained EBIDTA around ₹ 37 to ₹ 40 per Kg which is 10% higher than that of last financial year”. Going forward we are confident of achieving double digit growth and improved profitability for next few years owing to expansion and widening of product range with higher value addition.

**Risks & Mitigation**

The Company has in place a robust risk management framework that identifies and evaluates business risks and opportunities. Mold-Tek recognizes that the risks need to be handled effectively and mitigated to protect the interests of the shareholders and stakeholders, to achieve business objectives and create sustainable value and growth.

The following factors, could adversely affect the Company’s consolidated financial position, results of operations or cash flows.

**1. Strategic Risks**

Strategic risks can be in form of changes in consumer demand, competition, intellectual property challenges and key customer attrition. Our risk mitigation activities include staying ahead in the new product development

curve, relying on the patent, trademark, copyright and trade secret laws of the countries in which we operate and non-disclosure agreements. Our Key Account Team works with the purpose to maintain good customer relationships and keep the attrition at manageable level.

**2. Operational Risks**

Operations risks include gap in demand and supply, attracting and retaining key personnel, global health outbreaks and information technology. The risk of demand and supply gap is mitigated through the capacity addition at the right time, de-bottlenecking of production lines including shifting of product mix to speciality products. We strive to nurture a working environment that fosters personal and professional growth to attract and retain key personnel. A failure or disruption in our information technology systems could disrupt our operations, compromise customer, employee, vendor and other data and could negatively affect our business. Although we attempt to mitigate these risks by employing a number of measures, our systems and networks remain potentially vulnerable to advanced and persistent threats.

**3. Financial Risks**

Financial risks include exchange rate risks, interest rate risks and internal control risks. Regarding exchange rate risks, the Company has entered into various derivative contracts including currency options, cross currency swaps and interest rate swaps which are used to manage and hedge foreign currency exchange risks and interest rate risks. The Company’s policy is to minimize interest rate cash flow risk exposures on long-term financing. The Company is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Company have in all material respects, adequate internal financial controls with reference to financial statements, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note issued by the ICAI.

**4. Legal and Compliance Risks**

Various regulations and legislations have been passed and anticipated in various countries in response to concerns regarding safety, Greenhouse Gas Emissions, climate change and plastic recycling. We take proactive actions, so that our operations and products are not in violation of any safety, health or environment regulations. Regarding patents and proprietary technology the legal

and R&D functions of the Company ensure that all our patents and proprietary technology is protected in various geographies. Also the Company has adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

### **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

Mold-Tek has established internal control systems commensurate with the size and nature of business. It has put in place systems and controls across the Company covering various financial and operational functions. The Company through its own Internal Audit Department carries out periodical Audits at various locations and functions based on the Audit Plan as approved by the Audit Committee. Some of the salient features of the internal control systems are:

- (i) An integrated ERP system connecting all Plants, Sales Offices, Head Office, etc.
- (ii) Systems and Procedures are periodically reviewed to keep pace with the growing size and Complexity of Company's operations.
- (iii) Preparation of annual Budget for operations and services and monitoring the same at periodic intervals.
- iv) Assets are recorded and system put in place to safeguard against any losses or unauthorized disposal.
- (v) Periodic physical verification of fixed assets and Inventories.
- (vi) Key observations arising out of the Internal Audit are reviewed at the Audit Committee meeting and follow up action taken.

Further, enterprise wide adherence to corporate governance best practices is achieved through a combination of internal audits, management reviews and audit committee. The Company is thus able to secure and validate its business transactions on an ongoing basis and thereby maintain the accuracy of its financial records and the safety of its property. Most importantly, the senior management sets the tone at the top of no tolerance to non-compliance and promotes a culture of continuous innovation and improvement.

### **HUMAN RESOURCES**

Mold-Tek considers people, its biggest assets and 'Believing in People' is at the heart of its human resource strategy. Concerted efforts have been put in talent management and succession planning practices, strong performance management and learning and training initiatives to ensure that the Company consistently develops inspiring, strong and credible leadership. We leverage human capital for competitiveness by nurturing knowledge, entrepreneurship and creativity. Mold-Tek strive to encourage diversity in workforce and believes in building the career of its employees through focused interventions. Learning opportunities contribute to better employee engagement, increased productivity, reduced employee turnover and add to a more positive culture. Labour relations remained conducive across all India operations. The plants in India created multiple opportunities to promote open and supportive work environment and enhance participative decision making. We continued imparting teambuilding and collaboration training to our workmen to enhance the team cohesiveness. We also supported our employees during pandemic by arranging free vaccination drive for all employees and provided medical kits to those affected by COVID. The total employee strength as on 31st March, 2021 was 537.

**BUSINESS RESPONSIBILITY REPORT OF MOLD-TEK PACKAGING LIMITED (2020-21)**

**Introduction**

In 2015, the Securities and Exchange Board of India (SEBI) mandated the top 500 companies listed on the National Stock Exchange of India Ltd. (NSE) and Bombay Stock Exchange (BSE) to prepare a 'Business Responsibility Report' (BRR) as part of the Annual Report. This is based on clause (f) of sub regulation (2) of regulation 34 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Business Responsibility Report captures organizations' non-financial performance across the economic, environmental and social bottom-line.

Further, Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Fifth Amendment) Regulations, 2019, which came into effect from 26<sup>th</sup> December, 2019, amended Regulation 34(2)(f) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015, and the 'Business Responsibility Report' (BRR) was mandated for the top 1000 companies listed on the National Stock Exchange of India Ltd. (NSE) and Bombay Stock Exchange (BSE).

Accordingly, Mold-tek Packaging Limited (MTPL), featuring amongst the top 1000 listed entities, has developed this Business Responsibility Report based on the framework suggested by SEBI.

At MTPL, our efforts are focused on taking forward our sustainability objectives, which are well aligned with our business goals. The Company believes that overall development throughout the value chain is crucial for long-term development. Further, by incorporation of sustainability practices in its operations, MTPL ensures the wellbeing of its employees, communities and other stakeholders. Greening operations, technological upgradation, community development, and stakeholder wellbeing are some of the avenues through which the Company endeavours to improve its non-financial performance.

## Section E: Principle wise Performance

### **Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability**

1. **Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?**

The Policy relating to Ethics, Transparency and Accountability is the backbone of our Company and guides the operations of the Company alone. The Policy includes Code of Conduct which applies to the Directors and the Senior Management of the Company.

A Whistle Blower Policy/ Vigil Mechanism is also in place, which provides opportunity to all stakeholders to report any concerns/issues/ incidents about unethical behaviour, actual or suspected fraud or violation of the code of conduct or policies.

2. *How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.*

During the financial year 2020-21, the Company has not received any complaints from the stakeholders on ethics, transparency and accountability.

**Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle**

1. **List up to three of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities**

- a. Square shaped “Anti-counterfeit” packages: These are innovative products designed and developed by Mold-Tek and facilitate consumers with several features by eliminating the scope of “DUPLICATION / ADULTERATION” of content. Once the pack sealed at the manufacturer’s end, ONLY the end-user can open and access the content by breaking open the three stage seals.
- b. Usually packages have multiple materials like Glass, Aluminium, Paper, and Polymer (of different types). Mold-Tek’s containers have been developed with PP-IML wherein the entire package including Jar, Lid, Handle and even the label are made up of the same type of material- PP; such that there is no need for segregation while reprocessing. This ensures 100% recyclability.
- c. All our packs are reusable and are greater than 700 microns in thickness. This ensures that the life of pack is far beyond the usage cycle of primary content. Our Pails, Q packs and Food packs are all retained for secondary use and the decoration being IN-MOLD labelling, the labels are anti-peel and ant scratch type. This ensures higher brand recall over a prolonged period of time.

2. **For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):**

- (a) Reduction during sourcing/production/ distribution achieved since the previous year throughout the value chain?
- The Company is committed to Environment protection, climate change and taking lot of initiatives to reduce carbon footprint. Please refer to Annexure – ‘D’ to the Director’s Report covering inter-alia, details of Conservation of Energy.

- (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?
- The Company’s products are used by variety of consumers and it is neither feasible to measure reduction in the usage (energy, water) nor available with us. However at plant level we are taking following actions to reduce energy and water:

- a. Monitoring and analysis of energy consumption on periodic basis;
- b. New moulding machines selected are always either servo controller or fully electric machines;
- c. Replacement of conventional tubes and bulbs with LED;
- d. Monitoring, benchmarking and selection of energy intensive equipment only;
- e. Minimum use of energy by optimizing processes and material movement in factories;
- f. ‘Machine On’ alarms and automatic switch off machines;
- g. Share and implement best energy saving practices across manufacturing units.
  - ✓ We are buying only All Electrical Injection Moulding machines instead of Hydraulic based Injection Moulding Machines to save the energy by 30%
  - ✓ For all new projects, Installing Water Chillers instead of cooling towers and saving water by 90%.
  - ✓ Applying FMEA (Failure Mode Effects and Analysis) to optimise the process rejections thereby carbon foot prints.

**3. Does the Company have procedures in place for sustainable sourcing (including transportation)?**

- (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Yes, More than 90 % inputs are sourced sustainably. MTPL has ISO procedures for sustainable sourcing including transportation. An effective system for vendor selection, vendor registration, vendor management has been established evaluating vendor rating and proper auditing. To maintain quality and transparency in the supply chain, e-procurement and e-payment services have been set up. The vendor selection process also lays emphasis on Health, Safety, Environment (HSE) and sustainable business practices.

**4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?**

- (a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

Vendor Qualification and evaluation system is in place. For key materials, suppliers/vendors are audited physically before select for key materials. Vendor's performance is evaluated and shared the results with concern on quarterly basis. And QA department work with smaller suppliers in developing quality products on a sustained basis.

**5. Does the Company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.**

Yes, we have a mechanism that all process rejections will be recycled and re-used. Since all our products are made up of polypropylene plastic and easily recyclable, the rejections are grinded into small pieces and reused in the process. The remaining waste, other than plastic is disposed as per the PCB guidelines.

## REPORT ON CORPORATE GOVERNANCE

### A. Company's PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is the combination of practices and compliance with laws and regulations leading to effective control and management of the organization. We consider stakeholders as the partners in the Company's success and remain committed to maximizing stakeholder value. Good Corporate Governance leads to long-term stakeholder value. This is demonstrated in shareholder returns, high credit ratings, governance processes and an entrepreneurial performance focused work environment. Additionally, our customers have benefited from high quality products delivered on time at high competitive prices.

Mold-Tek Packaging Limited therefore believes that Corporate Governance is not an end in itself but is a catalyst in the process of maximization of shareholder value. Therefore, shareholder value as an objective is woven into all aspects of Corporate Governance-the underlying philosophy, development of roles, creation of structures and continuous compliance with standard practices. For Mold-Tek Packaging Limited, however, good corporate governance has been a cornerstone of the entire management process, the emphasis being on professional management with a decision making model based on decentralization, empowerment and meritocracy.

Company's philosophy extends beyond what is being reported under this Report and it has been the Company's constant endeavour to attain the highest levels of Corporate Governance.

- The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as director in terms of diversity policy of the board and recommend to the board his/her appointment.
- For the appointment of KMP (other than managing/whole-time director) or senior management, a person should possess adequate qualification, expertise and experience for the position he/she is considered for the appointment. Further, for administrative convenience, as regards the appointment of KMP (other than managing/whole-time director) or senior management, the managing director is authorized to identify and appoint a suitable person for such position. However, if the need be, the managing director may consult the committee/board for further directions/guidance.

#### **Term**

- The term of the directors including managing/whole-time director/independent directors shall be governed as per the provisions of the Companies Act, 2013 and Rules made thereunder and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time; whereas, the term of the KMP (other than the managing/whole-time director) and senior management shall be governed by the prevailing HR policies of the Company.

#### **Evaluation**

- The Committee shall carry out evaluation of performance of every Director.
- The Committee shall identify evaluation criteria which will evaluate Directors based on knowledge to perform the role, time and level of participation, performance of duties, level of oversight, professional conduct and independence. The appointment/re appointment/continuation of directors on the board shall be subject to the outcome of the yearly evaluation process.

#### **Removal**

- Due to reasons for any disqualification mentioned in the Companies Act, 2013 or under any other applicable act, rules and regulations thereunder and/or for any disciplinary reasons and subject to such applicable acts, rules and regulations and the Company's prevailing HR policies, the committee may recommend, to the board, with reasons recorded in writing, removal of a director, KMP or senior management.
- Remuneration of managing/whole-time director, KMP and senior management
- The remuneration/compensation/commission, etc. as the case may be, to the managing/whole-time director will be determined by the committee and recommended to the board for approval. The remuneration/ compensation/ commission, etc. as the case may be, shall be subject to the prior/post approval of the shareholders of the Company and central government, wherever required and shall be in accordance with the provisions of the Act and Rules made there under. Further, the managing director of the Company is authorized to decide the remuneration of KMP (other than managing/whole-time director) and senior management, and shall be decided by the managing director based on the standard market practice and prevailing HR policies of the Company.

#### **Remuneration to non-executive/independent director**

- The remuneration/commission/sitting fees, as the case may be, to the non-executive/independent director, shall be in accordance with the provisions of the Companies Act, 2013 and the Rules made thereunder for the time being in force or as may be decided by the committee/board/shareholders.
- An independent director shall not be entitled to any stock option of the Company unless otherwise permitted in terms of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time.

**Details of the evaluation process**

In terms of the Nomination, Remuneration and Board Evaluation Policy and the applicable provisions of the Companies Act, 2013 and Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Nomination and Remuneration Committee laid down the criteria for evaluation/assessment of the Directors (including the independent directors) of the Company and the Board as a whole. The Committee also carried out the evaluation of the performance of each Director of the Company.

The Board conducted formal annual evaluation of its own performance, its Committees and the individual directors (without the presence of the director being evaluated). Basis the said evaluation, the Nomination and Remuneration Committee has evaluated the Directors and Senior Management Personnel and made recommendations for the appointment/re-appointment/increase in remuneration of the Directors and Senior Management.

