For Multi Commodity Exchange of India Limited

Ajay Puri
Company Secretary
Encl: as above

MCX and IEX signed licensing agreement for launch of electricity derivatives in India

Mumbai, October 29, 2020: Multi-Commodity Exchange of India Ltd (MCX), India's largest Exchange in the commodity derivatives segment and Indian Energy Exchange Ltd. (IEX), India's first and largest Energy spot exchange have entered into a licensing agreement to launch Electricity derivatives linked to IEX spot electricity prices on MCX trading platform, subject to necessary approvals from the government of India and the concerned regulators. This shall lay the groundwork for a vibrant electricity derivatives market in the country.

The launch of electricity derivatives shall provide an effective risk management avenue and help the value chain participants to hedge price risks and protect their revenue margins. With this India shall also join a select group of developed countries which offer electricity derivatives on an exchange platform.

About MCX:

Having commenced operations on November 10, 2003, Multi Commodity Exchange of India Limited (MCX) is India's first listed, national-level, electronic exchange. It is also the first exchange to introduce commodity options in India. In the financial year 2019-20, the market share of MCX was at a record high of 94.01%. MCX offers the benefits of fair price discovery and price risk management to the Indian commodity market ecosystem. Various commodities across segments are traded on the Exchange platform. These include bullion, energy, metals and agri commodities. The exchange has forged strategic alliances with various international exchanges, as well as Indian and international trade associations. For more information, about MCX and its products visit www.mcxindia.com.