**Criteria for evaluation of Board (Including Independent Directors) and its Committees**

The evaluation of the Board (including independent directors) and its committee were based on knowledge to perform the role, attendance, time and level of participation, performance of duties, adequate discharge of responsibilities, level of oversight, understanding of the Company professional conduct, independence, structure and composition, frequency and duration of meetings, its process and procedures, effectiveness of Board/ Committees, its financial reporting process, including internal controls, review of compliance under various regulations etc.

**Meetings of Independent Directors**

A separate meeting of the Independent Directors of the Company was held on 19<sup>th</sup> January, 2021 without the attendance of Non-Independent Directors and members of management, as required under Schedule IV to the Companies Act, 2013 (Code for Independent Directors) and Regulation 25 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. ## INDEPENDENT AUDITORS' REPORT

**To the Members of Mold-Tek Packaging Limited**

**Report on the Audit of the Standalone Financial Statements**

### Opinion

We have audited the standalone financial statements of **Mold-Tek Packaging Limited** (“the Company”), which comprise the Standalone Balance sheet as at 31 March, 2021, and the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and Standalone Cash Flow Statement for the year then ended, and notes to the financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2021, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor’s Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by the Institute of Chartered Accountants of India. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor’s Response
1.	<p><b>Revenue Recognition</b></p> <p>Revenue from the sale of goods (hereinafter referred to as “Revenue”) is recognised when the Company performs its obligation to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition is when the control over goods is transferred to the customers, which is mainly upon delivery.</p> <p>The timing of revenue recognition is relevant to the reported performance of the Company. The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue being recorded before the control over goods is transferred.</p> <p>Refer Note 2 to the standalone financial statements – Significant Accounting Policies.</p>	<p><b>Principal Audit Procedures</b></p> <p>Our audit approach was a combination of tests of internal controls and substantive procedures including:</p> <ul style="list-style-type: none"> <li>• Assessing the appropriateness of Company’s revenue recognition in line with Ind AS 115 – Revenue from Contracts with Customers.</li> <li>• Evaluating the design and implementation of Company’s controls in respect of revenue recognition.</li> <li>• Testing the effectiveness of such controls over revenue cut off at the year end.</li> <li>• Testing the supporting documentation for sales transactions recorded during the period closer to the year-end and subsequent to the year-end, including examination of credit notes issued after the year end to determine whether revenue was recognised in the correct period.</li> </ul>

### **Other Information**

The Company's Board of Directors is responsible for the other information. The other information in the annual report does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information included in the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

### **Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this report are in agreement with the books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
  - g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provision of section 197 of the Act.

## Mold-Tek Packaging Limited

- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note 33 of the standalone financial statements);
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There has been no delay in transferring amounts, which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor’s Report) Order, 2016, (“the Order”) issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

## Annexure - A to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **Mold-Tek Packaging Limited** ("the Company") as of 31 March, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

"Revenue is recognised when the performance obligations have been satisfied, which is once control of the goods is transferred from the Company to the customer. Revenue related to the sale of goods is recognised when the product is delivered to the destination specified by the customer, and the customer has gained control through their ability to direct the use of and obtain

substantially all the benefits from the asset. Revenue is measured based on consideration specified in the contract with a customer which is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts & volume rebates and excludes amounts collected on behalf of third parties."

##### ii) Other income

Dividend income is recognised when the right to receive the income is established.

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

Rental income from investment properties is recognised on a straight line basis over the term of the relevant leases.

Export benefit under the duty free credit entitlements is recognized in the statement of profit and loss, when right to receive such entitlement is established as per terms of the relevant scheme in respect of exports made and where there is no significant uncertainty regarding compliance with the terms and conditions of such scheme.

Sales tax incentives are recognized in the statement of profit and loss, when right to receive such entitlement is established as per terms of the relevant scheme and where there is no significant uncertainty regarding compliance with the terms and conditions of such scheme.

##### d) Borrowing costs:

"Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization. Other borrowings costs are expensed in the period in which they are incurred."

## NOTES TO THE FINANCIAL STATEMENTS

**e) Employee benefits:**

**(i) Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**(ii) Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

**(iii) Gratuity obligations**

The liability or assets recognized in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference

to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss. The gratuity liability is covered through a recognized Gratuity Fund managed by Life Insurance Corporation of India and the contributions made under the scheme are charged to Statement of profit and loss.

**(iv) Defined contribution plans**

The Company pays provident fund contributions to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

**(v) Bonus plans**

The Company recognizes a liability and an expense for bonuses. The Company recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

**f) Income taxes:**

Tax expense for the year comprises current and deferred tax.

Current Tax is the amount of tax payable on the taxable income for the year as determined in

## NOTES TO THE FINANCIAL STATEMENTS

accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax relating to items recognized directly in equity or other comprehensive income is recognised in equity or other comprehensive income and not in the Statement of profit and loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they are related to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

### g) **Property, Plant and Equipment (PPE):**

PPE is carried at cost less accumulated depreciation and impairment losses, if any. The cost of PPE

comprises of purchase price, applicable duties and taxes net of input tax credit, any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets, upto the date the asset is ready for its intended use.

All other repair and maintenance costs, including regular servicing, are recognised in the Statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of PPE comprises major components having different useful lives, these components are accounted for as separate items.

Leasehold improvements are stated at cost including taxes, freight and other incidental expenses incurred, net of input tax credits availed. The depreciation is provided over the life estimated by the management.

Self constructed assets (Moulds): The Company transfers all the directly attributable expenditure incurred towards construction of moulds including depreciation on actual cost basis.

PPE retired from active use and held for sale are stated at the lower of their net book value and net realizable value and are disclosed separately.

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

### h) **Expenditure during construction period and intangible assets under development:**

Expenditure during construction period (including finance cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress and the same is allocated to the respective PPE on the completion of their construction. Intangible Assets under development includes the expenditure incurred for acquisition of intangible assets.

### i) **Depreciation:**

Depreciation is the systematic allocation of the

## NOTES TO THE FINANCIAL STATEMENTS

depreciable amount of PPE over its useful life and is provided on the straight line method over the useful lives as prescribed in Schedule II to the Act.

**j) Intangible assets and amortization:**

Intangible assets acquired separately are measured on initial recognition cost and are amortized on straight line method based on the estimated useful lives.

The period of amortization and amortization method are reviewed at each financial year end.

Computer software is amortized over a period of five years.

**k) Investment property:**

Investment property are the properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost model which is in accordance with Ind AS 40. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits expected from disposal. Any gain or loss arising on derecognition of the property is included in profit or loss in the period in which the property is derecognised. Depreciation on building is provided over its useful life of 30 years using the straight line method.

**l) Impairment of assets:**

Intangible assets and Property, Plant and Equipment (PPE): Intangible assets and PPE are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated

recoverable amount of the asset. An impairment loss is reversed in the Statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.”

**m) Inventories:**

Inventories includes Raw materials, Work-in-progress, Finished goods, Stores & Spares, Packing materials and Other consumables. These are valued at lower of cost and net realizable value (NRV). However, raw materials are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Further, cost is determined on weighted average basis.

**Material in transit**

Valuation of inventories of materials in transit is done at cost.

**Work-in-Progress (WIP) and Finished goods**

Cost of finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis. Finished goods includes sales in transit which is valued at lower of cost and NRV.

**n) Provisions, contingent liabilities and contingent assets:**

The Company recognises provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

## NOTES TO THE FINANCIAL STATEMENTS

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realised.

### **o) Financial instruments:**

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.”

#### **Financial assets**

##### **(i) Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

##### **(ii) Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms

of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the Company has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

##### **(iii) Financial assets at fair value through profit and loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

**(iv)** The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

#### **Financial liabilities and equity instruments**

##### **1. Classification as debt or equity**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

##### **2. Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

## NOTES TO THE FINANCIAL STATEMENTS

### 3. Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and unsecured loans are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

### 4. Derecognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

### 5. Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may or may not be realized.

### 6. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right

must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

### p) Earnings per share :

The basic earnings per share is computed by dividing the profit/(loss) for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, profit/(loss) for the year attributable to the equity shareholders and the weighted average number of the equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

### q) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

### r) Transactions in foreign currencies:

The financial statements of the Company are presented in Indian rupees, which is the functional currency of the Company and the presentation currency for the financial statements.

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

Foreign currency monetary assets and liabilities such as cash, receivables, payables, etc., are translated at year end exchange rates.

Exchange differences arising on settlement of transactions and translation of monetary items are recognised as income or expense in the year in which they arise.

### s) Segment reporting:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's chief operating decision

## NOTES TO THE FINANCIAL STATEMENTS

maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

### t) **Government grants:**

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit and loss on a straight line basis over the expected lives of the related assets and presented within other income.

The benefit of a government loan at below current market rate of interest is treated as a government grant."

### u) **Leases:**

#### **As a lessee:**

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (1) The contract involves the use of an identified asset;
- (2) The Company has substantially all the economic benefits from use of the asset through the period of the lease and
- (3) The Company has the right to direct the use of the asset.

The Company recognizes a Right-Of-Use asset ("ROU") and a corresponding lease liability for

all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the balance lease term of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset shall be separately presented in the balance sheet and lease payments shall be classified as financing cash flows.

#### **As Lessor:**

A leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the

## NOTES TO THE FINANCIAL STATEMENTS

sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Operating lease – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are utilised.

**v) Investments in subsidiaries:**

Investments in subsidiary companies are measured at cost less impairment, if any.

**w) Employee share based payments:**

Equity-settled share-based payments to employees are measured at the fair value of the employee stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is amortised over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

**x) Dividend distribution:**

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

**y) Rounding off amounts:**

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

**z) Standards issued but not yet effective:**

There is no such notification which would have been applicable from 1 April, 2021.

**3 Use of estimates and critical accounting judgements:**

In preparation of the financial statements, the Company makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

## 22. Employee benefits

### (i) Leave obligations

The leave obligation covers the Company's liability for earned leave which is unfunded.

### (ii) Defined contribution plan

The Company has defined contribution plan namely Provident fund. Contributions are made to provident fund at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the Company is limited to the amount contributed and it has neither any further contractual nor any constructive obligation. The expense recognised during the year towards defined contributions plan is as follows:

<b>Particulars</b>	<b>31 March, 2021</b>	<b>31 March, 2020</b>
Company's contribution to provident fund	104.08	103.88

### (iii) Post-employment obligations

#### a) Gratuity

The Company provides for gratuity for employees as per the Payment of Gratuity Act, 1972. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Company operates post retirement gratuity plan with LIC of India. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

### iv) Significant estimates and sensitivity analysis

The sensitivity of the defined benefit obligation to changes in key assumptions is:

Particulars	Key assumptions		Defined benefit obligation					
	31 March, 2021	31 March, 2020	Increase in assumption by			Decrease in assumption by		
			Rate	31 March, 2021	31 March, 2020	Rate	31 March, 2021	31 March, 2020
Discount rate	6.85%	6.85%	1%	525.20	424.82	1%	685.61	555.64
Salary growth rate	7.50%	7.00%	1%	675.51	550.43	1%	528.69	427.06
Attrition rate	1%/2%/3%	1%/2%/3%	0.5%/1% /1.5%	593.81	482.74	0.5%/1% /1.5%	601.90	485.17

The above sensitivity analysis is based on a change in each assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

### v) Risk exposure

Through its defined benefit plans, the Company is exposed to a number of risks, the most significant of which are detailed below:

#### Interest rate risk:

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

#### Salary inflation risk:

Higher than expected increases in salary will increase the defined benefit obligation.

#### Demographic risk:

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

**39. Financial instruments and risk management**
**Fair values**

- The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short term nature. Where such items are non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximation of fair values:

\*Fair value of instruments is classified in various fair value hierarchies based on the following three levels:

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instruments are observable, the instrument is included in Level 2.

**Level 3:** If one or more of the significant inputs are not based on observable market data, the instruments is included in level 3.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Company could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date. In respect of investments as at the transaction date, the Company has assessed the fair value to be the carrying value of the investments as these companies are in their initial years of operations obtaining necessary regulatory approvals to commence their business.

The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. Where such items are non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

**40. Financial risk management**

The Company is exposed to market risk (fluctuation in foreign currency exchange rates, price and interest rate), liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Company assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Company.

**(A) Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving

foreign currency exposure. The sensitivity analyses in the following sections relate to the position as at 31 March, 2021 and 31 March, 2020.

The analysis excludes the impact of movements in market variables on the carrying values of financial assets and liabilities .

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March, 2021 and 31 March, 2020.

### (i) Foreign currency exchange rate risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the trade/other payables, trade/other receivables and derivative assets/liabilities. The risks primarily relate to fluctuations in US Dollar, AED against the functional currencies of the Company. The Company's exposure to foreign currency changes for all other currencies is not material. The Company evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The following tables demonstrate the sensitivity to a reasonably possible change in US dollars and AED exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

### (ii) Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and from foreign forward exchange contracts:

Particulars	Foreign currency exposure			
	As at 31 March, 2021		As at 31 March, 2020	
	AED	USD	AED	USD
Loans and advances	21,087	-	24,44,849	-
Trade receivables	4,21,345	80,291	7,45,416	(7,443)
Trade payables	-	2,73,069	-	2,95,882
<b>Net exposure to foreign currency risk</b>	<b>4,42,432</b>	<b>(1,92,778)</b>	<b>31,90,265</b>	<b>(3,03,325)</b>

Particulars	Increase/(decrease) in profit before tax		Increase/(decrease) in other components of equity	
	31 March, 2021	31 March, 2020	31 March, 2021	31 March, 2020
<b>Change in AED</b>				
1% increase	0.88	6.55	0.66	4.90
1% decrease	(0.88)	(6.55)	(0.66)	(4.90)
<b>Change in USD</b>				
1% increase	(1.41)	(2.29)	(1.06)	(1.71)
1% decrease	1.41	2.29	1.06	1.71

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in US dollars and AED, where the functional currency of the entity is a currency other than US dollars and AED.

### (iii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. As the Company has

**NOTES TO THE FINANCIAL STATEMENTS**

certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

As the Company has no significant interest bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase/(decrease) in profit before tax		Increase/(decrease) in other components of equity	
	31 March, 2021	31 March, 2020	31 March, 2021	31 March, 2020
<b>Change in interest rate</b>				
increase by 100 basis points	(92.16)	(109.62)	(68.97)	(82.03)
decrease by 100 basis points	92.16	109.62	68.97	82.03
The assumed increase/decrease in interest rate for sensitivity analysis is based on the currently observable market environment.				

**(B) Credit Risk**

Financial assets of the Company include trade receivables, loans to wholly owned subsidiary, employee advances, security deposits held with government authorities and bank deposits which represents Company's maximum exposure to the credit risk.

With respect to credit exposure from customers, the Company has a procedure in place aiming to minimise collection losses. Credit control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including default risk associate with the industry and country in which customers operate. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. With respect to other financial assets viz., loans & advances, deposits with government and banks, the credit risk is insignificant since the loans & advances are given to its wholly owned subsidiary and employees only and deposits are held with government bodies and reputable banks. The credit quality of the financial assets is satisfactory, taking into account the allowance for credit losses.

Credit risk on trade receivables and other financial assets is evaluated as follows:

**a) Expected credit loss for trade receivable under simplified approach:**

<b>Loss allowance at the end of the year</b>	<b>47.10</b>	<b>94.61</b>

### (d) Significant estimates and judgements

#### Impairment of financial assets:

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

### (C) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and Company's ability to meet obligations when due and to close out market positions. The Company's treasury maintains flexibility in funding by maintaining deposits in banks.

Management monitors cash and cash equivalents on the basis of expected cash flows.

#### (i) Financing arrangements:

## 41. Capital management

## A. Capital management and Gearing Ratio

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Company monitors capital using a gearing ratio, which is debt divided by total capital. The Company includes within debt, interest bearing loans and borrowings.

Particulars	31 March, 2021	31 March, 2020
<b>Borrowings</b>		
Current	8,225.18	8,146.00
Non current	1,661.51	2,518.24
Current maturities of non- current borrowings	927.63	1,105.60
Sales tax deferment loan	8.53	17.16
<b>Debt</b>	<b>10,822.85</b>	<b>11,787.00</b>
<b>Equity</b>		
Equity share capital	1,395.52	1,386.30
Other equity	24,188.12	18,324.46
<b>Total capital</b>	<b>25,583.64</b>	<b>19,710.76</b>
<b>Gearing ratio in % (Debt/capital)</b>	<b>42.30%</b>	<b>59.80%</b>

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March, 2021 and 31 March, 2020.

## NOTES TO THE FINANCIAL STATEMENTS

**42. Impact of Covid-19:** The Company has considered the possible effects that may result from the pandemic relating to Covid-19 in the preparation of these financial statements including the recoverability of carrying amounts of financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has, at the date of approval of these financial statements, used internal and external sources of information including credit reports and related information and economic forecasts and expects that the carrying amount of these assets will be recovered. The impact of Covid-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

**43. Code on Social Security:** The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The Ministry of Labour and Employment has released draft rules for the Code on Social Security, 2020 on 13 November, 2020, and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Company will assess the impact and its evaluation once the subject rules are notified and will give appropriate impact in its financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

## INDEPENDENT AUDITORS' REPORT

### To the Members of Mold-Tek Packaging Limited

### Report on the Audit of the Consolidated Financial Statements

#### Opinion

We have audited the consolidated financial statements of **Mold-Tek Packaging Limited** (hereinafter referred to as “the Holding Company”) and its wholly owned subsidiary Mold-Tek Packaging FZE, UAE, (the Holding Company and its wholly owned subsidiary together referred to as ‘the Group’) which comprise the Consolidated Balance Sheet as at 31 March, 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), and the Consolidated Statement of Changes in Equity, and the Consolidated Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”), in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March, 2021, of its consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in sub-paragraphs (a) and (b) of other matters section below, is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor’s Response
1	<p><b>Revenue Recognition</b></p> <p>Revenue from the sale of goods (hereinafter referred to as “Revenue”) is recognised when the Group performs its obligation to its customers and the amount of revenue can be measured reliably and recovery of the consideration is probable. The timing of such recognition is when the control over goods is transferred to the customers, which is mainly upon delivery.</p> <p>The timing of revenue recognition is relevant to the reported performance of the Group. The management considers revenue as a key measure for evaluation of performance. There is a risk of revenue being recorded before the control over goods is transferred.</p> <p>Refer Note 2 to the consolidated financial statements – Significant Accounting Policies.</p>	<p><b>Principal Audit Procedures</b></p> <p>Our audit approach was a combination of tests of internal controls and substantive procedures including:</p> <ul style="list-style-type: none"> <li>• Assessing the appropriateness of Group’s revenue recognition in line with Ind AS 115 – Revenue from Contracts with Customers.</li> <li>• Evaluating the design and implementation of Group’s controls in respect of revenue recognition.</li> <li>• Testing the effectiveness of such controls over revenue cut off the year end.</li> </ul> <p>Testing the supporting documentation for sales transactions recorded during the period closer to the year-end and subsequent to the year-end, including examination of credit notes issued after the year end to determine whether revenue was recognised in the correct period.</p>

## **Other Information**

The Holding Company's Board of Directors is responsible for the other information. The other information included in the annual report does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information included in the annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

## **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the IndAS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intend to liquidate their respective entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the Group's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

## **Mold-Tek Packaging Limited**

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Other matters**

- a) We did not audit the financial statements in respect of the wholly owned subsidiary whose financial statements reflect total assets of ₹9.18 lakhs as at 31 March, 2021, total revenue of ₹591.61 lakhs and net cash outflow amounting to ₹7.98 lakhs for the year ended on that date as considered in the consolidated financial statements, which have been audited by other independent auditor up to the period ended 31 December, 2020 and are unaudited for the period from 1 January, 2021 to 31 March, 2021. These financial statements have been audited for the period ended 31 December, 2020 since the wholly owned subsidiary follows a different accounting period from that of the Holding Company. Unaudited financial statements for the period from 1 January, 2021 to 31 March, 2021 have been furnished to us by the management and our opinion on the consolidated financial statements, in so far it relates to the amounts and disclosures included in respect of the wholly owned subsidiary and our report in terms of sub-section (3) of Section 143 of the Act in so far as it relates to the aforesaid wholly owned subsidiary is based solely on the report of the other auditor/unaudited financial statements/ financial information as the case may be. In our opinion and according to the information and explanations given to us by the management, these unaudited financial statements / financial information are not material to the Group.
- b) The financial statements of the wholly owned subsidiary, located outside India, have been prepared in accordance with accounting principles generally accepted in its country and which has been audited by other auditor under generally accepted auditing standards applicable in its country. The Management has converted the financial statements from accounting principles generally accepted in that country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Management. Our opinion in so far as it relates to the balances and affairs of such subsidiary is based on the report of other auditor and the conversion adjustments prepared by the Management and audited by us. Our opinion is not modified in respect of this matter.

## Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements of subsidiary, as referred to in 'Other Matters' paragraph, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to the preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and returns and reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of the preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March, 2021 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31 March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements (Refer Note 31 of the consolidated financial statements);
  - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There has been no delay in transferring amounts, which were required to be transferred to the Investor Education and Protection Fund by the Holding Company.

## **Annexure - A to the Independent Auditors' Report**

### **Annexure “A” to the Independent Auditor’s Report**

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **Mold-Tek Packaging Limited** (“the Holding Company”) as of 31 March, 2021 in conjunction with our audit of the consolidated financial statements of the Holding Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Holding Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Holding Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the Holding Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting includes obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2021, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

**1 Group information:**

Mold-Tek Packaging Limited ('the Parent') is a public limited Group incorporated in India having its registered office at Hyderabad, Telangana, India. The Group is involved in the manufacturing of injection-molded containers. Mold-Tek Packaging FZE is the wholly owned subsidiary incorporated in UAE (together referred to as Group).

**2 Significant accounting policies:**

This note provides a list of the significant accounting policies adopted in the preparation of the financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

**a) Statement of compliance:**

The financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Amendment Rules, 2016 and Companies (Indian Accounting Standards) Amendment Rules, 2017, the relevant provisions of the Companies Act, 2013 ('the Act') and guidelines issued by the Securities and Exchange Board of India (SEBI), as applicable.

**b) Basis of preparation:**

The Consolidated Financial Statements (CFS) include the financial statements of the Group and its wholly owned subsidiary. The assets, liabilities, income and expenses of the wholly owned subsidiary is aggregated and consolidated line by line. Profit or loss and each component of other comprehensive income are attributed to the owners. All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. The financial statements have been prepared under the historical cost convention with the exception of certain assets and liabilities that are required to be carried at fair values as per Ind AS. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**c) Revenue recognition:**

**i) Revenue from contract with customers**

Revenue is recognised when the performance obligations have been satisfied, which is once control of the goods is transferred from the Group to the customer. Revenue related to the sale of goods is recognised when the product is delivered to the destination specified by the customer, and the customer has gained control through their ability to direct the use of and obtain substantially all the benefits from the asset. Revenue is measured based on consideration specified in the contract with a customer which is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates and excludes amounts collected on behalf of third parties.

**ii) Other income**

Dividend income is recognised when the right to receive the income is established.

Interest income is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.

Rental income from investment properties is recognised on a straight line basis over the term of the relevant leases.

Export benefit under the duty free credit entitlements is recognized in the statement of profit and loss, when right to receive such entitlement is established as per terms of the relevant scheme in respect of exports made and where there is no significant uncertainty regarding compliance with the terms and conditions of such scheme.

Sales tax incentives are recognized in the statement of profit and loss, when right to receive such entitlement is established as per terms of the relevant scheme and where there is no significant uncertainty regarding compliance with the terms and conditions of such scheme.

**d) Borrowing costs:**

Borrowing costs directly attributable to the acquisition, construction or production of

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for the intended use or sale. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing cost eligible for capitalization. Other borrowings costs are expensed in the period in which they are incurred.

### e) **Employee benefits:**

#### (i) **Short-term obligations**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

#### (ii) **Other long-term employee benefit obligations**

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured at the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligations. Remeasurements as a result of the experience adjustments and changes in actuarial assumptions are recognized in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

### (iii) **Gratuity obligations**

The liability or assets recognized in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss. The gratuity liability is covered through a recognized Gratuity Fund managed by Life Insurance Corporation of India and the contributions made under the scheme are charged to statement of profit and loss.

### (iv) **Defined contribution plans**

The Group pays provident fund contributions to publicly administered funds as per local regulations wherever applicable. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

**(v) Bonus plans**

The Group recognizes a liability and an expense for bonuses wherever applicable. The Group recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

**f) Income taxes**

Tax expense for the year comprises current and deferred tax.

Current Tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Tax relating to items recognized directly in equity

or other comprehensive income is recognised in equity or other comprehensive income and not in the statement of profit and loss.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they are related to income taxes levied by the same tax authority, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realized simultaneously.

**g) Property, Plant and Equipment (PPE):**

PPE are carried at cost less accumulated depreciation and impairment losses, if any. The cost of PPE comprises of purchase price, applicable duties and taxes net of input tax credit, any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets, upto the date the asset is ready for its intended use. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying value of the replaced part is de-recognised. Where an item of PPE comprises major components having different useful lives, these components are accounted for as separate items.

Leasehold improvements are stated at cost including taxes, freight and other incidental expenses incurred, net of input tax credits availed. The depreciation is provided over the life estimated by the management.

Self constructed assets (Moulds): The Group transfers all the directly attributable expenditure incurred towards construction of moulds including depreciation on actual cost basis.

PPE retired from active use and held for sale are stated at the lower of their net book value and net realizable value and are disclosed separately.

An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in profit or loss.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### **h) Expenditure during construction period and intangible assets under development:**

Expenditure during construction period (including finance cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under capital work-in-progress and the same is allocated to the respective PPE on the completion of their construction. Intangible Assets under development includes the expenditure incurred for acquisition of intangible assets.

### **i) Depreciation:**

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on the straight line method over the useful lives as prescribed in Schedule II to the Act.

### **j) Intangible assets and amortization:**

Intangible assets acquired separately are measured on initial recognition cost and are amortized on straight line method based on the estimated useful lives.

The amortization period and amortization method are reviewed at each financial year end.

Computer Software is amortized over a period of five years.

### **k) Investment property:**

Investment property is property held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment property is measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost model which is in accordance with Ind AS 40. An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits expected from disposal. Any gain or loss arising on derecognition of the property is included in profit or loss in the period in which the property is derecognised. Depreciation on building is provided over its useful life of 30 years using the straight line method.

### **l) Impairment of assets:**

Intangible assets and property, plant and equipment: Intangible assets and property, plant

and equipment are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

If such assets are considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

### **m) Inventories:**

Inventories includes Raw materials, Work-in-progress, Finished goods, Stores & Spares, Packing materials and Other consumables. These are valued at lower of cost and net realizable value (NRV). However, raw materials are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Further, cost is determined on weighted average basis.

#### **Materials in transit**

Valuation of inventories of materials in transit is done at cost.

#### **Work-in-Progress (WIP) and Finished goods**

Valued at lower of cost and NRV. Cost of finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

**n) Provisions, contingent liabilities and contingent assets :**

The Group recognises provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflect current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to the reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realised.

**o) Financial instruments:**

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

**Financial assets**

**(i) Financial assets carried at amortised cost**

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**(ii) Financial assets at fair value through other comprehensive income**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the Group has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income.

**(iii) Financial assets at fair value through profit and loss**

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss.

**(iv) The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance**

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

at the reporting date to the amount that is required to be recognised is recognized as an impairment gain or loss in statement of profit or loss.

### Financial liabilities and equity instruments

#### 1. Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

#### 2. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

#### 3. Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Interest bearing bank loans, overdrafts and unsecured loans are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in the statement of profit and loss.

#### 4. Derecognition of financial instruments

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Group's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

#### 5. Fair value of financial instruments

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market

conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may or may not be realized.

#### 6. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

#### p) Earnings per share :

The basic earnings per share is computed by dividing the profit/(loss) for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, profit/(loss) for the year attributable to the equity shareholders and the weighted average number of the equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### q) Cash and cash equivalents

Cash and cash equivalents include cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

#### r) Transactions in foreign currencies

The presentation currency of the Group is Indian Rupee.

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of transaction.

Foreign currency monetary assets and liabilities such as cash, receivables, payables, etc., are translated at year end exchange rates.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Exchange differences arising on settlement of transactions and translation of monetary items are recognised as income or expense in the year in which they arise.

### s) **Segment reporting**

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Group's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

### t) **Government grants**

Grants from the government are recognised at fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit and loss on a straight line basis over the expected lives of the related assets and presented within other income.

The benefit of a government loan at below current market rate of interest is treated as a government grant.

### u) **Leases**

#### **As a lessee:**

The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (1) The contract involves the use of an identified asset;
- (2) The Group has substantially all the economic benefits from use of the asset through the period of the lease and
- (3) The Group has the right to direct the use of the asset.

The Group recognizes a Right-Of-Use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the balance lease term of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of the leases. Lease liabilities are re-measured with a corresponding adjustment to the related right of use asset if the Group changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset shall be separately presented in the balance sheet and lease payments shall be classified as financing cash flows.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### As Lessor:

A lease for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Operating lease – Rentals payable under operating leases are charged to the statement of profit and loss on a straight line basis over the term of the relevant lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are utilised.

### v) Employee share based payments:

Equity-settled share-based payments to employees are measured at the fair value of the employee stock options at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is amortised over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in the statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

### w) Dividend distribution

Dividends paid (including income tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders.

### x) Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

### y) Standards issued but not yet effective

There is no such notification which would have been applicable from 1 April, 2021.

## 3 Use of estimates and critical accounting judgements:

In preparation of the financial statements, the Group makes judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. Significant judgements and estimates relating to the carrying values of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets and investments, provision for employee benefits and other provisions, recoverability of deferred tax assets, commitments and contingencies.

**22. Employee benefits**

**(i) Leave obligations**

The leave obligation covers the Group's liability for earned leave which is unfunded.

**(ii) Defined contribution plan**

The Group has defined contribution plan namely Provident fund. Contributions are made to provident fund at the rate of 12% of basic salary as per regulations. The contributions are made to registered provident fund administered by the Government. The obligation of the Group is limited to the amount contributed and it has neither any further contractual nor any constructive obligation. The expense recognised during the year towards defined contributions plan is as follows:

Particulars	31 March, 2021	31 March, 2020
Group's contribution to provident fund	103.50	103.88

**(iii) Post-employment obligations**

**a) Gratuity**

The Group provides for gratuity for employees as per the Payment of Gratuity Act, 1972. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The Group operates post retirement gratuity plan with LIC of India. The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognises each period of service giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Expected contributions to post- employment benefit plans of gratuity for the year ending 31 March, 2022 are ₹ 50.09 lakhs.

**iv) Significant estimates and sensitivity analysis**

The sensitivity of the defined benefit obligation to changes in key assumptions is:

Particulars	Key assumptions		Defined benefit obligation					
	31 March, 2021	31 March, 2020	Increase in assumption by			Decrease in assumption by		
			Rate	31 March, 2021	31 March, 2020	Rate	31 March, 2021	31 March, 2020
Discount rate	6.85%	6.85%	1%	525.20	424.82	1%	685.61	555.64
Salary growth rate	7.50%	7.00%	1%	675.51	550.43	1%	528.69	427.06
Attrition rate	1%/2%/3%	1%/2%/3%	0.5%/1%/1.5%	593.81	482.74	0.5%/1%/1.5%	601.90	485.17

The above sensitivity analysis is based on a change in each assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

**v) Risk exposure**

Through its defined benefit plans, the Group is exposed to a number of risks, the most significant of which are detailed below:

**Interest rate risk:**

The defined benefit obligation calculated uses a discount rate based on government bonds. If bond yields fall, the defined benefit obligation will tend to increase.

**Salary inflation risk:**

Higher than expected increases in salary will increase the defined benefit obligation.

**Demographic risk:**

This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. It is important not to overstate withdrawals because in the financial analysis the retirement benefit of a short career employee typically costs less per year as compared to a long service employee.

### 39. Financial instruments and risk management

#### Fair values

- The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.
- The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short term nature. Where such items are non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

Set out below, is a comparison by class of the carrying amounts and fair value of the Group's financial instruments, other than those with carrying amounts that are reasonable approximation of fair values:

#### (i) Categories of financial instruments

<b>Total</b>		<b>16,003.41</b>	<b>15,994.88</b>	<b>14,759.46</b>	<b>14,742.30</b>

\*Fair value of instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques, which maximise the use of observable market data and rely as little as possible on entity specific estimates. If significant inputs required to fair value an instruments are observable, the instrument is included in Level 2.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

All amounts in ₹ lakhs, unless otherwise stated

Level 3: If one or more of the significant inputs are not based on observable market data, the instruments is included in level 3.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Group has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

Management uses its best judgement in estimating the fair value of its financial instruments. However, there are inherent limitations in any estimation technique. Therefore, for substantially all financial instruments, the fair value estimates presented above are not necessarily indicative of the amounts that the Group could have realized or paid in sale transactions as of respective dates. As such, the fair value of financial instruments subsequent to the reporting dates may be different from the amounts reported at each reporting date. In respect of investments as at the transaction date, the Group has assessed the fair value to be the carrying value of the investments as these companies are in their initial years of operations obtaining necessary regulatory approvals to commence their business.

The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. Where such items are non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

**40. Financial risk management**

The Group is exposed to market risk (fluctuation in foreign currency exchange rates, price and interest rate), liquidity risk and credit risk, which may adversely impact the fair value of its financial instruments. The Group assesses the unpredictability of the financial environment and seeks to mitigate potential adverse effects on the financial performance of the Group.

**(A) Market risk**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk, interest rate risk and price risk. Financial instruments affected by market risk include loans and borrowings, trade receivables and trade payables involving foreign currency exposure. The sensitivity analyses in the following sections relate to the position as at 31 March, 2021 and 31 March, 2020. The analysis excludes the impact of movements in market variables on the carrying values of financial assets and liabilities.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March, 2021 and 31 March, 2020.

**(i) Foreign currency exchange rate risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the trade/ other payables, trade/other receivables and derivative assets/liabilities. The risks primarily relate to fluctuations in US Dollar, AED against the functional currencies of the Group. The Group's exposure to foreign currency changes for all other currencies is not material. The Group evaluates the impact of foreign exchange rate fluctuations by assessing its exposure to exchange rate risks.

The following tables demonstrate the sensitivity to a reasonably possible change in US dollars and AED exchange rates, with all other variables held constant. The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

All amounts in ₹ lakhs, unless otherwise stated

**(ii) Sensitivity**

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and from foreign forward exchange contracts:

<b>Foreign currency exposure</b>				
<b>Particulars</b>	<b>As at 31 March, 2021</b>		<b>As at 31 March, 2020</b>	
	<b>AED</b>	<b>USD</b>	<b>AED</b>	<b>USD</b>
Loans and advances	21,087	-	2,444,849	-
Trade receivables	421,345	80,291	745,416	(7,443)
Trade payables	-	273,069	-	295,882
<b>Net exposure to foreign currency risk</b>	<b>442,432</b>	<b>(192,778)</b>	<b>3,190,265</b>	<b>(303,325)</b>

<b>Particulars</b>	<b>Increase/(decrease) in profit before tax</b>		<b>Increase/(decrease) in other components of equity</b>	
	<b>31 March, 2021</b>	<b>31 March, 2020</b>	<b>31 March, 2021</b>	<b>31 March, 2020</b>
	<b>Change in AED</b>			
1% increase	0.88	6.55	0.66	4.90
1% decrease	(0.88)	(6.55)	(0.66)	(4.90)
<b>Change in USD</b>				
1% increase	(1.41)	(2.29)	(1.06)	(1.71)
1% decrease	1.41	2.29	1.06	1.71

The movement in the pre-tax effect is a result of a change in the fair value of monetary assets and liabilities denominated in US dollars and AED, where the functional currency of the entity is a currency other than US dollars and AED.

**(iii) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates. As the Group has certain debt obligations with floating interest rates, exposure to the risk of changes in market interest rates are dependent of changes in market interest rates. Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

As the Group has no significant interest bearing assets, the income and operating cash flows are substantially independent of changes in market interest rates.

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

<b>Particulars</b>	<b>Increase/(decrease) in profit before tax</b>		<b>Increase/(decrease) in other components of equity</b>	
	<b>31 March, 2021</b>	<b>31 March, 2020</b>	<b>31 March, 2021</b>	<b>31 March, 2020</b>
	Change in interest rate			
increase by 100 basis points	(92.16)	(109.62)	(68.97)	(82.03)
decrease by 100 basis points	92.16	109.62	68.97	82.03

The assumed increase/decrease in interest rate for sensitivity analysis is based on the currently observable market environment.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

All amounts in ₹ lakhs, unless otherwise stated

**(B) Credit Risk**

Financial assets of the Group include trade receivables, loans to wholly owned subsidiary, employee advances, security deposits held with government authorities and bank deposits which represent Group's maximum exposure to the credit risk.

With respect to credit exposure from customers, the Group has a procedure in place aiming to minimise collection losses. Credit control team assesses the credit quality of the customers, their financial position, past experience in payments and other relevant factors. The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including default risk associate with the industry and country in which customers operate. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment. With respect to other financial assets viz., loans & advances, deposits with government and banks, the credit risk is insignificant since the loans & advances are given to its wholly owned subsidiary and employees only and deposits are held with government bodies and reputable banks. The credit quality of the financial assets is satisfactory, taking into account the allowance for credit losses.

Credit risk on trade receivables and other financial assets is evaluated as follows:

**a) Expected credit loss for trade receivable under simplified approach:**

Particulars	31 March, 2021	31 March, 2020
Gross carrying amount	9,060.15	5,971.25
Expected credit losses (Loss allowance provision)	(47.10)	(80.66)
<b>Carrying amount of trade receivables</b>	<b>9,013.05</b>	<b>5,890.59</b>

**b) Expected credit loss for financial assets where general model is applied**

The financial assets which are exposed to credit are loan to Wholly owned subsidiary Group and employee advances.

Particulars	31 March, 2021	31 March, 2020
<b>Asset group</b>	<b>Estimated gross carrying amount at default</b>	<b>Estimated gross carrying amount at default</b>
<b>Gross carrying amount</b>		
Loans	-	-

	<b>32.11</b>	<b>28.85</b>
Expected credit losses	-	-
<b>Net carrying amount</b>		
Loans	-	-
Employee advances	32.11	28.85
<b>Total</b>	<b>32.11</b>	<b>28.85</b>

**Reconciliation of loss allowance provision**

Particulars	2020-21	2019-20
<b>loss allowance at the beginning of the year</b>	<b>80.66</b>	<b>75.75</b>
Changes in loss allowance during the year	(33.56)	4.91
<b>Loss allowance at the end of the year</b>	<b>47.10</b>	<b>80.66</b>

**(c) Significant estimates and judgements**
**Impairment of financial assets:**

The impairment provisions for financial assets disclosed above are based on assumptions about risk of default and expected loss rates. The Group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

**(C) Liquidity risk**

Prudent liquidity risk management implies maintaining sufficient cash and Group's ability to meet obligations when due and to close out market positions. The Group's treasury maintains flexibility in funding by maintaining deposits in banks.

Management monitors cash and cash equivalents on the basis of expected cash flows.

**(i) Financing arrangements:**

The Group had access to the following undrawn borrowing facilities at the end of the reporting period

Particulars	As at	
	31 March, 2021	31 March, 2020
Expiring within one year (bank overdraft and other facilities)	288.71	359.12

**(ii) Maturities of Financial liabilities**
**Contractual maturities of financial liabilities as at:**

Particulars	31 March, 2021		31 March, 2020	
	Less than 12 months	More than 12 months	Less than 12 months	More than 12 months
Borrowings	8,225.18	1,661.51	8,146.00	2,518.24
Trade payables	3,223.33	-	1,804.95	-
Other financial liabilities	2,845.78	-	2,243.22	-
<b>Total</b>	<b>14,294.29</b>	<b>1,661.51</b>	<b>12,194.17</b>	<b>2,518.24</b>

(iii) Management expects finance costs for the year ending 31 March, 2022 to be ₹988.88 lakhs (P.Y 1071.35 lakhs).

**41. Capital management**
**A. Capital management and Gearing Ratio**

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The Group monitors capital using a gearing ratio, which is debt divided by total capital. The Group includes within debt, interest bearing loans and borrowings.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS**

All amounts in ₹ lakhs, unless otherwise stated

<b>Particulars</b>	<b>31 March, 2021</b>	<b>31 March, 2020</b>
<b>Borrowings</b>		
Current	8,225.18	8,146.00
Non current	1,661.51	2,518.24
Current maturities of non- current borrowings	927.63	1,105.60
Sales tax deferment loan	8.53	17.16
<b>Total Debt</b>	<b>10,822.85</b>	<b>11,787.00</b>
<b>Equity</b>

<b>Gearing ratio in % (Debt/Equity)</b>	<b>42.28%</b>	<b>59.70%</b>

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings.

No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March, 2021 and 31 March, 2020.

**B. Dividends**

<b>Dividends not recognised</b>		
For the year ended the directors have recommended the payment of final dividend of ₹4 per fully paid up equity share. This proposed dividend is subject to the approval of share holders in the ensuing annual general meeting.	1,116.42	-

**42. Impact of Covid-19:**

The Group has considered the possible effects that may result from the pandemic relating to Covid-19 in the preparation of these financial statements including the recoverability of carrying amounts of financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Group has, at the date of approval of these financial statements, used internal and external sources of information including credit reports and related information and economic forecasts and expects that the carrying amount of these assets will be recovered. The impact of Covid-19 on the Group's financial statements may differ from that estimated as at the date of approval of these financial statements.
